Despise Not the Day of Small Things.

Little things may help a man to rise—a bent pin in an easy chair for instance. Dr. Pierce's "Pleasant Purgative Pellets" are small things, pleasant to take, and they cure sick headaches, relieve torpid livers and do wonders. Being purely vegetable they cannot harm any one. All druggists.

William Rinn of Woonsocket, R. I., fell beneath a Providence street car, and had both legs so severely mangled as to make amputation necessary. He will probably die.

Breaking Up.

On every hand we see evidence that winter is breaking up, and will soon have to yield to the advancing spring. It is a most important question amongst scientific men what causes the general feeling of debility and lassitude so prevalent in this region. While some regard it as the result of confinement and inaction, others suppose it to be caused by the decay of vegetable and animal debris during the winter. What is especially needed at this time, however, is something to overcome these influences. It is too late to talk about the causes; what is the cure? Thousands of persons all over the country who have given Kidney-Wort a faithful trial are ready to testify that no other remedy is equal to it for cleansing the system, purifying the blood, regulating the bowels, and curing all kidney and liver diseases. It is in fact the king of all spring medicines.

At the city hall meeting in Lawrence, Mass., March 17th, of the Essex County Farmers' institute, there was a very large attendance. Hon. Warren Brown of Hampton Falls, Hon. Joseph Howe of Methuen and others discussed fruit culture.

The combination, proportion and process in preparing Hood's Sarsaparilla, are peculiar to this medicine, and unknown to others.

Prof. Joseph Bagley, a graduate of Edinburg university, was found Monday, the 16th inst., hanging in his study at Erie, Penn., where he had been shut up for several days. He had filled the chair of Greek and Latin in several colleges. A strong religious excitement this winter unbalanced his mind.

Suffering Womanhood.

Too much effort cannot be made to bring to the attention of suffering womanhood the great value of Lydia E. Pinkham's Vegetable Compound as a remedy for the diseases of women, and perhaps nothing is more effectual than the testimony of those who have been cured by it. Such a one is the wife of General Barringer of Winston, N. C., and we quote from the General's letter as follows: "Dear Mrs. Pinkham: Please allow me to add my testimony to the most excellent medicinal qualities of your Vegetable Compound. Mrs. Barringer was treated for several years for what the physicians called leucorrhea and prolapsus uteri combined. I sent her to Richmond, Va., where she remained for six months under the treatment of an eminent physician without any permanent benefit. She was induced to try your medicine, and after a reasonable time commenced to improve and is now able to attend to her business and considers herself fully relieved. [General Barringer is the proprietor of the American Hotel, Winston, N. C., and is widely known.]

Joseph Cohen, one of the contestants in a recent six-days roller-skating race in New York, has died from the effects of his over exertion, leaving a wife and two children destitute.

After using all the humbug liniments and salves, with sure failure, go and get of your druggist a Hop Plaster. The strongest and best porous plaster ever made. Vastly superior to all other external remedies. The complete pain-allaying virtues of fresh hops combined with strengthening gums and Burgundy pitch. 25c.

WETHERELL'S SARSAPARILLA

Is the best remedy ever devised for all diseases of the blood, liver and kidneys, giving immediate and permanent improvement. No remedy has ever before been so compounded as to bring together in one bottle so many active ingredients, which are known to all physicians as a specific for impure blood, the fountain-head of all diseases.

Bilious Headache.

I have suffered for a long time from bilious headache, and have tried many preparations of Sarsaparilla, but found no relief. I was induced by my friends to try Wetherell's Compound Extract of Sarsaparilla, with Iodide of Potassium. After taking one bottle I am entirely cured, and feel better now than for years. I cheerfully give you the use of my name, believing that many who suffer as I did will be cured by your wonderful medicine. J. A. ROWELL, Brentwood, N.H.

INFLAMMATORY RHEUMATISM

I was attacked last winter with inflammatory rheumatism of severe type—my first serious illness since 1876. I had various kinds of treatment with only temporary partial relief. After seven weeks I was reduced in weight 35 pounds, had no strength or appetite, and was growing weaker every day. In this condition I began Swift's Specific, and in three days began to improve, and in three weeks I was free from disease and up attending to my regular business. My appetite returned and I rapidly gained my flesh and strength. I waited this long to be certain that my cure was permanent.

There was some rioting at Lurgan, Ireland, on St. Patrick's day, but no disturbances are reported from other places where the day was observed.

Dr. Seth Arnold's Sugar-Coated Bilious Pills unequalled for costiveness, jaundice, liver troubles. 25c.

About one o'clock Sunday morning eighty masked men went to the house where Thomas Jones and Mrs. Taylor lived, near Spring Ranche, Clay county, Nebraska, took them to a bridge a few rods away, and hung them therefrom. They were supposed to have been implicated in recent robberies in that vicinity, and in the murder of Edwin Roberts a month ago. Four other persons, who were in the house at the time, were tied and guarded till daybreak. Three of them were warned to leave the county. Notice was also served on William and John Jones to leave the county within thirty days, or suffer the same penalty.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute." So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

DISFIGURING HUMORS HUMILIATING ERUPTIONS Itching and Burning! TORTURES

I have tried for eleven years to have my wife cured of a terrible skin disease. The CUTICURA REMEDIES (CUTICURA RESOLVENT, the new Blood Purifier, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally) have done in six weeks what I have tried for eleven years to have done. You shall have the particulars as soon as I can give them to you, and as we are so well known in this part of the country, it will benefit you, and the remedies will cure all who use them.

MAYSVILLE, KY. CHAS. H. WHITE.

BLOTCHES CURED.

I used your CUTICURA REMEDIES for Blotches, and am completely cured, to my inexpressible joy. CUTICURA SOAP is the best I have ever used, and to the profession it is invaluable for cleansing the skin, thereby removing all "cork," grease, paint, and all the stuff used by them, leaving the skin pure and white and soft. My greatest pleasure is in recommending such an article.

Charles Ryerson and William Gardner, charged with kidnapping Elizabeth Douglass, a girl of fifteen, taking her to a camp and detaining her all night, and letting her go next day, have been held in $3000 each at Bangor, Me., for the August term of the supreme court.

"Which Way?"

That every article used for the same purpose is of equal value no one admits. As in all natural productions, so in the manufactured; all have their degree of merit, and Soap is as conspicuous in its variety as anything else. But in this, as the demand for the *Pure* and *Reliable* increases, so does the value of the productions of CURTIS DAVIS & CO., especially their "WELCOME" and "UNEQUALLED EXTRA" brands, being practically recommended by other manufacturers, who imitate them in every conceivable way. But, while this compliment may be appreciated, what can be said in favor of such competition, or the character of such goods and their makers? No one should be deceived, as the original has the name of CURTIS DAVIS, in full, either on the bar or wrapper, and it is their purpose to let their reputation stand on this class of goods.

It is rumored that Miss Cleveland, the mistress of the White House, takes tea without cream or sugar. Some of these days a Washington correspondent will die, and then what will the world do?

Do you ever have acute pains in your left breast extending to your arms, do you ever have suffocating feelings in the region of your heart? If so you have heart disease. Use DR. GRAVES' HEART REGULATOR, a sure specific. $1.00 per bottle. Free pamphlet of F. E. Ingalls, Cambridge, Mass.

Dorman B. Eaton says that excessive numbers are applying to be examined under the civil service rules, especially for service at Washington, under the belief that arbitrary and partisan removals are soon to be made. He has heard of no cases of such removals, he says, and does not believe that any such removals will be made. There will doubtless be some removals for good cause, he thinks, but not enough to give places to half of those seeking to be examined.

"G. O. Taylor Old Bourbon" whiskey was introduced by Chester H. Graves & Sons six years ago, when it was approved by S. Dana Hayes, State Assayer, Massachusetts. It at once established a reputation as a perfectly pure whiskey, and we learn it has just received a fresh endorsement from the present State Assayer of Massachusetts. Leading druggists and grocers sell it.

A Work of Supererogation.

The New York *Tribune*, every few days, prints nearly a column of extracts from various journals in and out of New York state, showing that Daniel Manning is simply a political boss, and has not the requisite ability to make a successful secretary of the treasury.

Mr. Cleveland knew this from the start, but being not at all familiar with the conduct of cabinet sessions, he was not going to sit there with a set of men, all of whom perhaps might have superior knowledge of subjects under consideration, if not more ability in discussing them than he might possess, without having one man who would back him every time. This is to be Mr. Manning's strong hold. The president is satisfied that the republicans have the finances in as good condition as could be desired. He will have no policy which antagonizes the republican plan which has so successfully reduced the public debt and the rate of interest paid by the government. The president does not desire a financier who will have a hobby as to the currency, the debt, etc. He wants a politician to see that he commits no political errors and to stand by him when other members may prove hostile to his plans. In this respect, Mr. Manning fills the bill. Mr. Cleveland has never made any concealment of his reasons for selecting Mr. Manning, and it seems quite absurd for newspapers in New York to parade the fact that Daniel is a politician and not a statesman, when every one has known it since his designation for the cabinet was bruited.

The Revolution in Central America.

A long letter sent by Secretary Bayard on the 16th inst. to the senate committee on foreign relations gives full details of the attempt by Gen. Barrios, president of Guatemala, to seize upon the territory or destroy the integrity of the republics of Nicaragua, Honduras, San Salvador and Costa Rica; and the steps taken by the department for the protection or maintenance under existing or pending treaties with the republics of Central America, of the rights of the United States. The first intimation received in regard to this revolutionary movement was a telegram addressed to the president by Gen. Barrios, on March 7th, announcing that "for the purpose of bringing about a union between the states of Central America, and making them one republic," he had "with the approval of the assembly, assumed the title of supreme military chief," and that the minister of foreign relations of Guatemala would soon come to Washington.

Late in the night of the same day, March 7th, the state department received a telegram from Senor Castleton, the minister of foreign affairs of Nicaragua, stating that the decree under which Gen. Barrios assumed the military command of Central America was approved by the Guatemalan assembly on the previous evening; that Nicaragua was ready to repel at all costs this attempt at the absorption of the republic, and that to avert war Nicaragua requested the interference of the government of the United States.

Secretary Bayard's letter, after giving further details, says:

"This department at once gave expression to the views of this government in opposition to the revolutionary scheme of General Barrios, and a telegram was despatched to Minister Hall at Guatemala, instructing him that the government, while believing a voluntary association of interest of the Central American states desirable, would not countenance any display of force by any one or more states to coerce the others, and that in in such case the United States stands ready to exert influence to avert a conflict and promote peace. Similar messages were sent the next day to the governments of Nicaragua and San Salvador, from which direct application for our support had been received. I have also since then in verbal conference with the minister of Costa Rica, communicated the like assurance with respect to his government."

After reciting the action of the Mexican government, already reported by the press, Mr. Bayard states what naval vessels have been sent to Central American ports, and adds:

"The treaty of 1857 with Nicaragua contains stipulations of protection and guarantee with respect to the overland transit and the projected ship canal through Nicaraguan territory. In the absence of the requisite legislation by congress regulating the employment of force for the protection of transit, and in view of the abandonment of the transit itself, it is not easy to see what right or obligation to interfere is exercisable by this government. This department has no intimation from any quarter whatever that any European power has interfered or participated or contemplates interference or participation in the present difficulties in Central America."

The commander in chief at Panama on the 17th inst. published a statement (the despatch added, "which in some quarters is not believed,") to the effect that on February 11th and 12th the rebels were badly defeated in Moniquira, and several of their generals killed, by the government troops.

There was an attack lasting seven hours on Panama, March 17th, and all traffic on the Panama railroad and in the city was suspended; the losses on both sides were reported at sixty killed and 100 wounded. The British gunboat Heroine landed seventy-five men and a Gatling gun to protect the property of British subjects.

A despatch from Panama to Galveston, on the evening of the 17th, said: "All is quiet now. An urban guard has been formed and is patrolling the streets. The revolutionists are outside of the city, and awaiting help from Barranquilla and Colon to renew the attack. Colon is in the hands of the rebels, who are commanded by a notorious criminal. The stores there are being pillaged by the mob, and the leader declares he'll reduce the city to ashes if the government troops attempt to recapture it. Marines from the United States steamer Galena are in Colon, and the whole crew are ready to land. English forces from the ship Heroine guard the Panama railroad property here. From the interior, news favorable to the Nevez government has been received, and it is believed the backbone of the rebellion is broken."

Is It Another Cardiff Giant?

A despatch of March 16th from Chicago is as follows: Dr. Rufus R. Bartlett of this city writes a letter to the *Inter-Ocean* about an ancient book which he recently found in the possession of one of his patients. He says: "Its heavy covers of rotten and honey-combed wood, its leaves of ancient parchment, all very worn and stained, some portions written with ink of one color and some with another, which is in many places entirely faded out, all go to show that it is of a very ancient origin. Comparisons were made with specimens of early writings in the works of John Kitto, which indicate that it must have been written between the first and sixth centuries. It is believed to be the first written reports of Christ's sermons, and to be a copy of the original letters by St. Paul to the different churches. In a letter written to Bishop Titus, St. Paul addresses him as 'My Child Tity,' and, when writing to Timothy, he addresses him as 'My Child Timothy,' always. In his letters to the different churches he uses always the expression 'My Brethren,' which is not found, so far as I know, in our Bibles of to-day. Further comparisons show that translaters have succeeded in making some very plain things very difficult and hard to understand. Proper names are changed, and even the Lord's Prayer loses much of its force and beauty by being wrongly and unnaturally translated."

It seems that when Mr. Vice President Hendricks told President Cleveland the other day that if he did not begin to share the plums of patronage a little faster the democracy of Indiana would disavow him, the executive just wired McDonald to come to Washington to consider how he would like to manipulate the patronage of Indiana. Mr. Cleveland, though a comparative stranger in Washington, in the little matter of politics is an early riser, a fact which Mr. Hendricks should not lose sight of.

It is announced that the president has requested Mr. Foster, minister to Spain, to remain in office. The administration is understood to be of opinion that modifications of the Spanish treaty can be secured which will be advantageous to the United States; that Minister Foster, in view of his experience, can be of more service than a new minister, and for that reason he has been requested to remain. Mr. Foster is making arrangements to return to Madrid within a short time. He is confident that he can secure the modifications which are desired.

The New York *Graphic's* Washington special of March 18th said: "Postmaster Pearson will stay. When Mayor Grace left here he took away the president's pledge that the postmaster of New York should be re-appointed at the end of his term."

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." E. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

Hood's Sarsaparilla
Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.
100 Doses One Dollar

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

WHAT IS HOSPITALITY?

Mr. Editor: "Sub Rosa," in his article of the 18th in regard to the visit of Good Templars on the 12th inst. to Strawberry Bank Lodge of Portsmouth, states that "the members were well entertained, but would have been more so had that degree of hospitality been made manifest which is such a marked characteristic of the Good Templars of Maine." We as Good Templars of New Hampshire do not understand what hospitality is, if it is any different from what was tendered the visiting lodges on the evening in question, for our committee thought they were doing all in their power to make the evening enjoyable to all. If "Sub Rosa" will explain matters, that we may better understand his grievances, it will be thankfully received. C. H. C.

PRACTICAL CHRISTIANITY.

The matron of the Children's Home received notice the first of this week that some charitable person, (unknown,) had left orders at Dr. Fay's for him to supply all the boys at that institution with each a new suit, including boots. Accordingly five were sent, and were evidently well fitted, judging from the smiles upon their faces on their return. Among them was one little fellow with a broader grin than the rest, who for the first time in his life received an entire new outfit.

THE NEW COUNTERFEIT.

The new counterfeit $20 gold piece, of date 1880, which made its debut in Boston on Tuesday of this week, is made almost entirely of lead, from a cast of a genuine coin, and battery gilded. It is of good appearance and has a metallic ring, but is readily detected by its light weight, and a slight cut will reveal the base metal beneath the thin gold coating. At least one was passed in Boston on Tuesday morning, on the cashier of a well known firm who handles large amounts of money. This is the first counterfeit of the double eagle ever reported.

MARITIME NOTES.

The steamer Luke Hoyt, belonging to Mr. Symonds, proprietor of the dredging flotilla which for a number of years has been engaged during the summer in excavating on the branches of the Piscataqua river, is being gotten in readiness for the summer's work. Steam was raised on the 18th inst., and the dredging will soon begin, the first job being alongside the Eastern railroad wharf; afterward the flotilla will go to the "Back river" in Durham, where dredging will be done to enable schooners to lie alongside a jetty at the Mathes brick yard.

The Reading company's steam collier Pottsville, Bacon master, with 1625 tons of coal to J. Albert Walker, arrived at this port from Philadelphia on Wednesday morning.

The steamer Pinafore came in from the Shoals on Wednesday afternoon, bringing in Mr. Oscar Laighton.

The schooner Ira Lafrienier, Crowell master, which has been hauled up for the winter at Randall & Caswell's wharf, is being fitted for sea.

A number of the fishing schooners ran out on Wednesday morning, the 18th, but ran in again pretty soon without doing any fishing, the weather being too heavy.

The north millpond, the ice on which was showing signs of breaking up several weeks ago, is solidly frozen over again; the ice in some places is said to be two feet thick.

Rev. John A. Goss will lecture in the Universalist church on Sunday evening.

The thermometer at the Eldredge Co.'s brewery indicated two degrees below zero on Wednesday morning, the 18th inst. By the way, Wednesday was the day appointed by Wiggin, the "weather prophet," for a great storm all around, which as yet is not reported from any place as having occurred. As a weather crank we think Wiggin beats even Hazen.

Harper's Magazine for April is now ready for delivery by M. Goodrich and Moses Bros.

The Dover *Democrat* says "There is a prospect of intricate complication in regard to the estate of Jas. A. Young, whose death recently occurred at Epping. It appears that he had made a will giving to the children of both his first and second wife $1 apiece. To his first wife he gave nothing, and to his second he left his whole property, valued roughly at about $8000. D. F. Crane, the attorney for the first Mrs. Young, has applied for letters testamentary, as also has Mrs. Young second."

The orders of Lieut. Wm. H. Jaques to the Omaha have been revoked, and he is ordered to continue in his present duties under the senate select committee. Lieut. Wm. H. Gilpatrick has been detached from the hydrographic office, and ordered to the Omaha on the 1st of April.

In the Massachusetts senate, on the 17th inst., the bill in addition to an act to authorize the Eastern railroad company to issue preferred stock in exchange for certificates of indebtedness came up for engrossment by special assignment. Mr. Cogswell moved to strike out the third section, as follows: "Certificates of indebtedness converted under this act or acquired under chapter eight of the acts of the year 1885, shall be cancelled as soon as so converted or acquired." After considerable discussion on the effect of this section upon the two sinking funds of the indebtedness, Mr. Andrew moved to recommit, and the motion prevailed by a vote of eighteen to sixteen.

At the town meeting in South Berwick, March 16th, the following officers were elected: Moderator, William M. Sanborn; clerk, William Thompson; selectmen, George W. Tibbetts, John W. Shaw, True E. Goodwin; treasurer, Walter H. Downs; collector, Freeman C. Ham; supervisor of schools, Rev. E. W. Hutchinson. All republicans. The town voted to raise money to pay the tuition of scholars at the academy who attain to a certain specified rank in their studies, to the amount of $300.

The following town officers, all republicans, were elected in Lyman on the 16th inst.: Moderator, Alonzo Roberts; clerk, William M. Staples; selectmen, Jacob Goodwin, J. C. Libby, E. C. Murphy; treasurer, C. W. Murphy; overseer, J. B. Roberts; agent, A. Roberts; constable, J. B. Roberts; school committee, F. E. Tripp.

It is said that all the eels—practically all—are gone out of York river. The oldest inhabitants never knew such a condition of affairs before, and they lament it much, because they have liked a good dinner occasionally from a catch of these fish. There came up a schooner from the eastward, eel hunting, and cleared out the whole river, carrying away five tons of them. The selectmen were so obliging as to open the draws of two bridges for the schooner's passage up and down at the expense of the town of York; the next election of these selectmen is therefore extremely doubtful. Moreover, the smelts are also gone from the river, because they were all caught bo seines stretched across the stream as they went up—or tried to go up—to spawn. There will be no eels to speak of there again for years to come, and probably no smelts.

The most ancient sleigh which has been driven into Portsmouth the past winter for regular use now belongs to Mr. Leonard Cook of Kittery. It is probably older than any reader of this item, and formerly belonged to Major Rice, who was proprietor of the Kittery and Portsmouth ferry before the Portsmouth bridge was built. This sleigh was of course made of good stock, and faithfully put together; the body lies low on the runners, and it consequently runs best over light snow with ice foundation; the body of the sleigh was (and is) very comfortable for the passengers, but the driver's seat was very uncomfortable, and no driver would consent to sit there now-a-days.

John Nicholson, editor of the *Deseret News* of Salt Lake, Utah, the official organ of the Morman church, has been arrested for alleged polygamy, and held for the grand jury. C. W. Penrose, regular editor-in-chief of the *News*, has fled the territory. He was wanted on the same charge.

Steamer Berkshire, from Boston for Baltimore, was sunk March 17th fourteen miles below Baltimore by collision with the steamer Frostburg. The Berkshire is a screw steamer of 2014 tons, and is owned by the Merchants & Miners' Transportation Co. She was beached near the mouth of the Patapsco river in sixteen feet of water. No person was reported hurt.

It is understood that despatches have been received at Ottawa, Ont., from the home government, stating that it is the intention of the war office at once to put the defences of British Columbia in a more satisfactory condition, and to increase the fleet in Pacific waters by the addition of four or five powerful ironclad rams. The Canadian Pacific railway is to be pushed to completion with all possible speed, in order to be available for the conveyance of troops and munitions of war to the Pacific coast.

Postmaster W. B. Rich of Camden, Me., has resigned, giving as his reason that the office should be filled by some one in accord with the administration.

—"I understand your son is about to enter college, Mr. Darrick?" "Yes, oh, yes; Arthur will take a collegiate course." "Is he prepared?" "Well, I should remark! He's been captain of his home club for over a year, and they tell me he's as good a foot-ball kicker nearly as a professional. He may be a little backward in rowing and climbing greased poles, but he'll soon pick up, you know."

—Edwin (who is fond of lecturing his future bride)—"Well, good-bye, Angy. I don't know how it is—but I always seem to leave you in tears!" Angelina (tenderly, through her sobs)—"I—I—I'd sooner you should leave me in tears, love, than never leave me at all!"

Too Healthy.

Insurance agent: "It's all right. The doctor says you are the best risk he ever examined." Citizen: "The best risk?" "Yes. No trouble about your case. He said if you kept on taking Hood's Sarsaparilla there was nothing to prevent you from living a hundred years!" "You don't mean it?" "Honest truth. Come right around to my office and I'll fix up the papers." "No, thank you; it won't pay. I'm too healthy."

The mysterious origin of man has been partially disclosed by the Indianapolis citizen, who found an infant in a tin-pail at the top of a tree. It is to be remembered there is nothing mysterious about Dr. Bull's Cough Syrup; a few doses will cure your cough or cold.

In New Haven, Conn., Happy Lieutenant Austin stole all the salvation army's money and ran off with it.

Educated and Experienced.

Hood's Sarsaparilla is prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass., who have a thorough knowledge of pharmacy, and many years practical experience in the business. It is prepared with the greatest skill and care, under the direction of the men who originated it. Hence Hood's Sarsaparilla may be depended upon as a thoroughly pure, honest, and reliable medicine.

A desperate band of horse and cattle thieves are making thing lively in Jones county, Texas.

Rev. Henry Ward Beecher was interrupted in the pulpit Sunday by a shout from the audience: "That's not true."

Thin People.

"Wells' Health Renewer" restores health and vigor, cures dyspepsia, impotence, sexual debility. $1.

Judge Stevenson Burke, of the Hocking Valley railroad, says the road has lost nearly $1,000,000 and the strikers have lost fully $1,500,000 by the strike.

"Rough on Pain."

Cures colic, cramps, diarrhœa; externally for aches, pains, sprains, headache, neuralgia, rheumatism. For man or beast. 20 and 50c.

The Standard Oil company is charged with attempting to bribe from the employes of a rival concern important secrets of the latter's business.

Mothers.

If you are failing; broken, worn out and nervous, use "Wells' Health Renewer." $1. Druggists.

The lawyers representing Miss Sarah Althea Hill in her suit against Sharon have disagreed over a settlement of fees, and threaten to abandon the suit.

Superior.

The superior strength of Wetherell's Sarsaparilla with Iodide Potassium is one of the points which will commend itself most to the invalid, as many cannot afford to buy a dozen or two bottles of medicine. One bottle contains more medicine than those of any other preparation of Sarsaparilla. $1 per bottle. Six for $5.

The first number of the Boston *Telegraph*, a one-cent evening paper published in German, made its appearance in Boston on Monday evening, March 16th. It is the first German newspaper in Massachusetts.

Frank D. Fish has resigned the office of postmaster at Hinsdale, after twelve years' service, to engage in business at Brattleboro, Vt.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and bain.

Charles Briggs, a wife murderer, was hanged in the corridor of the county prison in Philadelphia, Pa., on the 17th inst.

Something for all the Preachers.

Rev. H. H. Fairall, D. D., editor of the *Iowa Methodist*, says editorially, in the November (1883) number of his paper: "We have tested the merits of Ely's Cream Balm, and believe that, by a thorough course of treatment, it will cure almost every case of catarrh. Ministers, as a class, are afflicted with head and throat troubles, and catarrh seems more prevalent than ever. We cannot recommend Ely's Cream Balm too highly." Not a liquid nor a snuff. Applied to nostrils with the finger.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS.
59 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeRevere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is hailed as a boon by hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, or use malarial water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is consistently proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Breaking Up.

On every hand we see evidence that winter is breaking up, and will soon have to yield to the advancing spring. It is a most important question amongst scientific men what causes the general feeling of debility and lassitude so prevalent in this region. While some regard it as the result of confinement and inaction, others suppose it to be caused by the decay of vegetable and animal debris during the winter. What is especially needed at this time, however, is something to overcome these influences. It is too late to talk about the causes; what is the cure? Thousands of persons all over the country who have given Kidney-Wort a faithful trial are ready to testify that no other remedy is equal to it for cleansing the system, purifying the blood, regulating the bowels, and curing all kidney and liver diseases. It is in fact the king of all spring medicines.

The unknown woman found dead in the city reservoir at Richmond, Va., has been identified as Miss Fannie Madison of King William county, Va. The circumstances incident to her death indicated that she was foully murdered. She was twenty-one years old, and would shortly have become a mother. It is thought the assassin will quickly be detected.

Captain Courtney!

Says: While on the coast of Africa I had three men sick with malarial fever. I cured them with Sulphur Bitters. It is the greatest blood purifier I ever saw. I always keep them in my medicine chest. —Ship Nautilus, Baltimore.

In the trial on the 7th inst. of James D. Fish, ex-president of the defunct Marine bank of New York, some of the methods by which Bank-Examiner Meigs was hoodwinked were developed, securities being brought in to tide over the examination, and removed immediately after.

This is the best season in which to purify the blood, and Hood's Sarsaparilla is the best blood purifier. 100 Doses One Dollar.

After spending $600,000 on the Philadelphia Traction road, constructed through twelve miles of the principal streets of that city, the company has found that the system is radically defective, and that it will probably cost $250,000 to correct the mistakes.

Suffering Womanhood.

Too much effort cannot be made to bring to the attention of suffering womanhood the great value of Lydia E. Pinkham's Vegetable Compound as a remedy for the diseases of women, and perhaps nothing is more effectual than the testimony of those who have been cured by it. Such a one is the wife of General Barringer of Winston, N. C., and we quote from the General's letter as follows: "Dear Mrs. Pinkham: Please allow me to add my testimony to the most excellent medicinal qualities of your Vegetable Compound. Mrs. Barringer was treated for several years for what the physicians called leucorrhea and prolapsus uteri combined. I sent her to Richmond, Va., where she remained for six months under the treatment of an eminent physician without any permanent benefit. She was induced to try your medicine, and after a reasonable time commenced to improve and is now able to attend to her business and considers herself fully relieved. [General Barringer is the proprietor of the American Hotel, Winston, N. C., and is widely known.]

NEVER BEFORE

HAS A PREPARATION BEEN SO HIGHLY PRAISED.

WETHERELL'S SARSAPARILLA

Is the best remedy ever devised for all diseases of the blood, liver and kidneys, giving immediate and permanent improvement. No remedy has ever before been so compounded as to bring together in one bottle so many active ingredients, which are known to all physicians as a specific for impure blood, the fountain-head of all diseases.

Bilious Headache.

I have suffered for a long time from bilious headache, and have tried many preparations of Sarsaparilla, but found no relief. I was induced by my friends to try Wetherell's Compound Extract of Sarsaparilla, with Iodide of Potassium. After taking one bottle I am entirely cured, and feel better now than for years. I cheerfully give you the use of my name, believing that many who suffer as I did will be cured by your wonderful medicine. J. A. HOWELL, Brentwood, N.H.

INFLAMMATORY RHEUMATISM

I was attacked last winter with inflammatory rheumatism of severe type—my first serious illness since 1876. I had various kinds of treatment with only temporary partial relief. After seven weeks I was reduced in weight 35 pounds, had no strength or appetite, and was growing weaker every day. In this condition I began Swift's Specific, and in three days began to improve, and in three weeks I was free from disease and up attending to my regular business. My appetite returned and I rapidly gained my flesh. I have waited this long to be certain that my cure was permanent.

There is considerable excitement on the Susquehanna division of the Erie road over the finding of a charred human hand and a part of an arm in the fire-box of the locomotive of a freight train. The fireman, when the train was at Hornellsville, opened the fire-box and on the upper part of it discovered the human fragments. There is much conjecture as to how they got there.

Developments made on the 18th inst. in the case of Fannie Lillian Madison, the young woman found drowned in one of the city reservoirs, resulted in a warrant being issued for the arrest of Thomas J. Cluverius. The father of the deceased at the coroner's inquest said that young Cluverius is a cousin of his daughter, and that the two were raised together. He believed that before his daughter left home for Bath county, where she last resided, she had been criminally intimate with Cluverius. Other evidence given before the coroner showed that the young man was in the company of the deceased on the day and evening before her death.

Something for all the Preachers.

Rev. H. H. Fairall, D. D., editor of the *Iowa Methodist*, says editorially, in the November (1883) number of his paper: "We have tested the merits of Ely's Cream Balm, and believe that, by a thorough course of treatment, it will cure almost every case of catarrh. Ministers, as a class, are afflicted with head and throat troubles, and catarrh seems more prevalent than ever. We cannot recommend Ely's Cream Balm too highly." Not a liquid nor a snuff. DISFIGURING HUMORS HUMILIATING ERUPTIONS Itching and Burning! TORTURES

I have tried for eleven years to have my wife cured of a terrible skin disease. The CUTICURA REMEDIES (CUTICURA RESOLVENT, the new Blood Purifier, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally) have done in six weeks what I have tried for eleven years to have done. You shall have the particulars as soon as I can give them to you, and as we are so well known in this part of the country, it will benefit you, and the remedies will cure all who use them.

BLOTCHES CURED.

I used your CUTICURA REMEDIES for Blotches, and am completely cured, to me inexpressible joy. CUTICURA SOAP is the best I have ever used, and to the profession it is invaluable for cleansing the skin, thereby removing all "work," grease, paint, and all the stuff used by them, leaving the skin pure and white and soft. My greatest pleasure is in recommending such an article.

The popular idea has been that the world contains seven wonders, but the eighth made his appearance at the Capitol. It was a poor benighted man limping with rheumatism who had never heard of Salvation Oil. It is sold by all druggists at twenty-five cents a bottle.

W. J. White and his affianced, Bertha Reynolds, attempted to cross Cedar Creek, Minn., in a wagon, but were swept down by the current and drowned.

Do you ever have acute pains in your left breast extending to your arms, do you ever have suffocating feelings in the region of your heart? If so you have heart disease. Use Dr. Graves' Heart Regulator, a sure specific. $1.00 per bottle. Free pamphlet of F. E. Ingalls, Cambridge, Mass.

A strange case was begun in court at Montreal, Canada, on the 17th inst., being a suit for $5000 damages for slander instituted by a Mrs. Wallace against her daughter, Mrs. Eaves. A large number of witnesses testified to the defendent having applied odious terms to her mother.

"G. O. Taylor Old Bourbon" whiskey was introduced by Chester H. Graves & Sons six years ago, when it was approved by S. Dana Hayes, State Assayer, Massachusetts. It at once established a reputation as a perfectly pure whiskey, and we learn it has just received a fresh endorsement from the present State Assayer of Massachusetts. Leading druggists and grocers sell it.

Then and Now.

The new secretary of the navy has secured the services of a first class accountant to make an examination to learn whether Secretary Chandler expended all the available funds appropriated for his department, and in what manner they have been charged.

How different from the case when the republicans relieved the democrats of the power twenty-four years ago! Then the question was, not if any funds had been unexpended, but how much of the government property had not been stolen or destroyed by the democracy in this rampage at the advent of the republican administration.

Terrible Colliery Disaster.

Two hundred and seventeen miners were imprisoned by an explosion of fire damp in a colliery at Camp Hansen, near Saarbruck, in Rhenish Prussia, on the morning of March 18th, and at a late hour in the afternoon but seventeen of them had been rescued. It was feared that most of the 200 others have been suffocated. The latest reports from the scene of the disaster state that ninety-eight bodies have been recovered from the wrecked mine. There are still 102 men and boys unaccounted for. The work of exploration is being pushed as actively as possible, but it is almost certain that all who are now in the mine must be dead, as the main shaft and the air apparatus were destroyed by the explosion.

New Hampshire Patents.

The following list of patents granted March 17th to citizens of New Hampshire is specially reported by Franklin H. Hough, Solicitor of American & Foreign Patents, 925 F. Street, N. W., Washington, D. C.:

No. 314,153. L. L. Sweatt, Manchester, Stop-motion for spinning-frames.

No. 314,207. J. Ward, assignor of two-thirds to J. Ashton and F. J. Martin, Manchester, Device for transmitting power.

The whole number of patents granted to citizens of the United States for the week ending March 17th, was 357.

The senate on the 18th inst. confirmed the nomination of Joseph I. Miller to be commissioner of internal revenue.

Dr. Francis Wharton, of Philadelphia, has been appointed examiner of claims in the state department, to succeed Judge O'Conner. Dr. Wharton resigns the chair of international law in Boston university to accept this position.

The president on the 18th inst. nominated Milton J. Durham of Kentucky to be first comptroller of the treasury; Malcolm Hay of Pennsylvania to be first assistant postmaster general; Martin V. Montgomery of Michigan to be commissioner of patents.

Advices from Marquette, Mich., report a terrible blizzard in that region from Sunday, the 15th inst., to Tuesday. At St. Ignace a farmer named Devine was frozen to death while attempting to take care of the cattle in his barn; his wife, alarmed at his absence, set out to find him, but perished before reaching the barn; and when the neighbors reached the house, two little boys, aged two and four years, were found dead from starvation and cold. Several choppers were frozen to death in the woods.

Interest in the famous Druse murder case at Richfield Springs, N. Y., has been revived by the discovery of a human head in the furnace of a maple-sugar hut in the woods of Palmer Wood, in Warren. The head is supposed to be that of William Druse, who was murdered last December by his wife, Roxana Druse, assisted by her daughter Mary, and nephew, Frank Gates, who are all now in the Herkimer jail awaiting trial.

The Concord *Monitor* and the Manchester *Mirror* are debating in their columns the question of nomination of state printer. There appear to be strong and cogent reasons offered why both offices should be given, and denied, the emoluments of the state printing. Perhaps the representatives will be so embarrassed in reaching a decision that they may decide to take some other person than the candidate of either of the combatants.

At Chicago, Ill., March 17th, there was a contest of a father and mother for the custody of a seven-years-old child. Judge Moran decided that the mother should have custody eight months and the father four months of each year, until the child is ten years old. The parties in contest are Mr. Reeves of New Haven, Conn., and his wife, who separated two or three years ago, and since then have been bending their energies and spending a good portion of their time in stealing this child from each other at every possible opportunity. A big excitement was created at Old Orchard by them last summer, the mother being a boarder in one of the beach hotels there, with her child, and the father with a raiding party making a descent on the fold, and successfully making off with the child. That child is getting posted as what connubial felicity means, early in life.

Notice to Mariners.

The position of the bell buoy off Castle Hill, R. I., has been changed. It is now in eighteen fathoms of water, on the following bearings: Rose Island, N. E. ¾ N.; Kettle Bottom rock, N. ¼ W.; Beaver Tail lighthouse, W. ¾ S.; Brenton's Reef light-vessel, S. S. W., ¼ W.

Ottawa, March 12th—Notice is hereby given that, pending the completion of repairs, it will be impossible to maintain the revolving light at the west end of Prince Edward island, in the Strait of Northumberland; and for a short period at the opening of navigation a small fixed bright light will be shown instead. The revolving light will be resumed as soon as possible, probably by May 1st, without further notice, and will show as heretofore one red followed by three white flashes, the flashes attaining their greatest brilliancy every 22½ seconds.

The handsome pieces of marble work on exhibition in the window of Goodrich's bookstore this week were made by Mr. Augustus Ham, who polishes all the marble that leaves the shop of Hon. John S. Treat. The tile or bed of the largest monument consists of forty-eight pieces of Irish marbles, and the shaft itself is made of sixty-eight pieces, including thirty different varieties of marble. Mr. Treat reports that business has not been so brisk with him for years as for the past two or three months, he having had a number of large contracts for fine work.

March 17th, 1885. E. P. KIMBALL, Assignee.

The president on Wednesday of this week served a notice on the democratic congressmen and hangers-on at Washington, that they are in the way, and that appointments will be made without their advice. Three important offices were filled, and the selections were as unexpected to the appointees as to the others who thought they knew something about what was to be done. It is pretty apparent that under this administration at times the office seeks the man, while the man who seeks the office has a poor showing.

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. Sanford, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. Millet, Boston, Mass.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." Mrs. G. E. Simmons, Osbeck, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. Arnold, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. Phelps, Rochester, N.Y.

A running sore for 14 years cured: **HENRY H. GARCELON, of Lewiston, Me.,** says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

OUR NEW INDUSTRIES.

The Portsmouth Machine Co., having secured the services of a first-class plumber, is able to satisfactorily serve every one who desires plumbing done at a moderate cost, and at the same time in a thoroughly satisfactory manner. Orders can be sent by telephone from the Central office, or from any place connected by telephone.

Mr. Carman, the agent of the company, has been confined for some time past in his room at the Kearsarge house, by reason of indisposition traceable to excessive work. By advice of his medical attendant, Dr. Benedict, Mr. Carman returned to his home in Exeter a few days since, where, if he takes a season of rest, it is to be hoped he will regain his health.

The new brass foundry and shop at the Machine Shop is under the charge of Mr. Hamlin, who is a son of Hon. Wolcott Hamlin, formerly in the practice of law at Dover, now residing at Amherst, Mass. This shop is turning out large quantities of valves and brass fittings. In the moulding shop is Mr. Chas. Littlefield of South Newmarket, who for many years was a moulder in the former Haselton and Drake iron foundries in Portsmouth.

Another industry which employs a goodly number of hands is the Dodge Shoe Factory, which occupies the eastern wing of the Machine Co.'s building. The Newburyport shop sends daily to the Portsmouth shop leather and linings for shoes, which are stitched and bottomed in this shop, and daily sent back to Newburyport. In the lower room are a large number of girls, (who have been taught by Mr. Warren, the overseer, who formerly was employed at the Portsmouth Shoe Co.'s shops,) engaged in stiching, etc. In the room above are the bottomers. There are about seventy-five employes in these two rooms. Of the men, two have families in Dover, and come to this city every morning, returning to Dover at night. The shops are well lighted and ventilated, and present a very busy appearance.

The Machine Shop at the present time employs about sixty-seven men. The engine for steamer Mystic is in good state of forwardness; work is being done here also for the tug Clara Batemen and steamer James Sampson, as well as for Mr. Mason's mill. Steam radiators are made here to a great extent. To this business Mr. Carman has given much attention; he has been regarded as second to no mechanic in the country in the knowledge of the principles of the application of steam heat. The plumbing of the renewed Rockingham house will be done by this company, by the day, with directions to have all work performed with the best material and in the most thorough manner.

It is gratifying to know that here is building up a mechanical business, which even in dull times gives employment to a class of persons who by their industry enrich the whole community. The problem whether in a place so often condemned because of the alleged demoralization of its mechanics and artisans by reason of government employment at the navy yard, industries like these can prosper, seems to be satisfactorily demonstrated; and while it is contended that high rates of wages paid by the government for but little service, in the end tends to extravagance in living, and enhanced prices being as a rule paid for the necessaries of life, so that Portsmouth in mechanical pursuits is unable to compete with towns where store rents permit merchants and others to sell cheaper than can our dealers, yet it will be found if a careful examination of the facts is had, that rents for certain classes of houses, and the cost of living, are no greater than in places of less size than ours; while the advantages of good schools, a healthy place of residence, and privileges incident to a city like Portsmouth, compared with the privations endured by those who live in less favored localities, certainly make it desirable for these people to reside here. With but one life to live, the mechanic who is able to secure the most from life, to live respectably, educate his children, having the advantage of attending church wherever his conscience may incline him to worship, with an opportunity for recreation by means of indoor amusements in winter and to breathe the wholesome sea air in summer, can find no better place to reside than in our goodly city.

CORPORATION ELECTION.

The stockholders of the Barney Myroleum Co. held their annual meeting at the Kearsarge house in this city on the 18th inst., and elected a board of directors to serve for the ensuing year, as follows: Charles H. Hall and George T. Barney of Cambridge, Mass., and H. A. Tarlton of this city. Subsequently at a directors' meeting, held the same day at the same place, Charles H. Hall was elected president, treasurer and clerk of directors, and H. A. Tarlton secretary.

Polo at Franklin ball rink to-night. General skating before and after the game.

The lecture in the Universalist church, Sunday evening, by Rev. John A. Goss, will be illustrated by the Black Valley Railroad painting, eighteen feet long and eight feet high.

An "egg breaking" will take place in the Methodist church on the evening of Easter Monday, April 6th. Egg breakings, as they were conducted when we were young, were quite lively and exciting affairs; we remember one held in the old Temple, when Abby Kelly was upon the platform, and the egg breakers, who were in the audience, passed in their offerings with a vigorous swing of the arm; and another time there was an egg breaking at the academy, with Wendell Phillips as the central figure. These modern egg breakings we understand are different.

The acting comptroller of the currency on the 18th inst. extended the corporate existence of the New Hampshire National bank, of this city, to March 22d, 1905.

Secretary Whitney, in deference to the late campaign war-cry as to the "Tallapoosa," will have that celebrated steamer relegated to ordinary service, not to be used for any purpose of pleasure. The democrats are very good just now, at the outset of the administration; but they will grow to it. When Frank Pierce was president, he required the Wabash, a frigate of over three thousand tons measurement, to transport him from Portsmouth to Annapolis, and the whigs of that day were not heard begrudging the honor or expense of the affair; but when later another Concord man takes Ex-Speaker Randall and Ex-Congressman Butler for a little run from our harbor to Cape Ann, the entire democracy has a "conniption" fit, from the effects of which the recovery is not only slow but very weakening to the patient.

At a meeting of Storer Post, G. A. R., on the evening of the 18th inst., it was unanimously voted to attend the National Encampment of the Grand Army to be held at Portland, Me., next June. The Post will go in a body, and it is expected will turn out with full ranks.

The treasurer of "Faith Home" for old ladies acknowledges, with thanks, the receipt of twenty dollars on Thursday, March 19th, from "a friend of the home."

The official notice that the assignee of the Rockingham Ten Cents savings bank would on Wednesday, the 18th inst., commence paying the final dividend at the First National bank was published in the *Chronicle* of that morning, and before ten o'clock a depositor was on hand from Kittery Point.

A man who drove into the city from a neighboring town, Wednesday evening of this week, having filled his wagon with brewery grains and himself with brewery juice, shortly before midnight drove his team at a furious rate from the Creek to the foot of Daniel street, yelling like a loon nearly the whole distance. He thought himself going home, and came very near getting there, as the team was stopped by a pile of lumber on Broughton's wharf, but for which it would undoubtedly have gone overboard. The team was taken by some young men to the police station, where the drunken driver was locked up to sober off, the sober horse being put in a stable.

Thursday, March 19th, was the first day of spring, according to the astronomers. We cannot see that the astronomers know any more about the weather than Hazen does.

As a team was standing in front of the Portsmouth brewery at one o'clock Thursday afternoon, the horse took fright at the sounding of the whistle, and ran away down Bow street to Daniel street, and across the street to the house on the corner of Mulberry street, passing between the stone corner-post and the house, and whirling the wagon against the house with force enough to carry away the corner-boards and conductor. The horse, with the damaged wagon, kept on up Daniel street as far as the high school building, where he was stopped. The animal was not injured.

A private and very select skating and dancing party at American hall, Dover, under the management of Misses Roberts, Hodsdon and Cone, took place Tuesday evening of this week, and was attended by a large number of young people of that city and vicinity, also including a considerable party from Portsmouth. Hot coffee and cake were served in the hall, and those who went from this city speak in the highest terms of the affair and the manner in which it was conducted.

We learn that the Central office of the Telephone Co. in this city will during the coming summer be removed to new quarters, to be fitted in Market square over Gerrish's grocery store. This will be a good move. Few strangers, and indeed not all residents, can find where the Central office is located, and the sooner it leaves its present undesirable location the better it will be for the company and its operators.

The schooner Clara E. Simpton, Hontvet master, bound for Baltimore, was towed out by the steamer Clara Batemen on Thursday.

The British schooner Mary C. came off the marine railway at Kittery on Thursday, and hauled alongside of Neal's wharf to receive a coat of paint. While on the ways she has been thoroughly repaired by Mr. Daniel Littlefield, and is now as good a vessel as when she was launched. Her cargo of wood pulp has been stored in the fish house on Herbert's wharf, and after reloading it the schooner will proceed to Newburyport to deliver it to the consignees.

The steamer Appledore was towed to the navy yard by the steamer Clara Batemen on Thursday, and placed alongside the sheers wharf to have repairs made to her boiler. She is to be fitted with two masts so as to carry sail when required—something which we wonder the inspectors of steam vessels did not suggest being done long ago.

The dredging flotilla now getting ready for the spring work has laid near Liberty bridge for five consecutive winters. Capt. Symonds reports that this is the best locality for winter quarters along the coast; the crafts have laid all winter with help on board in perfect ease, though this has been the icicest winter he has experienced during the five spent here.

HUDSON RIVER R. R.
Conductor Melius Says Something of Interest to all Travellers.
POUGHKEEPSIE, N. Y., Feb. 22, 1884.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for Indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS.
69 Harrison Street.
That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. Dolphin, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:
TARRYTOWN, N. Y., Feb. 22d, 1884.
Dr. D. Kennedy, Rondout, N. Y.:—
DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.
DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is hailed as a boon by hundreds in every state, as the following letter from Millville, N. J., will show:
MILLVILLE, N. J.
Dr. David Kennedy, Rondout, N. Y.:—
DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore I had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.
As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY
has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

There Shall be no Alps.

When Napoleon talked of invading Italy one of his officers said: "But, sire, remember the Alps." To an ordinary man these would have seemed simply insurmountable, but Napolean responded eagerly: "There shall be no Alps." So the famous Simplon pass was made. Disease, like a mountain, stands in the way of fame, fortune and honor to many who by Dr. Pierce's "Golden Medical Discovery" might be healed and so the mountain would disappear. It is specific for all blood, chronic lung and liver diseases, such as consumption (which is scrofula of the lungs,) pimples, blotches, eruptions, tumors, swellings, fever-sores and kindred complaints.

President Barrios, the Guatemalan usurper, married his wife when she was fifteen years of age. He went to the convent where she was at school, and commanded the authorities to give her up. He assumed so bold a front that they were glad to let him have her to get rid of him.

Breaking Up.

On every hand we see evidence that winter is breaking up, and will soon have to yield to the advancing spring. It is a most important question amongst scientific men what causes the general feeling of debility and lassitude so prevalent in this region. While some regard it as the result of confinement and inaction, others suppose it to be caused by the decay of vegetable and animal debris during the winter. What is especially needed at this time, however, is something to overcome these influences. It is too late to talk about the causes; what is the cure? Thousands of persons all over the country who have given Kidney-Wort a faithful trial are ready to testify that no other remedy is equal to it for cleansing the system, purifying the blood, regulating the bowels, and curing all kidney and liver diseases. It is in fact the king of all spring medicines.

Gen. Grant is represented as saying that he has no particular form of religious belief. He holds that there is a God and a hereafter, but he is not prepared to accept the extreme position taken by most Protestants that the unconverted and indifferent will be eternally tormented.

Advancing spring warns us to be prepared for warmer weather. Strengthen the system, purify the blood, by taking Hood's Sarsaparilla.

Mrs. Gen. Tom Thumb will be married to Count Moyra on Easter Monday in the church of the Holy Trinity in New York city. Invitations, it is said, will be limited to the mutual friends of the bride and groom, the Italian and French consuls and the mayor, and none but those who receive invitations will be permitted to witness the ceremony. Miss Lucy Adams will be bridesmaid, and Maj. Newell, the husband of the late Minnie Warren, Mrs. Tom Thumb's sister, will be the best man.

Suffering Womanhood.

Too much effort cannot be made to bring to the attention of suffering womanhood the great value of Lydia E. Pinkham's Vegetable Compound as a remedy for the diseases of women, and perhaps nothing is more effectual than the testimony of those who have been cured by it. Such a one is the wife of General Barringer of Winston, N. C., and we quote from the General's letter as follows: "Dear Mrs. Pinkham: Please allow me to add my testimony to the most excellent medicinal qualities of your Vegetable Compound. Mrs. Barringer was treated for several years for what the physicians called leucorrhea and prolapsus uteri combined. I sent her to Richmond, Va., where she remained for six months under the treatment of eminent physician without any permanent benefit. She was induced to try your medicine, and after a reasonable time commenced to improve and is now able to attend to her business and considers herself fully relieved. [General Barringer is the proprietor of the American Hotel, Winston, N. C., and is widely known.]

WETHERELL'S SARSAPARILLA

Is the best remedy ever devised for all diseases of the blood, liver and kidneys, giving immediate and permanent improvement. No remedy has ever before been so compounded as to bring together in one bottle so many active ingredients, which are known to all physicians as a specific for impure blood, the fountain-head of all diseases.

Bilious Headache,

I have suffered for a long time from bilious headache, and have tried many preparations of Sarsaparilla, but found no relief. I was induced by my friends to try Wetherell's Compound Extract of Sarsaparilla, with Iodide of Iron. After taking one bottle I am entirely cured, and feel better now than for years. I cheerfully give you the use of my name, believing that many who suffer as I did will be glad to learn of your wonderful medicine. J. A. ROWELL, Brentwood, N.H.

INFLAMMATORY RHEUMATISM

I was attacked last winter with inflammatory rheumatism of severe type—my first serious illness since 1876. I had various kinds of treatment with only temporary partial relief. After seven weeks I was reduced in weight 35 pounds, had no strength or appetite, and was growing weaker every day. In this condition I began Swift's Specific, and in three days began to improve, and in three weeks I was free from disease and up attending to my regular business. My appetite returned and I rapidly gained my flesh. I have waited this long to be certain that my cure was permanent.

HOSTETTER'S STOMACH BITTERS

CELEBRATED

The fittest subjects for fever and ague, and remittents, are the debilitated, bilious and nervous. To such persons, Hostetter's Stomach Bitters affords adequate protection by increasing vital stamina and the resistant power of the constitution, and by checking irregularities of the liver, stomach and bowels. Moreover, it eradicates malarial complaints of an obstinate type, and stands alone unequalled among our national remedies.

For sale by all Druggists and Dealers generally.

After using all the humbug liniments and salves, with sure failure, go and get of your druggist a Hop Plaster. The strongest and best porous plaster ever made. Vastly superior to all other external remedies. The complete pain-allaying virtues of fresh hops combined with strengthening gums and Burgundy pitch. 25c.

Remarks the Providence *Journal:* "Southern newspapers, remembering the magnanimous victor of Appomattox, express warm sympathy for Gen. Grant in his hours of illness, and the voice of the nation is unanimous in the hope that his life may be prolonged and his passing, if it is inevitable, painless, and soothed by the knowledge of the universal sympathy of the nation and of the civilized world."

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and hain.

Mrs. Lizzie Corson, of Brockton, Mass., was put on trial on the 19th inst. on a charge of attempting to induce Julia Murray, fifteen years old, and Rilla Queen, aged seventeen, to leave their homes and enter upon a life of shame. It was shown that Mrs. Corson, who is the wife of a railroad brakeman, took the girls to several places of ill repute in Boston. The defence was that the girls were not previously virtuous.

From John F. Wyman, formerly postmaster, South China, Me.

"Too much cannot be said of Adamson's Botanic Cough Balsam, as it is the best remedy for coughs, colds, etc., that I have ever seen; and to its wonderful effects I owe my recovery. It is well worthy of praise, and I would advise all to use it who are afflicted."

The secretary of the treasury has issued a warrant for $3,950.73 in favor of Ex-President R. B. Hayes, being the sum appropriated by Congress to reimburse him for payments made on account of expenses of the commission appointed to go to Louisiana in April, 1877. Warrants were also issued in the name of C. H. Reed for $3,000, and in the name of George Scoville for $2,000, for services rendered as counsel for the defence in the case of the United States against Charles J. Guiteau.

Something for all the Preachers.

Rev. H. H. Fairall, D. D., editor of the *Iowa Methodist*, says editorially, in the November (1883) number of his paper: "We have tested the merits of Ely's Cream Balm, and believe that, by a thorough course of treatment, it will cure almost every case of catarrh. Ministers, as a class, are afflicted with head and throat troubles, and catarrh seems more prevalent than ever. We cannot recommend Ely's Cream Balm too highly." Not a liquid nor a snuff. Applied to nostrils with the finger.

DISFIGURING HUMORS HUMILIATING ERUPTIONS Itching and Burning! TORTURES

I have tried for eleven years to have my wife cured of a terrible skin disease. The CUTICURA REMEDIES (CUTICURA RESOLVENT, the new Blood Purifier, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally) have done in six weeks what I have tried for eleven years to have done. You shall have the particulars as soon as I can give them to you, and as we are so well known in this part of the country, it will benefit you, and the remedies will cure all who use them.

MAYSVILLE, KY. CHAS. H. WHITE.

BLOTCHES CURED.

I used your CUTICURA REMEDIES for Blotches, and am completely cured, to my inexpressible joy. CUTICURA SOAP is the best I have ever used, and to the profession it is invaluable for cleaning the skin, thereby removing all "cork," grease, paint, and all the stuff used by them, leaving the skin pure and white and soft. My greatest pleasure is in recommending such an article.

"Disagreeable Positions."

A Washington despatch of the 19th inst. says: "More than a hundred naval officers have applied to the new secretary of the navy for the revocation of orders assigning them to duty issued during the last months of Secretary Chandler's administration of the navy department. They assert that they were, for personal reasons, assigned by the late secretary to disagreeable positions, and they ask to be detailed to other duty. Some of the older officers declare that 'the boys' in the service have been recognized in preference to them, and have been appointed to important places." Just who the "influential" and aggrieved officers think should be ordered to the "disagreeable positions" in place of themselves, is not indicated.

Naval Intelligence.

A despatch of the 19th inst. from Panama reported all quiet there on that date. The U. S. S. Wachusett had relieved Her Majesty's ship Heroine in guarding the railway. It was reported that Preston, the rebel leader at Colon, had given foreigners twenty-four hours to leave that city.

Rear Admiral Jouett, commanding the North Atlantic squadron, now at New Orleans, has telegraphed to Commander Clark of the Alliance, instructing him to proceed to Cartagena and Barranquilla, United States of Colombia, and protect the American interests in that country during the present disturbed condition of affairs. The despatch informs Commander Clark that vessels belonging to American citizens which have been seized by the insurgents without compensation may be forcibly recovered, and says that the United Magdalena Steam Navigation company of New York has called the attention of the secretary of state to the seizure of their steamers by an armed force.

Secretary Whitney has declined to take action upon the report of the advisory board recommending the acceptance of the new despatch boat Dolphin, until he shall have had an opportunity to examine the contract and all details of the vessel's construction. The contract price of the Dolphin was $815,000, to be paid in ten instalments. Nine of these payments have been made, with the exception of $8,000, which is to be reserved as a guarantee fund for a period of three months after the acceptance of the vessel.

Lieutenants James M. Miller, John H. C. Coffin and Charles H. Foster, Ensign Henry Minnett and Passed Assistant Engineer John A. Scott, have been detached from the Lackawanna, and ordered to proceed home and await orders.

Surgeon George H. Cooke has been detached from the Lackawanna, and ordered to proceed to temporary duty at the naval hospital, Mare island navy yard.

Chief Engineer Laws has been detached from the Lackawanna, and ordered to special duty connected with the machinery of the Mohican.

Assistant Engineer William H. Creigton has been detached from the Lackawanna, and ordered to duty at the Mare Island navy yard.

Paymaster William J. Thompson has been detached from the Lackawanna, ordered to settle accounts, and upon the expiration of the period allowed for that duty, to hold himself in readiness for orders to the Mohican.

Pens and Ink Worth Recommending.

We have been favored with samples of the celebrated Spencerian Double Elastic Steel Pens, and after trying them feel justified in highly commending them to our readers. They are made of the best steel, and by the most expert workmen, and have a national reputation for certain desirable qualities which no other pens seem to possess in so great perfection. Among these are uniform excellence of point, durability, flexibility, and quill action. So popular have they become, that of the "Number One" alone as many as fourteen millions are sold annually.

Complaints *are constantly made of the difficulty in getting good ink.* Probably, in some cases, the durability of the ink is of little consequence — the writing has done its work in an hour or two; *but, it should be remembered, occasions constantly arise which give great importance to writings, or perhaps to the mere signature of a name.* The usual inkstand is, of course, resorted to, and if an inferior ink is commonly used, the result possibly may be disastrous.

The Spencerian Writing Fluid combines, in a high degree, three essential qualities, *fluidity, color,* and *durability,* and is absolutely reliable for all business purposes.

The proprietors of these well-known Pens and Inks, Messrs. Ivison, Blakeman, Taylor, & Co., 753 & 755 Broadway, New York, Educational Publishers, will send free, on application, their Spencerian Specialties Sales-book, which gives a full descriptive list of these and many other standard articles of interest to stationers and booksellers.

"The Eclectic" for April contains an unusually varied and attractive list of contents, both the subjects and authors being of a sort to command attention. "A Word More About America," by Matthew Arnold, will be read with great interest. Frederic Harrison gives a "Review of the Year," and Henry Irving has something pleasant to say on "The American Audience." The celebrated English essayist, John Morley, is represented by a masterly paper on George Eliot, apropos of her husband's life of her, just published. Other articles of special note are "Stimulants and Narcotics" by Percy Greg; "Automatic writing" by Frederic W. H. Myers; and "Scientific vs. Bucolic Vivisection," by James Cotter Morison. There are two bright and interesting short stories, poems by W. E. H. Lecky and Paul H. Hayne, and a number of choice and well assorted short papers on subjects of popular interest. Published by E. R. Pelton, No. 25 Bond street, New York. Terms, $5 per year; single numbers, forty-five cents; trial subscription for three months, $1.

John C. Pillsbury, one of the best-known prison officers of New England, died in Concord on the 19th inst., at the age of eighty-three years. He was a native of Ipswich, Mass., and had a long term of service as an officer of penal institutions, having been connected with that at Blackwell's Island, Connecticut state prison for fifteen years, deputy warden of the New Hampshire penitentiary for over two years, and warden for ten years. He is survived by a widow and several children, among the latter being Thomas A. Pillsbury, now deputy warden of the New Hampshire state prison.

Hon. George H. Wakefield died in Winona, Minn., on the 19th inst., in the 58th year of his age. He was for many years a resident of South Berwick, and represented York county in the Maine senate in 1880, '81 and '82. He was prominent in Masonry, having been master of St. John's Lodge of South Berwick from 1875 to 1879, inclusive, and deputy district grand master of his district in 1881 and '82; and from 1870 to 1882 he held nearly every office, including that of high priest, in Unity Chapter, R. A. M., of South Berwick. He left that town in 1882 for Winona.

The Eliot Literary Union will give an entertainment at Brook's hall in that town on Wednesday evening, the 25th inst., when two farces, the "Irish linen peddler" and a "Race for a widow," will be performed, and there will also be music, and reading of the "Literary Star."

The barn of Charles Boothby, in Limerick, was burned one day this week, with a considerable quantity of hay, a yoke of oxen, two cows, farming implements, etc. Loss about $2000. Cause of fire, small boy and card of matches.

A Naval Explosion.

It seems that the long pent-up indignation of certain officers of the navy, at what were deemed by them unwarranted orders by the late secretary of the navy, to certain positions, has found vent by applications, to the present secretary to revoke the orders of his predecessor in office. Whether the new secretary will encourage a breach of discipline which asserts that orders of a former chief were issued improperly and should be changed, on the statement of officers ordered, remains to be seen. Mr. Whitney should begin as he desires to continue. Should he thus permit the motive of earlier orders to be questioned even, he will become involved in a serious dilemma. To suppose that every officer of the navy possesses equal qualifications for every kind of duty, to hold that if one officer is ordered to a peculiar service, and another has disagreeable assignment, it is only a result of favoritism, is equally as preposterous as it is to request a new secretary to revoke the regularly issued orders of his predecessor. These orders are those of the office of the secretary. Incumbents may change, but orders must continue. If the officers are to judge as to orders, instead of the secretary and his advisers, it will be just as well to draw lots for assignments to duty as to have selections made by a superior in command.

The British forces at Suakim made a reconnoisance in force on the 19th inst., and after advancing some distance were partially ambuscaded by the Hadendowah tribe of Osman Digna's forces, and checked. A number were killed on both sides, and the British forces, having developed the force and position of the enemy, then retired. It was announced that the British advance on Tamai, where a hot battle was expected, would begin on the 20th.

GREEN, in Cambridgeport, Mass., March 18th, Miss Bell Green, aged 22 years, daughter of Daniel H. and Margaret Green.

March April May

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SAUNDERS, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

Living People

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing I ever did me any good. When I commenced using them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Clean the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

THE WEATHER.

For New England To-day:

Colder, fair weather.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 3 degrees above zero.

Sky clear.

HE FEELS DUBIOUS.

Mr. Editor: I notice by the *Chronicle* that the committees who so kindly save the members at large of the democratic party from all annoyance of selecting or even expressing their preference of any incumbent for office under the new administration, have designated the men for the post-office and the collector of the port.

Now I am not a candidate for either, and would as soon see the men named put in their places as any one. They are good democrats, and Mr. Hanscom has done good service with his paper and has not gone whining round to the rich men of the party and demanded money either as a contribution or in exchange for a slow note. Now like a faithful servant he enters into his joy, though I must say that giving to the editor of our organ which has fought the battles, lo these many years, a little place worth I am told, less than six hundred dollars, and giving to the other man, who to be sure has voted the ticket, but has done no particular service as a party man, a place worth four or five times as much, seems singular. But I am told Mr. Gerrish can carry his "ward" every time.

But what I wanted to say was this; I am not a candidate for office (as I before said) but I am a candidate for a job on the yard, (and this I want them all, Frank Jones and his committee, not to forget every time,) and when I think of the smart way in which the present incumbents could manage this business, I rather doubt if we should get all that belongs to us, with new managers. I hear that Ephraim Spinney and Andrew Stimpson are the committee on the Kittery side, and all Maine wants to go on the yard. Now with such experienced men as Spinney and Stimpson where shall we be, with Hanscom and Gerrish for our side?

They tell me that the navy yard will be managed by Jones, Page and Col. Urch as a committee, and that the collector and postmaster won't have nothing to do with it. But this won't work. These men will get mad and say things that our folks won't stand, and there will be trouble, or I miss my guess. You see, Mr. Jones can't do everything. He will break down under too heavy a load, and then where are we? I hope our folks will consider these points. We are to have a large force on the yard all the year round, and it is important that we don't let them Kittery chaps get ahead of us. Perhaps we can brace up the Editor and Ex-Contractor for the barracks, to go over every morning and revise the muster roll. The job will require time as well as knowledge. To keep up with Eph. Spinney and Andrew Stimpson when they pull together, will take more time than Mr. Jones can spare, and I think sometimes we ought to apply the civil service rule to the new office-holders and have the present collector and postmaster put them though an examination to see how they would manage in case of a big discharge, and how they would act when the orders came to take on. One thing I do know, and that is, when they begin to take on I shall want my name pretty high up on the list.

A JACKSON DEMOCRAT.

LETTER FROM RYE.

On New Year's day, 1801, being the commencement of a new year and a new century, a discourse was delivered at the Centre in the Congregational church, by Rev. Huntington Porter, who was minister from December, 1784, till his death in March, 1844, at the ripe age of eighty-nine years, "wherein a brief view is taken of the growth, establishment and prosperity of our country in general, and some things were offered in particular relative to the settlement, increase and prosperity of the town of Rye;" such was on the title page of the sermon, which was of thirty-eight pages, and printed that year in Portsmouth. A bound copy of this discourse is for sale at a book store in Boston at the price of *ten dollars*.

Rye was not then visited by strangers as it is to-day, or rather, later in the season than just at present. Our people now are speculating a little, not in stocks, but on the probability of a good season at Rye.

Last year was an unsuccessful one for Rye. Added to the depression in business, there was felt, as a cause, the senseless exaggeration of an account of a case of sickness at Little Boar's head, the previous season. Your own papers, Mr. Editor, were discreet upon this subject, but the telegraphic correspondent either of the associated press or of some paper, I do not recall which, sent forth the intelligence of a case of typhoid at Rye beach, a result known to be from a local cause, where a cottage owner had his well in close proximity to a sewer in a porous soil, where by means of trap rock was conveyed the refuse water into the well. The result was seasonably predicted. The consequence was that nearly every paper in the land published this piece of bad news. Engaged rooms were not taken. There was not a boarding place in our town which did not feel the loss of expected business, owing to this cause, and yet there was at the time no healthier place on the coast, than Rye. The case referred to was in North Hampton, but "Rye beach" is a comprehensive appellation, and Rye suffered for what occurred within the borders of its neighboring town.

I was induced to send these lines by reading in your paper the article headed "Our Summer Visitors." Newcastle has recently been brought into notice, not only by its magnificent hotel which has been so extensively advertised by its large-souled proprietor, whose promises have been so well fulfilled by its able manager, but there has been published a most interesting historical description of Newcastle, the perusal of which so invites strangers to the island that it has again, as of old, become famous. Then too, land can be purchased at some price at Newcastle for building purposes.

The trouble at Rye seems to be, that one set of inhabitants fail to appreciate the results of summer visitors; the other —and these are the hosts of the visitors— regard it that Rye is the "best watering place in the world," at least there is nothing like it in the western hemisphere. Nature has been lavish, hence nothing need be done either to proclaim these attractions, to sell land for cottage residents, to water the dusty avenues, to keep the plank walks in good repair, or to improve and beautify the surroundings of our houses. In the meantime, other resorts have grown into favor. People who once came to Rye and boarded for a season, now own or rent cottages at Mt. Desert or at other like places on the coast, and we do not exert ourselves to induce new comers to succeed those who formerly spent their summers at our shore. The need of some judicious effort on the part of our real estate owners is acknowledged, but those who have a good season's business are content with things as they are, and others do not seem to have the proper knowledge of just what is needed or how to effect a result which shall bring grist to their mill, and so we may expect another quiet season while our more favored competitors are blessed with better results. H. K. R.

"Uncle Tom's Cabin," March 25th.

Last year, from the 8th of March to the 21st, there was no morning when the thermometer at four o'clock indicated a lower temperature than twenty-six degrees above zero; this year, between the some dates, there has been no morning when the thermometer stood higher than twenty-four above at four o'clock, and one morning (the 13th) it was at three below zero. On the 18th of March, last year, it was thirty-two above zero, and on the 18th this year, one above.

The Dover *Democrat* of Thursday, the 19th inst., says: "William Nason, of Eliot, drove his horse and sleigh across the river at Raitt's point from Eliot to Dover point to-day, and reports the ice as perfectly safe. This is something unknown on March 19th in the memory of the oldest inhabitant, as the river at that point has always been open on this date before."

Mr. Fred. L. Ham, who has for some years been employed in the Mutual Union, Western Union and railroad telegraph services of this city, has secured a position on the Northern Pacific railroad at Ashland, Wisconsin, and expects orders to proceed to duty on the 1st of April.

The seventh lecture in the illustrated course will be given by Rev. John A. Goss, in the Universalist church, Sunday evening at 7:30 o'clock. The large painting, eighteen feet long and eight feet high, will be used. Rev. F. Johnson, pastor of the Baptist church, Cambridge, Mass., says: "I regard the picture of the Black Valley Railroad as the most powerful argument against intemperance. Its ingenuity and force are inimitable." All are welcome. A collection will be taken.

The steamer Clara Batemen went on the marine railway at Kittery on Friday last.

There is but little show of floating ice in the river, and scarcely any in the docks except what is clinging to the piles of the wharves.

The barque Quickstep, 785 tons register, built at this port in 1867 by Tobey & Littlefield, rating A1, is advertised for sale in Boston. The vessel is partly owned by Daniel Littlefield and others of this city.

It was reported in Gloucester, Mass., on the evening of March 19th, that the schooner Ellen N. Adams of that port had arrived at Norfolk, Va., with eighty barrels of mackerel. If true, this is the earliest arrival of mackerel on record.

—"Why do you set such a tough chicken before me?" indignantly exclaimed a fair damsel in a restaurant the other day. "Age before beauty always, you know, ma'am," replied the polite attendant, who well knew how to serve his employer and a tough chicken at the same time.

Do sandwiches come from the Sandwich Islands? Of course not, but consumption always comes from neglected colds. And a bottle of Dr. Bull's Cough Syrup taken in time will save much suffering.

A Washington letter says Mrs. Manning is so far the queen bee in the new cabinet. She is a bride, although not a very young woman, and brought to Mr. Manning some wealth and a social position. She is tall, with a slender, graceful figure, has good features, light brown hair and great animation and grace of manner.

"Gentle Spring."

Among spring preparations, do not neglect that which is most important of all—your own body. During the winter the blood absorbs many impurities, which, if not expelled, are liable to break out in scrofula or other disease. The best spring medicine is Hood's Sarsaparilla. It expels every impurity from the blood, and gives strength to every function of the body. Sold by all druggists.

Representative Mitchell of Connecticut was informed by Postmaster General Vilas that no postal clerks in the railway mail service will be removed except for sufficient cause. He tells the thousands of applicants for these places that they may as well withdraw their papers.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute." So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

Hogs are reported to be dying by the thousand in several counties of Virginia.

'Rough on Coughs."

Ask for "Rough on Coughs," for colds, coughs, sore throat, hoarseness. Trochees, 15c. Liquid, 25c.

William Hubbeil killed his wife and himself at Elkhart, Ind., March 19th. He was rum crazed.

The Hope of the Nation.

Children, slow in development, puny, scrawny and delicate, use "Wells' Health Renewer."

—A piece of glass an inch long was taken from the head of a Rochester man recently, in whose skull it had been imbedded for twenty years. He had complained occasionally of a pane in the head.

Catarrh of the Bladder.

Stinging, irritation, inflammation, all kidney and urinary complaints, cured by "Buchu-Paiba." $1.

—"The way to sleep," says a scientist, "is to think of nothing;" but this is a mistake. The way to sleep is to think it is time to get up.

"Rough on Pain" Plaster;

Porous and strengthing, improved, the best for backache, pains in chest or side, rheumatism, neuralgia. 25c. Druggists or mail.

—A person never falls with a "dull thud" in the rink. When a fall takes place it is preceded by a short, quick gasp which is followed by a sharply chopped off ejaculation, the body sways, and the skates go clickety, click, click—whizz, bang, bumpety, bump.

Superior.

The superior strength of Wetherell's Sarsaparilla with Iodide Potassium is one of the points which will commend itself most to the invalid, as many cannot afford to buy a dozen or two bottles of a medicine. One bottle contains more medicine than those of any other preparation of Sarsaparilla. $1 per bottle. Six for $5.

—"Mamma," said little Carrie, "can you tell me what part of heaven people live in who are good, but not agreeable?"

Dr. Seth Arnold's Soothing and Quieting Cordial for children. Recommended by mothers and nurses. 25c.

—A superintendent of a new York school was seeking to develop the idea of biped and quadruped among the scholars, for which purpose he had two pictures, one representing a horse, the other a rooster. Holding them aloft, in full view of the scholars, he asked in encouraging tones, "Now, which one am I?" "The rooster, sir," was the unanimous reply.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. HUDSON RIVER R. R.

Conductor Melius Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for Indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS.
69 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeForeyes, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.
Dr. D. Kennedy, Rondout, N. Y.:—
DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headache.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEFEYERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is hailed as a boon by hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.
Dr. David Kennedy, Rondout, N. Y.:—
DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.
As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY
has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

In the Malden, Mass., police court on Friday last, Charles W. Vincent of Boston, charged with aiding Stephen McCall, the man who feloniously assaulted Gertie Stimpson of Reading, to escape by furnishing him with money, was held for trial in $2000 for the March term of the superior court.

"I have no appetite," complains many a sufferer. Hood's Sarsaparilla gives an appetite and enables the stomach to perform its duty.

An eloping couple from Buffalo, N. Y., were taken from a Pullman car at Cleveland, O., by the police at three o'clock Wednesday morning, the 18th. A despatch was received from the chief of police at Buffalo announcing that the pair would be on the train. The runaways are Justin Siegrist, a youth of nineteen years, and Mary Baker, a pretty brunette, two years his junior. They were richly dressed, and took the arrest good humoredly. They had tickets direct from Buffalo to St. Louis, Mo.

Bleeding nostrils. It has done me so much good, I want you to send me two more bottles immediately. I have been afflicted with catarrh for over ten years —frequently my nose would bleed and leave the nostrils in a dry, inflamed condition, with constant soreness. I experienced relief after the first trial of Ely's Cream Balm. It is the best of a great many remedies I have tried, and I can fully recommend it.—E. Gill, Madison, O., Editor of the *Index*.

Three jail prisoners—Elie Carpenter, Eugene Kelly and William McElroy, who tried to break jail at Hartford, Conn., a fortnight ago, were on Thursday given each five years' additional sentence for assaulting assistant jailer Kingsley, with intent to kill. Carpenter's and Kelley's original sentences were for four years.

Ladies' Weaknesse

Mr. T. H. Gaffard of Church Hill, Md., is so thankful for the restoration of his wife to complete health that he is willing to certify to the fact and manner of her cure. To Mrs. Lydia E. Pinkham. This is to certify to the grand effects of your Vegetable Compound. My wife was suffering from a terrible disease which seemed to baffle the skill of the best medical men. She was in a poor, languid, depressed, nervous condition. We finally concluded to try your Vegetable Compound, and to our great surprise the half of one bottle had not been taken before there seemed to be a thorough change in her whole condition, and now to-day she is in good health and entirely relieved from all former depressed feelings.

A young man of Woodstock, N. B., in delirium tremens, attempted to hang himself last Thursday in his father's barn. The hanging body was discovered by the servant girl, who with great presence of mind grasped and raised it as far as her strength enabled her, thus relieving the strain on the victim's neck, until her cries brought help, when the body was lowered, and after a long time the doctors succeeded in restoring suspended animation.

Salvation Oil is the greatest cure on earth for pain. This invaluable liniment routs and banishes all bodily pain instantly, and costs only twenty-five cents a bottle.

A despatch from St. Paul, Minn., says: A woman of bad character named Mrs. D. M. Britton was found dead in her room Wednesday night, March 18th, with a man, who was also dead. A man named Bergstorm has been arrested on suspicion that he killed both parties. The dead man has been identified as Harry W. Kellogg, a former merchant of Neilsville, Wis. The woman's husband is a gambler, but is missing.

Don't Get Discouraged!

Because the doctors say you cannot live. I was troubled with dropsy, and given up to die. But after using Sulphur Bitters am well. It is the best medicine for all kidney diseases I ever saw.—Mrs. J. Brown, Bridgeport, Conn.

WATERTOWN AND BRIGHTON STOCK MARKET.

Week ending Tuesday, March 17th.

Amount of live stock at market: Cattle, 690; Sheep and Lambs, 939; Calves, 315; Horses, 140; Swine, 825.

Prices of Market Beef—Extra, $8 00 @ $8 50; first quality, $6 75 @ $7 50; second quality, $5 00 @ $6 25; third quality, $4 00 @ $4 50.

Prices of Store Cattle—Working oxen ⅋ pair, from $100 @ $225; Farrow cows, $15 @ $31; Fancy cows, $50 @ $80; Milch cows and calves, $20 @ $48; yearlings, $10 @ $20; two years old, $14 @ $30; three years old $24 @ $42.

Swine—Western fat, live, 5 @ 5¼c ⅋ ℔; northern dressed hogs, 6 @ 6½c ⅋ ℔.

Prices of Sheep and Lambs—In lots, $2 00, $3 00 @ $4 00 each; extra, $4 75 @ $6 00, or from 2 @ 6c ⅋ ℔; last year's lambs, 5½ @ 6½c ⅋ ℔.

Veal Calves 3¾ @ 6½c ⅋ ℔.

Prices of Hides, Tallow and Skins—Brighton hides, 6¼ @ 7c ⅋ ℔; Brighton tallow, 3¾ @ 4½c ⅋ ℔; country hides, 6 @ 6½c ⅋ ℔; country tallow, 3¾ @ 4¼c ⅋ ℔; pelts, 62c @ $1 20 each; calf skins, 10 @ 11c ⅋ ℔; dairy skins, 50 @ 75c each.

The movement at Watertown this week in cattle was in a light way, but rather more than last week in number. Dealers found a very moderate demand, and the range in prices have not exceeded last year's quotations. But few buyers at the yards, and their wants were light. We did notice one head in the form of a five-years-old ox, the home weight 2500 ℔s, quite a monster, and in good flesh, that sold at 8c ⅋ ℔, dead weight. We heard of none other, but 8 @ 8½c would cover top lots of northern. There were beef cows sold at 3¾c, live weight.

Milch Cows—The supply not as heavy as last week and not required. They ranged from $20 @ $75 ⅋ head.

The Sheep Call—Supply from the northern states was light, the lightest of the season. There were some feeders at market without stock to post themselves as to the market, who are frank to say that now is not the time for them to ship their stock, as prices paid would not let them out. They will, without doubt, contract them later in the season. Prices are without change.

Fat Hogs—In consequence of a glutted market with pork the arrivals of live hogs have been the lightest of the season.

Veal Calves—The supply not one-half that of same week last season. Prices fairly steady.

Live Poultry—500 ℔s could cover receipts. Turkeys, 15c ⅋ ℔; mixed lots, 10 @ 11c ⅋ ℔.

"Turn the Rascal Out."

The mugwumps are much disturbed over the appointment of Mr. Higgins, a Baltimore political striker of the worst stamp, as appointment clerk, a very important position in the treasury department. The appointment was made on the recommendation of Senator A. P. Gorman. The president is said to have been unaware of Higgins' record, and it is intimated that Gorman has lost caste by getting the administration into such a scrape at its very beginning. Higgins, nevertheless, is the very type of man whom the average democrat wants in the treasury department and in all the departments,—a man who will see that democrats are faithfully rewarded for party service by appointment to office.

Under the heading of "President Cleveland's Mistake," the Washington correspondent of the Boston *Post* on the 20th inst. said: "The administration is beginning to be disturbed by the revelations made against Higgins, the new appointment clerk, and it is thought in the treasury department that the formal charges of the Baltimore Civil Service Reform association must result in his dismissal. The civil service reformers of New York are writing here, and their letters betray great disappointment and regret that this accident should have happened in the early days of Mr. Cleveland's administration. Higgins himself seems to care very little for the attacks of the press, and relies simply on the influence of Senator Gorman to keep him in his place. He says that he does not read the newspapers, but confines himself to the duties of his office. But people who ride in the cars from here to Baltimore say that he reads the papers on his way home in the afternoon, and that when he has companions with him he is full of chaff at the civil service reformers. This morning he was shown the charges against him to the effect that he had been sued for money lost in a gambling saloon, and that he was interested in a low concert saloon, but he refused to say anything about them, one way or the other. It is apparent that not only Higgins' place, but Gorman's influence, is in peril."

Some Cold Weather.

On Mount Wasington, Friday night, the storm was terrific beyond description. A northwest wind ranged from one hundred to one hundred and forty miles an hour, and the spirit thermometer fell to forty-eight degrees below zero on Saturday morning.

The Delaware river was frozen over at Easton, Pa., Friday night, for the first time this season.

Manning's Colossal Blunder.

President Cleveland is at work solving the problem whether, in the Higgins appointment, Manning fooled the president, or Gorman fooled Manning. The tone of the open letter of Gov. Carroll to Senator Gorman shows that this Higgins business is felt to be a deep insult to Maryland. The appointment being made before a vacancy, is regarded by some as a feasible excuse for ejecting the unsavory democrat, who proposes to hold the fort, and go out only as a martyr. The president has been urged to purify his administration from the bad odor of this unfortunate step, which the better class of democrats deprecate. The appointment shows the utter unfitness of Manning to be secretary of the treasury. He seems no more capable of judging of the proper relations of a cabinet minister to the president than he is of forming a plan for the proper disposition of the $150,000,000 of treasury reserve. In fact, he will occupy, but not fill, the secretaryship. He has already been weighed in the balance and found wanting.

The senate on the 20th confirmed Martin V. Montgomery of Michigan, to be commissioner of patents; Milton J. Durham of Kentucky, to be first comptroller of the treasury; Wilson Hay of Pennsylvania, to be first assistant postmaster general; Joseph R. Ryan of Nevada, to be commissioner of the mint at Carson City, Nev.; William Garrard of Nevada, to be superintendent of the mint at Carson City, Nev.; J. D. C. Atkins of Tennessee, to be commissioner of Indian affairs; James D. Porter of Tennessee, to be assistant secretary of state.

James H. Berry was on the 20th inst. elected to succeed Garland as United States senator from Arkansas.

By the death of State Senator Bridges, of Illinois, the legislature is again tied on joint ballot, he having been a democrat. The democrats have had one majority on joint ballot since the death of Representative Logan, republican, some weeks ago.

President Barrios, of Guatemala, is reported to be in a towering rage with Dr. Zaldivar, president of San Salvador, because the latter opposes his scheme to make himself dictator of Central America. It is thought by some that France is behind Barrios.

A five-hours battle was fought near Suakim on the 20th, resulting in the defeat of Osman Digna's forces, the Arabs retiring toward Tamai. The Arabs at one time were perilously near routing the entire British army, but were finally beaten back. The British loss was eleven killed and forty-nine wounded; the Arab loss is placed at 600.

At an adjourned annual meeting of the stockholders of the Goss Marine Iron Works at Bath, Me., Wednesday evening of last week, a large number of prominent stockholders were present. A proposition of the New England Shipbuilding company to purchase the plant and property of the Goss company was accepted by a unanimous vote, the transfer to take place immediately.

S. J. Stanton, the champion hunter of Carroll county, has recently received $50 from the selectmen of Bartlett as bounty on five bears.

Pittsfield's town clock stopped Thursday morning, the 12th, the town having refused to appropriate $25 toward taking care of it one year.

The "Bay State Monthly" for March contains steel plate portraits of William Lee and Charles A. B. Shepard, of Lee & Shepard, the eminent publishers, with sketches of the lives of the partners; also a portrait of Hon. Rodney Wallace of Fitchburg, a native of New Ipswich in this state. The number for this month has a variety of contents which shows a degree of excellence which should be encouraged by an increased volume of patronage.

At a meeting of war veterans at North Berwick last week a Grand Army post was formed in the village, mustered in, and officers installed by Aide-de-Camp John Hilling of Wells. The new organization is named Louis O. Cowan Post, No. 98, and is officered as follows: Commander, Moses T. Hurd; senior vice commander, John Hall; junior vice commander, George D. Harvey; quartermaster, George P. Boston; adjutant, David S. Austin; chaplain, Joseph M. Goodwin; surgeon, Jas. M. Boyle; officer of the day, Chas. H. Getchell; officer of the guard, Albert T. Getchell; sergeant-major, Sylvester Pierce; quartermaster sergeant, William C. Pife. A Ladies' Relief Corps, auxiliary to the post, and a Sons of Veterans Camp, are also likely to be formed.

Comdr. Robley D. Evans is ordered as inspector of the 5th lighthouse district, relieving Comdr. Silas Casey, detached and placed on waiting orders.

Boatswain John B. F. Langton is detached from the Lackawanna, and ordered to the Independence.

Boatswain Robert Anderson, Carpenter Thomas McGlone and Sailmaker William Redstone are ordered to the Pensacola.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Waverly, Iowa, SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since 1873 my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States, and spending many hundred dollars, from which no relief was obtained, I was induced to try your

Bitters; aft[illegible] bottles my Headache, Vomiting [illegible] of my Catarrh, Biliousness [illegible] complaint left me, I now weigh [illegible] sixty-five pounds, and consider [illegible] years have saved my life.

Mrs. I. [illegible]MAN, Lewiston, Me., says: For [illegible] a terrible sufferer with Scrofula, c[illegible] by s[illegible]ation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my housework.

not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur

should be kept in every family.

A Boston & Albany R. R. engineer, F. B. CHAMBERLAIN, of Springfield, Mass., says: For years I have suffered from Chronic Bilious attacks, with a narrow escape each time from Typhoid Fever. About two years ago I commenced taking Sulphur Bitters, and since that time I have had no trouble from my old enemy. Living in a malarial district, I have had no trouble from that cause, being a marked exception among my neighbors, and I give the credit for that to Sulphur Bitters. It is an invaluable remedy and one which no household should be without.

Builds Up the Weak.

The wife of the Superintendent of Repairs, Pacific Mills, Lawrence, Mass., Mrs. JOHN BARTON, [illegible] temperance advocate, says: When all other remedies failed, Sulphur Bitters cured me of Dyspepsia and those deathly Sick Headaches.

TRUST & GUARANTEE CO.

The directors of the Portsmouth Trust & Guarantee Co. on Saturday gave notice that the company, having fully complied with the requirements of the bank commissioners, and received the sanction of the commissioners and the approval of the supreme court for the resumption of business, had re-opened the bank for the reception and payment of deposits. They also gave notice that "All deposits have continued to earn interest during the suspension, as before."

By a report certified to by the bank commissioners, the bank owes to its depositors $418,657.58, and has $519,666.98 to pay them with; of the latter amount $100,000 is a guaranty fund, which cannot be impaired or withdrawn until all depositors are paid.

SOMETHING NEEDED AT RYE.

Mr. Editor: In the *Chronicle* of Saturday morning is a letter from Rye, deploring the falling off of late years of its summer visitors, which while giving some of the supposed causes fails to mention one very obvious one, and that is, the very bad condition of its roads.

From the town line, on the Sagamore road, to the centre of the town, is about three miles, and that road with its branches (except Long Lane) have been for years, as everyone who habitually drives over it and them well knows, in very bad condition—crooked, narrow, rocky, muddy; but passing some of the most attractive scenery.

Many of the summer visitors at Rye have been in the habit of fetching their own horses and carriages, and all rely upon more or less driving; but unless the roads are good, driving is of but little pleasure, and as it is one of the principal resources of Rye, part of the falling off is easily accounted for.

What Rye needs then, in addition to its unrivalled advantages of healthfulness and scenery, and its many good hotels and boarding houses, is a thorough reformation of most of its roads; and after that (if it can't be done at once) the building of roads to connect with those already built from Little Boar's head to Odiorne's point, along the coast, which would place the town far ahead of all its rivals and for all time. P.

WONDERFUL PERFORMANCE WITH FIREARMS.

Alderman Walker of this city went out gunning a few days since, and after travelling for a considerable time came in sight of game. He took careful aim and fired, without effect; also a second and a third time, with like result. An examination of the shooting-iron shew that neither of the balls had left the gun barrel. To say the alderman in question was disgusted would only half express his feelings on that occasion.—*Times.*

That was the most wonderful shooting we ever heard of. We knew the athletic young alderman from ward two was accounted "no slouch" of a sportsman, but never dreamed he possessed such skill in the use of firearms as to be able to fire a bullet half the length of a gun-barrel, and then stop it—and do the feat over and over again, until he had a whole row of bullets stuck in the barrel. Wonder what kind of powder he uses? Possibly he fired so that if the object aimed at was a fox, the bullet would leave the gun; and if the object was a cow, it wouldn't.

Artemas Ward related how one of his neighbors "had a pork barril, and he knoct the bottom out of the barril, and the pork all fell out and the brine stade in." He said "this was a mistery," but it wasn't any "misterior" than Alderman Walker's firing charge after charge of powder past a bullet stuck in his gun-barrel, without finding out that anything was wrong until he looked into the gun!

THE WEATHER.

The wharves all along the river front were looking dismal enough last week, except when the fishing vessels arrived at the Water street wharves, making some stir; it was very cold and bleak on the river, and nothing else was to be seen, not even a wherry venturing out from Dover point, Sculpin point, Tattle point, Fort point or Kittery point. The stevedores, who in the hot days of summer have difficulty in keeping cool enough for comfort, were mostly sitting alongside the stoves trying to keep warm, discussing the political and religious questions of the day, and expressing their opinions as to who are likely to secure positions in the custom house, post-office, internal revenue department, navy yard and light houses.

Great bay is still frozen over solidly from shore to shore, a state of affairs that has not existed so late in the season before for many years. As the temperature at places around the shores of the pond on Wednesday morning of last week varied from zero to six degrees below, (eight degrees below was the report from one place,) and the remaining days of the week were nearly as cold, the ice cannot be either thinning or "rotting" to any appreciable extent.

In spite of the extreme cold of Saturday a considerable number of country teams were in town, all on wheels, of course. The horses were generally well blanketed, but here and there a poor old horse was left for hours unprotected and shivering in the wind. The drivers were well wrapped up, without exception.

There was a slight "let-up" to the cold on Sunday, and a little thawing of the ice in sunny spots in the middle of the day. The fishing vessels came in much iced up. Considerable thin ice from the creeks near the sea—Spruce and Chauncey's creeks at Kittery Point, and Seavey's and Sagamore at Little Harbor—came up river on the flood tide, and went crashing against the piles of Portsmouth bridge, where it was shattered into fragments.

Uncle Tom's Cabin matinee next Wednesday afternoon at the Franklin theatre.

At the Franklin hall skating rink, Friday evening, the Bantam and Franklin polo clubs played a game, which was won by the Franklins, three goals to two.

The schooner Jed F. Duren, eight days from Calais, Me., arrived at Broughton's wharf on Sunday afternoon with 1300 barrels of ground plaster.

The tug Ann, which has been hauled up all winter at the north side of Appledore wharf, got steam up on Friday last. She is being put in readiness for up-river navigation, but according to present appearances need not be in any hurry about it, the ice in the lower Cocheco, between Eliot and Dover point, being still solid enough to admit of the safe crossing of teams, something not known before at this season for a great many years; while Great bay is a solid sheet of ice down to and far below Fox point, putting an effectual embargo on navigation up the rivers to Exeter, Newmarket and Durham.

Members of the Golden Cross commandery will give an entertainment in Badger hall on Daniel street, Thursday evening, April 2d. A number of entertainments have been given during the winter at the houses of members of the order, and this is intended to be the close of the course.

John J. Berry, M. D., of South Norwalk, Conn., is soon to remove to this city, where he will open an office; he is a son of the late Rev. Joshua Berry, who formerly owned and occupied the Cutts house on North road, in which Hon. Jas. W. Emery now resides. Rev. Mr. Berry never was the pastor of any our religious societies, but often officiated at St. John's church.

On Sunday, March 15th, Rev. W. Wolcott Fay of Hampton preached to the students and faculty of the College of Deaf Mutes in Kendall Green, Washington, D. C., one of the professors translating the discourse into the sign language as Mr. Fay delivered it.

Postmaster Greene of Newmarket has applied to the proper authorities for a money-order department at the Newmarket post-office, and it is probable that it will be made a money-order office about the first of July.

Says the Dover *Democrat* of Friday last: "Robert Stott, baggage master for many years on the Portsmouth & Dover railroad, has, we are informed, been appointed to an important position on the Portsmouth navy yard."

The Rockingham bicycle club of this city are to have their annual entertainment in the Portsmouth rink on Thursday evening, April 2d. The entertainment will consist of fancy riding, bicycle drilling, etc., and will undoubtedly prove very interesting.

At the meeting of the Rockingham County Temperance Association on Thursday, the 26th inst., the Newmarket Band of Hope will be present in a body at three o'clock P. M., when a special address will be made to them.

All the hoodlums and bummers do not live in the cities. Two young men who drove from this city to Rye on Thursday evening last, to attend a dance given in the town hall that evening, hitched their team under a shed near the meeting house, and having carefully blanketted the horse, went to the merrymaking. On going for their team after the dance was over they found the buggy capsized and badly stove up, its condition being such that it was with difficulty they could get home with it. The young men are not aware of having given any person cause for enmity, and the outrage seems to have been prompted solely by wanton malice.

The leave of absence granted Feb. 5th to Lieut. Col. Clement D. Hebb, commanding the marine barracks at this navy yard, has been extended one month from April 1st.

Paymaster Albert W. Bacon has reported for duty on board the U. S. S. Omaha at this navy yard.

The young men who gave a dance in the town hall at Rye one evening last week, propose to give another at the same place shortly.

The Root of the Evil.

To thoroughly cure scrofula it is necessary to strike directly at the root of the evil. This is exactly what Hood's Sarsaparilla does, by acting upon the blood, thoroughly cleansing it of all impurities, and leaving not even a taint of scrofula in the vital fluid. Thousands who have been cured of scrofula by Hood's Sarsaparilla, testify to its wonderful blood-purifying qualities. Sold by all druggists.

A boarding house at Bridgeport, Conn., was burned March 20th, and a woman and man perished in the fire.

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

HUDSON RIVER R. R.

Conductor Melius Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS, 69 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is some other than Mr. DeRevere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is heralded as a blessing by hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fevers in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

"Isn't that Mrs. Holmes? I thought the doctors gave her up. She looks well now."

"She *is* well. After the doctors gave up her case she tried Dr. Pierce's 'Favorite Prescription' and began to get better right away. I heard her say not long ago, that she hadn't felt so well in twenty years. She does her own work and says that life seems worth living, at last. 'Why,' said she, 'I feel as if I had been raised from the dead, almost.'" Thus do thousands attest the marvelous efficacy of this God-given remedy for female weakness, prolapsus, ulceration, leucorrhœa, morning sickness, weakness of stomach, tendency to cancerous disease, nervous prostration, general debility and kindred affections.

Boomers are gathering from various points at Coffeyville, Kan., and are leaving in squads as fast as they arrive, for Oklahoma. The Coffeyville colony has a number of detachments now in Oklahoma, and more on the road, notwithstanding the president's proclamation.

The Hudson Bay company's ship Prince of Wales, which was caught in the ice in September last while trying to get out of Hudson's bay with a cargo valued at $300,000, has been heard from, having been driven high up on a small island by the ice. Her crew are on the island, and have suffered terribly from cold and hunger. It is feared that when the ice breaks up the vessel will go to pieces. Dog trains have been sent to the aid of the crew.

The warmer weather often has a depressing and debilitating effect. Hood's Sarsaparilla overcomes all languor and lassitude.

Eloise Fantrum, a pretty girl of sixteen years, disappeared a few days since from her home in Yancey county, N. C. At first it was thought that she was murdered, but a day later Ebony Berry, a handsome married man, whose estate joins her father's place, was also missing, and the fact that the two had eloped was developed. The young lady was a belle in the county, and was noted for her brightness and vivacity. Berry was forty-five, and left an invalid wife and two children. Miss Fantrum had become infatuated with him, and first made his acquaintance while she was calling on his wife.

Bleeding nostrils. It has done me so much good, I want you to send me two more bottles immediately. I have been afflicted with catarrh for over ten years—frequently my nose would bleed and leave the nostrils in a dry, inflamed condition, with constant soreness. I experienced relief after the first trial of Ely's Cream Balm. It is the best of a great many remedies I have tried, and I can fully recommend it.—E. Gill, Madison, O., Editor of the *Index*.

Deacon Thomas Rust and wife of Wolfeborough, aged eighty-seven and eighty-five years respectively, observed the 62d anniversary of their marriage a few days ago. Both retain their faculties to a remarkable degree.

Where's the sense in spending money for a doubtful affair, when a sure and reliable thing is offered? Hop Porous Plasters for all aches, pains and soreness. The greatest strengthener known. 25c.

J. C. Mallon, a book agent, working for the firm of W. L. Richardson of Boston, who wears a badge and claims to be a special policeman of Cambridge, with two companions, Michael Duffy and Michael Mullen, went to the Heath house, in the suburbs of Dover, on the 20th inst., to collect a book bill. While there they got drunk and drove everyone from the house. Theo were tried in the Dover police court next morning, and fined—Mallon, $31.86; Duffy, $23.93, and Mullen, $20.93. They narrowly escaped being held for the grand jury.

HOSTETTER'S CELEBRATED

STOMACH **BITTERS**

The fittest subjects for fever and ague, and remittents, are the debilitated, bilious and nervous. To such persons, Hostetter's Stomach Bitters affords adequate protection by increasing vital stamina and the resistant power of the constitution, and by checking irregularities of the liver, stomach and bowels. Moreover, it eradicates malarial complaints of an obstinate type, and stands alone unequalled among our national remedies.

It was a wise one that said: "Every man is occasionally what he ought to be perpetually." That must be when he is honest enough to acknowledge the merits of Dr. Bull's Cough Syrup, the only sure cure for coughs and colds.

Christopher Eunddus, of Chicago, emptied two barrels of a revolver into a servant girl of the place where he boarded on Saturday, and then shot himself three times. Both will die. Jealousy is the supposed motive.

SOMERVILLE, MASS., Dec. 20, 1882.
Mr. A. S. Wetherell, *Dear Sir*:—This is to certify that my daughter was all run down, weak and languid. She had tried many remedies with no avail. I bought a bottle of Wetherell's Sarsaparilla, and after taking one bottle I found that her health had very much improved. I can recommend it as a safe and reliable medicine to build up the system.
Yours Truly, H. L. Farham.

A freight train on the New York & New England railroad broke in two by the fracture of a coupling at Providence, R. I., Saturday. Patrick McKenna, first brakeman, was standing upon the first and second cars, with a foot on each, and was thrown to the track when the train broke apart. The other cars ran over his neck and head, killing him instantly.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute." So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

The British forces at Suakim were attacked by the Arabs at three o'clock in the morning on Sunday, March 22d, and did immense damage to the transport material, killing large numbers of animals. The English were surprised, but quickly formed a square, which was however broken by the charge of the Arabs. The assailants were finally beaten off, but not until they had killed fifty-two men, and wounded eighty-five. The loss of the "rebels" is not stated.

Enormous Demands.

Messrs. Editors:—"I bought half a dozen of Dr. Seth Arnold's Cough Killer last fall. It has proved itself so valuable that every person wants it. Is one of the greatest medicines ever put up by man. I could have sold fifty dollars of it this winter."—John D. King, Bakersville, Md.

Advices from Massowah state that the Arabs, who had been reinforced from Berber, attacked Kassala, but were repulsed. The governor of Kassala states that he can hold out for some time, and will burn the town rather than submit to the rebels. It is supposed that he has received a fresh supply of provisions.

Ladies' Weaknesse

Mr. T. H. Gaffard of Church Hill, Md., is so thankful for the restoration of his wife to complete health that he is willing to certify to the fact and manner of her cure. To Mrs. Lydia E. Pinkham. This is to certify to the grand effects of your Vegetable Compound. My wife was suffering from a terrible disease which seemed to baffle the skill of the best medical men. She was in a poor, languid, depressed, nervous condition. We finally concluded to try your Vegetable Compound, and to our great surprise the half of one bottle had not been taken before there seemed to be a thorough change in her whole condition, and now to-day she is in good health and entirely relieved from all former depressed feelings.

YORK, PA.—Mr. E. W. Spangler, publisher, York, Pa., *Daily*, states that in a severe attack of neuralgia, by rubbing the parts affected and saturating a piece of flannel with St. Jacobs Oil, the great pain-cure, once only, he was permanently cured.

The grave of Mrs. Betsey Lavis in a graveyard in Fryeburg, Me., was opened Wednesday night of last week, the coffin broken open, the body taken out and dragged through the deep snow to the road where a team was in waiting, and taken away. The body snatchers left the grave just as they took the body from it, with the coffin by its side.

We know heart disease can be cured, why? because thousands say they have used DR. GRAVES' HEART REGULATOR and know it does the cure.—*Plympton News.* $1.00 per bottle at druggists. Free pamphlet of F. E. Ingalls, Cambridge, Mass.

There is an appalling amount of distress reported from the island of Arran, off the coast of Galway, Ireland. Last year's almost total failure of the potato crop has been followed by a series of terrific storms, which have prevented the regular excursions of the small native fishing fleet, and many families are subsisting on one meal of bad potatoes daily. The terrible distress which prevails among the poor people has certainly not been equalled since the disastrous "famine years."

In certain cases of sickness it is important to obtain pure whiskey. Such is the "G. O. Taylor Old Bourbon," bottled by Chester H. Graves & Sons, Boston. Ask your druggist or grocer for it.

The Higgins Muddle.

And now the democrats of Baltimore, who owe so much to Higgins' manipulations, have at his request signed an endorsement of his character and fitness to hold office, judged from their standpoint, to President Cleveland. Of course, this was the document which Higgins had when he pressed for the appointment, but it comes up now in the shape of an endorsement. The situation grows interesting. The president trots the horse of civil service reform; Manning plays the role of the ingenuous imposed-on; and Higgins winks at the Baltimore boys, and says every night when he visits the taproom, "Let us see them get me out if they can."

BRILLIANT WEDDING.

We take the following from the Washington (D. C.) *Post* of March 20th:

Congregational church was thronged last evening with congratulatory friends on the occasion of the wedding of Miss Helen Knight Kimball, a popular member of Washington society, and Mr. William Wilson Wishart, of Dakota. Rev. S. M. Newman performed the ceremony, which was enhanced with a symphony on the organ by Prof. Bischoff. The groom and best man, Mr. T. C. Lancaster, came from the study at the left of the church, and met the bridal party at the altar. The ushers, Messrs. H. W. Olds, Patterson Sprigg, Don Stewart, C. M. Hendley and Dr. George B. Welch, preceded the bridesmaids. Miss Frankie Cowing, whose toilet was of white gauze and satin, gold-brown trimmings; Miss Katie Frye, white silk and lace, pale-blue trimmings; Miss Emma St. L. Sise, pink satin, lace overdress and diamond ornaments; Miss Roberta Cowing, white gauze and satin, orange trimmings, and Miss Villa Custis, lemon-colored satin and brocade, amber ornaments. Each of the bridesmaids carried a handsome bouquet of roses to match her dress. Two beautiful children, Violet Kimball and Earl Chapman, preceded the bride, who leaned on the arm of her father, Mr. Israel Kimball. She was attired in a white satin, duchesse lace, with front and vest of silver brocade, veil of rare old lace, bouquet of white roses and lilies of the valley.

A reception of intimate friends and relatives was held at the house of the bride's father, No. 238 North Capitol street, from eight to ten P. M. Those present included Hon. J. W. Douglass, Mrs. Douglass and the Misses Douglass; Col. and Mrs. Fulley, of New York city; Senor Don Federico Elmora, the Peruvian minister; Dr. and Mrs. C. A. Wishart, of Pittsburg, Pa.; Miss Wishart; Major, Mrs. and Miss Greene, of Richmond, Va.; Mr. and Mrs. R. H. Willett; Mrs. Thomas Grayson, of Pennsylvania; Miss Sise, of New Hampshire; Fifth Auditor Alexander; Mr. and Mrs. Israel Kimball, Jr., Mr. and Mrs. Scott Smith, Mr. and Mrs. P. M. Dubant, District Attorney and Mrs. Worthington, Paymaster and Mrs. H. B. Smith, U. S. N.; Mr. and Mrs. George G. Kimball; Judge and Mrs. John Butler, of Indiana; Lieut. Resinger, U. S. N.; Mr. C. H. Butler, Mrs. Chapman, of Michigan; Mrs. Fitzgerald, Mr. and Mrs. J. H. Parsons, of Dakota, and George Clark, of New York city.

Asst. Secretary Clarke, of the interior department, recently appointed, died on the 21st inst.

The following language is said to have been used by the president last week to a delegation of democratic place hunters: "I don't see anything between you and the offices except the law and my promise to see it executed."

The president on the 23d inst. nominated Edward J. Phelps of Vermont to be minister to Great Britain, Gov. Robert M. McLane of Maryland to be minister to France, Ex-Senator George H. Pendleton of Ohio to be minister to Germany, and Henry R. Jackson of Georgia to be minister to Mexico. Mr. Pendleton's nomination was confirmed by the senate without a reference to committee.

President Cleveland has rented a pew in the First Presbyterian church of Washington, D. C., of which Rev. B. Sunderland, formerly chaplain of the United States senate, is pastor. The pew was occupied last Sunday by Miss Cleveland and Mrs. Hoyt, sisters of the president.

"I do not," said Attorney General Garland to a caller, "intend to remove any clerk in the department who has proved himself to be efficient, and whose services are necessary for the performance of the work of the office."

The coroner's jury investigating the circumstances connected with the death of Fanny Lillian Madison, whose body was found in the city reservoir at Richmond, Va., on the morning of the 14th inst., rendered a verdict that "deceased came to her death on the night of the 13th of March in the old reservoir, and that Thomas Judson Cluverius was directly or indirectly the cause of it." The examination of Cluverius will take place on the 30th inst.

A religious demonstration of unusual interest occurred at Pottsville, Pa., last Sunday. Archbishop Ryan administered the rite of confirmation to some 800 persons in the Catholic churches of the city. The occasion was signalized by a large procession of uniformed Catholic societies, headed by a band, escorting the archbishop, who rode in a barouche drawn by four horses.

The "Atlantic Monthly" for April is a remarkably good number. Its serials by Craddock, Mrs. Oliphant, and Miss Jewett progress admirably, and Dr. Holmes adds the attraction of a poem called "The Old Song" to his installment of "The New Portfolio." The papers on Madame Mohl are continued, and an essay on "Time in Shakespeare's Plays," by Henry A. Clapp, forms a pendant to a former article on "Time in Shakespeare's Comedies." A paper entitled "George Frederick Handel: 1685-1885," by John S. Dwight; "Political Economy and the Civil War," a study by J. Laurence Laughlin; a story called "Fate Dominant," by F. R. Stockton; "An Unclassified Philosopher," a sketch; and a paper on the sparrow, by Olive Thorne Miller, are the other attractions of the number. The poetry comprises "Fiammetta," by Helen Gray Cone; "Cressid," by Nora Perry; "The Strange Guest," by Edith M. Thomas; and "Easter Lilies," by John B. Tabb. There are also reviews of recent poetry by Browning, Tennyson, and Swinburne, and of Gosse's edition of Gray's Works, together with the usual "Contributors' club" and "Books of the month." Houghton, Mifflin & Co., Boston.

Lieutenant David Peacock is detached from the Vermont, and ordered to the training-ship Jamestown.

Lieut. Frank E. Beatty is detached from the Tallapoosa, and ordered to the Jamestown.

Lieutenant Templin M. Potts is detached from the bureau of navigation, and ordered to the Pensacola.

Lieutenant S. A. Sainton is detached from the bureau of navigation, and ordered to the Pensacola.

The Central house at Old Orchard, owned and conducted by Wesley G. Smith, was burned on the night of the 20th inst., with a large part of the furniture. Loss about $16,000; insurance on house and contents, $8,000. The fire caught in the kitchen from an overheated stove, Mrs. Smith, wife of the proprietor, having put on a fresh supply of coal in the stove, opened the draughts to let the fire come up a bit, and then become so interested in reading a book in the parlor that she forgot all about the kitchen stove until aroused by a smell of heated wood, by which time the kitchen was filled with flame.

The schooner Gulnare, Goodwin master, which has been hauled up for the winter at Norton's brickyard, York river, is getting ready to engage in the brick carrying trade between that place and Boston.

It is said that Randall is not to be speaker of the next house, but is to be the champion of the president on the floor, to defend his tariff leanings and snub his opponents in the democratic camp, and be suitably rewarded by being kept near to the ear of the executive.

Mr. Charles Kennard, of Eliot, who for years was baggage master on the train that in old times used to leave this city for Boston every morning except Sunday at 6:15 o'clock, and return at 7:00 P. NO. 5 ELM STRE

At the Portsmouth rink, to-morrow evening, Miss Ethel Grant, the "butterfly fairy" of the roller-skating arena, will give an exhibition of fancy skating, including her jumping-rope act, which has been highly applauded wherever performed.

The schooner E. A. Creed, belonging to the Isles of Shoals, will be a perfectly safe boat to excursionate in next summer so far as wholesomeness is concerned; she has been lying alongside the wharf at Liberty bridge all winter, solid full of ice.

Wednesday afternoon and evening we are to be favored with a performance of Uncle Tom's Cabin at Franklin theatre, by a company of unusual excellence, and the play is to be given in a first-class manner, and nearly the same as in "old times," the donkey and blood-hounds being dispensed with,—a very pleasant reform. At Lowell, Lynn, Portland, Haverhill and Chelsea, every ticket was sold before eight o'clock. Miss Dasie Markoe as Topsy, with her songs, dances, banjo and xylophone solos, brings down the house. Matinee for children in the afternoon. Popular prices.

Hood's Sarsaparilla

Combines, in a proportion peculiar to itself, the active medicinal properties of the best blood-purifying and strengthening remedies of the vegetable kingdom. It will positively cure—when in the power of medicine—Spring Debility, Headache, Dyspepsia, Catarrh, Salt Rheum, Scrofula, and all Diseases caused by a low state of the blood.

"I suffered three years with blood poison. I took Hood's Sarsaparilla, and think I am cured." MRS. M. J. DAVIS, Brockport, N. Y.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

Purifies the Blood

"I tried a dozen articles to cleanse my blood, but never found anything that did me any good till I began using Hood's Sarsaparilla." W. H. PEER, Rochester, N. Y.

"My wife was troubled with dizziness and constipation, and her blood has been in a bad order—in fact she has been all run down. Hood's Sarsaparilla is doing her a wonderful amount of good." F. M. BALDWIN, druggist, Blanchester, Ohio.

Hood's Sarsaparilla
Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar.

Is so vastly superior to any other sarsaparilla or blood purifier, that one has well said: "Its health-giving effects upon the blood and entire human organism, are as much more positive than the remedies of a quarter of a century ago, as the steam-power of to-day is in advance of the slow and laborious drudgery of years ago."

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." R. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Waverly, Iowa, SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since 1873 my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States and spending many hundred dollars, from which no relief was obtained, I was induced to try your

Sulphur Bitters

Bitters; after taking six bottles my Headache, Vomiting, and all the effects of my Catarrh, Biliousness and Liver Complaint left me. I now weigh one hundred and sixty-five pounds, and consider that Sulphur Bitters have saved my life.

Mrs. HIRAM JORDAN, Lewiston, Me., says: For years I was a terrible sufferer with Scrofula, caused by salivation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my housework.

Builds Up the Weak.

The wife of the Superintendent of Repairs, Pacific Mills, Lawrence, Mass., **Mrs. JOHN BARTON,** the eloquent temperance advocate, says: When all other remedies failed, Sulphur Bitters cured me of Dyspepsia and those deathly Sick Headaches.

not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur

should be kept in every family.

A Boston & Albany R. R. engineer, F. E. CHAMBERLAIN, of Springfield, Mass., says: For years I have suffered from Chronic Bilious attacks, with a narrow escape each time from Typhoid Fever. About two years ago I commenced taking Sulphur Bitters, and since that time I have had no trouble from my old enemy. Living in a malarial district, I have had no trouble from that cause, being a marked exception among my neighbors, and I give the credit for that to Sulphur Bitters. It is an invaluable remedy and one which no household should be without.

THE WEATHER.

For New England To-day:

Generally fair, warmer weather.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 5 degrees above zero.

Sky clear.

A STRONG TEAM.

A Washington correspondent says that Mr. Jones arrived at Washington on Sunday with a list of offices in this state to be acted upon. The correspondent goes on to state that "Some disturbance has been made among the men who have been left off, but the leading politicians are united on the Jones ticket." It includes Henry O. Kent for naval officers at Boston; Calvin Page, internal revenue collector at Portsmouth; Mayor Crowley of Nashua, pension agent at Concord; Geo. E. Dame of Newport, superintendent of the railway mail service.

It is added that Howe Call, Esq., has been at work to pave the way to have these appointments go through without any friction, and that the other local appointments may have to wait awhile until more important places are filled.

RYE ROADS AGAIN.

Editor of Chronicle: I notice that a correspondent of your paper maintains that one of the causes of the decline and possible decay of Rye is a lack of good roads. This of course has been known and deprecated for many years; but our people are satisfied with the roads as their fathers made them.

Some time since, the residents on Sandy Beach road wanted that highway (which is one of the most beautiful routes over which the visitors drive in town) widened. The new Ocean Wave hotel and other new buildings at the eastern part had increased the travel over this road; a stage ran, and at times it had difficulty in passing or meeting teams, without incurring great risks. A petition for the improvement was numerously signed. The selectmen, not upon their own judgment wholly, but in obedience to the unmistakable sentiment of the other part of the town, denied the prayer of the petitioners, and refused to widen the road. The petition went to court and the subject came before the county commissioners. The town engaged counsel to fight it, a hearing was had,—and now mark the attitude of the good people of Rye. The men on the line of the road came and testified to the need of an improvement which had been pointed out to the commissioners. Judge Batchelder acted for the town, but he had no means of contradicting what was apparent and what he, and even the selectmen, privately admitted was a proper step to be taken. But though the road was of great service as an attraction, it did not pass by the houses on the western shore, and though a public benefit by adding to the pleasures of the general visitor, there was not found (with the exception of Geo. G. Lougee, Esq., landlord of the "Sea View") of all the proprietors of our large boarding houses, a man who dared to come forward and give his testimony and support to this measure. Col. Hackett appeared for the petitioners, and in his examination of witnesses and his argument directed attention to the need of this improvement as a benefit to the whole town, adding to the attractiveness of the place and the comfort and enjoyment of summer visitors wherever in the town sojourning. But one of the conservatives said, "We don't want to build roads for Portsmouth people to ride over," and that showed the narrow sentiment of a large majority of the voters. There is no disposition to improve the way before our neighbors; there is a selfish dooryard for everything which may in its result benefit somebody else.

When the best men of the town, the men who have the largest summer houses and the greatest interest in our progress and improvement, have no sympathy with the people of a part of the town seeking to have a needed improvement carried out, and when every attempt at such a forward step is met with a stubborn resistance, and roads are widened only after expensive legal proceedings, (and not always then, I am told, are they wholly done, but the town will ere long be indicted for not completing the widening of the road referred to,) it will be many a day before the roads referred to by your correspondent are made as he asserts they should be. SANDY BEACH.

BRADBURY VS. THE UNITED STATES.

In the case of Edward E. Bradbury vs. the United States, the court of claims finds that the claimant, who was, under the act of March 3d, 1871, appointed a master upon the retired list of the navy, is, under the act of March 3d, 1880, entitled to receive $1,950 in addition to the amount already paid him, being at the rate of $150 a year from March 28th, 1871, to March 28th, 1884, making his retired pay that of a master retired. Mr. Bradbury hitherto has been paid at the rate of $1,350 a year, the same as if retired as a master in the first five years of service. He now claims that he is entitled to receive $150 a year in addition, under the clause of the naval appropriation act of March 3d, 1883, giving credit for actual service in computing longevity. The court says:

At the time the claimant was appointed a master he had served in the navy more than eight years, the last six as mate. Under this act all officers of the navy are entitled to be credited in the lowest grade, having graduated pay with all active service. As there is no graduated pay for mates, the claimant, to derive any benefit from the act, must have his former service credited to him as master. If so credited, he would be in the position of a master retired in the second five years of service. In Hawkins' case, (19 C. Cls., 661,) this court held that the provisions of this act are retroactive, and that the actual service therein mentioned should be credited to the officer as of the time when he would have been entitled to receive the credit, if the act had been in force at the date of his promotion. Applying this rule to the case before us, the claimant is entitled to be credited with his eight years' service as if the same had been rendered as a master on the active list, and to be paid as if retired in the second five years of service in that rank.

Mr. Bradbury, who lost his right arm in the service, was formerly for some years a resident of this city, and was living here when he was appointed a master in the navy, and retired. He married a Portsmouth lady, and we believe is now in business in Boston.

The attention of cigar smokers is called to the advertisement of the Bouquet cigar on the 1st page of this paper.

The illustrated temperance lecture at the Universalist church on Sunday evening, by Rev. John A. Goss, pastor of the Christian church, was very largely attended, the church being filled on the lower floor, with many persons standing in the aisles, and several hundred in the gallaries. The lecture was regarded by those who heard it as one of the best that has been delivered in this city for a long time. The "Black Valley Railroad" was a very forcible illustration, and together with the remarks of the speaker, made a strong appeal in favor of temperance.

Smoke issuing in clouds from the lower windows of the Union house on Russell street, Monday afternoon, would have caused an alarm of fire but for the action of two railroad men, Tom and John, boarders at the house, who on investigation found that one of the proprietors had placed a board over the chimney flue of his private room, to keep his fire from burning too lively while he was temporarily absent.

Mr. Daniel Mason had one foot badly jammed on Monday afternoon by the butt of a heavy hemlock log, which he was assisting in unloading from a team at his mill, falling on it. The young men employed at the mill say he has in years past done hard work enough, and that in future he should only superintend the labor, and if accidents are to occur, let the young fellows share them 'round.

Mr. Thomas Gregory, of New York, has reported for duty as paymaster's clerk on board the U. S. S. Omaha.

The Isles of Shoals steamer Pinafore came in from the islands on Monday morning.

Referring to a report in a Dover paper that he "has been appointed to a lucrative position on the Portsmouth navy yard," Mr. Robert A. Stott, baggagemaster on the Portsmouth & Dover railroad, requests us to say that he is not and has not been, and does not propose to be, an applicant for any position whatever under the government. The only place he would accept is secretary of state, and he would not like to put Mr. Bayard out so long as he does well.

Some work is being done on board the schooner Yankee, which is owned by the contractors for the removal of Gangway rock, and has wintered in the dock alongside of C. E. Walker & Co.'s coal pocket, toward getting ready for work as soon as the weather becomes mild enough. The working gang hope for better luck than they had last fall, when their vessel was twice run into by Gloucester fishing vessels, one of them smashing her port quarter, carrying away her davits on that side and breaking her main boom; besides which her mainmast head was carried away and her captain seriously injured by the breaking of a tackle while she was engaged in laying down a mooring weighing over five tons.

Fishermen who have for many winters past gathered mussels on the flats at little harbor for bait, report the flats absolutely bare of those shellfish now, they having all been carried off by the ice, which has literally "frozen to" them at low tide, and lifted and carried them off with the rising of the waters.

JOSEPH HILLER FOSTER

Died last evening, at the age of fifty-nine years.

—A Chicago doctor says that cats ought to have plenty of grass. They certainly ought—but it should be growing over them.

—"Father, what is a luxury?" asked little Johnnie the other night, as he wrapped himself round the parlor stove. "A luxury? Why, it's something we don't really need, you know—a thing we can do without." "Well, then," replied the logical youth, "what a luxury a mosquito net must be in winter."

HOSTETTER'S STOMACH BITTERS CELEBRATED

The fittest subjects for fever and ague, and remittents, are the debilitated, bilious and nervous. To such persons, Hostetter's Stomach Bitters affords adequate protection by increasing vital stamina and the resistant power of the constitution, and by checking irregularities of the liver, stomach and bowels. Moreover, it eradicates malarial complaints of an obstinate type, and stands alone unequalled among our national remedies.

One divorce case which is to come on at Newport, R. I., in April, is that of Mrs. Turnbull for divorce from a clerk in Washington who has a salary of $1200 a year. The suit is based on non-support of family, very much to the surprise of her friends, she owning and occupying an elegant residence which she purchased a short time ago and furnished in the most costly manner. Her two children are supplied with French nurses, and are wanting for nothing in the way of comforts and luxuries, the whole being many times beyond anything her husband could furnish from his meagre salary. It is said that, while she might have based her supplication on other and more reasonable grounds, this course was pursued out of consideration for her children, and by advise of counsel. Meanwhile her husband is said to be a mere shadow compared to what he was when he flourished in the best society of New York and Newport.

"Lay thy sweet hands in mine, and trust in me," he said, but she only remarked that she had neuralgia and must hold her head. Then he bought her a bottle of Salvation Oil for 25 cents. Now he holds her sweet hands by the hour.

—A lady advocating woman suffrage recently brought down the house with the following argument: "I have no vote, but my groom has. I have a great respect for that man in the stables, but I am sure if I were to go to him and say, 'John, will you exercise the franchise?' he would reply, 'Please, mum, which horse be that?'"

SOMERVILLE, MASS., Dec. 20, 1882.

Mr. A. S. Wetherell, *Dear Sir*:—This is to certify that my daughter was all run down, weak and languid. She had tried many remedies with no avail. I bought a bottle of Wetherell's Sarsaparilla, and after taking one bottle I found that her health had very much improved. I can recommend it as a safe and reliable medicine to build up the system.

Yours Truly, H. L. Farham.

—"Where are you going?" asked a little boy of another, who had slipped and fallen down on the icy pavement. "Going to get up," was the blunt reply.

Enormous Demands.

Messrs. Editors:—"I bought half a dozen of Dr. Seth Arnold's Cough Killer last fall. It has proved itself so valuable that every person wants it. Is one of the greatest medicines ever put up by man. I could have sold fifty dollars of it this winter."—John D. King, Bakersville, Md.

—A correspondent asks: "Can you inform me how to get fat?" Certainly, buy a five dollar horse and wagon and go around to the back doors after it.

Ladies' Weaknesse

Mr. T. H. Gaffard of Church Hill, Md., is so thankful for the restoration of his wife to complete health that he is willing to certify to the fact and manner of her cure. To Mrs. Lydia E. Pinkham. This is to certify to the grand effects of your Vegetable Compound. My wife was suffering from a terrible disease which seemed to baffle the skill of the best medical men. She was in a poor, languid, depressed, nervous condition. We finally concluded to try your Vegetable Compound, and to our great surprise the half of one bottle had not been taken before there seemed to be a thorough change in her whole condition, and now to-day she is in good health and entirely relieved from all former depressed feelings.

BLOTCHES CURED.

I used your CUTICURA REMEDIES for Blotches, and am completely cured, to my inexpressible joy. CUTICURA SOAP is the best I have ever used, and to the profession it is invaluable for cleansing the skin, thereby removing all "cork," grease, paint, and all the stuff used by them, leaving the skin pure and white and soft. My greatest pleasure is in recommending such an article.

SAMUEL C. FORSAITH.

Samuel C. Forsaith, founder and senior partner of the firm of S. C. Forsaith & Co., machinists and iron founders, of Manchester, N. H., died in Philadelphia, Pa., on the 23d inst. Mr. Forsaith was well and favorably known in this city, and in York, Me., in which latter place he was a considerable owner of real estate, and in whose material progress he was warmly interested, independent of his pecuniary stake in the town's welfare. Recognizing the great value which it would be to York to have improved means of communication during the summer with Portsmouth, the railroad and business centre for the towns in the southern part of York county, Mr. Forsaith a few years ago inaugurated the scheme for running a steamboat during the summer season between this port and York harbor and beach, and was largely instrumental in securing whatever measure of success that enterprise attained,—which was not great, the natural obstacles being almost insurmountable. The steamer grounded on a previously unknown rock one day at low tide, and she was frequently unable to make her trips owing to fogs or heavy weather; and the woodwork of the landing at Concord beach was shattered, and the iron piles bent and twisted, by the seas and floating ice of the following winter. The steamer, the City of Portsmouth, was last year chartered by the Laighton Brothers to run to the Shoals, and has been hauled up all winter at C. E. Walker & Co.'s wharf; and it is safe to assert that there will be no further attempt, at present, to establish a steamboat line between Portsmouth and York beach. Mr. Forsaith started in life with only his energy and his willingness to work, and by untiring industry and keen business sagacity built up a business in Manchester that gave employment to hundreds of skilled workmen. In private life he was a warm and generous personal friend, and he held the esteem of a very large social and business circle. The death of such a man is a loss to any place, however large and important it may be.

JOSEPH HILLER FOSTER.

[From the Portsmouth Times.]

Joseph Hiller Foster passed away Monday evening at his residence on Middle street, after an illness of several months. Although he had for two years or more been in failing health, he continued to conduct the affairs of the Portsmouth Savings Bank until last November, when his physician ordered him to give up business entirely, to give his system which had been racked by a constant strain of business cares, the rest it much needed. He was absent from home some weeks, and since his return has been confined to his room, never returning to his business duties. Mr. Foster was through his whole life of a very retiring nature, shunning public life of any kind, being more interested in private affairs, church matters and home charities. Although he never sought political preferment, in 1865 and '66 he was a member of the Board of Aldermen, and previous to that time a Councilman. His early life was spent in the book business in this city with his father Deacon John W. Foster, which he succeeded to and carried on until 1877, when he was chosen treasurer of the Portsmouth Savings Bank. He was connected with many benevolent, social, and business institutions of the city, being a highly respected and valued member in all, taking a prominent part in the management of their affairs. He was a deacon in the Unitarian Society, and a constant attendant upon the services at that church. The Sunday School was for years under his superintendency, and it was a work in which he took a deep interest. Piscataqua Lodge, I. O. O. F., was the only secret organization to which Mr. Foster belonged, and he was for many years one of its trustees. He was born in August 1825, and was consequently nearly 60 years of age. A wife and two daughters survive him.

A citizen well acquainted with Mr. Foster, has sent us the following notice:

The death of our universally respected and esteemed fellow citizen, the late Joseph Hiller Foster, has been anticipated for several weary (to him) months of the past winter. It has at last come as an angel of mercy to his relief. Yet it brings a pang of deep regret to his fellow citizens, among whom he has passed his life of untiring usefulness. They can but mourn that he should thus pass away in the full measure of his manhood's strength.

The life of Mr. Foster has been eminently a busy one, for aside from his vocation, it has been his voluntary lot to render valuable gratuitous service to several social societies with which he has had a long connection.

For more than thirty years he was the clerk of the Federal Fire Society, the members of which have always held him in high esteem for his ability and social qualities. For but a little less number of years, he has been the secretary and treasurer of the Portsmouth Chess Club.

In addition to the responsibilities of his office as treasurer of the Portsmouth Savings Bank, he has held numerous trusts of a private character, all showing how effectually his ability and integrity have established the confidence of the community.

He has finished his earthly course, and is followed by the record of the just, which should bring consolation to the bereaved who now mourn his departure.

AUGUSTUS A. WARREN.

Augustus A. Warren died at his home in Kittery, Me., on Tuesday, in the 58th year of his age, from degeneration of the brain caused by a sunstroke received about a year ago.

Mr. Warren was born in France, and was appointed a sailmaker in the navy in 1853, from Maine, his service extending over nearly thirty-one years, of which nearly nineteen years were passed in sea service; he was twice stationed at this navy yard, as sailmaker of the yard. His last cruise was in the Pensacola, from which vessel he was detached some months ago, and placed on sick leave, being sent home from Fortress Monroe.

He was a member of St. John's Lodge of Masons, of this city, and the intermediate orders up to the 32d degree; of Riverside Lodge, I. O. O. F., of Kittery; also of the Royal Arcanum, Knights of Honor, Provident Mutual Relief association, and other beneficiary organizations.

Hon. E. J. Phelps, the newly appointed minister to England, argued a case at the last term of the United States circuit court held in this city. He is regarded as a polished speaker and an able lawyer, and will be a far abler minister than democrat. More than thirty years ago, from 1851 to 1853, he was second comptroller of the currency under Fillmore, but since then he has been engaged constantly in the practice of his profession, and excepting his occasional candidacy for the governorship of Vermont, he has not appeared in politics.

On stormy Sunday afternoons hereafter, when the bell of the Unitarian church is not rung at six o'clock there will be no evening service.

The Biddeford house at Biddeford was damaged to the amount of $2000 by fire and water on the 24th inst. The fire was caused by an explosion of gas.

It is proposed in certain quarters to retire Messrs. R. H. Perkins and F. W. Sweet from the positions they have ably filled, and substitute for them two lady teachers, the whole school establishment to be under the direction of a superintendent, at a salary of $2000. How do the citizens of Portsmouth like the proposition? Will somebody punch a hole in this scheme, and let in a little daylight? —*Penny Post.*

MRS. ALBERTINA JOHNSON.

There will be a grand soiree at the south wardroom on Thursday evening, under the management of Mr. James T. Adams; grand march at nine o'clock; tickets fifty cents, ladies free.

The captains of some of the vessels of the brick fleet were in town last week, looking out for their vessels. They prophesy that between now and the 4th of July the weather will be such as to enable them to take their crafts up river to the brickyards to load, but expect the season to open later than for many years past.

On Sunday, March 22d, John Brown, an Irishman who has long been a resident of Hampton, was found by his son and dog in a field not far from his home, frozen to death. He had been missed from his home since the previous Friday. A bottle was found by his side, making it evident that his life was a sacrifice to king alcohol. There has been but little sickness so far this year in Hampton, except among the octogenarians, who are growing more feeble as the years pass. There has been but one death, except the one recorded, since this year came in, in a population of nearly 1200.

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

Hood's Sarsaparilla

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Waverly, Iowa, SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since 1873 my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States and spending many hundred dollars, from which no relief was obtained, I was induced to try your

Bitters; after taking six bottles my Headache, Vomiting, and all the effects of my Catarrh, Biliousness and Liver Complaint left me, I now weigh one hundred and sixty-five pounds, and consider that Sulphur Bitters have saved my life.

Mrs. HIRAM JORDAN, Lewiston, Me., says: For years I was a terrible sufferer with Scrofula, caused by salivation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my house work.

not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur

A Boston & Albany R. R. engineer, F. B. CHAMBERLAIN, of Springfield, Mass., says: For years I have suffered from Chronic Bilious attacks, with a narrow escape each time from Typhoid Fever. About two years ago I commenced taking Sulphur Bitters, and since that time I have had no trouble from my old enemy. Living in a malarial district, I have had no trouble from that cause, being a marked exception among my neighbors, and I give the credit for that to Sulphur Bitters. It is an invaluable remedy, and one which no household should be without.

Builds Up the Weak.

The wife of the Superintendent of Repairs, Pacific Mills, Lawrence, Mass., Mrs. JOHN BARTON, the eloquent temperance advocate, says: When all other remedies failed, Sulphur Bitters cured me of Dyspepsia and those deathly Sick Headaches.

SANITARY MEASURES.

The city councils of Newport, R. I., in view of a possible visitation of the cholera scourge the coming season, and to retain their summer visitors, are proposing to adopt a new system of sewerage of their city.

We have in mind that a new city government came into power in this city about eight months since, which was, as if by magic, to purify the contaminated air around the north millpond, dispose of the bad sewage which flows into the pond from the breweries, and effect a sanitary reform which should cause the people to hold the projectors in grateful recollection till the last of the new debt which they might need to create was paid. This administration, which started with such a flourish of trumpets, has been in official life two-thirds of its term, but we see no evidence of the proposed reform. It may be that a plan has been devised to bring about the desired improvement, and as soon as the ice leaves the pond, the late treasurer's accounts are properly looked into, and the federal appointments disposed of satisfactorily, this important subject will receive consideration.

This is a year when sanitary measures are receiving much attention, and the municipal authorities who neglect such matters will be held to a strict accountability. But we have fortunately the promise in writing of our Chief Magistrate that we shall be spared the effects of any neglect in this respect.

NEWCASTLE GRAMMAR SCHOOL.

Report for the term ending 6th March, 1885.

Average number of pupils belonging to the school, twenty-seven; average daily attendance, twenty-five; percentage of attendance, ninety-three.

Names of pupils not absent one-half day, during the term: Alice L. Amazeen, Frank A. Brown, Lewis D. Card, Lizzie M. Garvin, Bernice D. Trefethen, Helen L. White, Dottie M. Yeaton.

Absent but one day: Luther M. Amazeen, Lottie C. Meloon.

Absent on account of sickness only: Alvah H. M. Curtis, Dana J. Davidson, Willis G. Meloon, Florence A. White, George W. White, Seddie E. White, Edith P. Yeaton.

Pupils not absent for the year: Alice L. Amazeen, Frank A. Brown, Bernice D. Trefethen.

Absent but one day during the year: Lizzie M. Garvin, Helen L. White, Dottie M. Yeaton.

In June, 1884, a graduating class was sent out from this school, for the first time in its history. It consisted of five young ladies and two young gentlemen, whose names are given here: Lizzie Curtis Amazeen, Justin French Hanscom, M. Theresa Rand, Horace Belmont Rand, Lillian Marie Urch, Mabel White, Jennie Haven Williams.

These pupils, in addition to the Grammar School course, had taken the following branches: Bookkeeping, physiology, ancient and modern history (outlines,) botany, algebra (elementary,) astronomy, and English literature. In place of the latter, however, the young gentlemen took Nordhoff's Politics for Young Americans.

The present graduating class, being composed of younger pupils than those in the former,—and who consequently will have a longer time to attend school—will take a more extended course than the one described above. The pupils comprising this class are, without a single exception, bright, active and energetic, models of deportment and scholarship, setting an example which the younger classes would do well to imitate. It is worthy of remark that nearly all of them exhibit a decided aptitude for free-hand drawing and designing, which has only within a few months been introduced.

It has been suggested that the name of the school be changed, as the term "Grammar School" is now a misnomer. Perhaps at the next annual meeting the town will take action in the matter; but this of course, is merely a suggestion.

The town has lately furnished the school with an excellent globe, which supplies a long-felt want, and which, it is perhaps unnecessary to state, is heartily appreciated by teacher and pupils. Next year we intend to make a *beginning* upon a school library. We shall expect all our friends to help us, so be prepared.

In conclusion I wish to express my heart-felt thanks to the superintendent, committee, and citizens of the town, for their cordial support and co-operation during the late trying occurrences. Such helpful appreciation cannot fail of infusing new courage into the teacher's heart, and of strengthening her determination to deserve it more fully in the future than in the past. M. J. LAUGHTON.

NEWCASTLE, 23d March, 1885.

KITTERY PUBLIC LIBRARY.

KITTERY, ME., March 24th.

The trustees of the Rice Public Library held their annual meeting to-day. Hon. Moses A. Safford, president of the board, occupied the chair. The report of the treasurer, E. C. Spinney, Esq., was presented, as follows:

To the Trustees of the Rice Public Library of Kittery, Maine:

The Treasurer herewith submits his report of the condition of the finances Dec. 31, 1884.

The income for the year 1884 has been:

From interest on bonds,	$1219.00	
Less acc'd int. on investments,	104.77	$1114.23
Interest on loan,		1261.67
Fines,		5.62
		$2381.52

The expenditures have been:

Books,	$115.71	
Papers and periodicals,	49.55	
Rooms,	41.94	
Salaries,*	587.50	
Insurance,	87.00	875.70
		$1505.82

*Of item $587.50, $162.50 was due in the year previous, but not paid until this year.

The amount of loan is the same as at last report, $19,000.00.

Bonds Dec. 31, 1883,	$18,950.00
Paid during the year,	7,000.00
	$11,950.00
Invested during the year,	8,500.00
Amount Dec. 31, 1884,	$20,450.00

The summary is as follows:

Principal,	$31,625.00
Balance of unexpended income,	8,191.20
	$39,816.20
Bonds,	$20,450.00
Loan,	19,000.00
Savings bank,	374.15
	$39,824.15
Due Secretary,	7.95
	$39,816.20

There has been paid during the year for premiums on bonds purchased, $47.50, which sum has been charged to the unexpended income. This latter sum amounts to $8191.20; this sum added to the amount of $1625.00, added to principal from accumulations in 1875, amounts to $9816.26, and is available for the erection of a building under the provisions of the will of Miss Rice.

None of the bonds held by the trustees will mature during the year 1885, and if the lot for library building is not purchased during the year, this fund will reach, in all probability, ten thousand dollars at the close of the year.

The total cost of books in the library to date is $2978.14.

The reports of the auditors and treasurer were accepted. Messrs. Wilson, Wentworth and E. F. Safford were appointed auditors.

The report of the committee on conduct of the library shew a favorable condition of the library, and the character of the books read.

Moses A. Safford was re-elected president.

Ephraim C. Spinney was re-elected treasurer.

William H. Hackett was re-elected secretary.

The report of the committee on site for the library building was deferred to an adjourned meeting to be held April 1st.

PORK.

Mr. Charles Churchill, of Gates street, has a young boar only thirteen weeks old which he says weighs over 200 lbs., having gained on an average over two lbs. a day in weight every day of its life. This pig, which has been fed on dessicated potatoes and fresh milk, came of Dennis Shea's stock of Chester White swine, specimens of which have arrived at the weight of 1000 lbs.

Hon. John S. Treat last week had slaughtered a pig thirteen months old, which weighed 428 lbs. dressed, and had flesh "as white as the driven snow," which is popularly supposed to be whiter than any other kind of snow. Mr. Treat has distributed among his neighbors the roasting pieces, with the exception of one retained for his own use.

At Franklin theatre, this afternoon and evening, the Boston Ideal Uncle Tom's Cabin Co. will appear, with "the premier 'Topsy' of the world," Miss Daisie Markoe. The play will be performed nearly according to the old way, bloodhounds and donkey being left out. See advertisement.

At the Portsmouth rink, this evening, there will be an exhibition of fancy and trick skating by Miss Ethel Grant of Boston, and of fancy bicycle riding by Master Frank A. Fowler. See advertisement.

The Middle street Baptist society will have one of their pleasing musicales, with ice cream, cake, etc., at their chapel this (Wednesday) evening, when will be present the fine soloist Miss Helen Adelaide Russell, of Boston.

The tug Clara Clarita came into the lower harbor on the 24th inst., having in tow the schooner Fred. W. Chase, from Boston for Hammond's Harbor, Me., to load ice for Norfolk, Va. The tug came up to the city to take coal.

Augustus K. Brown's teams have been transporting fish from the southend wharves to the railroad station during the last week at the rate of fifty boxes per day. The horses keep up travelling until midnight, and of course have to be well fed.

About 60,000 lbs. frozen herring have been used here this winter for the fishing operations from this port. The last vessel which arrived (last Friday) with bait sold only a portion of her cargo, on account of large arrivals of herring at Gloucester, and the probable shortness of the time for winter fishing. The remainder of her cargo it is supposed will be scattered along the fishing ports.

The prices paid by the fish buyers here the last week have been from $2 to $3 per hundred. The schooner Georgie Hagen, carrying a crew of seven men, stocked $216 on Tuesday, selling her fare at $3 per hundred.

John Lovelee, alias half a dozen other names, the insane tramp who has been in the police station for several weeks, and one evening caused quite an excitement by hanging himself, was on Tuesday taken to the county farm, and turned over to the care of the county.

Lieut. C. M. McCarteney arrived in this city on Tuesday, and reports for duty on board the U. S. S. Omaha to-day.

Three Reasons

Why every one needs, and should take, Hood's Sarsaparilla in the spring:

1st: Because the system is now in its greatest need. Hood's Sarsaparilla gives strength.

2d: Because the blood is sluggish and impure. Hood's Sarsaparilla purifies.

3d: Because, from the above facts, Hood's Sarsaparilla will do a greater amount of good now than at any other time. Take it now.

It was said in Washington on the 23d inst. that the president would take no action in regard to the postmastership at New York for some time yet. Mr. Pearson will of course continue to serve as postmaster until a change is made.

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

The secretary of state is informed by the United States minister at Stockholm that the Swedish diet has voted to admit pork, all grain, flour and meal into the ports of Sweden duty free.

James Pyles Pearline is highly commended by all who have used it, for washing or cleansing purposes. It cleans the fabric without the tedious process of rubbing. Sold by grocers.

HUDSON RIVER R. R.

Conductor Melius Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS.
60 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeRevere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its spheres of usefulness to one state or locality, but is hailed as a boon by hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was seven years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.
As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

A Serious Case.

He is tender and gentle and good to me always;
I have loved him from girlhood, shall love him till death;
The home he has made me a true lover's Eden,
Except for a serpent that's lurking beneath.
Here I sit and embroider, paint plaques, and write poetry,
And wait for his coming—his fond little wife;
But when I rush to him and ask if he loves me,
He kisses me, saying, "You bet your sweet life."

Oh, how can I bear it? For love is so serious,
So sweet and so solemn, that cruel the pang
The true heart must feel when its deepest outpouring
Is met in such fashion with jesting and slang.
But the end is approaching, and e'en though it kill me,
I'll leave him, since surely he has no regard
For his wife—or to-day when I asked him if he loved me
He'd never have answered, "Why, cert, little pard."

—The Hatchet.

AN AMBITIOUS BOY.

BY FRANK H. STAUFFER.

The main line had concluded to build a branch road to F——. Between the former and the latter were two small towns, Barneston and Shenstone, both of which made strenuous efforts to have the branch line pass through their place. Shenstone was the larger and wealthier of the two; the business men subscribed liberally to the stock, and were in great glee when the surveyors made their appearance in the town.

The inhabitants of Barneston were correspondingly disappointed, and gave up the fight. But, much to their amazement, their village was finally selected and Shenstone left in the lurch; and they were still further amazed when they learned that it had been brought about by a boy to whom they had never given much credit either for shrewdness or tenacity.

His name was Fred Sedgwick, and he was not more than 14 years old. He was an observant fellow, however, and generally arrived at correct conclusions. An idea had seized him, in connection with the rivalry between the two towns; it was a practical idea, and he determined to make the most of it.

A gentleman stopped at the only hotel in the place, one hot summer afternoon. His name was Lynch, and he was the chief engineer of the surveying party. When Fred heard of his arrival he concluded to call upon him, and found him seated upon one of the porches of the hotel.

"I wish to talk to you about the proposed railroad, sir," Fred said, removing his hat, his tone and attitude respectful.

The surveyor was a genial man, and was especially partial to boys. He glanced into Fred's honest face, and said, with an encouraging smile:

"It is to be an interview, eh? Well, consider me at your leisure."

"I believe it has been decided to run the road through Shenstone," remarked Fred, without any preliminary skirmishing.

"Yes," replied Mr. Lynch. "The people have agreed to take $75,000 worth of stock, and have offered to present us with a lot of ground for a station. They have even promised to furnish the stone to build it. Barneston's a sleepy old place, you see."

"Well, may be it is," tardily assented Fred. "That is all the more reason why it ought to be wakened up. Won't it cost a great deal to take the road to Shenstone? In the way of deep cuts and trestle-work, I mean?"

"A great deal, my boy," replied the surveyor.

"More than it would to bring it along that ridge, yonder?" asked Fred, pointing.

"Considerably more, sir."

"More than the $75,000 subscribed by the people of Shenstone?" persisted Fred.

"At least as much," was the answer he received.

He was silent for a minute, an intensely thoughtful look upon his face. Mr. Lynch watched him, impressed with his appearance and his direct way of getting at a thing.

"There will be a water station?" asked Fred.

"Oh, yes; we must have water. We can get it from the mill pond."

"By forcing it up the hill?"

"Yes."

"That will cost a great deal, won't it?"

"The plant will."

"The plant?" replied Fred, a trifle puzzled.

"The machinery, my boy. The tanks, stationary engine, pumps and so on."

"There must be a man to run the engine," suggested Fred.

"Yes."

"Suppose there was a big spring on the hill yonder?" Fred asked repressing his excitement. "Suppose the water could be brought here by pipes, in a natural flow, and no 'plant' necessary? Would that be worth considering?"

"Eh?" exclaimed Mr. Lynch, suddenly interested, and surprised at the boy's brightness. "Is there such a spring?"

"There is," declared Fred. "And the water can be brought here by its own gravitation."

"What you say is indeed worth taking into consideration," Mr. Lynch said, as he stared directly in front of him. "That, and the less expensive character of the route, would more than offset what the Shenstone people have to offer."

"Suppose we subscribed $50,000 here at Barneston?" Fred asked, his eyes sparkling. "That ought to bring us the road, don't you think?"

"It would at least reopen the hearing," admitted Mr. Lynch.

He laughed softly over the pronouns we and us which Fred had used. It was a declaration of citizenship; an intimation that he was bound to be identified with the progress of the town.

"Can the spring be bought?" the surveyor asked.

"I am afraid not," replied Fred. "It can be leased, however."

"For 999 years?"

"Is that the way it's done?"

"Yes."

"Why don't they make it the even thousand?"

"It wouldn't do to seem too grasping," replied Mr. Lynch, laughing. "Now, my boy, as you have presented an idea that looks eminently practical, I do not purpose to allow anybody to deprive you of the credit of it. I will be here one week from to-day, when you can report progress."

The immensity of the undertaking confused Fred. He hadn't thought of carrying the heavy end of it.

"What am I expected to do between now and then?" he asked.

"You are to secure a lease of the spring and raise the $50,000."

"All right," cried Fred. "I'll do it. I am much obliged to you for giving me your attention."

He lifted his hat and started off.

"That's more than an ordinary boy," was the surveyor's mental comment. "He's got grit enough to do all that he's set out to do."

Two days later the surveyor examed the spring and its possibilities. It was a strong spring, and high enough above the town to carry the water thither without any outlay beyond the placing of the pipes.

"I've leased the spring," Fred said, as he issued from a clump of bushes. "It's down in black and white. Mr. Benson couldn't write very well, and so I drew it up myself. It may be worded a little staggingly, but I guess it will do."

"Allow me to look at the paper."

Fred produced it. A smile came to the surveyor's lips as he read it. It was dated signed and witnessed, and read as follows:

"I hereby agree to lease to Frederick Sedgwick, or any person or persons, or corporation, represented by him, the spring upon my property and the use of the water thereof, for the term of 999 years, for the consideration of $100 a year. This use is not to be exclusive, and not to work injury to me or to my property, or my own need of the water."

"It is an assent," decided Mr. Lynch. "Though not in strict form, it can be made binding. We would be willing to pay Mr. Benson $200 a year, and so it is not likely he'll recede. Did you tell him your purpose?"

"No," replied Fred. "He thought it a funny proposition to come from me, I knew, but he saw that I was in earnest. I guess he had a notion some one sent me. You see, I have no money, nor has father."

"The contract isn't valid," Mr. Lynch said.

"Why not?" asked Fred with a stare.

"Because you are not of age," replied Mr. Lynch, a quizzical look in his eyes.

Fred gave vent to a prolonged whistle.

"I never once thought of that," he said. "I don't believe it crossed Benson's mind, either. What's to be done? You will have to see him yourself."

"No," replied Mr. Lynch. "You must do all yourself, for I want the credit to be entirely yours. Oh, we'll give Barneston something to talk about."

He laughed gleefully, and thrust the lease into his pocket.

"Master Sedgwick, the lease will do," he said. "Mr. Benson will regard it as a big thing for him."

"Sir, how did you learn my name?" Fred asked, looking a little mystified.

"Ah, now, that isn't sharp in you," rejoined Mr. Lynch with a grin. "Isn't it in the lease?"

"So it is," admitted Fred.

"How about the $50,000?"

"I'll raise that!" cried Fred.

He was as good as his word. He did not expose any of his plans, but was so sanguine and enthusiastic that he inspired the leading men with the same spirit.

The directors of the road met a committee of the citizens. Mr. Lynch presented the case, and Barneston secured the road, and it never was called a sleepy old town after that.

The citizens were profuse in their thanks to Mr. Lynch.

"I don't deserve any credit," he said. "Here's the boy who brought the railroad to Barneston."

Fred became the hero of the day. Suddenly everybody seemed to remember that he always had been a pushing quick-witted fellow.

Mr. Lynch appreciated him enough to place him on his corps. Fred rose rapidly to distinction, and is now not only the chief engineer of the branch road to E——, but of the main line and all its subsidiaries.—*Interior.*

In nearly all the large Capitals of the world there have sprung up during the last half-dozen years agencies which furnish newspaper clippings at a specified price. The agency subscribes for a very large number of newspapers, and often in several languages, and provides to literary men, artists, actors, and politicians all references made in the papers to them. Subscribers also file lists of subjects upon which they desire information, and in this way authors, compilers, and others obtain a vast quantity of matter, carefully sorted and dealing with their subjects from thousands of standpoints.—*Philadelphia Press.*

Fast Day.

Gov. Hale, by and with the advice of the council, on March 25th appointed Thursday, April 16th, as a day of fasting and prayer.

The War in the Soudan.

A Suakim dispatch of Tuesday, March 24th, says the British killed in the engagement of Sunday, the 22d, were seven officers and sixty-three men; many bodies of boys and women were found on the battlefield after the fight; 110 Arabs were killed inside the zareba. After the first repulse of the enemy their chiefs tried, but were unable, to rally the Arabs to a second onslaught.

A dispatch from Cairo says the impression among officers and the facts contained in letters received from officers in the Suakim advance leads to a belief that there was in the movement of Sunday an entire neglect of the elementary precautions that should be taken in scouting expeditions. The censorship which prevails over press reports prevents a knowledge of the exact situation in England.

The latest returns regarding the casualties in Sunday's engagement show that, including the Indian troops and exclusive of camp followers, six officers and ninety-four men were killed, and six officers and 136 men wounded; one officer and seventy men are reported missing. The guards and marines, while advancing from the Hasheen zareba met the convoy from Suakim and had several skirmishes with the rebels, during which sixteen of the British were wounded and one was killed.

Osman Digna has ordered his Arabs not to attack the British positions in intrenched zarebas on the road to Tamai, but to intercept and destroy all convoys of water and provisions on their way to the zarebas, so as to starve the garrisons. The dead Arabs found upon the field near Tamai after the recent engagements were very much emaciated, proving that Osman Digna is short of food. Two powerful native tribes have rebelled against the Mahdi.

Another Victory for Hanlan.

The steamer City of Sydney, from Australia, which arrived at San Francisco on March 24th, brings particulars of the Hanlan-Clifford boat race which took place at Sydney, New South Wales, on Feb. 7th, and was won by Hanlan. The match was for a purse of £1000, and an immense gathering of people was present. Clifford was the first to touch water. He rowed thirty-four strokes to the minute, and Hanlan thirty-eight. Clifford's work at the start attracted all the attention. It seemed to promise something prodigious, but the surprise dwindled away as Hanlan gradually drew up. For half a mile Clifford made a splendid race, Hanlan contenting himself by keeping near enough to watch him without exerting himself. Hanlan then dropped his stroke to thirty-two strokes a minute, and the old smile, indicative of victory, settled on his face. After ganging the remaining distance Hanlan quickly drew away to three lengths ahead, and then to four and five. Clifford, who was pulling manfully, spurted, but Hanlan met him and put another length between them. As they passed the Sydney Rowing club house Hanlan was nine lengths ahead; he then slackened his stroke, and finished a winner by seven lengths. Hanlan was loudly cheered.

A Queer Pension Case.

At Concord, March 24th, Mrs. Caliste Ann Phelps of Oxford was arraigned before United States Commissioner William H. Hackett, charged with fraud in a pension case. Respondent was married to George M. Phelps, who lost his life while a member of the third New Hampshire regiment in 1864. Two years later she was granted a pension as his widow, which she has since drawn, furnishing every quarter the evidence of two persons that she was a soldier's widow and had not remarried. In January, 1867, she was married to George Phelps of Oxford, father of her first husband, with whom she has since lived as his wife. Mrs. Phelps appeared at the hearing without counsel, and admitted the correctness of the foregoing statement. In answer to District Attorney Burns, who conducted the prosecution, when asked why she had drawn the pension after her second marriage, she replied that she had been informed by persons in Oxford that her last marriage was in violation of the laws of New Hampshire, and invalid, and that therefore she was still the widow of a soldier and entitled to draw a pension as such, in view of the fact that there is a statute in this state prohibiting the marriage of a father to his son's widow. The commissioner continued the case until April 21st, taking the personal recognizance of Mrs. Phelps for her appearance at that time.

AFFAIRS IN KITTERY.

KITTERY, ME., March 23d.

John F. Goodsoe's hog weighed 584 lbs. instead of 564, as stated last week—a difference of twenty lbs. in your favor, John.

Rev. Perry Chandler of the 2d Methodist church will preach at the 1st Methodist church on Sunday next, the 29th inst. Services commence at 10:45 A. M.

We are informed that Mr. Moses G. Berry, of Kittery Point, is quite sick in New York, where he has been on duty since the Tallapoosa sank last fall, he having been ship's blacksmith at the time. His wife went to New York last week; their daughter has been visiting there for several weeks past.

We are very sorry that the members of Strawberry Bank Lodge of Good Templars, of Portsmouth, should take any offence at what was said in our letter, and we apologize for the way in which it was taken. We *were* "hospitably" received, and as *well* as by any lodge we ever visited; but we intended to say that there was not the degree of *sociability* exhibited, which goes *farther* towards entertaining strangers than anything else, and to those of us who are used to visiting lodges where that is an important characteristic, it seemed very odd.

There is considerable sickness in town at the present time.

Isaac N. Deering of East Waterboro', Me., high sheriff of York county, was in town Thursday and Friday of last week, on business.

Carpenter Josiah B. Keen, U. S. N., a son of this town, is ordered to duty on the United Satates steamer Omaha, now fitting out at this navy yard.

Miss Lizzie Varney arrived at her home in North Kittery last week from Boston, where she has spent the winter.

Perhaps we were a little previous last week in calling the affray that happened at the 2d Methodist church vestry "a slugging *match*," not knowing then all the particulars of the case; the slugging was all done by the assailant, who took this opportunity in a public place, among ladies and children, to make himself ridiculous. SUB ROSA.

The bold "drummer" aims high. Miss Eloise Lord, a daughter of the millionaire George W. T. Lord, of the dry goods firm of Lord & Taylor, New York, was a few days ago secretly married to a travelling salesman named Francis F. Ryder.

Volunteers are being recruited in Mexico to take the field against President Barrios of Guatemala.

Judge Churchill of Boston, in his finding of the inquest held in regard to the death of W. W. Lord, a brakeman on the Boston & Maine railroad, who was knocked from the top of a car on the night of March 13th by striking against a bridge at Revere, Mass., states that death may be said to have resulted in this case from a faulty system of bridge construction, coupled with the lack of such a degree of vigilance as man seldom possesses.

A man named George Davis, who was being treated in the Maine general hospital at Portland for a lame side, left suddenly on Saturday, March 21st, taking with him considerable money, clothing and other valuables borrowed and stolen from the patients. Davis had been employed upon the Great Falls & Conway railroad. His present whereabouts are unknown.

The past winter—the almanac says it is past, though the thermometer does not say so to any appreciable extent—has been a hard one on the coal bins. One private residence in this city has burned forty tons of coal since last fall. And the teamsters say their horses have consumed much more than the average quantity of hay during the winter, which accounts for the many loads of loose hay brought into the city for the past two months.

How He Struck It Very Rich.

Mr. J. B. Franz, proprietor of the St. James' Hotel, Mansfield, O., is in luck on account of the purchase of a ticket in The Louisiana State Lottery. Several weeks since Mr. Franz, who has previously drawn small sums in the lottery, invested in one whole ticket and five one-fifth tickets, paying $10 for the same. Yesterday, (Feb. 16th,) the drawing took place, and Mr. Franz received a telegram notifying him that his whole ticket had drawn $6,000 in cash, which sum is subject to his order.—*Mansfield (Ohio) Liberal, Feb. 11th.*

The information contained in the following item, which we cut from the *Army and Navy Journal* of last week, will cause regret to many persons in this vicinity: "Assistant Engineer John D. Sloane, U. S. N., who has been an invalid since the accident to his foot on the United States steamship Tallapoosa, has now been advised by his medical attendants that amputation of the injured parts necessary." Mr. Sloane was formerly for several years stationed at the Portsmouth navy yard, and few officers win a larger share of the respect and good will of the men under their control than he gained here; he resided in this city while stationed at the yard, and was equally successful in winning the esteem of those he met in social life. He will have the sympathy of all in his misfortune.

The Boston *Globe* says: "Hutchings & Pryor have completed a small cat-boat, built from a model by H. T. Hutchings; she will be called the Rival, and will be used exclusively for a racer. Her dimensions are as follows: Length over all, nineteen feet six inches; beam, ten feet; draught of water, fifteen inches; length of mast, thirty-one feet; hoist of sail, twenty feet; length of sail on the head, fifteen feet six inches; length of boom, twenty-two feet six inches." Mr. Hutchings is a native of Kittery, and Mr. Pryor was formerly of this city; they have a boat-building shop and yard at South Boston, and during the summer keep in the water a large fleet of sail and row boats for letting purposes. They have built some very fast yachts of the mosquito fleet rate.

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Westerly, R. I., MR. SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since 1873 my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States, and spending many hundred dollars, from which no relief was obtained, I was induced to try your

not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur

Bitters; after taking six bottles my Headache, Vomiting, and all the effects of my Catarrh, Biliousness and Liver Complaint left me, I now weigh one hundred and sixty-five pounds, and consider that Sulphur Bitters have saved my life.

Mrs. HIRAM JORDAN, Lewiston, Me., says: For years I was a terrible sufferer with Scrofula, caused by salivation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my housework.

should be kept in every family.

A Boston & Albany R. R. engineer, F. B. CHAMBERLAIN, of Springfield, Mass., says: For years I have suffered from Chronic Bilious attacks, with a narrow escape each time from Typhoid Fever. About two years ago I commenced taking Sulphur Bitters, and since that time I have had no trouble from my old enemy. Living in a malarial district, I have had no trouble from that cause, being a marked exception among my neighbors, and I give the credit for that to Sulphur Bitters. It is an invaluable remedy, and one which no household should be without.

The wife of the Superintendent of Repairs, Pacific Mills, Lawrence, Mass., Mrs. JOHN BARTON, "an eloquent temperance advocate, says: When all other remedies failed, Sulphur Bitters cured me of Dyspepsia and those deathly Sick Headaches.

POSTMASTER GERRISH.

Among the nominations sent to the senate by the president, March 25th, was that of Samuel J. Gerrish to be postmaster of Portsmouth. The long agony is over, as there is no doubt of Mr. Gerrish's confirmation.

POLICE COURT -- BATCHELDER J.

Charles H. Wildes, for drunkenness, was fined $3, costs $6.90.

Henry T. Moulton, for an assault on Charlotte A. Moulton, his wife, was fined $1, costs $7.67; paid.

ACCIDENTS.

A young man named Walter Thompson, employed by Mr. W. M. McCallin, of Greenland road, was severely hurt on the 20th inst., and was fortunate to escape with his life. Mr. McCallin lives on the Ambrose farm, nearly opposite the Tabor place and but a few roads from "the willows" of what was formerly "Great swamp," but which now, as a swamp, is pretty much played out. Young Thompson was engaged in chopping down a large willow, and as the tree commenced to fall, the trunk suddenly split at the butt with a loud report. Mr. Thompson has no recollection of being struck, but shortly found himself some distance from the tree, wondering who he was and what he had been doing, and after his scattered senses returned he was unable to reach the house until help arrived. Dr. Junkins of Greenland was called, and found one of his shoulder blades broken and a collar bone dislocated, and also some minor injuries, the whole being sufficient to cause his probable confinement for six weeks. He is a native of the British provinces, and about twenty-two years old.

Mrs. Margaret Dwire, aged seventy-two years, who has lived at the White Hart hotel near the Eastern railroad station in this city, George Lane proprietor, about fifteen years, came to her death by accident on Tuesday night of this week. It has been her custom to lock up the house and see that the fires were safe, every night; and on Tuesday night, being as usual the last person up, she started to retire soon after eleven o'clock, carrying a small kerosene lamp in her hand. Shortly afterward Mr. Lane's daughter heard a sound as of some heavy body falling down the back stairs, accompanied by a crashing of glass, and on investigation the old lady was found at the foot of the stairs, with her head against a door and partially doubled under her chest, and insensible. She was removed to her bed and a doctor called, who said her skull was fractured and there was no hope of her surviving; her hurts were dressed, but she died at about four o'clock next morning. She had been troubled with spells of dizziness for several days, and the doctor thought she had been taken with an apoplectic fit when passing the head of the stairs, which caused her fall. In carrying her to her room a stove was jarred so that some hot coals fell out, and set fire to the woodwork, but the blaze was extinguished without an alarm and with trifling damage.

MARITIME NOTES.

Mr. Charles S. Drowne is making the suit of sails for the new fishing schooner "Nellie Downs," now being built at East Boothbay, Me., for Capt. Levi W. Downs. She is mostly owned at Portsmouth, and is larger than any other vessel fishing out of this port.

The sails of nearly all the vessels sailing out of this and neighboring ports are now being repaired here, in readiness for starting on the spring business.

Flags were flying at half-mast on the steamer City of Portsmouth, at C. E. Walker & Co.'s wharf, Wednesday of this week, as a mark of respect to the memory of the late S. C. Forsaith of Manchester, one of the principal owners of the boat.

The schooner Adeliza, which has been hauled up for the winter at Union wharf, is receiving some trifling repairs preparatory to starting on a coasting trip. One new sail is being made for her, and the old suit overhauled and repaired, by Drowne.

The schooner Rodney Parker, Higgins master, arrived at this port on Wednesday, the 25th inst., from Richmond, Va., with 618 tons of coal to J. Albert Walker. The stevedores, who have for some weeks had much easier times than they like, hope the Parker is but the first of a big fleet.

About all the vessels of the fishing fleet arrived on Wednesday, the 25th inst.; nearly all with good fares; the fish were sold at an average price of about $3 per hundred lbs.

Lieut. Comdr. Edward L. Amory has been detached from the Omaha, and placed on waiting orders. Lieut. Comdr. Frank Courtis has been detached from the Washington navy yard, and ordered to the Omaha as executive officer, April 1st. Paymaster A. W. Bacon has been detached from the Omana, and placed on waiting orders. The orders of Paymaster George H. Griffing to the Shenandoah have been revoked, and he has been ordered to the Omaha.

A match game of polo for $10 a side was played at the Franklin rink on Tuesday evening of this week between the Portsmouths and Franklin clubs, and was won by the Portsmouth by three straight goals. A game for $20 a side between the same clubs, to be played at the same rink on the evening of the 31st inst., we are informed has been arranged.

Some smelts have been again brought in from Great bay; they are very small, and said to have been taken in seines by the fishermen of the towns along the bay.

Messrs. John Sise and Joseph Sise left this city on Wednesday, March 25th, for New York, to take passage by steamer from that city for Nassau, New Providence, where they will spend several weeks.

Hand-bills were distributed about the city on the 25th inst., announcing that the salvation army will hold "a real salvation meeting at Music hall, Friday evening, March 27th, under command of Capt. Thompson and his hallelujah wife. The Converted Opera Singer, Hallelujah Councilman, and a host of blood-washed warriors from Dover will be present."

The Hungarian Gipsey Band, the finest musical organization now before the American public, will play in Music hall on Wednesday evening, April 1st, for the benefit of Storer Post, G. A. R., the proceeds to be used in defraying the expenses to the National Encampment at Portland, next June, of such comrades as are unable to meet the costs of the trip.

The Woman's Temperance League will meet at the Methodist vestry this (Thursday) afternoon.

Mr. Fred L. Ham, who has been one of the aides at the Portsmouth skating rink almost from its opening, being about to leave the city for Ashland, Wisconsin, to enter the service of the Northern Pacific railroad, is tendered a benefit at the rink, to come off Monday evening of next week, with a "ring tournament," open to both lady and gentleman skaters, as the special attraction.

Tickets on sale at Goodrich's bookstore; prices as usual.

The Sons of Veterans will give an Easter party in Congress hall on Tuesday evening, April 7th. This will be the close of the course of assemblies given by the organization this season.

Mr. John Critchley, late foreman of the Portsmouth Machine Co.'s shop, and patentee of the expansion reamer and chuck drill, leaves this city this morning for Florida, with the intention of settling there permanently, if he finds things to suit him. Mr. Critchley is a superior mechanic and has always been a good citizen—one of the kind of men we do not like to have remove from among us.

Mr. Daniel W. Foss of Rye, who some weeks ago sustained very severe injuries by falling through a trap hatch in his barn, is now reported as being slowly recovering.

Mr. Warren C. Caswell of Rye has now seventy lobster pots in readiness for catching that famous crustacean. Mr. Caswell has long been noted also for raising early vegetables for the Portsmouth market; and he has now thirty-seven bushels of potatoes sprouting in his cellar, for seed. In previous years Mr. Caswell has had them set out long before this time of the season.

The Biddeford *Journal* says: "Both Mrs. Barrows and Blaney, the Kittery murderers, were before the governor and council last week on their visit to Thomaston, and made a lengthy statement in regard to their connection with the tragedy, and prayed for executive clemency. Mrs. Barrows was not settled in her mind whether she ought to be pardoned or that her sentence be commuted, claiming that she was innocent of the charge. Blaney confessed his complicity with the murder, but claimed he was controlled through the influence of other persons."

The democrats of Kittery are preparing for a lively campaign in town affairs, and a split in the party is reported likely. Town meeting occurs next Monday. There will probably be three tickets in the field, for some of the town offices.

Jedediah Towne, in earlier life a well known trader and postmaster at Cape Porpoise village, is dead, aged eighty-one years and five months.

Charlotte Cooper, daughter of J. Fenimore Cooper, died suddenly at Cooperstown, N. Y., March 22d. Miss Cooper, who was sixty-eight years old, had been somewhat of an invalid all her life. Since the death of her father, the famous novelist, in 1851, the deceased lady had lived in Cooperstown with her two sisters, Mrs. Richard and Miss Susan Fenimore Cooper.

There was an ice-boat racing on the Amherst river at New Bedford, Mass., March 24th, by many boats, being an almost unheard-of experience as late in the season as this. The ice will probably hang on far into April.

Benjamin Thatcher of Fall River, Mass., charged with embezzling $14 from the Metropolitan Life Insurance company, was discharged March 24th after a hearing, the prosecution failing to make out a case, and the evidence showing that the company owed Thatcher $19. Thatcher was a member of the salvation army, and the case attracted much attention.

An old feud between Robert Grimes and John Rogers culminated Saturday evening, March 21st, in a street duel at Hibbard, Mississippi county, Mo., in which Rogers was killed.

Educated and Experienced.

Hood's Sarsaparilla is prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass., who have a thorough knowledge of pharmacy, and many years practical experience in the business. It is prepared with the greatest skill and care, under the direction of the men who originated it. Hence Hood's Sarsaparilla may be depended upon as a thoroughly pure, honest, and reliable medicine.

Jerome B. Smith, rigger, while at work on the schooner M. H. Perkins at East Gloucester, Mass., March 24th, fell from the jibstay, and striking upon the ice in the harbor, was killed.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute." So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

The Grand Army post of South Abington, Mass., is to have a novel entertainment, which is called a pie party. Each lady is to contribute a pie, the pastry of which shall bear her name. The pies are wrapped in paper and sold to the highest bidders, who are then expected to do escort duty for the remainder of the evening for the lady whose name is on the pie.

"I would say to my friends, and all who chance to read this, that I have used Adamson's Botanic Cough Balsam in my family for a long time, and consider it a very valuable medicine. It cures when all other remedies fail; and I would cheerfully recommend it to those afflicted with coughs, colds, asthma, etc.

HUDSON RIVER R. R.

Conductor Melius Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS.
☞ Harrison Street.

THAT DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeRevere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but has been in use by hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.
As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is specially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

"Isn't that Mrs. Holmes? I thought the doctors gave her up. She looks well now."

"She *is* well. After the doctors gave up her case she tried Dr. Pierce's 'Favorite Prescription' and began to get better right away. I heard her say not long ago, that she hadn't felt so well in twenty years. She does her own work and says that life seems worth living, at last. 'Why,' said she, 'I feel as if I had been raised from the dead, almost.'" Thus do thousands attest the marvelous efficacy of this God-given remedy for female weakness, prolapsus, ulceration, leucorrhœa, morning sickness, weakness of stomach, tendency to cancerous disease, nervous prostration, general debility and kindred affections.

Bleeding nostrils. It has done me so much good, I want you to send me two more bottles immediately. I have been afflicted with catarrh for over ten years—frequently my nose would bleed and leave the nostrils in a dry, inflamed condition, with constant soreness. I experienced relief after the first trial of Ely's Cream Balm. It is the best of a great many remedies I have tried, and I can fully recommend it.—E. Gill, Madison, O., Editor of the *Index*.

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

Arab Love Song.

The love fires glitter in the sky,
The earth is filled with dreamy light.
Oh, come to me, for I am nigh!
Oh, come to me, my soul's delight!

The earth is filled with dreamy light,
The night wind scatters odors sweet.
Oh, come to me, my soul's delight!
Lo, I am waiting at thy feet!

The night wind scatters odors sweet,
It wakes the slumber-laden flowers.
Lo! I am waiting at thy feet—
Oh, leave thy jasmine-scented bowers!

It wakes the slumber-laden flowers,
The nightingale breaks forth in song,
Oh, leave thy jasmine-scented bowers!
My heart, why tarriest thou so long?

The nightingale breaks forth in song,
The rose sway above the gate,
My heart, why tarriest thou so long?
When they awake wilt thou still wait?

The roses sway above the gate,
Thy sister blossoms, red and white,
When they awake wilt thou still wait?
Oh, come to me, my soul's delight!

—Sydney Hebert Pierson.

THE LOVE LETTER.

Miss Orinthia Brown set down her teacup with an emphasis that made all the china rattle. And little Mrs. Meeker jumped nervously at the sound.

"I never heard anything so ridiculous in all my life," said Miss Brown, derisively. "Gilbert Mott in love with Georgia Arlington! Why, she's a mere doll, with big blue eyes and pink cheeks and yellow curls."

"She's very fascinating in her manners," Mrs. Meeker ventured to remark.

"Oh, pshaw!" was Miss Orinthia's contemptuous comment. "And you really think he's in love with her?"

"Yes, I must say that I think so."

"Ah-h-h" said Orinthia, meaningly. "If I only dared to tell you all!"

"Dear me!" said Mrs. Meeker, eagerly: "what do you mean?"

"Nothing," said Miss Brown, with a nod of her head. "He walked home from church last night with me—didn't he?"

"Yes, but——"

"He stayed on my side of the room all the time we were decorating the fair rooms with evergreens, didn't he?"

"Yes, but that was because——"

"And—but never mind, never mind!" said Miss Orinthia, mysteriously. "Time will show! Georgia Arlington, indeed—why she's nothing but a child—a mere schoolgirl! I know better!"

"Do tell me, Miss Orinthia," pleaded Mrs. Meeker. "Is he really engaged to you?"

Miss Orinthia pursed up her lips, drooped her eyelids with a manner that was wonderfully eloquent, but she would commit herself no further!

"Let's go upstairs and finish dressing those china dolls for the lucky-bag," said Miss Brown. "We shall get more money out of the lucky-bag than anything else, and we must be sure and have it well furnished!"

While the tea-drinking ceremonial had been going on in the lower part of the mansion of Mrs. Meeker, quite a different chain of circumstances was transpiring above stairs. Mr. Gilbert Mott, who had been inveigled into the snares of the Ladies' Fair, *nolens volens*, had come early to help in the last preparations, and, walking up to the work-room, had surprised a lovely blue-eyed lassie in the occupation of filling sundry cones of bright-hued paper with sugar plums and French bon-bons.

Georgia Arlington shook back her sunny curls and blushed like a June rose-bud, as she started up.

"Don't go, Miss Arlington, please!" pleaded Gilbert, himself not unembarrassed. But Georgia muttered something about a roll of ribbon which she had forgotten, and fluttered past him ere he could remonstrate further.

Gilbert looked after her, with a whimsical expression of despair on his countenance.

"Now, why does she run away from me like that?" he said to himself. "Probably because she knows it tantalises me! But I'll be even with her yet—if she won't let me tell her how dearly I love her, I'll write it to her!"

And heedless of the neglected piles of cedar-sprigs and princess-pine, yet waiting to be wrought into garlands, he sat down to the table and seizing pen and ink began a passionate *billet doux* after the following fashion:

"MY OWN PRECIOUS DARLING:—Why are you so cold and cruel to me? Why will you not let me tell you in words what you must so often have read in my eyes—the story of my heart's devotion? For I love you, and have loved you, and shall love you to the world's end, and you must have seen it for yourself during the last few days that we have been working together for the church fair! Yet you will not give me a word or a glance of encouragement!

"Is this right, my ruthless queen of hearts? But I am determined that you shall tell me when we meet again whether I may hope or not! Until then, sweet one, I am, half in despair, half hopeful,

Yours, ever and unalterably,

"G. M."

He had just scribbled off this unstudied effusion when the sound of footsteps on the stairs chased away the soft shadows of his love dream, and he had just time to slip the paper under a leaf of Norway spruce twigs, when Mrs. Meeker and Miss Orinthia Brown entered.

"At work so soon!" cried the latter, archly. "Isn't he industrious, Mrs. Meeker?"

"Yes," said Gilbert, hypocritically. "I'm at work already!"

So he was, but not exactly for the fair.

He watched nervously for an opportunity to possess himself of the precious sheet of paper, without observation, but Miss Orinthia, doubtless prompted thereto by some baleful evil spirit, hovered around the spruce boughs like a middle-aged turtle-dove, and effectually warded off his designs. And presently he was borne downstairs in the popular current to open some boxes of donations, which had just arrived by parcels delivery.

"I can easily come back to get it when they are busy cackling over the new things," he thought.

But—fit illustration this of the futility of all human plans—when he came rejoicing back some twenty minutes or so later, the sheet was gone.

Gone, leaving no trace or vestige behind—gone, utterly and entirely!

"I believe there has been some superhuman agency at work!" thought our bewildered hero, as he tumbled over the chaotic contents on the table in vain.

But Mr. Mott was wrong. The agency had been exceedingly human—no other, in fact, than mischievous little Billy Arlington, come up in search of stray prizes for the famous lucky-bag which had been temporarily delivered into his hands. Cornucopias, pin-cushions, Rimmel's scent-bags, needle-books he pounced on alike, and perceiving a sheet of pink paper, written on, he crumpled it into an old envelope, directed "Miss Orinthia A. Brown," which lay beyond.

"What larks it will be," thought the incorrigible Billy. "Some of the girls 'll think they've got a love-letter, and how mad they'll be when they find it ain't nothing but one of Rintley's receipts or crochet patterns."

And away rushed Master Billy, little recking of the mischief he was unwittingly working to the cause of true love?

The evening of the fair came—and the pretty rooms, made still prettier by paper roses and evergreen garlands, were crowded with the brave, the fair, and some that were neither one nor the other. Georgia Arlington, presiding at one of the tables, looked lovely enough to drive half a dozen young men distracted, instead of one, and Miss Orinthia, in a rustling slate-colored silk dress, went about like an autumn leaf in a high wind. The lucky-bag circulated from hand to hand, carrying, as is the wont of these institutions, a little current of merriment and laughter in its wake. Georgia drew a cigar-case, Mr. Mott became the proprietor of a rag-doll, and Miss Orinthia Brown drew—a letter, addressed to herself.

Gilbert Mott, leaning against the doorway, saw Miss Brown hurrying up to Georgia and displaying her prize with malicious glee; while Georgia colored and bit her lips, and looked ready to cry, and feigned a merry little ripple of laughter, all in one and the same breath.

"Why don't that horrid old maid keep away from Georgia Arlington!" thought our discontented hero. "She looks like a dried up bunch of raisins beside a cluster of blooming Isabella grapes."

And, watching his opportunity, he slipped through the crowd and edged up to the table where Georgia was selling pin-cushions and tape trimmings at an exorbitant price.

"Georgia!" he whispered softly, "Georgia!"

But she turned her head haughtily away.

"Please to excuse me, Mr. Mott," she said, coolly.

While Gilbert was staring at her in amazement, a hand was slipped through his arm, and Miss Orinthia Brown drew him gently away.

"Where are you going?" he demanded, rather unwillingly.

"Just outside the door, one minute," whispered Miss Orinthia, falteringly. "It is not in the tumult of a common crowd that such words should be spoken!"

"What words? I haven't an idea what you mean!" cried the young man.

Orinthia drew him into the hall, her head drooped on his shoulder.

"Yes," she faltered, "yes! How could you for a moment doubt it!"

"Doubt what? Excuse me, Miss Brown, but I think your wits are forsaking you," said Gilbert Mott, striving to extricate himself from the damsel's grasp.

"Gilbert, would you, then, be false to me?" sobbed Orinthia, with the dawning symptoms of hysterics.

"False to you!" echoed our hero. "Miss Brown, will you be so good as to tell me at once, and plainly, what you are talking about?"

Orinthia Brown's sallow cheeks reddened—her eyes sparkled ominously, as she drew from her pocket the precious missive.

"Do you mean to say, sir, that you didn't write this letter?" she demanded.

Gilbert took the letter and scrutinised it closely.

"Yes, of course, I wrote the letter!"

"Then, dearest ——"

"Stop, though," he interrupted, frantically. "It wasn't to you!"

"Not to me?"

"No. Do you suppose I want to marry you!"

Miss Orinthia uttered a shrill shriek—but the next moment she was alone! Gilbert Mott had vanished.

For the matter was growing serious now. If Georgia were to be won, she must be won at once, before Fate conspired with any other old maid to deprive him of her coveted love.

"Georgia," he said, planting himself resolutely beside her. "I have got something I wish to say to you."

"You had a great deal better say it to your beloved Miss Orinthia," said Georgia, tossing her flaxen curls.

"But she isn't my beloved Miss Orinthia," cried Gilbert.

"I suppose you will be denying your own handwriting next," said Georgia, indignantly. "But it's of no use; I saw the letter myself."

"But, Georgia, the letter was written to you."

"Then," said Georgia, brightening up a little, "how did she get it?"

"That's just what I can't comprehend myself," said Gilbert; "but one thing I am very certain of—I love you, and you alone, and I won't leave you until you tell me whether the love is returned."

And he did not; neither was it necessary for him to stay there very long.

But to this day nobody, save Billy, the irrepressible, knows exactly how Georgia's letter came into Miss Orinthia Brown's hands.

Ladies' Weakness

Mr. T. H. Gaffard of Church Hill, Md., is so thankful for the restoration of his wife to complete health that he is willing to certify to the fact and manner of her cure. To Mrs. Lydia E. Pinkham. This is to certify to the grand effects of your Vegetable Compound. My wife was suffering from a terrible disease which seemed to baffle the skill of the best medical men. She was in a poor, languid, depressed, nervous condition. We finally concluded to try your Vegetable Compound, and to our great surprise the half of one bottle had not been taken before there seemed to be a thorough change in her whole condition, and now to-day she is in good health and entirely relieved from all former depressed feelings.

T. H. Gafford and wife.

From the Patent and Trades-mark Office, Melbourne, Australia, Mr. Edward Waters writes, that one of his household suffered with toothache and rheumatism, and was cured immediately and completely by the use of St. Jacobs Oil, the great pain-cure.

—"How to make home happy" is what a Vermont minister lectured on recently. If you are the right sort of man you can do it by staying at home some of the time; if you are the wrong sort of man you can succeed in making your home happy by staying away from it.

We know heart disease can be cured, why? because thousands say they have used DR. GRAVES' HEART REGULATOR and know it does the cure.—*Plympton News.* $1.00 per bottle at druggists. Free pamphlet of F. E. Ingalls, Cambridge, Mass.

—Little Russie was watching the gathering of a thunder-storm. At first, he seemed to think the sight a very pretty one, but, as a vivid flash of lightning streaked the sky and a heavy bolt of thunder crashed above him, he sprang back from the open door, exclaiming: "Don't, Dod; I'll be dood now!"

In certain cases of sickness it is important to obtain pure whiskey. Such is the "G. O. Taylor Old Bourbon," bottled by Chester H. Graves & Sons, Boston. Ask your druggist or grocer for it.

The governor and council of Maine have assessed the taxes for 1885 against the railroads in that state, among the items being the following: Boston & Maine, $20,359.05; Eastern, $20,715.14; Maine Central, $42,245.57; Orchard Beach, $90.10; Monson, $9.53.

News is received from Central America that President Zaldivar of Salvador is at Santa Ana, on the Guatemalian frontier, with 10,000 men, ready to meet and check the advance of President Barrios and his equally large force.

General Fernandez of Costa Rica on March 24th entered Nicaragua with a large force, to aid Nicaraguans in opposing Barrios.

Mexico has meanwhile withdrawn her legation from Guatemala, and will probably give the Guatemalan minister his passports soon.

Precocious Juveniles.

Sarah A. Richardson, a young girl living in Wellesley, Mass., has been sent to the Industrial School for girls at Lancaster, Mass., for her minority, on request of her parents. She is only a few months over thirteen years old, but weighs 184 lbs., and is a good-looking blonde of modest and lady-like demeanor. Last summer, while a school girl in Boston, she created a sensation by stealing from her parents a large amount of costly jewelry, $16,000 in United States bonds, and other valuables, and left the plunder in a valise with a drug clerk in Boston, this being preparatory to an elopement with a young German who had been a servant in the family. The property was recovered, but the girl still seemed infatuated with her Teutonic lover, and hence her parents had her committed to the Industrial School.

Francis Keily, nineteen years old, has been arrested in Troy, N. Y., for bigamy, he having on March 23d married Mary Shuters, a young and pretty girl of Troy, while having another wife living, whom he married in Cohoes two years ago. He says he married a new wife because the first one frequented skating rinks by day, and spent her evenings with questionable male companions.

Effie Morgan, a pretty brunette of Nutburg, West Virginia, had many suitors. To one, a young man of excellent family and prospects, of Bunkeville, she had engaged herself. A week ago she mysteriously disappeared, and no clue to her whereabouts could be found. Her affianced was greatly distressed, and her parents distracted. On Friday she returned home as suddenly as she left. She was accompanied by the son of a neighbor, who was supposed to be in college, and the couple had a marriage certificate. Her parents welcomed her joyfully, and the only unhappy person is the young man of Bunkeville.

The War in the Soudan.

A despatch of March 25th from Suakim says: "The redoubts at Hasheen having proved a failure as a protection to the British troops, have been destroyed to prevent them from protecting the Arabs. The total loss of the Arabs in last Sunday's engagement is now stated at 3000 including thirty-four women, who had been armed as soldiers and who proved as impetuous and determined as the men. The bodies of these amazons were counted on the field after the fight. The British lost 1000 camels, and are seriously crippled by the lack of transportation. The latest returns place the number of killed and wounded in Tuesday's battle at 580, including the camp followers. The grenadiers and the Surrey regiment reached Suakim without loss, although they exchanged shots with hostile Arabs on the way. The Arabs lost 400 men in yesterday's skirmish. The British losses in last Saturday's battle are much greater than at first reported. Gen. Graham to-day telegraphed the home government that he fears he must add to the list of that day's killed thirty-eight men who are still missing from the Sikh (Indian) regiment."

New Hampshire items.

William R. Russell of Sanbornton was drawn to serve on the grand jury at the supreme court for Belknap county, which opened in Laconia March 24th. On Monday morning, March 23d, he deliberately placed a revolver to his forehead and fired, the ball passing through his brain. He lived nine hours after the wound was inflicted. His age was fifty-two years, and he was a well-to-do farmer.

Hon. David Garland of Winslow, Me., died Sunday, March 22d. He was born in Hampton, N. H., and nearly completed his ninety-first year. He was county commissioner of Kennebec county for nine years, represented Winslow in the legislature in 1834, 1850 and 1860, and was a senator for Kennebec county in 1851 and 1852.

A young man named Batchelder, belonging in Hampton, left Exeter for home on foot Friday afternoon, March 20th. He was seen sitting by the roadside about four miles on his way home, at eleven o'clock that night, and was found about ten o'clock the next forenoon in the same place, insensible, and with his hands and feet badly frozen. When it is remembered that the thermometer indicated three degrees below zero on Saturday morning, the 21st, it will be wondered how the unfortunate man could have existed at all through such a night of terrible suffering as he must have experienced.

New Hampshire Patents.

The following list of patents granted March 24th to citizens of New Hampshire is specially reported by Franklin H. Hough, Solicitor of American & Foreign Patents, 925 F. Street, N. W., Washington, D. C.:

No. 314,372. Z. M. Galinas, Yamachiche, Quebec, Canada, assignor of one-third to O. Chamberlain, Enfield Centre, N. H., Washing-machine.

No. 314,397. J. Quimby, Jr., Dorchester, Lamp-chimney holder.

The whole number of patents granted to citizens of the United States during the week ending March 24th was 343.

News and Notes.

William Frazier, a fisherman of Cromwell, near Middleton, Conn., was found dead in his house March 24th. The coroner returns that death resulted from blows on the head. When last seen Frazier was quarrelling with his two sons, and all three were drunk. The sons, who bear a very good reputation, will be arrested.

The mangled remains of a man were found Wednesday morning, March 25th, along the track near the South Milford (Conn.) depot. One bunch of keys was found with a tag marked "B. Davis, Lowell, Mass.," whom the deceased is supposed to be. The theory is that he fell from one of the midnight trains from New York.

Although apologizing for calling attention to so trifling a business matter, the Pittsburg (Pa.) *Post* says it cannot refrain from feeling good at seeing government advertisements in its columns, the first time for nearly twenty-five years.

In celebrating with a Sunday dinner to some of his friends his eighty-ninth birthday, William Brown, a preminent democrat, of Marion county, West Virginia, made a speech saying that now the democratic party had returned to power he was prepared to die in peace. Within thirty minutes he was choked to death while eating a piece of meat.

Sanders, who murdered Carr in Vermont, has been found guilty of manslaughter by the jury at Montpelier. Carr had led Sanders' wife astray, and was a hard case generally.

Nicholas J. Dean, an ex-police officer of Salem, Mass., was arraigned in the police court at Newburyport on March 25th for larceny and embezzling $531 from James Muldoon. He pleaded not guilty and was held in $1000 for trial.

The United States senators, or many of them, complain of the poor grade of whiskey sold at the senate restaurant in Washington, and are considering John Chamberlain's proposition to fit up a swell place, with the best liquors in the market.

The announcement was made March 24th that the forfeited lands of the Texas Pacific railroad were opened to entry. This caused a great rush in the United States land office, and the officers have had all they can do to make the entries. Thousands of acres will be reclaimed.

The house of Peter Dutty near Locust Gap, Pa., was robbed on March 25th of $10,000 in cash. Dutty is employed in one of the collieries. He lost $1800 by the failure of a Pottsville bank a few years ago, since which time he has kept all his money in his house. While at church on the morning of the 25th, unknown parties entered the house, and took the $10,000 from a bureau drawer. No trace of the thieves has been found.

Mr. Nathaniel Canont of Meddybemps, Me., received $1800 pension money not long ago, and now it is reported that a fortune of $1,000,000 has been left him by an uncle who died in California.

No "Boss."

The *People and Patriot* affects not to have learned that there are any men great or small within the democratic organization in this state who have the disposition to set themselves up as "bosses in the dispensation of patronage." Some one is hit this time, sure. Perhaps the subscription to the stock of the new daily has not arrived from this section of the state. Let the *P. & P.* man try his hand at the dispensation, and he will soon discover that there is a "boss" against whose will and power not the most savage opponent of dictation dares to utter a whimper, while the desirable places have been so carefully assigned that there is left to the party only the duty of ratification of the appointments. Ella A. Giles, one of the latest and most promising aspirants for literary favor in the remarkable coterie of writers that Wisconsin has in recent years developed, is public librarian of Madison, and is credited with unusual executive, as well as literary ability.

The postmaster at Amherst, Mass., was a mugwump, but that fact alone could not save his scalp intact, and it now dangles at the belt of a solid democrat.

—"Which is your favorite hymn, Miss Overbash?" asked the new preacher of a young lady at the church sociable. "Oh! I—I—don't like to say." "Why not, pray. We all have our favorites, and I like to know the preference of the young ladies of my congregation." "Well, if I must tell, I rather like Sam Flanders, and I don't care who knows it." "Oh, ah! yes, I see," said the preacher in some surprise; "you prefer the Psalms. Well, some people do."

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with barely life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

Hood's Sarsaparilla

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Waverly, Iowa, SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since 1873 my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States and spending many hundred dollars, from which no relief was obtained, I was induced to try your not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur

Sulphur Bitters

Bitters; after taking six bottles my Headache, Vomiting, and all the effects of my Catarrh, Biliousness and Liver Complaint left me. I now weigh one hundred and sixty-five pounds, and consider that Sulphur Bitters have saved my life.

Mrs. HIRAM JORDAN, Lewiston, Me., says: For years I was a terrible sufferer with Scrofula, caused by salivation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my housework.

A Boston & Albany R. R. engineer, P. B. CHAMBERLAIN, of Springfield, Mass., says: For years I have suffered from Chronic Bilious attacks, with a narrow escape each time from Typhoid Fever. About two years ago I commenced taking Sulphur Bitters, and since that time I have had no trouble from my old enemy. Living in a malarial district, I have had no trouble from that cause, being a marked exception among my neighbors, and I give the credit for that to Sulphur Bitters. It is an invaluable remedy, and one which no household should be without.

Builds Up the Weak.

The wife of the Superintendent of Repairs, Pacific Mills, Lawrence, Mass., Mrs. JOHN BARTON, an eloquent temperance advocate, says: When all other remedies failed, Sulphur Bitters cured me of Dyspepsia and those deathly Sick Headaches.

MASONIC VISITATION.

Sir Knight J. F. Webster, R. E. Grand Commander, with other officers of the Grand Commandry of Knights Templar of the state of New Hampshire, will make an official visit to DeWitt Clinton Commandry of this city on Friday evening, April 3d, at which time it is expected that officers and members of Trinity Commandry of Manchester and St. Paul's Commandry of Dover, to the number of one hundred and fifty or more, will also be present.

THE NEW POSTMASTER.

The appointment of Samuel J. Gerrish as postmaster of Portsmouth appears to give general satisfaction. Mr. Gerrish has been in active business life here for about thirty years, and we think is as acceptable to the republicans as any democrat named for the office would have been, while the "kicking" by his party friends, if there is any, is very quiet. Like the rest of his family, he has always been very positively democratic, though he has never taken a prominent part in running the political machinery; most of his relatives, however, by affiliation and consanguinity, have ever since the Mason & Gorges colony settled here been actively interested in the affairs of the country.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, March 26th, Mayor Page in the chair:

Present the full board.

The records of the last meeting were read and approved.

The automatic fire alarm matter was informally discussed.

The pay roll of the fire department was approved and ordered to be paid.

The board voted to visit State and Chestnut streets to locate telephone poles.

Adjourned for one week.

DISAPPOINTED.

A large audience comprising many of our most intelligent and cultivated residents, and numerous persons from neighboring towns, assembled in the North church on the evening of March 26th to listen to a lecture on the "Certainties of Religion" by Rev. Joseph Cook of Boston, but were disappointed, the lecturer failing to arrive. The disappointment was not due to any fault of the local managers of the affair.

MR. FOSTER'S FUNERAL.

The obsequies of Joseph Hiller Foster were held at the Unitarian church on Thursday afternoon, and were attended by a large number of relatives, friends and citizens generally, including a large proportion of the leading business men and financiers of advanced years. The services were conducted by Rev. Alfred Gooding, the paster, assisted by Rev. Dr. A. P. Peabody and Rev. James DeNormandie, former pastors, both of whom spoke earnestly and feelingly of the worth of the deceased. The banks were closed during the time of the funeral.

MARITIME NOTES.

The Dover *Democrat* of March 25th has the following: "Schooner John Bracewell, with a cargo of coal, will be the first vessel to come up the river this season. She loaded at New York last Saturday and sailed through Hell Gate on Sunday, and with favorable wind is likely to report at Portsmouth any time. Unless a rapid thaw should set in it is hardly probable the river will be open for navigation for many days yet."

The schooner Hattie Lewis was hauled out from her winter quarters at the Raynes shipyard on Thursday of this week, and beached on Noble's island for calking before commencing her brick-carrying operations. Capt. George Lowe of York commands her at present, Capt. James S. Brewster, her previous master, having cut one of his legs badly a few weeks ago while chopping wood near his residence at Cape Neddick.

Messrs. Ben. M. Bailey and Oliver Adams hauled their floating stage alongside the schooner Mary Willey on Thursday, and commenced calking her along the water line and about the bends, preparatory to her starting on the season's work at lumber carrying. The work of painting her also commenced the same day.

The steamer Clara Batemen came off the ways at Kittery on Thursday last,

The British schooner "Mary C.," which has been thoroughly repaired and showily repainted at Kittery, was towed across the river on Thursday, and berthed alongside of Herbert's wharf to reload her cargo of wood pulp, which was stored in the fish-house on the end of the wharf when taken out of the vessel.

The schooner Triton, Capt. Freeman, is being repaired and made ready for sea at the draw-pier of Portsmouth bridge. A number of the most noted mechanics of Portsmouth are at work on her by the day.

It was reported on Thursday that Mr. James F. Jenness was lying very low at his residence on Hanover street.

Joseph Hoitt of Newington and a Mr. Acroid of Durham, residing near the old Piscataqua bridge, narrowly escaped being drowned on Sunday, March 22d. They attempted to cross the river from Durham to Newington, but when midway across got caught in the ice, and were held prisoners three or four hours; they finally escaped with their boats badly smashed and scarcely able to float.

Hon. Frank Jones arrived home from Washington on Thursday afternoon.

Some of the blood-washed warriors, male and female, of the hallelujah salvation army, from Dover, were in this city the early part of this week, distributing handbills. The men were rather good looking in their new uniforms, with brass buttons and blood-red vests, and white badges tied around their right arms; they looked as well as the handsome members of the Portsmouth police force, or the stout marines at the navy yard. It is suggested that President Cleveland should employ them in building Secretary Whitney's new navy.

Tony Denier's Humpty Dumpty pantomime troupe, with C. W. Ravel, the last of the celebrated Ravel family, as clown, will be at Music hall on Tuesday evening next. It is the best company of the kind in existence, and has many new specialties.

A pet Angora kitten about four months old, answering to the name of "Jimmy," brownish-black in color and with a short, bushy tail, and showing a new coat of hair just coming out, is missing from the residence of Col. J. Horace Kent, to which place any person finding the kitten is requested to return it, and receive a suitable reward.

St. Mary's Benevolent Society will give a grand ball in Congress hall on the evening of Easter Monday, April 6th, and the Sons of Veterans will have a dance in the same hall on the evening of the 7th.

The New York *Tribune* says: "There are hints that the new cruisers are to be built in New Hampshire, on the plea that pine is most accessible there, but really to give excuse for sending 2,000 or 3,000 democrats into that state to turn its politics."

ONE CENT A CUP.—*W. Baker & Co's Breakfast Cocoa*, while it is the most healthful, and invigorating drink, is also the most economical, costing less than one cent a cup. It is warranted absolutely pure, and is recommended by eminent physicians for its highly nutritive qualities, and is unsurpassed as a delicious beverage. Baker's Chocolate and Cocoa preparations have been the standard of purity and excellence for more than one hundred years.

At a caucus of the democrats of Kittery, held at the Point on Wednesday evening, March 25th, there was a very large attendance, and great interest manifested, the following-named persons being nominated: Moderator, Capt. Thomas Clerkson; town clerk, Frank Clerkson; selectmen, James H. Locke, Joel H. Norton, Lafayette Frisbee; town agent, Ephraim C. Spinney; collector of taxes, Oliver C. Haley; superintending school committe, J. T. Lewis; auditor, Thomas Clerkson; health officer, Albion W. Johnson; constables, John R. Williams, Hiram Grace, Cedric Laighton, Calvin Lewis, George D. Shannon.

Some inquisitive stockholder, or perhaps some lawyer who was looking for a retainer, has discovered that the Connecticut River railroad paid the directors of the Northern railroad $800,000 for the Sullivan railroad. By some oversight the Northern directors reported to their corporation that $700,000 was paid; and now some of the Northern shareholders are enquiring as to the missing hundred thousand dollars. This is a trifle of difference which we infer can easily be explained, but there is quite a curiosity manifested to ascertain just where the snug little sum has concealed itself.

The democratic caucus at Kittery, on the evening of March 25th, we are informed was marked by a degree of earnestness not often seen in democratic caucuses in that town of late years. It was virtually a trial of strength between E. C. Spinney and Andrew J. Stimson, as to which shall be the political "boss" now that the national administration is again in democratic hands, and the old-liner came out 'way ahead.

HUDSON RIVER R. R.

Conductor Melius Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS.
63 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeRevere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headache.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is labelled from one to hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Bleeding nostrils. It has done me so much good, I want you to send me two more bottles immediately. I have been afflicted with catarrh for over ten years—frequently my nose would bleed and leave the nostrils in a dry, inflamed condition, with constant soreness. I experienced relief after the first trial of Ely's Cream Balm. It is the best of a great many remedies I have tried, and I can fully recommend it.—E. Gill, Madison, O., Editor of the *Index*.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth pall a dozen hours full of languor and hain.

At San Francisco, Cal., March 26th, Judge S. Clinton Hastings, aged seventy years, and Miss Lillian Kunst, aged seventeen, were joined in the holy bonds of matrimony. The groom is one of the largest land-owners in the state.

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

Saunders, who killed Emanuel Carr in Vermont, has been sent to prison for twenty years.

SOMERVILLE, MASS., Dec. 20, 1882.

Mr. A. S. Wetherell, *Dear Sir*:—This is to certify that my daughter was all run down, weak and languid. She had tried many remedies with no avail. I bought a bottle of Wetherell's Sarsaparilla, and after taking one bottle I found that her health had very much improved. I can recommend it as a safe and reliable medicine to build up the system.

Yours Truly, H. L. Farham.

Additional particulars of the suffering for want of food in the interior counties of West Virginia have been received. A letter from a merchant in Wirt county begs for cornmeal only, saying that he has not a bite of food in his house. A traveller just returned from Gilmer, Roane and other interior counties says the suffering is awful. Scores of dead animals killed by starvation line the roadways. The people are at death's door for lack of food. Aid is being forwarded as rapidly as possible. The details of the distress are painful in the extreme.

Enormous Demands.

Messrs. Editors:—"I bought half a dozen of Dr. Seth Arnold's Cough Killer last fall. It has proved itself so valuable that every person wants it. Is one of the greatest medicines ever put up by man. I could have sold fifty dollars of it this winter."—John D. King, Bakersville, Md.

Game of the Tramps.

About eighteen miles above Centralia, Ill., the engineer began to blow toot! toot! toot! and to slacken his pace, and by and by the train came to a standstill. The male passengers rushed out, as in duty bound, and in time to see a man lying on the rails in front of the engine, and another man bending over him. When the crowd, headed by the conductor, reached the spot the man on his feet explained:

"I discovered him about ten minutes ago, and as I didn't want to see the train run over him I gave you the signal."

"But why didn't you pull him off the track?" asked the conductor.

"I couldn't be hired to touch a dead body" was the reply.

"What, is he dead?"

"Reckon he is that."

We examined the body and found life in it. He was a poorly dressed man, seemingly in hard luck, and for the matter of that so was the other.

"I think," said the stranger who had stopped the train, "that he's taken pizen and laid down here to make sure work of it. If you are a mind to take him on to Centralia 'I'll kind o' rub him into life and get a doctor to pump him out."

The conductor assented and we lugged the body into the baggage car. The case created considerable talk among the passengers, and a purse of $7 was made up for the unfortunate. However, as we slowed up for Centralia and before the purse was presented there was a great yelling from the baggage car, and we looked out to see the two tramps dusting it across a field. It was a game they had played to get a twenty-mile lift.—*Detroit Free Press.*

The Boys Play a Joke on Dunder.

"You know I likes der poys, pecause I vhas almost a poy myself once," he said to a policeman on Randolph street, yesterday, "but I feels like it vhas my duty to complain a 'cedle."

"What is it now, Mr. Dunder?"

"Vhell, der poys take a wire and hold him in der water until he vas a big icicle. Dey spend two tree days to make him shust as natural as life, und last night dey hang him oafer der door of my saloon. Vhen I comes oudt dis morning somebody yells at me to look oudt, und I shump ten feet und almost fall to pieces."

"Yes."

"Vhell, I goes after a pole to knock dat icicle down, und in ten minutes a growd of fifty peoples vhas on hand. Some call out to poke, brother, poke mit care, und some falls down und cries vhen I break a window mit der pole. I hit dot icicle more times ash I have hairs on my hedt, but it swings und swings und doan' come down, und all der time somepody was laughing at me."

"I see."

"I haf to gif oop und pay a man two shillings to come mit a ladder, und all der time eaferypody vhas calling out: 'Vhell, vhat a Gabinet officer dot Carl Dunder vhas, anyhow.' "

"And what do you want of me?"

"Vhell, you ship around a leedle und speak to dose poys. Tell 'em I vhas like a poy myself, but I haf some feelings. Vhen a man pays taxes und vhas on der ward committee he feels proud of himself, und it makes his heart ache vhen a growd makes fun of him und says he vhas some bass-wood Gabinet officer for cows to chew on."—*Detroit Free Press.*

Timely Hints to Girls.

The girls who have pored over the pages of the little book called "Don't," are now invited by an exchange to accept advice in regard to things that they should do.

Do be natural; a poor diamond is better than a good imitation.

Do try to be accurate, not only for your own sake, but for the sake of your sex; the incapacity of the female mind for accuracy is a standard argument against the equality of the sexes.

Do, when you talk, keep your hands still.

Do observe; the faculty of observation, well cultivated, makes practical men and women.

Do attach as much importance to your mind as to your body.

Do recollect that your health is more important than your amusement; you can live without one, but you will die early without the other.

Do put your hairpins in so that they will stay; it looks slovenly, to say the least, to see them half dropping out.

Do be ready in time for church; If you do not respect yourself sufficiently to be punctual, respect the feelings of other people.

Do get up in time for breakfast.

Do avoid causes of irritation in your family circle; home is the place in which to be agreeable.

Do be contented; "martyrs" are detestable; a cheerful, happy spirit is infectious; you can carry it about with you like a sunny atmosphere.

Do avoid whispering; it is as bad as giggling; both are to be condemned; there is no excuse for either one of them; if you have anything to say, say it; if you have not, hold your tongue altogether; silence is golden.

The Train Boy on a Long Run.

Several years ago it was discovered that a slight error had been made in the calculation of the sun's distance from the earth, and owing to a misplaced logarithm, or something of that kind, a mistake of 3,000,000 miles was made in the result. People cannot be too careful in such matters. Supposing that on the strength of the information contained in the old-time table a man should start out with only provisions sufficient to take him 89,000,000 miles, and should then find that 3,000,000 miles still stretched out ahead of him. He would then have to buy fresh figs of the train boy in order to sustain life. Think of buying nice fresh figs on a train that had been on route 250 years! Imagine a train boy starting out at 10 years of age, and perishing at the age of 60 years with only one-fifth of his journey accomplished. Think of five train boys, one after another, dying of old age on the way, and the train at last pulling slowly into the depot with not a living thing on board except the worms in the "nice eating apples!"—*Bill Nye, in the Cleveland Leader.*

Boots Eclipsed By Gaiters.

"We make ten pairs of gaiters or buttoned shoes to one pair of boots nowadays," said a shoemaker. "Twenty years ago nearly everybody wore boots."

"What was the reason of the change?"

"There are various reasons. Gaiters are much more handy than boots, and they look neater. Then, again, they cost much less, and they are easier on the feet. No one ever wore boots in a walking match."

"Any other reason?"

"Yes, on the shoemaker's side. There is more money in gaiters. They are more readily made, sell more quickly because they are cheaper, and there is less waste leather about them."

"Have boots any advantages?"

"Yes, trousers set better over them, and for rough traveling they wear better. They are not so likely to be pulled out of shape."

"Where are boots worn most?"

"In the country. Farmers wear boots almost entirely. You can't wear gaiters in a plowed field."—*New York Sun.*

Confidence in ocean steamships will be still further strengthened by the experience of the Alaska. A vessel famous for her swiftness, supposed to be more of a nautical greyhound than a solid sea-dog, which could make her way to port through gales and storms without her rudder, is worthy the confidence reposed in her.

DISFIGURING HUMORS HUMILIATING ERUPTIONS Itching and Burning! TORTURES

I have tried for eleven years to have my wife cured of a terrible skin disease. The CUTICURA REMEDIES (CUTICURA RESOLVENT, New Blood Purifier, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally) have done in six weeks what I have tried for eleven years to have done. You shall have the particulars as soon as I can give them to you, and as we are so well known in this part of the country, it will benefit you, and the remedies will cure all who use them.

MAYSVILLE, KY. CHAS. H. WHITE.

BLOTCHES CURED.

I used your CUTICURA REMEDIES for Blotches, and am completely cured, to my inexpressible joy. CUTICURA SOAP is the best I have ever used, and in my profession it is invaluable for cleansing the skin, thereby removing all "cork," grease, paint, and all the stuff used by them, leaving the skin pure and white and soft. My greatest pleasure is in recommending such an article.

March 17th, 1885. E. P. KIMBALL, Assignee.

From the Patent and Trades-mark Office, Melbourne, Australia, Mr. Edward Waters writes, that one of his household suffered with toothache and rheumatism, and was cured immediately and completely by the use of St. Jacobs Oil, the great pain-cure.

Gen. Negrier, commanding the French forces at Dong Dong, reports that on March 22d the Chinese unsuccessfully attacked that place, and on the following two days the French attacked the Chinese at Bangbo, but were compelled to retire to Dong Dong with the loss of 200 men. As this is the French side of the story, it is likely the defeat was more serious than is reported.

The dead body of an infant was found at Nashua, March 25th, under a log in Roley's ship-timber yard, tied up in cloth. There was a deep cut on the child's body, and a handkerchief was stuffed down its throat. A coroner's jury rendered a verdict that the cause of death was strangulation at the hands of persons unknown.

Insulting the Flag to Honor a Traitor.

The interior department at Washington was closed, and the national ensign over the building half-masted, March 26th, as a mark of respect to the memory of Jacob Thompson, who was secretary of the interior under Buchanan, used the position for all it was worth as a means of forwarding the plans of the secessionists, "went with his state" into the rebellion and aided to take the state there, and died an unpardoned rebel, his political disabilities having never been removed. Thompson was one of the most prominent members of the rebel government, and one of its most trusted and energetic secret agents. It was he who, as head of the confederate "bureau of incendiarism" organized in Canada, arranged the plans and details of the attempts to destroy the cities of the north by fire, and it was under his direction that New York was three times fired. The lowering of the stars and stripes in memory of such a man, an unpardoned, unrepentant traitor, was a gross insult to the loyal sentiment of the country, and a disgrace to whoever was responsible for such a degradation of the flag, whether it were President Cleveland or one of his subordinates.

Thompson suddenly blossomed out, after the collapse of the confederacy, as a millionaire; and southern men are reviving the story that he obtained his great wealth by stealing the money which was to the credit of the confederate government in the Bank of England, and which amounted to about $2,000,000. Thompson had to fight to the day of his death the charge made by southerners that his wealth came from the foreign treasury of the bursted confederacy, as there is no doubt it did. He was not only a venomous traitor, but a very successful wholesale thief. And it was for this fellow the national ensign was lowered!

Senatorial.

Mr. William E. Chandler has issued a sort of an open letter to the Dover *Republican*, in which he replies to what he regards as an attack upon him in the issue of the paper on the 20 of March, in an article upon the right of the legislature to choose a successor to Ex-Senator Rollins. The people have become extremely tired of these controversies. Mr. Chandler from his political standpoint ventures the advice that "if the republican party is to retain power in New Hampshire it must bury its dead." We were under the impression that a pretty general set of obsequies of that nature were held at Concord at the last session of the legislature, when Mr. Chandler attempted to march into the national senate over the political corpse of his quondam co-worker and townsman, then relegated to private life. But perhaps the ambitious ex-secretary considers that the other candidates are dead, while he still lives. The attack, however, enables the irrepressible Chandler to put forth a circular disclaiming that he reaches his conclusions from wrong motives, and maintaining that unprofitable retrospection should be avoided. Mr. Chandler magnifies the effects of the article. But it is too good a chance for him to let slip, to hit back the "base insinuations," etc.

Threatening Prospect.

Queen Victoria on March 26th sent to the house of commons a message calling out the army reserves and the militia for permanent service.

All officers on furlough, of Indian regiments, have been ordered to rejoin their commands at once.

Orders have been received at Aldershot for the raising of 15,000 troops for India.

Great activity prevails in the dockyards, under orders to get war ships and transports ready for sea.

War with Russia is considered imminent.

England on March 26th sent to Russia a proposal in the shape of an ultimatum, to the effect that both Russia and Afghanistan withdraw from the disputed territory until the boundary line is settled, and requesting an answer by the 30th. This is regarded as very nearly a declaration of war.

Senator Blair's Work.

Some 63,000 cases have been called up this season at the pension office by senators and members of the house. Senator Blair has called up since Dec. 1st over one thousand, or 1-63d of the whole. Most of these have been given his personal attention. That is, he has gone to the pension office, called down the case and gone through the evidence, thus pushing the case much faster, and seeing for himself what was necessary to remove the hitch and put the claim in a fair way to be allowed. These are in addition to the many private bills he has pushed through Congress.

Naval Outlays.

The commandant of the Brooklyn navy yard has complained that scows of dredgings have been dumped in front of the navy yard, to the serious detriment of the channel. New York harbor has been constantly injured in this mode and from time to time similar complaints are seen in the papers. The especial reason why this stuff is emptied within a hundred yards of the receiving-ship Vermont doubtless is, that some wide-awake democrat will seek to have, under the new administration, a liberal contract for its removal. Appropriations for naval expenditures will be liberal enough now. The democrats promised that they would pare the appropriations until their party came into power; and for the next four years we may expect to witness a broad and liberal policy in naval expenditures.

Referring to the closing of the interior department as a mark of honor to the rebel secret agent and city burner, Jacob Thompson, on March 26th, a Washington correspondent remarks: "Among the soldiers there is a great howl because the pension office is closed, and therefore the work of that important bureau is retarded one day." We should expect the soldiers *would* "howl" over the closing of the pension office for such a reason.

Charles W. Durant of New York, a millionaire, has been adjudged demented by the courts, and now his daughter, Mrs. Henry C. Bowers, and one of his sons, Howard M. Durant, are quarrelling as to who shall have custody of him. Just divide up his money among them, and they won't fight over his person.

The new draw for the bridge at Kittery Point is ready to be put in. It will take about a week to fix it, and due notice will be given when the work commences.

Mr. Charles Churchill has seven head of fine blooded Swiss cattle, which are now being fed in Eliot. They were bought from a stock farm in Massachusetts, and originally imported from Switzerland, and will be this summer pastured in Kittery. Of course they are hardy, and it is said add much to the condition of the native breed by intermixture.

The Agamenticus baskets have been arriving at the ancient Parade of Portsmouth all this week. The poor basket-makers display them for sale at moderate prices, at retail, and when they get tired of waiting they dispose of their stock to the storekeepers. Baskets are always in demand for all sorts of purposes, and it does not appear that the patent-made articles supercede the hand-made ones.

Mrs. Thomas Pearl and daughter, of Dover point, came near being killed at Dover on March 25th, while attempting to cross the Boston & Maine railroad track with a horse and sleigh. Seeing the train when close upon them they jumped from the sleigh, and escaped harm; the sleigh was knocked into kindling wood, and the horse slightly hurt.

In Kansas City, Mo., the jury returned a verdict acquitting Orth Stein, formerly city editor of the *Evening Star*, who shot and killed George Fredericks, proprietor of the Variety theatre in that city, in June 1882. The quarrel arose over Stein's attentions to Fredericks' mistress, a woman named Hartine, and ended in the shooting of Fredericks on the stairway as the men were leaving her room late at night. The woman was the only witness to the shooting, and testified against Stein. The plea of the defendant was self defence.

The U. S. S. [illegible] left at New Orleans on March [illegible] from Havana and Key [illegible] American. She had been dispatched to those points to bring home a number of sick and destitute railroad laborers. She took on board seventy-eight men, all suffering more or less from malarial fever. One of the number, Henry Bauer of New York, died on the passage. When the vessel arrived at New Orleans twenty-one of the men, who were still under medical treatment, were sent to the hospital.

March April May

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Waverly, Iowa, SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since 1873 my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States and spending many hundred dollars, from which no relief was obtained, I was induced to try your Sulphur Bitters, after taking six bottles my Headache, Vomiting, and all the others of my Catarrh, Biliousness and Liver Complaint left me. I now weigh one hundred and sixty-five pounds, and consider that Sulphur Bitters have saved my life.

Mrs. HIRAM JORDAN, Lewiston, Me., says: For years I was a terrible sufferer with Scrofula, caused by salivation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my housework.

not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur should be kept in every family.

A Boston & Albany R. R. engineer, F. B. CHAMBERLAIN, of Springfield, Mass., says: For years I have suffered from Chronic Bilious attacks, with a narrow escape each time from Typhoid Fever. About two years ago I commenced taking Sulphur Bitters, and since that time I have had no trouble from my old enemy. Living in a malarial district, I have had no trouble from that cause, being a marked exception among my neighbors, and I give the credit for that to Sulphur Bitters. It is an invaluable remedy, and one which no household should be without.

Sulphur Bitters

Builds Up the Weak.

The wife of the Superintendent of Repairs, Pacific Mills, Lawrence, Mass., Mrs. JOHN BARTON, eloquent temperance advocate, says: When all other remedies failed, Sulphur Bitters cured me of Dyspepsia and those deathly Sick Headaches.

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE CURRENCY,
WASHINGTON, March 18th, 1885.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The New Hampshire National Bank of Portsmouth," in the City of Portsmouth in the County of Rockingham and State of New Hampshire has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882:

Now therefore, I, John S. Langworthy, Deputy and Acting Comptroller of the Currency, do hereby certify that "The New Hampshire National Bank of Portsmouth" in the City of Portsmouth in the County of Rockingham and State of New Hampshire is authorized to have succession for the period specified in its amended articles of association, namely until close of business on March 22, 1905.

In testimony whereof witness my hand and seal of office this 18th day of March, 1885.

POLICE COURT -- BATCHELDER J.

FRIDAY, March 27th.

George Pruett, a boy, was before the court on a complaint for throwing stones in the street. He was let off with an admonition, the charge being placed on file, to be brought up if he offends again.

JAMES F. JENNESS.

Mr. James F. Jenness died at his residence on Hanover St. Friday morning, having been confined to his bed but a few hours. His disease has been a somewhat peculiar one, for although he has been in failing health for some years he has not been confined to his house except for a time, (a year or more ago,) when it was not expected that he could live from day to day. Mr. Jenness was about 46 years of age and a native of this city, the son of George W. Jenness, a cabinet maker, who carried on business in the building on Daniel street, now occupied by Martin Garrity. The deceased learned his trade and worked in this shop with his father for some time, until the time of the war, when he secured a position as cabinet worker on the Navy Yard. He left the yard in about a year to accept a position as clerk for Mr. Eldredge, brewer, and continued in that capacity until after the incorporation of that company. In 1877 he left the employ of the Eldredge brewing company and in March 1878 was elected treasurer of the Portsmouth Brewing Company, in which capacity he served about a year. This was the last business he ever did, and until his death, when able to be about, he spent the most of his time in the collection of coins, of which he is said to have had one of the best collections in existence. He was a Knight Templar, an Odd Fellow, and a member of several relief organizations and the Knights of Pythias. He was always a firm believer in the principles of democracy, and did much work for the party in this city. He leaves a wife but no children.

SALVATION ARMY.

The first detachment of the salvation army from Dover, numbering about twenty persons of both sexes, arrived in this city on Friday afternoon, and held services at Music hall the same evening. It is due to them to say that their exercises were rather superior to those of some of the old fashioned revival meetings formerly held here; the participants on the stage were well dressed and well appearing, having seemingly been selected for a Portsmouth audience.

The singing was what pleased the audience, more than the remarks, being of hymns of that class which are sung in parlors by amateurs. The hall was nearly filled, and the audience was very quiet except when a sudden "Hallelujah" or unusual exclamation excited surprise. The music by the drums and tambourines was not uproarious, and was simply sufficient to please the ear.

SUDDEN DEATH.

Ebenezer McCombie, a cooper employed at the Portsmouth brewery, was taken suddenly and severely ill while at work last Thursday, and was carried to his home on Hancock street, where he lingered until Friday evening, and then died.

This is the season when the frugal woman consults the columns of the family newspaper to ascertain where bargains in dry goods can be obtained. And the enterprising merchant takes advantage of this justifiable and natural curiosity, and gets the cream of the spring trade.

The New York *Morning Journal* of March 26th, under the heading of "Cleveland's first postmaster," speaks a pleasant word for the new incumbent of the Portsmouth postoffice, as follows: "Heading the list of post-office appointments sent to the senate yesterday was the name of Mr. Samuel J. Gerrish to be postmaster of Portsmouth, N. H. The fight for this important office was a hard one, but the right man won, and the sons of Portsmouth residing in New York will be glad to hear of 'Sam's' deserving luck. The Portsmouth office disseminates mail over a large and populous field, especially in the summer, and the seaside visitors as well as the residents of the old town by the sea will be faithfully served by the worthy successor of Elbridge G. Pierce."

Small smelts from Great bay were peddled along the streets this week from country teams, at eight cents per pound.

There is a streak of open water along the channel of the north mill pond, through the ice, where the warm water from the breweries, and the brooks warmed by the midday sun, flows down to the tide waters.

The English sparrows have again put in their appearance on the streets, and all the available boxes put up for martens and blue-birds have been taken possession of by them for the accommodation of their families during the warm term. It is of no use to contend against them, and it is best to make the most of them, for they have come to stay. They make a gorgeous bird pie.

Hon. T. E. O. Marvin, state agent of the New Hampshire Society for the Prevention of Cruelty to Animals, prosecuted Charles Gray of Exeter on Friday for cruelly shooting Mr. Frank J. Cram's dog, and leaving it to suffer the agony of a lingering death. The offender was ordered to give bonds to the amount of one hundred dollars for his appearance at the April term of the supreme court.

About fifty gulls were seen on the north millpond, Friday, occupying the edges of the ice along the open channel.

Ex-Mayor Donovan of Lowell, Mass., was in town on Friday in consultation with Hon. Frank Jones in regard to some telegraph business in which they are connected. He was the guest of Mr. George Stott.

Lieut. William Winder has been detached from the training-ship New Hampshire on March 31st, and ordered to the Omaha April 1st.

Samuel Dodge, Esq., local editor of the *Journal*, has been for some days confined to his house from the result of an accident which occurred on Sunday, March 8th, when he severely scalded his right hand. Erysipelas has set in, and his entire right arm is now in a very painful condition. Mr. Dodge has always advocated accident insurance, and has looked out to do as he has advised others to do; and he no doubt finds his policy in the Travellers' Ins. Co. a very pleasant document to contemplate just now.

The Chase Home for Children at the recent annual meeting made choice of the following officers for the ensuing year: President, T. Salter Tredick; clerk and treasurer, Jos. H. Foster; trustees, Commodore C. W. Pickering, Hon. Daniel Marcy, Rev. Charles E. Holbrook, John Hatch, Esq., Rev. H. E. Hovey, Rev. W. A. McGinley, Jos. H. Thacher, Dr. Francis E. Langdon and Edward P. Kimball. The last three names have been added to the trustees this year. The interest in the Home is undiminished, and there is evidence of a public appreciation of the good work being done by this charity.

The eighth lecture in the illustrated course by Rev. John A. Goss will be given in the Court street Christian church on Sunday evening at 7:30 o'clock. Subject, "The Prodigal Son—second part; or, the three upward steps."

The third temperance lecture in the Good Templars' course will be given by Rev. J. D. Waldron in the Pearl street church, on Sunday evening at 7:30 o'clock.

No services in the Universalist church to-morrow.

The schooner Estella, which wintered at the wharf of Littlefield's wood yard, inside the Noble's island bridge, is being recalked, and will be ready for sea when the ice breaks up in the upper Piscataqua so that she can get a load of bricks from the yards there.

Capt. Drew, of the steamer Ann, is at work getting the tug ready for the season's work, if the season of work on the upper Cocheco ever commences. The coal barge belonging to the steamer has been strengthened by knees placed at the bends aft, and she is now in good condition for transportation of coal to Dover.

The Portsmouth schooner Clara E. Simpson, Hontvet master, arrived at Baltimore on Wednesday, March 25th, from this port.

The schooner George Bird, Gray master, arrived from Elizabethport, N. J., on Friday, with 327 tons of coal to J. Albert Walker.

The annual meeting of Winnicut Lodge, A. F. & A. M., was held at Masonic hall, Greenland, Thursday evening, and the following officers were chosen for the ensuing year: W. M., James Drew, S. W., Arthur H. Cragg; J. W., Woodbury B. Frisbee; Treasurer, Wm. H. L. Brackett; Secretary, Ernest Holmes; S. D., John Hatch; J. D., Frank L. Whidden; S. S., Alex. S. Brown; J. S., Jeremiah C. Shaw; Chaplain, Arthur Hoyt.

A delegation from St. John's Lodge of Masons, of this city, went to Kittery on Friday afternoon to attend the funeral of the late Sailmaker Augusts A. Warren, U. S. N., who was a member of that lodge.

The schooner Satellite went on the marine railway at Kittery on Friday.

Patrick J. Rellihan, editor of *Ireland's Liberator* of New York, has been sent to prison for two months for criminal libel against Patrick Ford of the *Irish World*.

"Rough on Coughs."

Ask for "Rough on Coughs," for colds, coughs, sore throat, hoarseness. Troches. 15c. Liquid, 25c.

In the Illinois legislature, March 26th, Gen. Logan received 101 votes for United States senator, the democrats not voting.

Thin People.

"Wells' Health Renewer" restores health and vigor, cures dyspepsia, impotence, sexual debility. $1.

Warren S. Barrows was nominated for postmaster at Hinsdale, and Samuel W. Cobb for postmaster at Hanover, on March 26th.

"Rough on Pain."

Cures colic, cramps, diarrhœa; externally for aches, pains, sprains, headache, neuralgia, rheumatism. For man or beast. 20 and 50c.

John Benson, a Lebanon, Pa., lawyer, has fled, and is a defaulter to the extent of $25,000, mostly trust funds.

Mothers.

If you are failing; broken, worn out and nervous, use "Wells' Health Renewer." $1. Druggists.

It is suggested to induce James Russell Lowell to remain in England by offering him a professorship in the Oxford university.

"Gentle Spring."

Among spring preparations, do not neglect that which is most important of all—your own body. During the winter the blood absorbs many impurities, which, if not expelled, are liable to break out in scrofula or other disease. The best spring medicine is Hood's Sarsaparilla. It expels every impurity from the blood, and gives strength to every function of the body. Sold by all druggists.

The Maryland Civil Service Reform association has presented to Secretary Manning the record of Appointment Clerk Higgins, and a request for his dismissal.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute." So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

It is said that not only was the unfortunate Fannie Lillian Madison a relative of the presidential Madison family, but Thomas J. Cluverius, now under arrest at Richmond, Va., charged with her murder, is the grand-nephew of President Tyler. The brother of President Tyler had a daughter who married the overseer of his plantation, and the son of this couple was Cluverius, the alleged murderer.

Where's the sense in spending money for a doubtful affair, when a sure and reliable thing is offered? Hop Porous Plasters for all aches, pains and soreness. The greatest strengthener known. 25c.

The commander of the U. S. S. Yantic, which was to have sailed for Livingston from Key West on March 26th, having taken an extra supply of coal and provisions, received telegraphic instructions late the previous night to defer his departure until further orders. A detachment of sailors and marines, with side arms and a gun, were drilling in the streets on the 26th.

Have you these dangerous symptoms,—cough, pain in the side or breast, fever, short breath, night-sweats, tickling, rising, or soreness in the throat, diarrhœa, nervous debility, asthmatic bronchial affections? if so, use at once Adamson's Cough Balsam.

The universal desire to hold some office is well sustained in a South Carolina town, where there are fifteen applicants for the position of postmaster at a salary of $12 a year. The monetary considerations cannot account for the number of applicants, and it must be due to destroying ambition.

Ladies' Weaknesse

Mr. T. H. Gaffard of Church Hill, Md., is so thankful for the restoration of his wife to complete health that he is willing to certify to the fact and manner of her cure. To Mrs. Lydia E. Pinkham. This is to certify to the grand effects of your Vegetable Compound. My wife was suffering from a terrible disease which seemed to baffle the skill of the best medical men. She was in a poor, languid, depressed, nervous condition. We finally concluded to try your Vegetable Compound, and to our great surprise the half of one bottle had not been taken before there seemed to be a thorough change in her whole condition, and now to-day she is in good health and entirely relieved from all former depressed feelings.

T. H. Gafford and wife.

Aquila Jones, Mr. Hendricks' candidate for postmaster of Indianapolis, Ind., has been appointed to the position.

—"Madam, can you tell me why two women stop in the middle of a street-crossing to talk?" "I suppose they do it for the same reason that a man rushes at the top of his speed to get across the track in front of a train of cars, and then stands and watches the train go by." The gentleman changed the subject.

HUDSON RIVER R. R.

Conductor Melius Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for Indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS, 69 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeReyere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches*. I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREYERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is used in almost every hamlet in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Advice Matrimonial.

A married and experienced friend tells us that a man should alwas be a little bigger than his wife, and a little older, a little braver, and a little stronger, and a little more in love with her than she is with him.

A woman should always be a little younger, a little prettier and a little more considerate than her husband. He should bestow upoh her all his worldly goods, and she should take care of them. He may owe her every care and tenderness that affection may prompt; but pecuniary indebtedness to her will become a burden. Better live on a crust of bread that he earns than on a fortune that she has brought him.

Neither must be jealous, or give the other cause for jealousy. Neither must encourage sentimental friendships with the opposite sex. Perfect confidence in each other, and reticence concerning their mutual affairs, even to members of their own families, is a first necessity.

A wife should dress herself becomingly whenever she expects to meet her husband's eye. The man should not grow slovenly even at home.

Fault-finding, long arguments, or scoldings, ends the happiness that begins in kisses and love-making. Sisters and brothers may quarrel and "make it up." Lovers are lovers no longer after such disturbances occur, and married people who are not lovers are bound by red-hot chains. If a man admires his wife most in striped calico, she is silly not to wear it

Senator Vest has received a letter signed Evarts. It is from the old hunter and trapper who discovered the Yellowstone park, and who says he has no political predilections, and doesn't want any, and that he doesn't know twenty people in the United States, and doesn't want to know any more. But he does want the senator to get him the place of superintendent of the park.

CANCER FOR MANY YEARS.

A family servant has been afflicted for many years with a cancer on her nose, and was treated by some of the best physicians, and the old remedies used without benefit. Finally we gave her Swift's Specific and she has been completely cured. JOHN HILL, Druggist, Thomson, Ga., August 16, 1884.

Nose Eaten Off!

John Naves, a young man near here, had a cancer on his face which had eaten away his nose and part of his cheek, and was extending up to his eyes. As a last resort he was put on Swift's Specific, and it entirely cured him. His face is all healed over with new flesh, and his general health is excellent. His recovery is wonderful. M. F. HOSTETTER'S CELEBRATED STOMACH BITTERS

The fittest subjects for fever and ague, and remittents, are the debilitated, bilious and nervous. To such persons, Hostetter's Stomach Bitters affords adequate protection by increasing vital stamina and the resistant power of the constitution, and by checking irregularities of the liver, stomach and bowels. Moreover, it eradicates malarial complaints of an obstinate type, and stands alone unequalled among our national remedies.

A meeting of prominent citizens of New Orleans was held last Thursday night to consider the organization of a vigilance committee, on account of the continued failure of the municipal authorities to police the town, clear the streets, or arrest the hordes of malefactors who nightly commit crimes of every sort. There are five murderers in jail awaiting the governor's action in fixing the date of their execution, and twenty-five others accused of murder are awaiting trial.

Randall vs. Hendricks.

The utter lack of dignity displayed by the vice president in his attempt to control patronage under the present administration is equalled only by his apparent lack of either the capacity or inclination to appreciate the severe rebuffs he has received from the Commander-in-Chief. In the designation of a naval officer to be made chief of the bureau of yards and docks, Mr. Hendricks wanted his friend and neighbor Capt. Geo. Brown of Indiana, while the Pennsylvania statesman advocated the selection of Capt. David B. Harmony of Pennsylvania. The president has no idea of placing patronage at the command of Hendricks, as it may be uncomfortable four years hence to have his Indiana rival with too heavy sinews of war in a convention which may nominate a democratic candidate for the presidency, and so he deemed it better to have "harmony" in the department. The result is, as usual, a signal triumph for Mr. Randall, and a correspondingly depressing defeat for the tail of the ticket, who will now all the more urge candidates for other places, for the reason that he has as yet had nothing done for him. Mr. Hendricks seems to ignore the time-honored principle in presidential practice that the vice president has no influence with the administration, though the men who pinned their faith upon his powers as a possible dispenser of patronage, have to their cost made the discovery.

The Central American War.

A despatch of March 27th, dated La Libertad, San Salvador, says "The war has become an actuality. The forces of Honduras and San Salvador have come into collision, and several skirmishes have occurred. The armies of Guatemala and Honduras are acting in harmony, and are now confronting the forces of San Salvador. Active measures are being taken by San Salvador, Nicaragua and Costa Rica to protect themselves against the revolutionary scheme of President Barrios; on March 25th an alliance, defensive and offensive, was formally entered into by these three states, and arrangements were perfected for putting an effective force into the field. San Salvador, whose territory is most threatened, takes the leading place in this alliance. She will put her whole army into the field, Nicaragua will provide 4000 men, and Costa Rica sends 2000. Costa Rica at the same time contributes $100,000 toward the expenses of the war. President Zaldivar, of San Salvador, will assume the chief command of the allied forces; President Cardenas, of Nicaragua, will be second in command; and Gen. Soto, of Costa Rica, will probably take the third place."

"Fish Of"

The fish commissioners of New Hampshire announce that they have at the state fish-hatching house at Plymouth 400,000 Penobscot salmon eggs, 180,000 land-locked salmon, 200,000 speckled or brook trout, 65,000 speckled or brook trout at Sunapee, 20,000 Mackinaw trout, 5000 Lock-Levan trout, Scotland, 200,000 white fish, making a total of 1,070,000. The young fry will be ready for distribution in the months of April and May. Towns desiring so restock brooks and ponds will make early application to the fish and game commissioners.

Fast Day Proclamation.

It is a duty we owe our Heavenly Father, who has so kindly guided us in times past, that we turn aside from our usual employments on an appointed day and humble ourselves before Him, confessing our sins and imploring His compassion and blessing. With the advice and consent of the Executive Council, I do therefore recommend that Thursday, the 16th day of April next, be set apart by the people of our state as a Day of Fasting and Prayer, and that, assembling in the house of God, we earnestly seek Divine mercy and favor.

May it please Him to grant unto us the continuance of life and health, and the return of abundant harvests; to preserve our people in the enjoyment of the blessings He has bestowed; to sustain the poor and relieve the distressed; to spread the knowledge of all things good and useful, and awaken the love for charity, purity and truth.

May we be led to respect our laws, honor our institutions, and labor for the welfare of our state and nation; thus shall we ensure the blessing of God upon our country for future generations.

Given at the council chamber in Concord, the 25th of March, in the year of our Lord one thousand eight hundred and eighty-five, and of the independence of the United States of America the one hundred and ninth.

SAMUEL W. HALE.

By His Excellency the Governor, with the advice and consent of the council.

A. B. THOMPSON, Secretary of State.

The Windsor house at Randolph, Mass., was badly damaged Friday morning by an explosion of dynamite or nitro-glycerine. This is supposed to be the result of the trouble between striking and non-union shoemakers. Several of both classes boarded at the Windsor, and up to a few days ago, when the strikers left the house the presence of policemen had been necessary to prevent a conflict. The "scabs" all remained in the house when the policemen were withdrawn. The explosion, which shattered the whole front of the building, occurred at 4:30 A. M., and the strikers are suspected of being the perpetrators.

Mr. Editor: Why should not fire departments generally prove as efficient as one of our private organizations? On the 27th inst. it so happened that while some gentlemen were visiting the Eldredge Brewing Co.'s works, it occurred to them to ask Mr. Newick, the courteous brewer, to give them an exhibition of the alacrity of the brewery fire department; no sooner asked than done, and in exactly fifty-nine seconds the visitors were astonished to see a stream thrown from the nozzle, thus giving every assurance that danger from fire had been reduced to a minimum under this superior management.

OBSERVER.

Mr. James F. Jenness, whose death on Friday last has been announced, died on the 47th anniversary of his birth.

According to the Second Adventists of Concord the world will come to an end on the 19th of May; the precise hour, if fixed, is not yet announced. There is after all some consolation in this. It will save the state the cost of a long session of the legislature, which otherwise would begin in early June, at the daily drain of a thousand dollars on the state treasury.

A man never begins to find out out how little he knows about domestic matters until his wife asks him to keep his eye upon the baby and at the same time to see that a pan of melted butter is kept stirred, while she goes into the attic to look through her rag-bag.

An Artistic Humorous Gem.

The Baltimore *American* says: The choicest selection of copyrighted American humor and one which will delight every reader is now being distributed free throughout America. Nearly all the humorists and comic artists of the country are represented in it, among them "Bill Nye;" Robert J. Burdette, Burlington *Hawkeye;* F. H. Gassaway, "Derrick Dodd," San Francisco *Post;* C. B. Lewis, "M. Quad," Detroit *Free Press;* Stanley Huntley, "Spoopendyke;" Opie P. Reid, *Arkansaw Traveller;* R. K. Munkittrick of *Puck*, and others. The book in question is the unique annual literary production of the Charles A. Vogeler Co., of this city, and is styled the "St. Jacobs Oil Family Calendar and Book of Health and Humor for 1885." While it has been gotten up primarily for advertising purposes, it is so replete with original matter free from advertising reference that the business feature is almost a secondary one. Twelve million copies are issued for gratuitous distribution, being delivered from house to house in large cities, and in smaller towns furnished through the medium of druggists. It has been printed in a number of languages and for different countries. The press of Great Britain and Australia is unanimous in praising the merit and originality of of its contents. The illustrated sketches are interspersed with testimonials as to the merits of the wonderful pain-cure, St. Jacobs Oil, the only remedy which received gold medals at the World's Fairs of Australia, India and other countries. The Red Star Cough Cure, a new discovery in medicine, has also space devoted to it. Boards of Health of large cities, eminent medical authorities, analytical chemists, chief officers of state and municipal governments have all testified not only to the curative effects of this remedy, but also to its freedom from narcotics, opiates and poisons, which enter so largely into the composition of old-time preparations. The former editions of this little book were very attractive, but in the present instance both publishers and contributors seem to have determined that they would give the country all that is brightest and best in American humor.

COAST AND GEODETIC SURVEY OFFICE, WASHINGTON, D. C., March 26th, 1885.

A survey recently made by Lieut. Comdr. W. H. Brownson, U. S. N., assistant coast and geodetic survey, commander of the steamer Blake, has developed in the main ship channel south of Great Round Shoal, numerous isolated shoal patches with a least depth of seventeen feet. The light-house board having buoyed the channel, the following directions are given for entering: Bring Sankaty Head light to bear S. W. ¼ S. and steer for it until Nantucket light bears W. ¼ N.; head for this light on the course given until past the range of Shovelful light vessel with Monomoy Point light, when head for Handkerchief light vessel on a N. W. ½ W. course; continue on this latter course for about three miles, or until Nantucket light bears S. W. by W. ¼ W., when take a mid channel course of W. N. W. ¼ W. for Cross Rip light vessel. The least depth of water on these sailing lines at date of survey was 5½ fathoms.

WHY HE DIDN'T APPEAR.

Dr. E. B. Goodall, who was the projector of the lecture entertainment which was not given in the North church on Thursday evening of last week, on Saturday received from Rev. Joseph Cook a letter explaining his non-appearance on that occasion, the blame resting with the Redpath Lyceum Bureau, which failed to notify Mr. Cook of his engagement here. The reverend gentleman enclosed in his letter a card from the bureau, entirely exonerating him from any fault in the matter. Dr. Goodall will communicate directly with Mr. Cook next time.

ALABAMA CLAIMS AWARDS.

In the Court of Commissioners of Alabama Claims, March 26th, decisions were announced in a number of cases, among them being the following:

No. 2618. Judgment heretofore entered in this case on the 2d day of March, 1885, and affirmed except as to Moses A. Safford, administrator, etc., on the 9th day of March, 1885, is vacated, and judgment is rendered as of the 2d day of March, 1885, nunc pro tunc as follows: William B. Trask, administrator, $1017; William H. Hackett, administrator, $508; Ellen P. Fernald, administratrix, $1017; Joseph A. Walker, administrator, $1017; Nancy J. Knowlton, executrix, $508; Abby F. Harrat, executrix, $508; Joseph A. Walker, administrator, $508; Sarah A. Stone, executrix, $1017; Samuel Adams, $254; Geo. W. Pendexter, $1017; with interest at four per cent from Feb. 28th, 1864.

BARGAINS IN DRY GOODS.

On our first page will be found an advertisement—not easily missed by any one who even glances at the paper—of interest to all who are in need of anything in the dry goods line. Our readers are well aware that Mr. George B. French's store on Market street is one of the largest and most heavily stocked establishments east of Boston, and his advertised prices compare favorably with those of any house at the Hub; besides which, purchasers here have the advantage of a personal examination before buying, and thus knowing exactly what they are going to get for their money, which is by no means always the case when they send to other cities in response to alluring advertisements. All that Mr. French asks is that persons in want of anything in his line will examine his goods and learn his prices before sending out of the city—then they won't send. Ladies, read his spring letter.

"TURN THE RASCALS OUT."

Editor of Chronicle: Allow me to suggest in reference to your item about the English sparrow nuisance, in Saturday's paper, that these birds can be kept out of the martin and blue-bird houses with a little trouble. Anyone who have such houses in their trees or on their barns, with a long pole can drive the sparrows away, and reserve the boxes for their rightful owners. The bamboo fishing-rods, such as can be bought at any hardware store, are the best for this purpose—and no one who loves music better than discord for his spring entertainment, will grudge a few cents and a little pains. NATURALIST.

Roller skaters in particular should remember the benefit entertainment tendered Mr. Fred. L. Ham by the management of the Portsmouth rink, this evening, when besides general skating, there will be as a special attraction a "ring tournament" open to all, with a heavy and valuable gold ring as the prize. Prices as usual.

Tony Denier's always pleasing pantomime company is to appear at Music hall on Tuesday evening, and will no doubt be greeted by a large audience. The Bloomington News says: "Tony Denier's 'Humpty Dumpty' never fails to draw a large house in Bloomington. It drew last night. Toney Denier never disappoints an audience. He did not last evening. C. W. Ravel is the same old clown-ish pole star in the midst of a constellation in which few shine with modified brilliancy. Gleason and his performing dogs are far above criticism.

The ice on the north pond was broken up as far westward as the roundhouse, Saturday, and a large quantity of it went out with the tide, the gates being lashed open. Hundreds of gulls were in the pond Saturday.

Persons who last week had occasion to pass the former location of the buildings recently removed from the corner of Washington and Court streets, noticed with admiration the excellent chance for somebody to break a leg or a neck by tumbling into a cellar from the sidewalk, through a misstep in the dark or a slip-up in the daytime, there being no fence nor protection of any kind around the chasm or beside the walk. In case of such an accident happening, we are not sure whether the city or the owner of the premises would have to foot the bills.

The Christian Shore Rangers and Green Street Hoodlums had a game of base ball on Flagstaff hill at the Shore on Saturday afternoon, and the Green Streeters won by a score of sixty-one to twenty-four. The Rangers say the scoring, which was done by a Hoodlum, was extremely erratic, and would not pass muster at a league game.

One of the prizes offered by The Century company for a story for girls for the *St. Nicholas* magazine, to be written by a girl, has been awarded to Sallie Whittier Hovey, daughter of Rev. H. E. Hovey of this city. There were over five hundred stories sent in, and Miss Sallie received the third prize for her story, entitled "Nothing But a Girl."

The modification of the barricades in front of the Rockingham house, by means of which passers-by can keep on the sidewalk, is especially appreciated during the season of bad street traveling.

Mrs. Whipple's return to Portsmouth is a source of congratulation alike to residents and visitors of our city. We sincerely trust that with such inestimable advantages as the home to which Mrs. Whipple will welcome her guests will ever possess, there may be a correspondingly deserved appreciation.

On the night when Mr. John O'Brien's barn was burned, some weeks ago, George E. Stover and another man were promised by Mr O'Brien that they should be paid if they would work a small pump to aid in saving his house; and the next morning, in the insurance office of Morse & Ilsley, Stover was paid $5, for himself and the other man. This other man Mr. O'Brien at the time understood was Mr. Oliver Locke, but has since learned that it was not so; and the story having got around that Mr. Locke demanded pay and was paid for his services, Mr. O'Brien requests us to say that through Mr. Locke rendered invaluable assistance he neither received nor asked for any compensation.

The Gerrish grocery, which for so many years has kept the old stand on Market square, is to be removed to Market street, opposite the head of Bow street, in Kimball's building. The manager generally is shrewd enough to advertise his whereabouts as well as his wares, and customers will find him.

We hear that a new millinery establishment is to open in Waldron's block, Congress street, shortly.

A small child of Mr. O. H. Cook on Saturday climbed up in a high chair after sugar, and fell, sustaining a fracture of one collar-bone.

A small boy, son of Mr. John P. Tibbetts, came very near being drowned on Saturday by breaking through the ice on the south pond. The little fellow was caught when about going down for the last time, by a young man whose name is given us as Jack Sullivan, and whose promptness and humane courage in hastening to his aid undoubtedly saved the boy's life.

Fire was discovered in a closet of the Cate house on Pleasant street, Saturday forenoon, and caused considerable excitement in the vicinity for a short time, but was extinguished with slight damage, and without a general alarm being given.

Sunday last was Palm Sunday, the beginning of Passion Week. Next Friday will be Good Friday, and next Sunday will be Easter.

A petition to the administration asking the reappointment of Mr. Howard M. Curtis, postmaster at Newcastle, was being circulated on Saturday.

All the live stock, farming utensils and household furniture on the town farm at Greenland will be sold by auction on Tuesday, the 31st inst., by order of the selectmen. The live stock consists of ten cows, two horses, two hogs, and a lot of hens, the farming utensils including carts and wagons, ploughs, mowing machine, etc.

Squire Hodgdon, in the police court the other day, asked a rather heavy-headed witness whether the accused stood on the defensive. "No, sir," replied the innocent testifier, "he stood on the sidewalk."

The republicans of Kittery held their caucus in Armory hall at the Foreside on Friday evening, and nominated candidates as follows to be supported at the polls on Monday, March 30th: Moderator, Calvin L. Hayes; town clerk, Denis M. Shapleigh; selectmen, Franklin H. Bond, Frank Bartlett and Mark C. Fernald; treasurer, Jesse E. Frisbee; agent, Jethro H. Swett; collector, P. M. Langton; school committee, (for three years,) Rev. J. W. Webster; health officer, Dr. M. F. Wentworth; auditors, William A. Fernald and Isaac D. Phillips; constables, Perry C. Moore, Daniel H. Nason, Nicholas E. Spinney, Cedric Laighton and Thomas J. Billings.

Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR: I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELINS.
69 Harrison Street.
That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. Bestwerp, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community.
TARRYTOWN, N. Y., Feb. 22d, 1884.
Dr. D. Kennedy, Rondout, N. Y.:—
DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches*. I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.
DR. KENNEDY'S FAVORITE REMEDY is not confined in its sphere of usefulness to one state or locality, but is hailed as a boon by hundreds in every state, as the following letter from Millville, N. J., will show:
MILLVILLE, N. J.
Dr. David Kennedy, Rondout, N. Y.:—
DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulting various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.
As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Life Preserver.

If you are losing your grip on life, try "Well's Health Renewer." Goes direct to weak spots.

Joseph Keough, aged twenty-three years, was instantly killed in Greenville, Me., March 25th, by a tree falling across his back.

The Hope of the Nation.

Children, slow in development, puny, scrawny and delicate, use "Wells' Health Renewer."

Mrs. Zipporah Davis, who died at the age of 100 years, one month and fifteen days, was buried at New Haven, Conn., March 25th.

Catarrh of the Bladder.

Stinging, irritation, inflammation, all kidney and urinary complaints, cured by "Buchu-Paiba." $1.

A. H. Adams of Holliston, Mass., fell from a train at South Framingham, last Thursday night, fracturing his skull and losing a leg.

"Rough on Pain" Plaster;

Porous and strengthing, improved, the best for backache, pains in chest or side, rheumatism, neuralgia. 25c. Druggists or mail.

The selectmen of South Abington, Mass., at a recent meeting voted to grant no license. The town at its March town meeting voted for license, 220 to 114.

Physic is necessary at times for biliousness, costiveness, etc. Use Dr. Arnold's Bilious Pills. 25c.

Reuben De Morainville, who has been addicted to drink, was found dead in the woods in East Taunton, Mass., Thursday. Alcoholic poisoning is the supposed cause.

House wives, shop girls and sales women all suffer more or less from weak back and sideache. Apply a Hop Porous Plaster and get instant relief. A famous strengthener. 25c, druggists.

John Sullivan, of Lake Village, was arrested last Thursday and sentenced to jail for two months, for non-appearance before the grand jury after having been summoned.

Ladies, be very cautious how you tamper with samples of the many vile counterfeits offered you, which may prove very damaging to the fabric and hands; and instead of these similar appearing packages, be sure to get the only harmless article for laundry and kitchen use, the original James Pyle's Pearline. Sold by all grocers.

Wilson Elmer committed suicide by hanging in his barn at South Ashfield, Mass., March 25th. He was a widower, aged seventy-four, and despondent since his wife died a year ago.

Charles Cosgrove!

Who has not been able to attend to his business for years, was interviewed by our reporter yesterday, and says. For years I was troubled with Bright's disease of the kidneys. The doctors gave me up. Through an eastern friend I obtained a bottle of Sulphur Bitters. I took five bottles and now I am almost well. Heith sells them.—*San Francisco Call.*

In the Newburyport police court, last Thursday, Nicholas J. Dean of Salem, charged with embezzling $531 from John Muldoon, after a four hours' hearing was discharged by the court.

Wintry Winds.

It's all right for poets to sing the praises of the beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in flannels, and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney-Wort to act as a cathartic, for nothing will so quickly relieve that congestive, feverish condition which comes of a hard cold. Often these colds cause bilious attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kidney-Wort can be relied on to bring back a healthy condition.

Edwin W. Everson, a jeweller who mysteriously disappeared from Ashland, Mass., on March 19th, has not been heard from since, and considerable anxiety is felt by his friends.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites.
Is Remarkable as a Flesh Producer.

The increase of flesh and strength, is perceptible immediately after commencing to use the Emulsion. The cod liver oil emulsified with the hypophosphites is most remarkable for its healing, strengthening, and flesh producing qualities.

Two woodsmen who were near Cadillac, Mich., last Thursday, on snowshoes, found an Indian camp on Pine river, in the southwestern part of the county, with only one Indian girl as the survivor of seven. She had been four days without food. The men took her to the nearest settlement, and buried the other six bodies in the snow. They were a wandering band of Ottawas; the snow was too deep to permit them to hunt, and they were too weak to travel.

London Hair Restorer—Great English Toilet Article. Restores growth, color, gloss, and softness. Removes dandruff. Aristocratic families of Great Britain endorse it. Elegant dressing. Fragrantly perfumed. The favorite of fashion. At Druggists for 3s 1½d, or 75 Cts. in U. S. money.

Hanlan Defeated.

Hanlan, the famous oarsman, was defeated on the Paramatta river at Sydney, New South Wales, March 28th, by Beach, the colonial champion. The latter won by six lengths. Twenty thousand persons saw the race. The excitement was tremendous, and the people almost killed Beach with congratulations. Hanlan was also cheered. The news of Hanlan's defeat caused great surprise in New York.

For Weak Women.

Mrs. Lydia E. Pinkham: "About the first of September, 1881, my wife was taken with uterine hemorrhage. The best styptics the physician could prescribe did not check it and she got more and more enfeebled. She was troubled with Prolapsus Uteri, Leucorrhea, numbness of the limbs, sickness of the stomach and loss of appetite. I purchased a trial bottle of your Vegetable Compound. She said she could discover a salutary effect from the first dose. Now she is comparatively free from the prolapsus, stomach's sickness, etc. The hemorrhage is very much better and is less at the regular periods. Her appetite is restored, and her general health and strength are much improved. We feel that we have been wonderfully benefitted and our hearts are drawn out in gratitude for the same and in sympathy for other sufferers, for whose sakes we allow our names to be used." C. W. Eaton, Thurston, N. Y.

A Dover despatch of March 27th says: "John A. Welden, a sergeant in the salvation army, died here Feb. 21st, leaving a widow and four children in straightened circumstances. Capt. Thompson, commanding the army, prevailed upon the widow to postpone the funeral until the 29th, so that collections might be taken to defray expenses and for the benefit of the family. After the funeral Capt. Thompson paid to Mrs. Welden only $15, which she thought a very small amount, and she was further surprised by the presentation of an undertaker's bill for $85, which had not been paid by the army. It was pretty well known that Thompson's collections had been sufficient to pay all bills, and a lawyer was consulted. The latter called upon Thompson, and this afternoon that individual settled the bill. The matter has brought the army into bad odor here, and it is thought that they cannot remain here much longer."

East Kingston, N. H., Nov. 7, 1881.
A. S. Wetherell, Dear Sir:—Having suffered from scrofula for several years, I concluded to try your Sarsaparilla with Iodide of Potassium, and am happy to say that the scrofulous swellings are reduced. The impurities of the blood were freely eliminated through the surface of the body. After taking six bottles I can sincerely say that I consider Wetherell's Sarsaparilla a great blood purifier. Am glad to recommend it to all who wish a reliable medicine.
Yours Truly, Fred E. White,
Pastor of M. E. Church.

Michael Brennan, on trial last week in the supreme court at Manchester, for the larceny of a horse, buggy and harness from Milton Tenny of Antrim, has been found guilty and sentenced to five years' hard labor in the state prison. The case of Dolphois Benoit vs. the city of Manchester, resulted in a verdict of $1500 for the plaintiff; the action was for damages sustained by plaintiff from a fall occasioned by a defective sidewalk.

The Root of the Evil.

To thoroughly cure scrofula it is necessary to strike directly at the root of the evil. This is exactly what Hood's Sarsaparilla does, by acting upon the blood, thoroughly cleansing it of all impurities, and leaving not even a taint of scrofula in the vital fluid. Thousands who have been cured of scrofula by Hood's Sarsaparilla, testify to its wonderful blood-purifying qualities. Sold by all druggists.

Lieut. A. P. Osborn has been ordered to the training-ship New Hampshire.

Ex-Gov. Glick of Kansas, who wants to be commissioner of agriculture, has one of the largest stock farms in his state.

He Told the Truth.

I was troubled with liver complaint for years, and suffered terribly. Lake the druggist advised me to take Sulphur Bitters. I took three bottles and now I am well.—L. Fenner, Waterbury, Conn.

Charles E. Merrill, late sergeant of the salvation army, and his hallelujah wife Alva, were arrested in Newburyport, Friday, for stealing clothing and other articles from the home of Capt. Ramsell of the army. A portion of the stolen goods was recovered. Sergt. Merrill was a witness in a recent police court case, and in reply to counsel as to his conversion stated that he was saved and that there was no doubt about it.

Mothers, teething and fretful children need Dr. Arnold's Soothing & Quieting Cordial. Druggists. 25c.

The Rochester Roller-Skating club is a thing of the past. At their late meeting they disbanded, and divided the skates among the members. The club has had many social and pleasant times, but lack of interest diminished the attendance, and they were obliged to wind up.

I am cured of catarrh and deafness by Ely's Cream Balm. My aunt was deaf in one ear. After using the Balm a few times her hearing was restored. F. D. Morse, Insurance Broker, Elizabeth, N. J.

Not a liquid or snuff.

We recommend Ely's Cream Balm where a cure for catarrh is called for, and consider that we are doing the public a service by making its virtues known to those afflicted with this loathsome disease, for which it is in most instances a perfect cure. Peck Bros., Druggists, Grand Rapids, Mich. Price 50 cents. See adv.

Near Wadesboro, N. C., on a recent evening, an Irish tramp called at a house occupied by two ladies, and asked for lodging. They at first refused his request, but finally agreed to lock him in a closet where he was to remain all night. About twelve o'clock the ladies were awakened by a negro who had come into the room. He threatened to kill them if they made an outcry, and demanded money, which one of the ladies said she would get. She then went to the closet and unlocked the door, when the tramp, who had heard the whole conversation, sprang out, pistol in hand. The negro started to run, but the tramp fired, killing him instantly. Shortly after it was discovered that the supposed negro was a white man who had blackened himself and invaded the house. He was recognized as a near neighbor of the ladies.

Human Calves.

An exchange says:—"Nine-tenths of the unhappy marriages result from human calves being allowed to run at large in society pastures." Nine-tenths of the chronic or lingering diseases of to-day originate in impure blood, liver complaint or biliousness, resulting in scrofula, consumption (which is but scrofula of the lungs,) sores, ulcers, skin diseases and kindred affections. Dr. Pierce's "Golden Medical Discovery" cures all these. Of druggists.

The territory of Dakota, says the Fargo *Argus*, pays more revenue to the post-office department than any one of thirty-two states of the union, and has a population as large as Nebraska, or Connecticut, and nearly twice as large as Vermont and Florida. It boasts 2500 miles of railway, 2000 schoolhouses, and 275 newspapers, or more periodicals than any New England state except Massachusetts. And yet Dakota cannot get admitted to the union as a state, because it is a republican territory.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute." So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

The "people's party" of New Haven, Conn., has expelled Judge Birdsall, and resolved that Ben. Butler has outlived his usefulness.

Pure blood is absolutely necessary in order to enjoy perfect health. Hood's Sarsaparilla purifies the blood and strengthens the system.

HOSTETTER'S CELEBRATED

STOMACH BITTERS

The fittest subjects for fever and ague, and remittents, are the debilitated, bilious and nervous. To such persons, Hostetter's Stomach Bitters affords adequate protection by increasing vital stamina and the resistant power of the constitution, and by checking irregularities of the liver, stomach and bowels. Moreover, it eradicates malarial complaints of an obstinate type, and stands alone unequalled among our national remedies.

Gen. Grant's Condition.

It was reported in this city on Monday afternoon about five o'clock that Gen. Grant was dead, similar reports prevailing in Boston, New York and Washington. Later the telegraph brought news that he was not dead, though probably dying.

The Cholera.

A disease closely resembling cholera has broken out in San Felipe de Jativa, province of Valencia, Spain, and fifteen persons died in twenty-four hours. The people of Valencia are panic stricken.

Barque Sontag arrived at Salem, Mass., March 20th, from Chittagong Nov. 26th. She lost two men on the voyage from cholera.

Wars and Rumors of Wars.

Active preparations are making to get all the available cruisers and ironclads belonging to the British navy into condition for active service as soon as possible. It is known that the destination of these vessels is the Baltic sea and the Black sea, entrance to the latter, however, being conditional on the assent of Turkey.

It was reported on March 30th from Europe that there was still hope that war between England and Russia would be averted, but England continues to push war preparations; the Alaska, Oregon and other fast ocean steamers have been chartered, for armed transports. It is hinted that Italy may side with England, in case of war with Russia.

The Chinese on March 28th after desperate fighting drove the French from Langson, badly wounded Gen. Negrier, captured a large quantity of stores, and caused a French loss of 1200 men. Gen. L'Isle calls urgently for reinforcements. The greatest excitement prevailed in Paris on the 30th, and the entire Ferry ministry resigned. The French people demand a vigorous war against China.

Advices of the 30th from the city of Mexico reported the active drilling of troops, preparatory to taking part in the Central American contest. The U. S. S. Wachusett has been ordered from Panama to La Union, San Salvador.

The British forces have evacuated Kordi; the Australian troops have arrived at Suakim. A new prophet, "El Santonai," has set up business near Omdurman, and is drawing largely from El Mahdi's forces.

A collision has occurred between the rebels and the government forces in Manitoba. Twelve of the latter were killed and eleven wounded. The loss of the rebels is unknown. The government is forwarding reinforcements. Riel's forces forced the Dominion troops to evacuate and destroy Fort Carleton. The rebel Indians and half-breeds under Riel were expected to attack Battle Ford on March 30th.

A Dolphin Striker.

Somebody has hinted to Secretary Whitney that possibly John Roach, the patriotic contractor who with so much regard for economy in the administration of the affairs of this great nation is willing even without mentioning the matter of profit, to build all ships required for the navy, and equip them too, for aught we know, has been over-paid on his contract for the dispatch boat Dolphin, and that there must be another trial of speed before the final payment for the vessel shall be made. A Washington paper states that

> The friends of Mr. Roach claim that he has fully complied with the terms of the contract; that he gave a trial of the Dolphin which has been pronounced satisfactory by the naval advisory board, and that he can enforce his claim by law, if necessary. The law says the contractor shall receive his last payment when the terms of the contract are complied with, and the question will be whether his contract binds him to make the second trial trip demanded by Secretary Whitney.

Should Mr. Roach wish to try his hand at a suit before the court of claims, we recommend him to retain Mr. Wm. E. Chandler as counsel, at once, before the other side secures his services.

Of course, no one believes that Mr. Roach would receive, any more than the Ex-Secretary of the navy would pay, any amounts before they might become due on the contract, however elastic its provisions in this respect may have been constructed.

But the democrats, when they come into power, have a way of yielding to the suspicions of some of their friends that there may have occurred an approach to financial irregularity, on the part of their predecessors in office. This infection attacked the mayor of Portsmouth sometime since. For a good while past he has spent days and nights in the search for an imaginary error in the accounts of the disbursements made under Mayor Treat, with what success we know not.

At present, we incline to think the payments will be found to tally with the statements signed by his predecessor. But we are willing to wager what were *once* our best boots, now somewhat *passe* from the effects of what Mr. Longfellow described as the "long and dreary winter," that the result will be that in case of such a discovery the always virtuous democracy will with one accord, "when found make a note of."

In Manchester, when a wedding occurs, a full list of presents, with donors' names, is expected to appear in the *Mirror* of the day of the wedding! When the list, with the Jenkins-like description of the affair, does not occupy a whole column of that enterprising newspaper, the wedding is not regarded as of much account and better not be written up.

Much interest is felt over the action of the British authorities in the case of Robert Ireland, a noted bag-piper of New York city, who was decoyed across the line into Canada, there arrested as a deserter from the British army, and taken to England to be tried, though he has been five years a citizen of the United States.

President Arthur Sewall of the Maine Central railroad, Editor Bass of the Bangor *Commercial*, and D. R. Hastings of Fryeburg, have filed with Secretary Manning the papers asking that Gen. Samuel J. Anderson be appointed collector of customs at Portland. The other candidate is Bion Bradbury, whose papers were filed some time since. The matter will not be taken up by the secretary for some time to come, as Collector Dow's term is not out for nearly two years.

Life Insurance.

In spite of the unfavorable elements which were brought to bear against life insurance in general during the last year, the forty-first annual report of the New England Mutual Life Insurance Company shows that this excellent institution has increased in public confidence and favor. The present assets are $15,672,635.12, while the liabilities are $15,158,864.75, leaving a surplus of $513,770.37 to be distributed among the policy holders.

At this time, when the public is greatly excited by the uncertain fluctuations in business and investments, the following extract from President Stevens' annual report will be found of special interest. Speaking of life insurance as one of the surest methods of providing for the contingencies which are liable to arise, he says: "No better method was devised in the world's history to provide against the uncertainty and irreparable loss of a productive human life than the institution of Life Insurance; for destiny cannot be controlled, or the hazards of sudden death adequately guarded against.

Thus life insurance ranks among the greatest enterprises of the world; it is known among all people and classes; it is the resort of the prudent and the extravagant; the young and the mature; it is the only resource open to the man of moderate means, who is, by force of circumstances, deprived of saving for those who shall survive him after his weary journey is ended; it is a blessing, in material form, to the widow and orphan; in short, it affects all sorts and conditions of men. The conclusion cannot be avoided, that if the assumptions as regards mortality and interest, which constitute the basis of the law of life insurance, are strictly adhered to, the system must permanently stand, and it will become a monument of men's goodness toward and care for the welfare of future generations. Insurance upon lives, therefore, for the purpose of providing for families, must have a most *favorable influence upon the social and moral condition of the community* generally, so that a well-founded, well-conducted institution of this description is a subject of public interest, as its beneficial effects are at least equal to those of any public charitable or philanthropic institution; and these effects are produced without any donation, sacrifice or act of beneficence by the public or by individuals, being the natural and easy results of the spontaneous thrift, prudence and forecast of individuals in conducting their own concerns."

It is officially stated that Secretary Whitney, of the navy department, will arrive at Newport, R. I., in a few weeks, for the purpose of making a very thorough inspection of the naval training station, and to make definite arrangements for the establishment of the war college. The fact has been ascertained that the present administration is fully in sympathy with the late one in reference to the pushing forward the work of preparing the buildings on Coaster's Harbor Island for the college, and it is partly with that end in view that Secretary Whitney will soon visit Newport.

At the Wichita agency, Indian territory, March 23d, Frank Copeland, a cowboy, and John Foster, a half-breed scout, fought a duel with rifles at fifteen paces, and both fell dead, one shot through the head and the other through the heart. They were known as crack shots, and each had killed his man before.

In the trial of Ex-President Fish of the Marine Bank in New York, last week, Gen. Grant's evidence was read. He denied that he had known anything about the fictitious government contracts of Grant & Ward until after the failure.

The examination of Cunningham and Burton, the alleged dynamiters, was finished in London last week, and both men were committed for trial on a charge of treason-felony.

Jeff Davis is suffering from a return of his rheumatism, complicated with a breaking out of his old wound, which he received in Mexico thirty-eight years ago.

In Chili thirty-five miners were killed and thirteen dangerously injured by a coal mine explosion on March 27th.

An engineer of the navy recently appeared in a state of intoxication before a board of examination for promotion. The board decided that he had got up too much steam, and he will be tried by court martial.

Is so vastly superior to any other sarsaparilla or blood purifier, that one has well said: "Its health-giving effects upon the blood and entire human organism, are as much more positive than the remedies of a quarter of a century ago, as the steam-power of to-day is in advance of the slow and laborious drudgery of years ago."

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." R. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly protest all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and drive away with a healthy feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. For New England To-day:

Partly cloudy weather, local snows, slight changes in temperature.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 28 degrees above zero.

Snowing.

AT MUSIC HALL TO-NIGHT.

Tony Denier has always given a good show, and claims that his present company is the best he ever travelled with; if so, it is good indeed. At Music hall this evening. See advertisement.

NO SUPPLEMENTARY ELECTION.

The selectmen of ward three having taken legal counsel, have been informed that there is no vacancy in the office of representative from that ward. They are advised that the votes cast for Cronin, the unconstitutional candidate, are to be counted as blanks and therefore void; hence William Sladen, the republican candidate, received the only legal votes cast at the election, and will be seated by the legislature, he having no certificate of election. Cronin not having been elected could not resign, although he held a certificate of election; therefore, there being no vacancy, the selectmen have decided not to call a new election, there being no occasion for one.

KITTERY TOWN MEETING.

The town meeting at Kittery on Monday, March 30th, was the largest for many years, and there was much excitement and cutting of tickets. The candidates of the republican caucus were elected, the total vote being 451, of which the republicans cast 250 and the democrats 201, on the average. The meeting voted to raise $800 for the support of the poor; $2700 for district schools; $500 for a free high school; $2000 for repairs on roads in summer, and $1200 for breaking out of roads in winter.

The senate on Monday confirmed Samuel J. Gerrish to be postmaster of this city, Warren S. Barrows to be postmaster at Hinsdale, and Samuel W. Cobb to be postmaster at Hanover.

There was a good attendance of spectators and a very large attendance of skaters at the Portsmouth rink on Monday evening, on the occasion of Mr. Fred. L. Ham's benefit. In the tournament, the ring was carried off by Charles H. Chase.

The funeral of Mr. James F. Jenness took place Monday forenoon at 11:30 o'clock, Rev. Alfred Gooding, pastor of the South Parish, officiating. The services were attended by delegations of Knights Templar, Freemasons and Odd Fellows.

Humpty Dumpty at Music hall tonight.

The Dover *Democrat* has learned the following: "The Portsmouth cricket club has been reorganized, and will probably visit New York early in the season to try conclusions with several of Gotham's crack teams. The club is one of the best in New England."

Secretary Whitney of the navy has written a letter to the commandant of the Brooklyn navy yard, directing that Civil Engineer F. C. Prindle be restored to duty. This is a move in the right direction, and we hope it will soon be carried out at this yard, which has been without a civil engineer long enough, and has suffered far too much from the lack of such an officer's supervision.

A two-weeks vacation of the public schools commenced on Monday.

The pastor of the Unitarian church announced from the desk on Sunday that members of the parish and congregation were invited to contribute flowers, or money for the purchase of flowers, to adorn the church Easter.

Frank Emerson, Esq., formerly of this city but now of Farmington, was in town on Monday. He reported three feet of snow still on the ground at Farmington, and that he contemplated starting for Portsmouth with a span of horses and a sleigh on Monday morning, but concluded to take the cars. Had he started with his team he would have had to leave it at Dover, if he had managed to get even so far on his way.

The schooner Adeliza, Capt. Frisbee, which has been moored at Union wharf since last fall, was bending her sails on Monday.

The ice in the south pond has commenced to break up where the water is deepest, down near the bridge. Ordinarily the pond is about free of ice by the middle of March.

The resignation of Rev. I. S. Jones, formerly pastor of the Christian church in Rye, but now at Eastport, Me., has been presented to the Eastport church, but the parish has refused to accept it.

The schooner Spartan, Griffin master, which arrived at this port from Newport News, Va., March 28th, brought 911 tons coal to J. Albert Walker. The schooner John Bracewell, Munroe, which arrived from Hoboken the same day, brought coal for Dover—the first arrival for that place this season; the Cocheco is as yet frozen over, and unless her cargo is forwarded by rail she will be detained for some time.

The comptroller of the currency has extended to the close of business on April 1st, 1905, the corporate existence of the following named banks: Rockingham National of Portsmouth, First National of Manchester, and National Eagle of Providence, R. I.

Secretary of War Endicott was a passenger on Conductor Winn's train from Boston on Monday evening, having returned to Salem for a week's stay to arrange his private business before taking up a permanent residence in Washington.

The Biddeford *Journal* says: "Admiral Nealley of Kittery, formerly in the Portsmouth navy yard, wants to be inspector of boilers in Boston. His papers and recommendations are signed by leading Maine democrats." The "admiral" would make a good inspector of boilers, but he won't get the place; he is too new. He has as yet hardly entered upon the first stage of probation, as a strictly pure democrat, containing no alum, ammonia or phosphate.

Benjamin M. Adams, sexton of the Episcopal church at Saco, has officiated in that capacity for thirty-one years and six months, under nine different pastors.

Rev. J. N. W. Dick, of Limerick, has declined a call to the Baptist church in China, Me., the church in Limerick having voted unanimously not to accept his resignation.

The Michigan Carbon Works at Detroit were burned March 27th; loss $500,000.

By a boiler explosion in Groton, Vt., March 27th, two men were killed, and several fatally injured.

O'Rourke, captain of the New York national league base-ball nine, receives a salary of $4200 for the season of 1885, and expenses.

The New England Wringer Co., organized in Kittery to manufacture wringers and benches invented by Robert S. Robson, John Longhrey and J. W. Ellsworth, and to dispose of county and state rights for dealing in the same, also to manufacture and sell wooden-ware and hardware, has a paid-up capital stock of $60,000, in shares of $50 each; the officers are as follows: Robert S. Robson, president; John Longhrey, treasurer; John Robson, John Longhrey and John W. Ellsworth, directors.

William C. Merrill, a ship-builder of Saco, and formerly for a time quarterman shipwright on the Portsmouth navy yard, died on Tuesday of last week.

The following is a list of town officers elected in Wells last week: Town clerk, George B. Goodale; selectmen, assessors and overseers of poor, Jos. A. Goodwin, Woodbury A. Hilton, Jr., Thomas A. Chick; treasurer, Chas. C. Gowen; agent, Jedediah Perkins; auditor, Lewis West; all democrats except Joseph A. Goodwin, first selectman. The meeting voted down the Ogunquit bridge, and raised $500 for the free high school.

Calvin Dame died suddenly on March 29th at Prescott, Ontario, where he was in charge of all the motive power of the Prescott & Ontario railroad company. He was a native of Kittery, and a brother of Hon. Charles C. Dame and Capt. Luther Dame of Newburyport, Marshall M. Dame of the Boston Machine shop, and Mrs. A. C. Fonda of this city. His age was sixty-one years.

Mr. William H. Flynn of South Berwick has been awarded the contract to build the new water works for the city of Willimantic, Conn., for the sum of twenty thousand dollars. This is an important contract, and Mr. Flynn was one of fifteen contractors who bid upon it.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHAS. MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable considerations as the Patent Office." EDMUND BURKE, late Commissioner of Patents.

BOSTON, October 19, 1876.
R. H. EDDY, Esq.—Dear Sir: You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you.
Yours truly, GEORGE DRAPER.

HUDSON RIVER R. R.

Conductor Helins Says Something of Interest to all Travellers.

POUGHKEEPSIE, N. Y., Feb. 22, 1884.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—I have used your medicine, called DR. KENNEDY'S FAVORITE REMEDY, for indigestion and Dizziness, to which I was subject at times, and know from experience that it is worthy of all that can be said of it for disorders of that kind. Respectfully, W. S. MELIUS, 69 Harrison Street.

That DR. DAVID KENNEDY'S FAVORITE REMEDY is extensively used along the line of the Hudson River Railroad, is shown by the following from Tarrytown. The writer is none other than Mr. DeRevere, the Station Agent of the Hudson River Railroad Company at Tarrytown, a man well known in that community:

TARRYTOWN, N. Y., Feb. 22d, 1884.

Dr. D. Kennedy, Rondout, N. Y.:—

DEAR SIR:—For a long time I was troubled with severe attacks of *Dizziness* and *Blind Sick Headaches.* I thought it was due to impure blood and a disordered state of the system. I was advised to try FAVORITE REMEDY. I did so, and have been completely cured. It's the best thing I ever heard of for any disorder of that nature, and I've recommended it to many with like success. A. DEREVERE.

DR. KENNEDY'S FAVORITE REMEDY is not confined to any sphere or usefulness to one state or locality, but is hailed as a boon by hundreds in every state, as the following letter from Millville, N. J., will show:

MILLVILLE, N. J.

Dr. David Kennedy, Rondout, N. Y.:—

DEAR SIR:—I had been a sufferer from *Dyspepsia* from the time I was sixteen years old. I had consulted various physicians, but could find no relief; therefore had almost given up in despair of ever recovering my health, when DR. KENNEDY'S FAVORITE REMEDY was recommended, which I tried and have been cured. It's the best medicine I ever knew of, and worthy of the greatest confidence. MRS. S. C. DOUGHERTY.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

"Doctor," said a despairing patient to his physician, "I am in a dreadful condition! I can neither lay nor set. Wha' shall I do?" I think you had better roost, was the reply. Now, if you consider that this poor fellow was all contorted with rheumatism, the doctor would done much better prescribing a bottle of Salvation Oil, which would have relieved his pain at once. Price 25 cents a bottle.

Mrs. Livermore says that out of a once large fortune Wendell Phillips left only $25,000, and that the day before he died he burned up a small fortune in notes he held against people for whom he said his executors would make trouble.

The annual meeting of the corporators of the Savings Bank for the County of Strafford, at Dover, was held at their banking rooms on Saturday, and the following board of trustees elected: Zimri S. Wallingford, (president,) Charles W. Woodman, (1st vice prest.,) Charles H. Sawyer, (2d vice prest.,) Wm. S. Stevens, Charles Woodman, Jeremiah Horne, Samuel C. Fisher, Elisha R. Brown and John H. Hurd.

Wintry Winds.

It's all right for poets to sing the praises of the beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in flannels, and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney-Wort to act as a cathartic, for nothing will so quickly relieve that congestive, feverish condition which comes of a hard cold. Often these colds cause bilious attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kidney-Wort can be relied on to bring back a healthy condition.

There are indications that we are nearing the beginning of the end of polygamy. John Taylor, head of the Mormon church, is wanted as a witness by the United States court of Utah, and John Taylor is missing. It is also said that his counsellors, Cannon and Smith, two of the twelve apostles, and Penrose, the managing chief of the church, have also taken a vacation from their duties, and are now in parts unknown.

For Weak Women.

Mrs. Lydia E. Pinkham: "About the first of September, 1881, my wife was taken with uterine hemorrhage. The best styptics the physician could prescribe did not check it and she got more and more enfeebled. She was troubled with Prolapsus Uteri, Leucorrhea, numbness of the limbs, sickness of the stomach and loss of appetite. I purchased a trial bottle of your Vegetable Compound. She said she could discover a salutary effect from the first dose. Now she is comparatively free from the prolapsus, stomach's sickness, etc. The hemorrhage is very much better and is less at the regular periods. Her appetite is restored, and her general health and strength are much improved. We feel that we have been wonderfully benefitted and our hearts are drawn out in gratitude for the same and in sympathy for other sufferers, for whose sakes we allow our names to be used." C. W. Eaton, Thurston, N. Y.

Samuel Hedley of Olneyville, R. I., offers to give the town of Johnston a lot of land 150 feet square if the town will erect the proposed town council chamber and clerk's office upon it. He will also give a lot of equal size upon which to erect a schoolhouse, and another to any church society which will erect a house of worship.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and bain.

Miss Patrice Boucicault, second daughter of Dion Boucicault, the dramatist, was married very quietly at St. George's church, New York, March 25th, to Mr. George Doswell Pitman, son of Samuel Pitman, a well known diamond merchant. The groom is a young man in prosperous circumstances. He became acquainted with the young lady some time ago through her mother, who is a warm friend of Mr. Pitman's family.

A. S. Wetherell, Dear Sir:—Having suffered from scrofula for several years, I concluded to try your Sarsaparilla with Iodide of Potassium, and am happy to say that the scrofulous swellings are reduced. The impurities of the blood were freely eliminated through the surface of the body. After taking six bottles I can sincerely say that I consider Wetherell's Sarsaparilla a great blood purifier. Am glad to recommend it to all who wish a reliable medicine.

Yours Truly, Fred E. White,
Pastor of M. E. Church.

It is predicted that if heavy rains come this spring there will be the largest freshet on the Penobscot that has been experienced for years. There is an immense amount of ice in the rivers, streams and lakes, and a great body of snow in the woods. In the interior of New Hampshire also, is a vast amount of snow, and a rapid thaw is expected to produce disastrous freshets.

Biliousness

Is very prevalent at this season, the symptoms being bitter taste, breath offensive, tongue coated, sick headache, drowsiness, dizziness, loss of appetite. If this condition is allowed to continue, serious consequences may follow. By promptly taking Hood's Sarsaparilla, a fever may be avoided or promature death prevented. It is a positive cure for biliousness. Sold by all druggists.

The Home of the Snapper.

A tall man, with a big ulster buttoned close around him and a twenty-pound snapping turtle slung over his shoulder in a net, wandered aimlessly about among the fish-markets on Delaware avenue on Saturday to find a purchaser for the animal.

"I caught it in Luzerne county yesterday," he explained, as he stopped before a prominent dealer in fish, terrapins, and snappers. "It's worth $5 at least, but you can have it for $2."

"Are there many snappers caught in this state?" was asked of the dealer, when the Luzerne man had pocketed his money and disappeared.

"We get some from Schuylkill, Luzerne, and Snyder counties," was the reply. "The supply is small, but the quality of the meat is of the best. The principal sources of supply are Maryland and Delaware, and we consider the quality of the snappers from those places first-class. Of late quite a business in snapper catching has sprung up in Ohio, and we get a number from that state. The average weight is from six to twelve pounds, but we have several times received much larger ones from Cape Cod. Not long ago we got one from there which weighed forty-five pounds."

"How do they catch them?"

"There are only two methods in general use. Snappers which are caught at this time of the year are always found burrowed in the ground, where they lie dormant from about the 1st of November to the middle of March. The snapper beds or grounds are always along shallow fresh-water streams and the snappers themselves are generally found at the bottom of the holes dug in the banks by muskrats. The hunters, provided with a pole, at one end of which is an iron point and at the other a hook, thrust the pointed end into the hole and if it comes in contact with a snapper the "critter" is hooked out in an instant. The other mode, in use in summer, is to lay 'outlines,' the hooks baited with small fresh-water fish. The lines are looked at every few hours and the snappers removed as fast as caught."

"Is there much demand for them now?"

"Not a big demand, although they are in their prime now. One reason of a light demand now is that more are eaten in the summer, about May and June, than at any other season of the year. They are somewhat fatter then, and often larger. It isn't, however, the large ones that are mostly called for. Restaurant keepers prefer small ones, which they say make better soups or stews, the only ways, I guess, in which snappers were intended to be served."—*Philadelphia Times.*

Didn't Shut the Door.

"What makes me feel so bad dis time, 'uz bekase I hear sumpn over yonder on de bank like a whack er a slam, while ago, en it mine me of de time I trent my little 'Lizabeth so onery. She warn't only 'bout fo' year ole, en she tuck de sk'yarlet fever en had a powerful rough spell; but she got well, en one day she was a-standin' aroun', en I says to her, I says:

"'Shet de do'.'

"She never done it; jis' stood dah, kiner smilin' up at me. It make me mad; en I says agin, mighty loud, I says:

"'Doan' you hear me?—shet de do'!'

"She jis' stood de same way, kiner smilin' up. I was a-bilin'! I says:

"'I lay I make you mine!'

"En wid dat I fetch her a slap side de head dat sont her a sprawlin'. Den I went into de yuther room, en 'uz gone 'bout ten minutes; en when I come back dar was do' do' a-standin' open yit, en dat chile standin' mos' right in it, a-looking down and mournin', en de-tears runnin' down. My, but I wuz mad. I was agwyne for de chile, but jis' den—it was a do' day open innerds—den 'long come de wind en slam it to, behine de chile, kerblam!—en my lan', de chile never move'! Raspberry Leaf Tea.

"A half pound of raspberry leaves and copperas, please," said Sanctuary Peto, putting two street-car fares on the counter at the round-house grocery.

"What do you mean, Sanc?"

"I mean to call things by their right names whenever I can find out what they are. I held a Chinaman's queue, t'other day, while he fought an Irishman, and he was so grateful that he has been telling me all about teas. That 20-cent per pound 'young hyson' which you have been selling me is nothing but a popular brand of raspberry leaves colored green with copperas and put into a tea-chest to acquire the right odor. But that's the kind I want. I can make money out of it. The last I got didn't make the best tea in the world, but it was paralysis for rats. You see I boil it until the copperas all floats to the top in a thick green scum. This I skim off, and have handy as poison. If you ever touch a rat's tail or a cockroach's heel with it, you bag your game. Before I began the skimming process the death rate in my family was pretty heavy, and that's the reason I'm a widower. While you are measuring out the leaves I'll give you what I learned from the heathen." And then he dissertated: "Whenever your hear a customer ask for green tea because that's its natural color, you may set him down as an ardent native who has placed too much confidence in some grocer acquaintance. Do you know that green or black tea can be made out of the same leaf? Dried on copper plates, the leaves turn greenish, and a little copperas and a drop of something akin to Paris green deepens the tinge. Dried in baskets, the leaves become dark, and the so-called black teas are, generally speaking, therefore, the purest and best. But a contrary notion has possessed the Hoosier tea-drinker's mind, and time was when three-fourths of the tea sold here was green, but now more than half is black tea. The best grade sell at $1 a pound, but we don't get the choice in this country, and even in Japan and China your bones would soon be bleaching in the gutter if you should offer to sell such 'pizen' as that berry leaf hyson. Old Chinese gave me a package of that 'He-No' tea, such as you sell at 40 cents a half pound. You know it says on the package that it is the kind the Chinese use, but the fellow said it wasn't, and that 'twas called 'He-No' because the Chinaman he no use it. Still, it's pretty good tea for Americans."—*Indianapolis News.*

Treacherous Sands.

Over in Churchill county, Nevada, there is a traveling mountain of sand. The winds have gathered together a great heap and keep it constantly moving like an immense glacier. It crawls steadily along over valleys and through canyons, never ceasing, the sands making a low, musical sound as they rub against each other, much as around the Sphinx every morning at sunrise, which give rise to the legend that the stony statue was greeting the morning sun with a song.

But the moving mountain of Churchill contains still another peculiarity. While its sides are symmetrically formed and lay in folds like solidified waves there is no cone at the top. Instead of going to a peak there is a hole there made by counter winds, and whoever is rash enough to scale the ridge and pass into that hole pays for his rashness with his life, for the fickle sands yield beneath his feet, and the more he struggles to get back the faster he sinks, until he is smothered. The Indians tell of several of their tribes having been thus swallowed up and no trace has ever been found of them since.—*Reese River Reveille.*

Cuticura

THE ONLY REMEDIES FOR THE SKIN AND BLOOD UNIVERSALLY COMMENDED.

WM. T. Totten, 672 North Tenth Street, Philadelphia, reports that one of his customers stated to him incidentally that he was feeling so well and had gained twenty-seven pounds in the last year, all of which he attributed to a systematic course of the CUTICURA RESOLVENT, which has proved effectual when all other remedies failed.

SORES ON NECK.

Chas. Brady, Somerville, Mass., who refers to Dr. J. J. Wood, druggist, of that city, certifies to a wonderful cure of running sores on the neck which had been treated by hospital physicians without cure, and which yielded completely to the CUTICURA REMEDIES.

CURED BY CUTICURA.

My skin disease, which resisted several popular remedies and other remedies advised by physicians, has been cured by your CUTICURA REMEDIES. They surpassed my most sanguine expectations and rapidly effected a cure.

VINCENNES, IND. J. C. ABERNTRUE.

KNOW ITS VALUE.

All of your CUTICURA REMEDIES give very good satisfaction. The CUTICURA I especially recommend for the diseases for which it is used. I know from experience its value.

How Women Differ from Men.

At least three men on the average jury are bound to disagree with the rest just to show that they've got minds of their own; but there is no disagreement among the women as to the merits of Dr. Pierce's "Favorite Prescription." They are all unanimous in pronouncing it the best remedy in the world for all those chronic diseases, weaknesses and complaints peculiar to their sex. It transforms the pale, haggard, dispirited woman, into one of sparkling health, and the ringing laugh again "reigns supreme" in the happy household.

Bishop Healy has written Gov. Robie, of Maine, asking him if possible to reprieve Santore and Capone, (the Italian murderers,) a few days, on the ground that the day of their execution falls on Good Friday. It is understood, however, that the governor and council have declined to interfere with the course of the law, and that the assassins will die on the day set.

"Buchu-Paiba."

Quick, complete cure, all kidney, bladder and urinary diseases, scalding, irritation, stone, gravel, catarrh of the bladder. $1. Druggists.

A novel case was tried in Boulton, Me., a few days ago. It was a suit brought by Noah Chandler against Lyman W. Stevens, to recover payment for liquors sold Stevens. The defence urged that the liquors were sold contrary to the provisions of the Maine liquor law, and consequently the sale was not a legitimate transaction. Judgment was rendered for the plaintiff for the amount claimed, and costs.

Tens of Thousand Colds

Lead to consumption, fevers, settled coughs, asthma, bronchitis, whooping cough, croup, etc. Immediate relief by Dr. Seth Arnold's Cough Killer.

An engineer of the navy recently appeared in a state of intoxication before a board of examination for promotion. The board decided that he had got up too much steam, and he will be tried by court martial.

He Told the Truth.

I was troubled with liver complaint for years, and suffered terribly. Lake the druggist advised me to take Sulphur Bitters. I took three bottles and now I am well.—L. Fenner, Waterbury, Conn.

—Said the good natured Dr. Robinson, as he stood looking over the new books one day, "I see you have Schem's 'Statistics of the World;' have you Ham's 'Travels in the Deluge?'" "No," responded the bookseller, "but we can accommodate you with 'Japhet in Search of a Father.'"

Ladies, be very cautious how you tamper with samples of the many vile counterfeits offered you, which may prove very damaging to the fabric and hands; and instead of these similar appearing packages, be sure to get the only harmless article for laundry and kitchen use, the original James Pyle's Pearline. Sold by all grocers.

—Rev. Hugh Price Hughes of London, speaking of the desertion of certain places of worship in the city at the east end, which a few years ago were thronged by devout congregations, said: "What has become of these good people? Some have gone to heaven, and others to the suburbs." The contrast has never been more felicitously expressed.

Naval Orders.

Secretary Whitney has concluded not to spend his time in revoking the orders to officers for duty issued by Secretary Chandler. From the number that had got out of such duty we at first were inclined to believe that the secretary was revising these orders, but he gives very excellent reasons in his circular of last week why he should not interfere with orders issued by his predecessor for reasons doubtless satisfactory to himself. Of course there could be no other course adopted by the new secretary, and now the officers have learned his views, the best thing to be done is to obey orders, or resign. An officer who expects,—nay, insists that he shall have only such duty as may be agreeable to himself and his family, is of but little use to the service. It is the first duty of an officer to obey orders. Of late it has been too much the practice to endeavor to avoid them, and have them changed to suit the officers.

A Batch of Nominations.

President Cleveland on Monday sent to the senate a big list of nominations, many of them being absolute surprises to the "machine politicians," as follows:

To be ministers resident and consuls general of the United States: Edward Parke Custis Lewis of New Jersey, to Portugal; Rasmus B. Anderson of Wisconsin, to Denmark.

To be consuls of the United States—A. Haller Gross of Pennsylvania, at Athens, Greece; Evan P. Howell of Georgia, to Manchester, Eng.

To be envoys extraordinary and ministers plenipotentiary of the United States: Thomas J. Jarvis of North Carolina, to Brazil; Alexander R. Lawton of Georgia, to Russia; Anthony M. Keily of Virginia, to Italy.

To be ministers resident of the United States—Isaac Bell of Rhode Island, to the Netherlands; Rufus Magee of Indiana, to Sweden and Norway; George W. Merrill of Nevada, to the Hawaiian islands.

To be consul generals of the United States—Thomas M. Waller of Connecticut, at London; Frederick Raine of Maryland, at Berlin; Edmund Jussen of Illinois, at Vienna, Austria.

Brown, Shipley & Co., of London, Eng., to be special fiscal agents of the navy department.

To be collectors of internal revenue—Nathan Gregg of Tennessee, for second district of Tennessee; Isham G. Searcy of Texas, for the third district of Texas. Alexander McCue of New York, to be solicitor of the treasury; David Seattle of North Carolina, to be marshal of the United States for the western district of North Carolina; Joseph E. Johnston of Virginia, to be commissioner of railroads; Lewis Mullen of New York, to be appraiser in the district of New York, state of New York; William Caldwell of Ohio, to be surveyor of customs, port of Cincinnati, O.; Clement Dowd of North Carolina, to be collector of internal revenue, sixth district of North Carolina; John O. Henderson of Indiana, collector of internal revenue, eleventh district of Indiana; Capt. William J. Volkmar, fifth cavalry, to be major and assistant adjutant general; Capt. George H. Burton, twenty-first infantry, to be major and inspector general.

The Difference.

Republican newspapers, the *Chronicle* quite as strongly as any, objected to the honors paid to the memory of Jake Thompson, but will not to the appointment of Gen. Joseph E. Johnston to be commissioner of railroads. There is a difference between an inhuman scoundrel and thief, and an honorable gentleman and soldier, even if both were enemies of the nation.

Postmaster Pearson Reappointed.

The president on Tuesday nominated Henry G. Pearson to succeed himself as postmaster of New York city.

The Central American Muddle.

A despatch of March 30th from Panama was as follows: "The steamer Colon was seized to-day at Aspinwall by the revolutionists, who demanded the delivery of a shipment of arms on board for the revolution. The agents refused delivery. Mr. Connor, local superintendent of the Pacific Mail company, was first arrested, and later the captain and purser of the steamer were placed under arrest on board. Subsequently Capt. Dow, general agent of the Pacific Mail company, and a lieutenant of the American man-of-war Galena, were arrested and marched off to the cuartel. They were released at six o'clock on condition that the arms should be delivered, and the delivery is now going on. The American and English war ships did nothing to protect foreign interests, because the revolutionary chief declared he would resist their interference by force. The Americans are indignant at the insult to the flag, and the outrage to their persons and property. Troops go from here to-night to attack the revolutionists, who, however, are in strong force, and with the arms from the Colon will probably be able to control events in their own way, and in their own interests."

The Tennessee and Swatara were on Tuesday ordered to proceed from New Orleans to Key West, and wait there for further orders. The Alliance, at Key West, was ordered to proceed at once to Aspinwall. The commander of the Galena was asked to explain why he did not protect American citizens and property at Aspinwall on the previous day.

A despatch of March 30th from La Libertad, San Salvador, says: "The invading force from Guatemala to-day made an attack upon the army of San Salvador. No particulars of the encounter have yet been received."

"Give Me Another Horse."

Mr. Lincoln said it was not best to swap horses while crossing a stream, but the fresh administration, starting at a point where new passengers are taken in, have been quite active in selling the horses used by the predecessors of the present cabinet ministers, ostensibly on the score of economy.

Last week Mr. Secretary Lamar caused the horses belonging to the Interior department to be sold at auction. A pair of bays brought $180 and $138, and a large double carriage sold at $360. The department was thus put in funds $678, less expense of advertising, auctioneer's commissions, etc. So much saved.

Now let us see what the economical Lamar wasted last week, in honoring the memory of the man under whose administration of the affairs of his department, $800,000 of the trust funds of the Indian tribes were stolen! The cost to the government, or what was lost to the people by closing his department the day before the sale occurred, was $11,531. While the soldiers and their widows were deprived of a day's progress upon their claims in the pension office, the clerks were paid; but out of respect to the memory of the unsavory Thompson, all work, by order, ceased.

This attempt at economy is the merest humbug throughout. There are many jockers around Washington with horses to sell. A recently returned New Hampshire man,—and we are not indiscreet enough to make any donation of our democratic friend in this connection,—has seen the steeds. The programme was to sell the horses which were not quite good enough for the new officials, discharge the men who have taken care of and driven the animals, and by and by, as soon as an admiring constituency had sufficiently applauded the "economy" of the measure, to discover that when a cabinet officer desires to make an official call upon a foreign minister, or go to the capital to confer with a senator upon an important state subject, it would be just as convenient to have a suitable conveyance as to spend time in walking. True, there are the horse-cars and the hedics; but we take it if the administration is to return to the simplicity of the fathers, (and how often we see pictures of the illustrious Washington and the immortal Jackson representing them on horseback,) it will be as well for our public servants to go on foot.

Now this nonsense will flourish for a while, when it will occur to these men, who are worked hard, and whose every dollar received for their service is consumed in the cost of properly living at Washington, that Uncle Sam might as well save them their time and horse-car tickets; and ere long new men, of democratic proclivities, will be hired, and new horses, raised in democratic states and sold by democratic dealers, will be in requisition.

What the democrats do not know about horses is not worth ascertaining. Our readers will recall the remark of a distinguished lawyer in Texas, or some horse-stealing region years ago. "I did not state, as it is asserted," said he, "that every democrat was a horse thief; but I did state, as my experience had warranted, that every horse thief I ever saw, was a democrat."

There is no doubt that to-day the horses which are by and by to be purchased in place of those recently sold, are already being groomed for market, and the early spasm of democratic economy will sooner or later suffer a relapse into the ways of its predecessors.

That Tired Feeling

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." E. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

Hood's Sarsaparilla

100 Doses One Dollar

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, cause by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

Hood's Sarsaparilla

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

Living People

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

who are now living send us their testimonials. We publish nothing from dead persons, or give false names.

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

TREASURY DEPARTMENT, OFFICE OF COMPTROLLER OF THE CURRENCY, WASHINGTON, March 18th, 1885.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The New Hampshire National Bank of Portsmouth," in the City of Portsmouth in the County of Rockingham and State of New Hampshire has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882;

Now therefore I, John S. Langworthy, Deputy and Acting Comptroller of the Currency, do hereby certify that "The New Hampshire National Bank of Portsmouth" in the City of Portsmouth in the County of Rockingham and State of New Hampshire is authorized to have succession for the period specified in its amended articles of association, namely until close of business on March 22, 1905.

In testimony whereof witness my hand and seal of office this 18th day of March, 1885.

THE WEATHER.

For New England To-day:

Clearing weather, slight change in temperature.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 38 degrees above zero.

Sky clear.

THE WEATHER.

We have been favored with a variety of weather within a week past. Friday last was very pleasant; ice melted quite rapidly in the shade, and there was a very creditable attempt at dust in the middle of some of the streets. Saturday was warmer than Friday, and many country teams were in town both days, including many loads of loose hay, which sold at $16 a ton. Sunday morning there was six inches of snow, and Monday morning the thermometer was eight degrees above zero. Tuesday morning the thermometer was at twenty-eight above zero, and a couple of inches of damp snow fell, turning to water in a few hours; in the evening there was a light rain, by way of change. We do not see why everybody cannot be suited with such an assortment of weather as this.

REV. JOS. COOK'S LECTURE.

The lecture on "Certainties in Religion," by Rev. Joseph Cook of Boston, the non-delivery of which occasioned so much disappointment to a large audience last week, will be given in the North church next Friday evening, April 3d, that being the only evening on which he could be secured for several months. This time Dr. Goodall has communicated directly with the lecturer, without the intervention of any "bureau," so there is no chance for such a disappointment as occurred before. The programme as originally arranged, with antiphonal choirs, will be carried out. We understand that all the clergymen of the city have consented to give up their meetings on that evening, (which is Good Friday,) in order that all who wish may hear the great lecturer's argument.

POLICE COURT -- BATCHELDER J.

TUESDAY, March 31st.

John Avery, for drunkenness, was fined $3, costs $6.90. Brentwood for John.

Dennis Sullivan, drunk, fine $3, costs $6.90. Jail for Dennis.

The tickets for the Easter party, to be given by Henry L. Richards Camp, Sons of Veterans, at Congress hall Tuesday evening, April 7th, are selling rapidly, and a large attendance is expected.

The sale of tickets for the concert at Music hall this evening in aid of the G. A. R., by the Hungarian Gipsey band, has been large. General admission tickets (seats not reserved) will be for sale at the door this evening, at 25 cts. each.

The Farmer's Club of North Hampton gave a supper on Tuesday evening, in Centennial hall, to their wives, daughters and invited guests. Several very interesting speeches were made in response to the invitation of the president of the club.

Mr. F. Howard Newman will leave for Jacksonville, Florida, on the 6th inst., to take a position in the United States hotel in that city.

In the drawing for the organ at Gerrish's store, on Monday evening, ticket No. 20 drew the prize.

Mr. Fred L. Ham was benefitted to the amount of $40 and over by the entertainment at the Portsmouth skating rink on Monday evening.

Ninety men employed in the department of construction and repair at the navy yard were discharged on Tuesday evening, March 31st.

Mr. Asa Caswell has tried out this winter, on Commercial wharf, about 3500 gallons of cod-liver oil, which meets with a ready sale. He is an experienced hand at the business, having been engaged in it, at the Shoals and in this city, over thirty years; he allows no smoking nor chewing tobacco when trying out. The cost of wood for the furnace this winter has been $78.

The Christian society of "Little River" are to have an entertainment in Centennial hall, North Hampton, Thursday evening, April 2d; Music by Spear's orchestra; lecture by G. H. Jenness of Rye,—subject: "Books for the Boys;" and a supper in the lower hall.

There are now signs of activity along the northend wharves, and men at work. Small boats are seen plying up and down the river—a sight very good to behold, for nothing can be more dismal to be viewed than deserted wharves, unless it is empty shipyards.

While some telephone linemen were at work on the roof of the North church one day last week they let drop through the open scuttle some wire, which knocked down a portion of the plastering. Capt. Edward D. Coffin was employed to repair the damage, and lashing two long ladders together in the shape of an inverted "V," and making a rude stage at the top, stood on this ticklish foundation and did the job.

The steamer Allentown, Swasey master, arrived at this port on Tuesday from Philadelphia with 1622 tons of coal to J. Albert Walker.

Strawberry Bank Lodge, I. O. G. T., will give an oyster supper and entertainment at their hall over E. S. Fay's store this (Wednesday) evening, to which all are invited; admission 10 cts., supper 15 cts.

It is rumored that the Boston & Maine railroad company are to purchase the Everett mills in Lawrence, Mass., for conversion into repair shops. The place for repair shops of the Boston & Maine system is at Portsmouth, where supplies of coal, etc., can be landed cheaper than elsewhere, and which is a more central point than almost any other to be reached from all directions on the new line.

The live stock, furniture and farming utensils on the Greenland town farm were sold on Tuesday at auction by Mr. H. F. Wendell. The ten cows brought from $25 to $50 each; horses, $180 and $151; hens, sixty-five cents each; furniture, carts and carriages, farming tools, etc., fair prices, according to condition. The attendance on the sale was very large, and the bidding brisk. The Parade was fairly filled with teams, old residents reporting that they never before saw so many vehicles there, nor so many people in the town at one time.

Ladies wishing fashionable tailor made garments, and gentlemen desiring the latest styles, are referred to the card of Messrs. Call & Tuttle, Boston, one of the oldest and most reliable houses in New England.

Rev. W. K. Davey of Tennessee has accepted a call to the Baptist church in South Hampton, and has commenced his pastoral work there.

The Dover *Republican* says that Frank Jones was besieged by office-seekers in Dover on Monday. How different in that respect is Portsmouth! Here, even in the Brewery ward, where the party is in such an immense majority, the democrats are obliged to designate a republican as representative to the general court, such is the disinclination of their own party men to accept office.

Says the Portland *Advertiser:* "The extraordinary statement is continually repeated in the newspapers, that Blaney, the Kittery murderer, may not be executed, but that Mrs. Barrows, his accomplice, must certainly hang. That Blaney committed the murder is not disputed. That Mrs. Barrows had any part in the act is not pretended. She was an accomplice before and after the fact, but the deed was Blaney's. Under these circumstances, it is hardly possible that the governor and council can commute the sentence of the murderer, and hang a woman for consenting to the deed. A commutation of her sentence would be justified by the circumstances as they were made known at the trial. If there are other circumstances calling for mercy in Blaney's case they have not been made public."

Rev. J. H. Nichols of Pittsfield, N. H., has accepted a call to become pastor of the Baptist church in Berwick.

At the town election in York on Monday, March 30th, the democrats supported a "straight ticket" throughout. The grand trial of strength was on the election of moderator, the contest resulting in the election of George W. S. Putnam, republican, by a majority of twenty-eight over Edward C. Moody, democrat. The entire ticket nominated by the republican caucus was elected, the majorities for the different candidates varying from forty to fifty, as follows: Town clerk, Joseph Bragdon; selectmen, assessors and overseers of the poor, George W. S. Putnam, Charles Junkins, A. H. Merrow; treasurer, Samuel W. Junkins; town agent, John B. Fernald; superintending school committee, George Moore Payne; collector of taxes, John C. Stewart; auditor, George W. Currier.

The Saco Water Power Machine Shop, at Biddeford, shut down last Saturday night for an indefinite time, owing to depression of business.

The Sagamore Camp and Hunters' Club of this city will give an assembly in Trefethen's hall, Kittery Foreside, on the evening of Thursday, April 16th; music by Lord & Medcalf's orchestra.

Capt. Joseph Talpey died at his home in Cape Neddick, York, March 30th. Capt. Talpey was an energetic and successful master of coasting vessels for many years; he was the first captain of the schooner Clara E. Simpson, and sailed her with marked profit to her owners until compelled by ill health to retire from the sea a year or two ago.

Mr. Adolph Enau, foreman of Norton's brickyard, York, was in this city on Tuesday, and left in the afternoon for Manchester on a short visit.

ECZEMA or SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, Mass., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from salt rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. Nothing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made contingual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y.

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine if you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy remedy for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5. by all druggists.

IN PORTSMOUTH, BY

CHARLES E. LAIGHTON & SON.

A western editor has spent six years writing a book entitled, "How to test glue." An easy subject to stick to; but in the preface he says however he knows no better remedy for coughs and colds produced by sedentary habits, than Dr. Bull's Cough Syrup.

The British steamer Orestes, from Liverpool to Penang, China, sank a Chinese steamer by collision, and seventy persons were drowned.

Physic is necessary at times for biliousness, costiveness, etc. Use Dr. Arnold's Bilious Pills. 25c.

The French have endured a defeat at the hands of the Chinese. But then, they have conquered Miss Van Zandt. She will sing no more in Paris.

House wives, shop girls and sales women all suffer more or less from weak back and sideache. Apply a Hop Porous Plaster and get instant relief. A famous strengthener. 25c, druggists.

David Chandler, on trial last week at Green Cove Springs, Fla., for the murder of Edward Getchell in a gambling house at Jacksonville about a year ago, was acquitted. The murder was cowardly and unprovoked, but Getchell was a Maine man, while Chandler belongs to a "first family" of South Carolina.

Charles Cosgrove!

Who has not been able to attend to his business for years, was interviewed by our reporter yesterday, and says. For years I was troubled with Bright's disease of the kidneys. The doctors gave me up. Through an eastern friend I obtained a bottle of Sulphur Bitters. I took five bottles and now I am almost well. Heith sells them.—*San Francisco Call.*

Secretary Whitney declines to revoke the orders of Secretary Chandler regarding the assignments of naval officers. He says he cannot go into any rehearing of such cases, and the record must stand.

Educated and Experienced.

Hood's Sarsaparilla is prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass., who have a thorough knowledge of pharmacy, and many years practical experience in the business. It is prepared with the greatest skill and care, under the direction of the men who originated it. Hence Hood's Sarsaparilla may be depended upon as a thoroughly pure, honest, and reliable medicine.

Frederic Gillaly, captain of the salvation army at Lawrence, Mass., and Sara Goodhand, a new convert, were married in Lawrence city hall on the evening of March 30th, in presence of 800 people. A parade of the army, with the band, followed.

For Weak Women.

Mrs. Lydia E. Pinkham: "About the first of September, 1881, my wife was taken with uterine hemorrhage. The best styptics the physician could prescribe did not check it and she got more and more enfeebled. She was troubled with Prolapsus Uteri, Leucorrhea, numbness of the limbs, sickness of the stomach and loss of appetite. I purchased a trial bottle of your Vegetable Compound. She said she could discover a salutary effect from the first dose. Now she is comparatively free from the prolapsus, stomach's sickness, etc. The hemorrhage is very much better and is less at the regular periods. Her appetite is restored, and her general health and strength are much improved. I believe that we have been wonderfully benefitted and our hearts are drawn out in gratitude for the, same and in sympathy for other sufferers, for whose sakes we allow our names to be used." C. W. Eaton, Thurston, N. Y.

Mr. Theodore Roosevelt records his belief that nearly one-third of the members of the New York legislature are open to bribery, and that the worst are the foreign-born men from the cities. He speaks favorably, on the other hand, of the foreign-born element from the rural districts, who, it may be presumed, have acquired a substantial stake in the country and would be qualified to vote if they lived in Rhode Island.

East Kingston, N. H., Nov. 7, 1881.

A. S. Wetherell, Dear Sir:—Having suffered from scrofula for several years, I concluded to try your Sarsaparilla with Iodide of Potassium, and am happy to say that the scrofulous swellings are reduced. The impurities of the blood were freely eliminated through the surface of the body. After taking six bottles I can sincerely say that I consider Wetherell's Sarsaparilla a great blood purifier. Am glad to recommend it to all who wish a reliable medicine.

Old Bones.

"Them there is kittle stewed and these here is tank b'iled," said the foreman of a bone-boiling establishment on Long Island, pointing to two piles of old bones which had passed through the rendering process. "Them slick bones over there is shins, and them yender is bones out o' the forelegs o' cattle. Here's a lot o' shinbone knuckles, all ready for burnin'. They'll be chucked in with that pile o' ribs, skulls, and miscellaneous j'ints ye see in the corner, and all made into boneblack. The burners would like to have the best quality of bones for their use, because they get more charcoal out o' them than they kin out o' the common bones. The boneblack they make they sell to sugar refiners, and this big heap o' ribs and skulls and odds and ends o' cattle and sheep skeletons there will jist as like an not be filterin' sugar in a few days, and some o' you fellows may be puttin' some o' the same sugar in yer coffee 'fore a week's over.

"But the best quality o' bones is shins and thighs and foro legs, and we don't waste no shins nor no thighs nor no front legs on the boneburners nor the fertilizer grinders. They can't pay more than $25 a ton for the best there is, and we can sell all the shins we kin git for $40 a ton. Thighs are worth $80 a ton to us, and every ton o' front legs we kin bile fetches us $30.

"The manufacturers of knife handles, sleeve buttons, collar buttons, bone jewelry, parasol and umbrella handles, combs, tooth-brushes, hair-brushes, and all that sort of things that bone kin be used in buy all these parts o' skeletons that the country has to produce. The thigh bones is used for tooth-brush handles more than any other, and all in this country. The bones for buttons and knife handles mostly goes to Europe. Fancy parasol handles is turned out o' sheep's legs, and some o' the nicest ivory fans ye ever see used to be trotin' some old ram or ewe around the pasture lot. Sheep leg bones polishes up slicker than any other bones, and hain't so brittle as the shin bone of a cow or thigh bone of a steer.

"We collect bones all over the country. A ton o' pig-iron ain't worth more than a quarter as much as a ton of the commonest kind of bones is when it is ready for the burner or grinder. The west almost fills the home market now, there's so much cattle slaughterin' done out there. The bone b'iler gits hair oil, neatsfoot oil, and sizin' glue out of his stock as he gits it ready for the market. Bones that we sell to fertilizer grinders we b'ile the meat off in open kittles, 'cause they bring just as much as if we put 'em in tight tanks and b'iled 'em under pressure. We do that with the bones for the burners, 'cause it takes out the nitrogen slick and clean and leaves the carbon, and that's what makes the boneblack.

"We git a pint of good neatsfoot oil out of every full set o' shins and hoofs of a cow or steer. The liquor that's left after b'lilin' the thighs and shins makes as good sizin' glue as a paper-manufacturer kin git, nowadays. We kin git enough marrow out of a carload o' bones to stock any barber-shop with bear's grease for a month. The best bear's grease is made out o' the marrow of old bones.

"Bone-b'ilin' don't smell very good, that's so. At least that's what everybody thinks 'cept the ones that's makin' the boodle out of it."—*New York Sun.*

"Previousness."

When Reverdy Johnson, the famous Baltimore lawyer, was in Glasgow, he was invited to the art dinner, and, falling asleep over the post-prandial speeches (only too natural), woke suddenly on hearing the name "Johnson" in a list of Scotch painters which one of the orators was enumerating, at once plunged up under the impression that somebody was drinking his health, and immediately, and with overflowing amiability, began returning thanks. The spectacle was then presented to the astonished company of the American eagle being restrained by the coat-tails from swooping at the moon, while the smaller birds endeavored to explain to it how the case stood.

This was on a larger scale, but hardly more amusing, than what happened in the home of a Methodist minister nearer home. He had as guests two fellow-preachers who were deaf. On asking one of them to lead in prayer at family worship each supposed he was the one invited, and so both kneeled down and commenced. Both being deaf, the host had no little difficulty in stopping one and explaining the precise state of the case.—*Every Other Saturday.*

Cancer a Disease of the Well-to-do.

We have then confessedly to face the fact that cancer is increasing in our midst at a rate which bids fair to become more and more serious with the advance of time. In an article entitled "An Inquiry into the Causes of the Increase of Cancer," published in "British Medical Journal" a year ago, I drew attention to the observations which had been made upon the subject by the late Charles Moore, whose investigations into the pathology of cancer had brought under his notice the incontrovertible evidence of the increase of the disease. In the year 1865 he published a small book called the "Antecedents of Cancer," the contents of which chiefly consist in an attempt to explain in what manner the augmentation of cancer is influenced by the circumstances of life prevailing in this country. For instance, he held that the introduction of corn laws, the discoveries of gold and sanitary improvements, whereby the well-being of the nation was conspicuously established, affected cancer indirectly by bringing into prominence the predisposing causes of its occurrence; and good living, it is thought, which follows as a corollary of commercial prosperity, is intimately associated with the manifestation of cancer. Again, inasmuch as cancer is characteristic of the healthy, it may be expected to abound amid the conditions of health. The greater prevalence of the disease among the rich than among the poor can probably be explained in this manner. According to a French observer, the proportion of cancer in the wealthy classes is about 106 in 1,000, in the poor classes it is 72 in 1,000; or at a rate in the former case of ten per cent, and in the latter of seven per cent. Now, curious as it may seem, cancer is met with in the lower animals; and it has been said to prevail more frequently among those which are flesh-eaters than those which are herb-eaters. It has been stated by the late Dr. Crisp, who had good opportunities of judging, that cancer is by no means an uncommon disease among the domesticated animals, while in wild animals and uncivilized man it is rare.—*From English Experience with Cancer," by Dr. H. Percy, in Popular Science Monthly for March.*

He was the attendant of a railroad lunch counter at a station in Indiana. The other day as a stranger called for a cup of coffee the attendant glared at him for a moment, and then began to spit on his hands. "What's up?" "Going to have revenge on you." "What for?" We were in Wall street together ten years ago. You advised me to buy railroad stock, and then unloaded on me and brought me down to $40 per month." "Well, don't get mad about that. It wasn't a year before a chap unloaded coal oil on me, and I'm braking on this train here for a dollar a day."—*Wall Street News.*

I wonder why when I get a picture of myself it should have a scrub nose and eyes turned in, with an expression that would alarm a stone dog. A sweet child I adored came to me once and said: "Ma wants to know where you had your potygruff tooken." "At——& Co.'s", I responded cheerfully; it was a pleasure to know that one person who had seen my picture appreciated it. "Cos," pursued the sweet child as he stepped on the cat; "she's goin' somewhere else, so it won't look like yourn!"—*Detroit Free Press.*

AFFAIRS IN KITTERY.

KITTERY, ME., March 31st.

The annual town meeting was held Monday, the 30th inst., and was undoubtedly the largest ever held in the town. The democrats were out early, and in force, but as usual in years past, the republicans were victorious, and elected the following town officers for the ensuing year:

Moderator, Calvin L. Hayes;
Town Clerk, Dennis M. Shapleigh;
Selectmen, Assessors and Overseers of Poor, Franklin H. Bond, Frank Bartlett, Mark C. Fernald;
Treasurer, Jesse E. Frisbee;
Town Agent, Jethro H. Swett;
Member of School Committee, (for three years,) Rev. J. W. Webster;
Auditors, William A. Fernald, Isaac D. Phillips;
Health Officer, Dr. Mark F. Wentworth;
Collector of Taxes, Paschal M. Langton;
Constables, Perry C. Moore, Daniel H. Nason, Nicholas E. Spinney, Cedric Laighton, Thomas J. Billings.

The following is a brief summary of the appropriations made by the town:

For support of poor, $300; contingent expenses, $1600; town debt, $1000; interest on debt, $820; district schools, $2700; free high school, $500; repairs of highways in summer, $2000; repairs of highways in winter, $1200.

The highest number of votes cast was 453; republicans 251, democrats 202. Order prevailed, and the business was transacted with dispatch.

Miss Helen M. Lawry has returned to her home at Kittery Point from Clinton, Mass., after a severe illness. We believe the young lady has been absent some three years.

Charles W. Cottle & Son have taken the agency for the sale of Darling's Animal Fertilizers in the towns of Kittery, Eliot and York; they have now on hand five tons, put up in fifty and 100 pound bags, and sold at the rate of $2.00 per hundred. It is pronounced equal to any superphosphate in the market.

Edward E. Shapleigh is home from Exeter academy this week, on a short vacation.

But a very small audience greeted Rev. Perry Chandler at the 1st Methodist church on Sunday last, on account of the storm. The "Certainties of Religion" are evidently influenced by the uncertainties of the weather.

Mr. William L. Fernald, principal of the West Newbury high school, returned to his duties in that town on Saturday last, after a short vacation at his home here.

The 1st Christian society at Kittery Point have given their pastor, Rev. J. W. Webster, a short vacation. As Mr. Webster has not been very well of late, it is hoped by his many friends that the change will be a benefit to him. He will sojourn a few weeks in eastern Maine.

Frank E. Donnell, who has been in the Maine General hospital at Portland for the past five months to receive treatment for his ankle, has so far recovered under the skillful management of that institution as to return home on Saturday last. His numerous friends in this vicinity are pleased to see him again, and earnestly hope for his rapid restoration to health.

We were informed that some of our democratic brethren of North Kittery were to have had another grand sit-down had they been victorious in the election of town officers, and that the antediluvian dishes used at the supper in honor of Cleveland a short time since, would do like service on this occasion—and that Simplicity and Reform, which are now such important issues of the party, would be everywhere predominant.

The town reports have made their appearance this year in a much larger and more elaborate form than ever before, and have received the endorsement of many citizens of both parties. As the same auditors were selected, we shall look for more improvements another year.

The Central American War.

The following is the despatch of Secretary Whitney to Commander Kane, of the U. S. S. Galena, at Aspinwall: "You were ordered to Aspinwall to protect American interests and the lives of American citizens. All that is implied in these words is expected to be done by you, to the extent of the force under your command. If the Colon has been seized, restore her to her officers if in your power.

It was reported from Panama on the 31st ult. that the British gunboat Lily, when nearing the wharf at Aspinwall, was fired upon by the revolutionists, and promptly returned the fire.

The Mexican government has been informed that President Barrios of Guatemala was repulsed in an attack on the forces of San Salvador.

The following despatch from Commander Kane, of the Galena, was received by the navy department on the 1st inst.: "Aspinwall is in ashes; burnt by insurgents to escape capture by the government troops. The Pacific Mail dock and railroad property on the north end of the island, and the canal property at Crispol, are the only buildings saved. The shipping is safe. I have all my force on shore protecting property. My ship is crowded with refugees. Thousands are destitute and without shelter."

Dr. John W. Parsons, accompanied by Mrs. Parsons, started for New Orleans on Wednesday, the 1st inst., to attend the convention of the United States Medical Society in that city.

At Jersey City, N. J., March 30th, Mrs. F. L. Hankey, wife of the manager of the Bank of Commerce of St. Catherines, Ont., who eloped with Malcolm Wilson, the cashier, on March 17th, was captured by detectives at a fashionable boarding house, and returned to her husband. Wilson was away from the house when the officers arrived, and was not molested. His accounts are said to be straight, but he will not return to the bank, although the manager said he might resume his duties.

OBITUARY.

George Hartwell died at his residence, No. 335 Fifth avenue, New York city, on Thursday, March 26th, at the age of fifty-four years, his death resulting from rheumatism. He was born in Harvard, Mass., began business life as clerk in a country store, and afterward moved to Boston and went into business for himself, remaining about fifteen years. He then (in 1862) went to New York and became one of the firm of D. C. Hall & Co., of No. 86 Second street. He was a charter member of Harvard Lodge, No. 3, K. of P. His wife, a native of Portsmouth, survives him; they had no children. Services were held in New York on Saturday morning, March 28th, after which the body was taken to Harvard for interment, services being held there on Monday afternoon. He having been a man of extensive social and business acquaintance, his friends are many, and his absence will cause great regret.

Hon. John H. George in his application for the naval office at Boston, is backed by a satchel full of letters from the veterans of the democratic party while Col. Henry O. Kent as the last man over, as George's friends designate him, is backed by the younger element of the party which does the work and stands the assessments. The latter class insist that George as a political orator has gone by, and that in his political speeches he has simply passed from the glorification of the great and god-like administration of Franklin Pierce to a defence of the administration of James Buchanan, and is way behind the times and not a proper representative of the progressive democracy of to-day.

The street commissioner's men were employed on the 1st inst. in removing ice from the shaded spots on Market street.

That Tired Feeling

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

Hood's Sarsaparilla
Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

Hood's Sarsaparilla

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long declared impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and drive away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

BANK ELECTION.

At a meeting of the directors of the Portsmouth savings bank, at their banking rooms on the afternoon of April 1st, Mr. George Tompson was chosen treasurer in place of Jos. Hiller Foster, deceased.

MARITIME NOTES.

Navigation on the Cocheco opened on Tuesday, March 31st, the steam tug Ann, Capt. Drew, making her way from this city up to the coal wharves at Dover on that day. The schooner John Bracewell, Munroe master, which arrived at this port March 28th, with coal to C. H. Trickey & Co. of Dover, was lying at the draw of Portsmouth bridge on Wednesday, the 1st inst., awaiting a tow up. The Ann came down from Dover on Wednesday.

The schooner Adeliza, Frisbee master, was towed down the river on the 1st inst., on her way to Bucksport, Me., to load for New York.

The barge "Daisy" is being calked at the "cowpens" by Jesse N. Wilson, and her quarters aft for the accommodation of her working crew repaired by Capt. Philpot.

Capt. Cheney, of the gondola H. P. Spinney, was in town from South Berwick on Wednesday of this week, getting the gondola ready for resuming her up-river trips as soon as the waters are open and the business starts up. This gondola, which is the largest on the river, wintered at the wharf of Goodrich's tanyard, as for several previous winters.

The schooner Nautilus, Perkins master, sailed from Norton's brickyard, York river, March 31st, for Boston, with a load of bricks. The schooners John & Frank, Perkins master, Karen Happuch, Lowe master, and Rockaway, Baker master, are lying in York river waiting for the floating ice from the upper creeks to get to sea before loading with bricks at the same yard.

"POT HOLES."

WISCASSET, LINCOLN CO., ME., March, 1885.

Editor Portsmouth Chronicle: I saw in the Boston *Journal* of Feb'y 24th, credited to your *Chronicle*, a short account of a singular "well-hole" recently discovered at the Isles of Shoals (Star island) "in a solid ledge, just above high water mark, packed solidly with pebbles and gravel," with smooth, cylindrical bore, and two feet three inches diameter by five feet six inches deep. It is spoken of as a rara avis, and a subject of study for the scientist and scholar, rather out of the common line, as well as a *wonder* for common folks—which it certainly is.

But we have some bigger Pot Holes down east, as well as smaller ones—nine all told—on the upper half of ancient "Parker's island," now called Georgetown, a place of 1200 inhabitants in Sagadahock county, lying between the broad bay of the Sheepscot and the mouth of the Kennebec, four miles north of Seguin to Indian point, its southern terminus. It is the town wherein has been quarried, for ten years past, the pure and beautiful spar for the Trenton potteries, whose elegant ware is getting to be well known everywhere.

Five years ago I examined these "Pot Holes," as they are commonly called, critically, taking accurate measures of all, and cleaning out one which had never been "dug out," although they had all been well known to all the people of the neighborhood for certainly a hundred years. They are the same wonder to-day they ever were; but, strange to say, I could never get any one to spend an hour or a penny with me to pump out the deepest (ten feet) and hoist out the big "pestle" of a ton weight which lies loose in the bottom of this stupendous "mortar," and so ascertain from what drift or direction it had, originally, been brought to wear itself out in such hard and unique service. This "pot hole" is on the west side of Robin Hood Cove, a good mile south of Riggsville, or the home of Kervin Riggs, Esq., who kindly sent his son with me to help me find it, and "prevent my falling into it if I went alone!"

The bore of this well begins on a *shelf* of solid gneiss, lying quite level, and two feet *below* high water mark. Diameter of the bore four feet five inches north and south, four feet two inches east and west; depth, ten feet to gravelly grit on the east side of the big stone pestle before named, which is shaped like an apple, as prodded out by my sounding rod. This shaft stands full of salt water, and is very neatly covered with a thick, treacherous coat of rockweed, smooth and level,—a very inviting spot on which to plant one's foot when climbing along the rough rocks of the narrow shelf, which is but a trifle wider than the well itself. It holds fast every drop of its water, and my rod stirred up a large family of flounders, always found therein. Its walls are polished smooth, with sides perpendicular and parallel, as one can feel, two feet below the rim, and the rod goes down plumb when held against the sides.

The most singular thing about it is the *very thin wall* on the east side, between the well and the tide water. The shelf has a width of scarcely twelve inches outside of the east rim of the well; then the ledge drops very abruptly down to the flats, six feet, at which point the wall is not over thirty inches thick; the bore continuing four feet at least below the flats level. But very few people have ever seen this well, or pot hole: but it is there—flounders and all—with its treacherous rockweed carpet, waiting for somebody to fall into it.

I have no time to write further describing the other eight pot holes, but with the exception of one I cleaned out, its rim just at *high*-water mark, nineteen inches diameter, forty inches deep, they are all on higher land. There are two, seventy-two feet above high water mark, sixty rods northwest of Mr. Riggs' house, *only thirty inches apart;* the largest of these is six feet seven inches diameter, eight feet seven inches deep. The smaller one is three feet ten inches diameter, four feet two and one-half inches deep. The rest of them are from fifteen to thirty feet above high water mark.

Arrowsic, the next town, (also an island,) only thirty rods west of Georgetown, has not one pot hole in it, as far as any one knows of; neither has Westport or Woolwich, close by. Georgetown owns the whole riddle, and invites the world to inspect and solve it. No *river* currents could ever churn out these vast cylinders; a far mightier current must have furnished the power, of prehistoric antiquity. No hand of man for any earthly purpose could have cut out these singular shafts. Respectfully yours,

ALEX. JOHNSTON.

Tony Denier's company had a great audience at Music hall on Tuesday evening of this week, and gave a first-class entertainment. One of the best-received performers, Mr. DeWitt, cornetist, sleigh-bell soloist, etc., is a Portsmouth boy, and years ago played in the old Portsmouth cornet band, before that organization was run off the track by the naval band.

A vast audience attended the splendid concert given at Music hall by the Hungarian Gipsey band on Wednesday evening, the 1st inst. There was no "April fool" about that concert.

This evening (Thursday in Holy Week) is the anniversary of that solemn and well-remembered night before the crucifixion when our Lord instituted the sacrament of the Holy Communion. In commemoration thereof, the Holy Communion will be celebrated at Christ church this evening at half-past seven o'clock.

The announcement in yesterday morning's *Chronicle* that all the clergymen of the city will give up their meetings on Good Friday evening for the lecture of Rev. Joseph Cook, was, of course not intended to refer to the services at Christ church. Those services will be held as usual. Great as may be the eloquence and usefulness of this lecturer, no part of the duty of worship on that sacred day could be omitted.

The close season for trout in this state was "off" on the 1st inst. Anybody can catch trout now,—or try to.

Mr. Dennis Shea has been engaged to fill in and grade the lot at the corner of Court and Washington streets, from which the old houses were recently removed. It will be transformed into a lawn.

C. M. Gignoux, Esq., started on the 1st inst. for New York city, whither he went to attend the obsequies of his deceased friend F. S. Winston.

A detachment of twenty-four marines from the navy yard at Brooklyn, N. Y., under command of a lieutenant, arrived at the Portsmouth navy yard on the 1st inst., making the trip via the Sound steamers and the cars.

Bride & Frear's "Bunch of Keys" company have made a return engagement and will be at Music hall on Thursday evening, April 9th. They gave a highly satisfactory entertainment on their former appearance here.

Ticket No. 20, which drew the organ at the closing sale of the Henry F. Gerrish store on Market square, it is announced was held by Mrs. John Stokell.

The wooden coverings of the postoffice steps were taken off on the 1st inst., and housed for the summer. Hope it won't prove an "April fool" joke on the public.

The gondola Edgar Weston was on Wednesday of this week loaded at a Portsmouth lumber yard, with lumber for the Pepperell house at Kittery Point.

The sewing machine agent who got drunk and fell down stairs on Tuesday of this week, as reported in the Manchester *Union's* correspondence from this city, was not Mr. Larkin, who for five months past has been acting as special agent here for the Domestic sewing machine, of which the regular agency for Portsmouth is held by H. B. Buzzell & Son. Mr. Larkin does not "get full," and does not desire a reputation for exploits in that line.

The Henry F. Gerrish grocery business has been removed to No. 40 Market street, next to David Kimball & Co.'s drug store.

It was Capt. Jonathan A. Talpey who for some years commanded the schooner Clara E. Simpson of this port, and recently died in York, and not Capt. Joseph Talpey, as was printed.

That the fowl industry is one of more than trifling interest in the United States we may judge by the fact that, according to the census statistics in 1879, the products of the henyards were 456,910,916 dozen eggs, and it is probable that now the average yearly product is 500,000,000 dozen. Mr. Edward Atkinson, in his introduction to "Money in Politics," says: "These, at ten cents per dozen, would exceed the value of the product of the silver mines of this country."

ECZEMA or SALT RHEUM.

Another Clear and Decisive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr. Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, MASS., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicinal stuff they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know unless I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the disease.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a remedy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

The position of the French army in Tonquin is reported as extremely precarious.

SICK HEADACHE.—Thousands who have suffered intensely with headache say that Hood's Sarsaparilla has completely cured them. One gentleman thus relieved, writes: "Hood's Sarsaparilla is worth its weight in gold." Reader, if you are a sufferer with sick headache, give Hood's Sarsaparilla a trial. It will do you positive good. Made by C. I. Hood & Co., Lowell, Mass. Sold by all druggists. 100 Doses One Dollar.

Suakim advices of April 1st reiterate that Osman Digna is demoralized, and has retired to Erkowit. Many tribes are deserting him.

For Weak Women.

Mrs. Lydia E. Pinkham: "About the first of September, 1881, my wife was taken with uterine hemorrhage. The best styptics the physician could prescribe did not check it and she got more and more enfeebled. She was troubled with Prolapsus Uteri, Leucorrhea, numbness of the limbs, sickness of the stomach and loss of appetite. I purchased a trial bottle of your Vegetable Compound. She said she could discover a salutary effect from the first dose. Now she is comparatively free from the prolapsus, stomach's sickness, etc. The hemorrhage is very much better and is less at the regular periods. Her appetite is restored, and her general health and strength are much improved. We feel that we have been wonderfully benefitted and our hearts are drawn out in gratitude for the, same and in sympathy for other sufferers, for whose sakes we allow our names to be used." C. W. Eaton, Thurston, N. Y.

The mugwumps are pleased with the reappointment of Postmaster Pearson of New York, but the Bourbon democrats are not. Some of the New York democratic politicians predict that the result will be a democratic defeat in New York next fall.

East Kingston, N. H., Nov. 7, 1881.

A. S. Wetherell, Dear Sir:—Having suffered from scrofula for several years, I concluded to try your Sarsaparilla with Iodide of Potassium, and am happy to say that the scrofulous swellings are reduced. The impurities of the blood were freely eliminated through the surface of the body. After taking six bottles I can sincerely say that I consider Wetherell's Sarsaparilla a great blood purifier. Am glad to recommend it to all who wish a reliable medicine.

Yours Truly, Fred E. White,

J. A. St. John, chief representative of aquatic sports of St. Louis, Mo., challenges Beach, who defeated Hanlan in Australia, to row Jake Gaudaur of St. Louis for $5000 a side and the championship of the world, the race to take place in the United States, and St. John to allow Beach $500 for expenses.

Wintry Winds.

It's all right for poets to sing the praises of the beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in flannels, and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney-Wort to act as a cathartic, for nothing will so quickly relieve that congestive, feverish condition which comes of a hard cold. Often these colds cause bilious attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kidney-Wort can be relied on to bring back a healthy condition.

Judge Deady has allowed a motion admitting Mrs. Mary A. Leonard as a member of the bar of the federal courts of Oregon. Mrs. Leonard is the first woman who has attempted to practice in any of the courts of Oregon. A motion in the state supreme court, asking for her admission, was denied a few days ago on constitutional grounds.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute. So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

The total production of pure bar tin in all the countries of the world is thirty-six thousand tons a year, and of this twelve thousand tons are brought to the United States. It is asserted that the tin mines in the Black hills of Dakota will soon be in a condition to furnish three thousand tons per year.

THE NEW HAMPSHIRE GAZETTE

(The Oldest Newspaper in the United States, established Oct. 7th, 1756.)

Is published every Thursday at the same office. Terms, $1.50 per year; $2.00 per year if not paid in advance.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or offlocred by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE, THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

ADVERTISEMENTS inserted on reasonable terms, in either or both papers. The GAZETTE, having a large country (in addition to its local) circulation, is an excellent medium of advertising. A liberal reduction made when advertisements appear in both papers.

Retribution.

Some would-be passengers were waiting at a station up in Wisconsin for a train which didn't arrive, because it was buried in the snow sixteen miles away. A farmer came in, and, after thawing himself out by the stove, inquired of the station agent:

"Ain't yer road open yet?"

He was informed that the road was effectually closed to traffic for that day at least. Next day he came in again. The passengers had dispersed, but the agent was on duty.

"Ain't she open yet?" he inquired, as soon as he could pull the icicles away from the front of his mouth.

"Closed up tighter than a mackerel."

The third day he reappeared, took off his boots to see if his feet were frozen, and put a little sweet oil on his frost-bitten nose before inquiring:

"Open yet?"

"Naw, and ain't likely to be before spring."

"Well, I'll be doggoned!" exclaimed the inquirer, disgustedly; "by the great horned spoon, but this is tough. It sarves me right, though, sarves me right."

"How's that?"

"Well, you see, it's a clear case of retribution. That's what it is—retribution. My well is froze up, the creek on my place is closed solid, I can't cut through the ice on the lake, and my stock is sufferin' for water. There's so tarnal much snow 'round my barn I can't git the doors open, and I have to walk into town, seein's I can't get my horse out. They can't keep the schoolhouse warm and that's closed up. Anyhow, my children couldn't git out o' the house this weather. All the 'taters in my cellar is gone, and those I buried down in the patch are under ten feet o' snow. I'm out of terbacker, an' when I went to the only place in town where I've got any credit that was closed up, even yer old railroad. Am expectin' my wife on that train of your'n that's snowed in down by Jones' Crossing. It's retribution; that's what it is."

"Retribution for what?"

"Why, darn it all, stranger, I'm the man that predicted an open winter."
—*Chicago Herald Train Talk.*

George Eliot's Inspiration.

Mr. Cross writes: "During our short married life our time was so much divided between traveling and illness, that George Eliot wrote very little, so that I have but slight personal experience of how the creative effort affected her. But she told me that, in all she considered her best writing, there was a 'not herself' which took possession of her, and that she felt her own personality to be merely the instrument through which this spirit, as it were, was acting. Particularly she dwelt on this in regard to the scene in "Middlemarch" between Dorothea and Rosamond, saying that, although she always knew they had sooner or later to come together, she kept the idea resolutely out of her mind until Dorothea was in Rosamond's drawing-room. Then, abandoning herself to the inspiration of the moment, she wrote the whole scene exactly as it stands, without alteration or change, in an intense state of excitement and agitation, feeling herself entirely possessed by the feelings of the two women. Of all the characters she had attempted she found Rosamond's the most difficult to sustain. With this sense of 'possession' it is easy to imagine what the cost to the author must have been of writing books, each of which has its tragedy. We have seen the suffering alluded to in the letters on the 'Mill on the Floss,' 'Felix Holt,' and 'Romola.'"

True Fascination.

The reign of very young girls over the heart of man is ended. "Sweet sixteen" is insipid, "fascinating eighteen" tame. At 25 the young lady of the present day may be said to be interesting, at 30 she is charming, and at 33 fascinating. But it is not until the woman gets well into the forties that she reaches the angelic period where temper no longer leads the mastery, and mature thought smooths out the rugged outlines of her mental life. If she understands the art of self-preservation she may also retain at this age the better part of her physical charms, and be pretty in spite of her years. Ninon de L'Enclos was regarded as a belle and a beauty at 60, and care and discretion are only necessary to carry the beauty of youth far into mature life.

Another custom is coming into vogue which must lend hope to many a spinster and widow of uncertain age, and that is the fashion of women marrying men younger than themselves. Perhaps this can hardly be called a novel innovation, however, for it has been practiced in the older countries for many years, and in Ireland has long been the custom. Dr. Johnson married a woman old enough to be his mother; Disraeli was many years his wife's junior, and Aaron Burr married a widow several years older than himself. The famous Madame de Stael was 44 when she picked up a young officer of 20 or so, and Rachel married Vernhagen Von Euse when she was over 40 and he in his twenties. All of these were happy marriages, and Miss Thackeray, Mrs. Craik, and Margaret Fuller seemed to believe in such unions, for they each chose comparative youngsters for matrimonial mates. Modern and ancient unions of this kind have proved lucky unions, and, as some of the latter have given a sort of tone and fashion to custom, we may look for a tide in that direction. It it becomes the fashion for women to choose husbands younger than themselves, old-fashioned folk may preach against it in vain.—*London Echo.*

Frederick Hamilton, captain of the salvation army at Patterson, N. J., who inveigled Maggie Carrigan, a young girl, into a low resort in that city, and outraged her, has been convicted of abduction and remanded for sentence.

The Central American War.

A despatch of April 1st, from La Libertad, San Salvador, via Galveston, says: "On March 30th Gen. Barrios attacked the Salvadorian frontier position El Coco, thus breaking the promise given by him to the United States minister not to invade Salvador, and commencing operations without a declaration of war. The battle raged fiercely until nightfall, when the Salvadorian forces concentrated upon Chalchuapa. At daylight on March 31st fighting commenced around San Lorenzo, and after a severe engagement, which lasted ten hours, the Guatemalan forces were completely routed. Their losses were very heavy."

A Panama despatch of April 1st is as follows: "Communication with Colon is re-opened. The force sent from here attacked Preston [the rebel commander at Colon] on the afternoon of March 30th, and drove back a small outpost. On the morning of March 31st the fight in Colon commenced; cannons were used and the firing was heavy. While the fight was in progress a fire, the origin of which is not yet known, broke out in the town. Preston, when he saw that defeat was inevitable, made his escape. Many of his men were killed or captured. The town by this time was in flames, and everything was swept away save a few Panama railroad buildings on the north beach; all the piers except the Pacific Mail company's were burned, and all the railroad company's books are lost; the canal company saved its books and $160,000 in specie; all the cars on the tracks were destroyed. The new town of Christopher Columbus escaped the flames. The suffering is intense. No water nor food is to be had. Three cars loaded with supplies will leave here to-night. Many of the citizens are utterly ruined. All is quiet in Panama. Aezpuru will send troops to hold Colon, and prevent the expected pillage."

The Central American disturbance was discussed at an informal meeting of the cabinet at the White House on the evening of the 1st inst., and the conclusion reached was that while this government is not called upon to take cognizance of internal broils at Panama, yet it was by treaty guaranteed free and uninterrupted transit across the isthmus. Acting upon this conclusion, Secretary Whitney telegraphed orders to the commandants of the Brooklyn and Boston navy yards to get all the available marines at the yards in readiness for immediate departure, and to provide also some Gatling guns and men to handle them. He also sent the following despatch to Mr. J. B. Heuston, president of the Pacific Mail company, at New York: "The government proposes to have the transit from Panama to Colon open and uninterrupted in the shortest possible time. In order that your company may avail itself of the advantages of this action a few days' delay of your steamer to receive a shipment of armed forces will be necessary. How many men can you take?" Secretary Whitney also telegraphed Capt. Kane of the Galena, at Colon, and Consul Adamson at Panama, for further information as to the condition of the railroad and steamship property, and whether transit across the isthmus remains open. He said if their replies confirm previous advices, the men and guns from the navy yards will be forwarded immediately. He said further that the United States steamers Alliance and Swatara are now en route for Colon, the Alliance from New York and the Swatara from New Orleans.

The Naval Officer at Boston.

It is stated that recently a prominent democrat of New York called upon Daniel Manning in the interest of Col. George, to further his claims to be appointed naval officer at Boston, and to his disgust was informed that in regard to this appointment he would have to confer with Mr. Frank Jones. The caller and his friend George once occupied places very near the ear of a New Hampshire president, and it was a set-back to be referred to a new power in the party, in such a connection.

But later it appears that the president will go slow as to the Boston appointment. At any rate, what has Col. Hall done that he should be removed before his official term expires? He certainly did nothing toward the election of Mr. Blaine, nor did he shed a single tear at the defeat of the author of Twenty Years in Congress; and withal he is an excellent officer, giving close personal and uninterrupted attention to his official duties. Our democratic friends must acknowledge that the watchward "turn the rascals out" will not apply to Daniel in the late campaign. However much the collector and survey or may have sinned as political orators or laborers in the late presidential canvass, the incumbent of the naval office "made no bones" of expressing his hopes of Mr. Blaine's defeat.

Competitive Examination.

Hon. Martin A. Haynes, member of Congress from this district, having been notified by the secretary of the navy to nominate a candidate for appointment as cadet at the United States naval academy at Annapolis, Md., gives notice that the candidate for such nomination will be selected by a competitive examination to be conducted by Wm. E. Buck, superintendent of schools at Manchester, G. A. Wentworth, president of Phillips academy at Exeter, and S. E. Quimby, president of the New Hampshire Conference seminary at Tilton, the conditions of the competition being as follows:

"Candidates must be actual residents of the first congressional district of New Hampshire; between fourteen and eighteen years of age on the 15th day of May next; physically sound, well formed, and of robust constitution. They must be well versed in reading, in writing, including orthography, in arithmetic, and have a knowledge of the elements of English grammar, of descriptive geography (particularly of our own country,) and of the history of the United States. Said examination will be held at the office of the superintendent of schools, in the city of Manchester, on Friday, April 24th, at eleven o'clock A. M., at which time and place all applicants for such appointment will present themselves before said board for examination."

Not for many years has so large a quantity of fish been sent from this port during any one month as was sent in March, the total amounting to 350 net tons, all which was shipped by rail, and most of which was hauled from the fish-wharves to the railroad station at night, between sundown and midnight.

It may be well enough for our democratic friends who seek an investment in newspaper stocks at Concord, to note that the shares in a well established daily paper in Boston, with all the chances for government patronage, a good subscription list and advertising receipts of no small amount, sold at auction at one dollar each last week. But the enterprising democrats look to the rising sun of newspaper investment for the permanent deposit of their shekels.

It must not be supposed that Minister Lowell is to be succeeded by an appointee who has no poetic fame. Mr. E. J. Phelps, many years ago, wrote a poem on Essex Junction, a place where once one might learn to labor and to wait, a few miles from Burlington, Vermont. The sportive production of the Vermont muse, which is probably the best thing since John G. Saxe's time, is to be found in the *Pathfinder Guide* for April.

That Tired Feeling

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohocs, N. Y.

Hood's Sarsaparilla

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, April 2d, Mayor Page in the chair:

Present the full board, except Ald. Walker.

The records of the last meeting were read and approved.

Charles W. Norton asked leave to encumber the corner of Daniel street and Market square, for building purposes; granted.

The mayor said it was time for the annual appropriation bill to be offered; and that the county tax was much larger than usual, although the county treasurer reported the sum of $40,000 to be on hand in the treasury. By a vote, the chairmen of the several joint committees were requested to meet, and submit their estimates of appropriations needed in their several departments for the ensuing year.

The mayor announced that Ex-Mayor Donovan of Lowell, Mass., would appear before the board on the 9th inst., relative to the city granting a right of way through the city to the Baltimore & Ohio Telegraph Co.; that slight poles should be erected, with arms for the wires of the proposed electric fire alarm.

The Common Council gave notice that they had passed the ordinance sent down from the aldermen, authorizing the mayor and aldermanic committee to contract with the Gamewell fire alarm company to put their alarm in this city, at a cost specified.

Adjourned to April 9th, at 7:30 o'clock in the evening.

SHORT NOTICE.

At 12:30 o'clock A. M., April 2d, Commodore Philip C. Johnson, commandant of the navy yard, was roused to receive a despatch from the secretary of the navy, containing orders to at once send all the available marine force on the yard to the yard at Brooklyn, N. Y., fully armed and equipped for service in the field. Muster was made at once, and preparations hurried forward; and before four o'clock Hett Brothers' teams were engaged in transporting baggage and camp equipage from the navy yard landing to the railroad station. Two cars were attached to the 7:15 A. M. train for Boston, for the special accommodation of the marines, who numbered eighty-six men all told, including two lieutenants, ten sergeants, seven corporals and two musicians, and were in two companies, one under command of Lieut. Frank L. Denny, senior officer of the expedition, and the other under command of Lieut. T. Glover Fillette. They were an able-looking body of men, and when they left here were fully prepared for active service, even to carrying forty rounds of ball cartridge per man. The twenty-four men who arrived at the yard from Brooklyn the previous day were included in this expedition, whose departure left this yard with only twenty marines, under command of Capt. Percival C. Pope.

MARITIME NOTES.

Capt. McKenzie of schooner William H. Poole, of Gloucester, swamped and deserted on the Grand Banks about six weeks ago, was in this city this morning on his way home to Gloucester. He and the crew were picked up five weeks ago last Sunday by the steamer Alhambra, after having been four days in dories, and carried to Bremen, Holland, from which place they were sent home by way of Liverpool steamers to Portland. A part of the crew belonged in Boothbay, Me., and left the Captain in Portland. Capt. McKenzie has always been a successful fisherman, making quick trips and profitable ones. He says that he has had enough of Bank fishing to satisfy him, and now intends to let someone else do it. The schooner Wm. H. Poole was towed into Provincetown only a day or two since, in a much damaged condition. She was built at Essex about two years ago and was 147 tons burden. Capt. McKenzie was an owner of one-eighth of her and one-half the outfit. He feels that he has been through a good deal in the last few weeks, but is going home thankful that it is no worse.—*Times, April 2d.*

The schooner Wingaersheek, Donnell, from York for Newburyport to load for Boston, arrived in the lower harbor on Thursday.

ICE ON GREAT BAY.

As a matter of record we reprint the following, sent to the Newmarket *Advertiser* by a correspondent under date of March 20th:

It is not generally known that our bay [Great bay] has during the past winter and spring, up to the time of writing, been a public thoroughfare. It has not been an uncommon sight to see an ox-team, drawing a load of hay, or a load of logs, across a part of the bay and the rivers. A short time ago two men from our village went to Portsmouth, via Greenland bay, with horse and sleigh. Neighbors visit across the rivers and a part of the bay; and the main road from Mr. Joseph Adams' has been for some time past along the side of the bay to Newmarket. The ice on the bay and rivers at this time is from eighteen to thirty-six inches in thickness, and the oldest people do not remember anything of the kind before. Besides all this there has been ice-boating, skating, smelting, etc. Harry Watson teamed his last load of logs across from his house to a mill near Stratham hill yesterday, the 19th, and it looks as though it would be passable the rest of this month.

Rev. Joseph Cook's lecture on "Certainties in Religion" will be delivered in the North church this (Friday) evening at 7:30 o'clock, the doors opening at 6:45. Tickets, at 35 and 25 cts., can be procured at Hutchinson's store, Market square.

To-day (Good Friday) there will be service at 10:30 A. M. in St. John's church, and at 7:30 P. M. in Christ church.

To-morrow (Easter Even) service at 10:30 A. M. in St. John's church, and at 5:00 P. M. in Christ church.

The Methodists of this city are making an effort to raise the debt on their church, and the children of the Sunday school are out with little banks in the shape of Easter eggs, soliciting contributions. The school will give a concert on Easter night, and an egg-breaking and festival at the court house on Monday evening following, to both of which the public are invited.

In the prelude of Rev. Joseph Cook's lecture in Tremont Temple, Boston, March 23d, he says: "It is the joy of my life to emphasize the hidden half of Christian unity, or the truths in the assertion of which all evangelical believers agree. I am I hope more than a Congregationalist; I am a friend of all the evangelical denominations, and I do not under-rate the glories of any one of them."

"Zozo," spectacular drama, at Music hall Friday and Saturday evenings, April 10th and 11th; matinee Saturday afternoon.

It is quite likely that we shall be treated to "Pinafore" once more, within a short time.

Although not the close season, there have been but few lobsters brought into this market from the Isles of Shoals during the past winter, the reason being that owing to the severity of the weather the lobsters would chill to death in the cars, and become worthless. The lobster fishermen complain that although they are not allowed to offer the small lobsters for sale on the streets, they are bought up from unscrupulous catchers by dealers who take them to places where there is no fear of prosecution for violation of the law.

The docket for the April term of the Supreme court for Carroll county, just printed at the *Pioneer* office at Wolfeborough Junction, contains 107 cases on the continued docket. On the equity docket the suit Jos. P. Cushing vs. Nath'l Miller and Jos. Hobson, entered at the October term, 1877, heads the list. In this case the name of W. H. Y. Hackett appears as senior counsel for the plaintiff. The term is to begin on the 21st inst., Hon. Isaac N. Blodgett presiding.

The *Times* has seen a printed copy of an election ticket of 1809, the names upon which are as follows: "Washington ticket: Jeremiah Smith, governor; John Bell, Jr., counsellor; Matthew S. Marsh, senator; Nathaniel Gilman, county treasurer; Seth Walker, county recorder; John Haven, Isaac Waldron, Jr., Daniel Webster, Benjamin Akerman, representatives."

The town meeting in Eliot resulted in the election of the following officers, all democrats, by a majority of about eighty: Moderator, Alexander Junkins; clerk, George W. Shapleigh; selectmen, assessors and overseers of the poor, Albert S. Hurst, John L. Jenks, Andrew P. Fernald; treasurer, Flavius J. Paul; town agent, G. A. Hammond; constable, James M. Raitt; supervisor of schools, John L. M. Willis; collector of taxes, Samuel Clark; auditors, Leonard P. Foster, Elisha G. Ferguson. The following amounts of money were voted: support of poor, $500; contingent expenses, $900; support of schools, $1800; interest on town debt, $450; repairs on roads and bridges, $1500. Amount of town debt, $4656.74.

ECZEMA or SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, MASS., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from Salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from the ailments peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

"Gentle Spring."

Among spring preparations, do not neglect that which is most important of all—your own body. During the winter the blood absorbs many impurities, which, if not expelled, are liable to break out in scrofula or other disease. The best spring medicine is Hood's Sarsaparilla. It expels every impurity from the blood, and gives strength to every function of the body. Sold by all druggists.

The treasury department is informed that an agent of the secret service arrested J. F. Luichia at Lyme April 1st, while in the act of passing counterfeit silver coin.

For Weak Women.

Mrs. Lydia E. Pinkham: "About the first of September, 1881, my wife was taken with uterine hemorrhage. The best stypics the physician could prescribe did not check it and she got more and more enfeebled. She was troubled with Prolapsus Uteri, Leucorrhea, numbness of the limbs, sickness of the stomach and loss of appetite. I purchased a trial bottle of your Vegetable Compound. She said she could discover a salutary effect from the first dose. Now she is comparatively free from the prolapsus, stomach's sickness, etc. The hemorrhage is very much better and is less at the regular periods. Her appetite is restored, and her general health and strength are much improved. We feel that we have been wonderfully benefitted and our hearts are drawn out in gratitude for the, same and in sympathy for other sufferers, for whose sakes we allow our names to be used." C. W. Eaton, Thurston, N. Y.

A freight train on the northern divison of the Boston & Lowell railway broke apart a mile below Franklin, April 1st. The cars came together soon after, four of them, loaded with butter and other merchandise, being badly wrecked, involving a loss of about $1000.

East Kingston, N. H., Nov. 7, 1881.

A. S. Wetherell, Dear Sir:—Having suffered from scrofula for several years, I concluded to try your Sarsaparilla with Iodide of Potassium, and am happy to say that the scrofulous swellings are reduced. The impurities of the blood were freely eliminated through the surface of the body. After taking six bottles I can sincerely say that I consider Wetherell's Sarsaparilla a great blood purifier. Am glad to recommend it to all who wish a reliable medicine.

Yours Truly, Fred E. White,
Pastor of M. E. Church.

Wintry Winds.

It's all right for poets to sing the praises of the beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in flannels, and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney-Wort to act as a cathartic, for nothing will so quickly relieve that congestive, feverish condition which comes of a hard cold. Often these colds cause bilious attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kidney-Wort can be relied on to bring back a healthy condition.

Mrs. William Andrews on Wednesday morning, the 1st inst., drew from the Providence (R. I.) institution for savings $224.40, and outside the banking room she handed the money to her brother, Patrick McAndrews, to count. The latter put the money in his pocket and ran off, leaving his sister to mourn her confidence.

THE NEW HAMPSHIRE GAZETTE

(The Oldest Newspaper in the United States, established Oct. 7th, 1756.)

Is published every Thursday at the same office. Terms, $1.50 per year; $2.00 per year if not paid in advance.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE, THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

ADVERTISEMENTS inserted on reasonable terms, in either or both papers. The GAZETTE, having a large country (in addition to its local) circulation, is an excellent medium of advertising. A liberal reduction made when advertisements appear in both papers.

How Women Differ from Men.

At least three men on the average jury are bound to disagree with the rest just to show that they've got minds of their own; but there is no disagreement among the women as to the merits of Dr. Pierce's "Favorite Prescription." They are all unanimous in pronouncing it the best remedy in the world for all those chronic diseases, weaknesses and complaints peculiar to their sex. It transforms the pale, haggard, dispirited woman, into one of sparkling health, and the ringing laugh again "reigns supreme" in the happy household.

Public Printer Rounds, when his successor is named, will establish a weekly paper in Washington on the style of the New York *Nation*, with O. H. Rothacker of the Denver *Opinion* as editor.

The combination, proportion and process in preparing Hood's Sarsaparilla, are peculiar to this medicine, and unknown to others.

New officers took command of the detachment of the salvation army in New Haven, Conn., on the 1st inst., and in a free fight which ensued a man named Shipman, formerly connected with the army, was knocked down and badly kicked.

Tens of Thousand Colds

Lead to consumption, fevers, settled coughs, asthma, bronchitis, whooping cough, croup, etc. Immediate relief by Dr. Seth Arnold's Cough Killer.

Ezekiel Dyer of Newburyport, Mass., has nearly fifteen acres devoted to oyster culture near the Oldtown bridge in that city. He raises the Cape Cod scallop, as well as the Chesapeake oysters, and the business, which has been carried on for years, is a success.

I am cured of catarrh and deafness by Ely's Cream Balm. My aunt was deaf in one ear. After using the Balm a few times her hearing was restored. F. D. Morse, Insurance Broker, Elizabeth, N. J. Not a liquid or snuff.

We recommend Ely's Cream Balm where a cure for catarrh is called for, and consider that we are doing the public a service by making its virtues known to those afflicted with this loathsome disease, for which it is in most instances a perfect cure. Peck Bros., Druggists, Grand Rapids, Mich. Price 50 cents. See adv.

About midnight Tuesday, March 31st, six masked men visited the residence of A. H. Cline, a thrifty planter living near Winnsborough, Texas, took him out of bed, and severely whipped and otherwise abused him until he was nearly dead. Through the pleadings of his wife Cline's life was spared, but he was notified that unless he left the country within forty-eight hours he would be killed.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and pain.

Thomas Willett, residing in Pittston, Me., an employe in the saw mill of H. W. Jewett & Co., was almost instantly killed March 31st. He was at work rolling logs from a pile in the rear of the mill when they all started suddenly, jamming him so severely as to cause his death. He was thirty-three years old, and leaves a widow and three children.

GLEANINGS.

Susan B. Anthony began life as a school teacher at $8 a month, and in fifteen years saved $300.

A violin played near a flock of geese will most invariably start them into a grand march about a circle.

In Germany it requires twenty-six years' study for a man to become a physician recognized in official circles.

To be scientifically accurate, a German enthusiast counted the hairs on his wife's head, and found 128,000 to the square inch.

A naturalist has discovered that one of the curiosities of natural history is that a woman says "shoo" to frighten a chicken and "boo" to a goose.

The value of the products of our forests in 1880 exceeded $700,000,000. The value of the iron and steel produced that year was less than $300,000,000; of coal, both anthracite and bituminous, less than $100,000,000.

A prominent New York doctor says that roller-skating destroys the shape of the feet and ankles. Ministers oppose the rink, some of them, on the score of morals. But this New York doctor preaches the real doctrine of extermination.

It costs the government $23,000 a year to fold the speeches Congressmen and Senators send out as campaign documents. Senators and Representatives use $63,120 worth of stationery every year. A chaplain for the Senate or House is paid $900 a year; a messenger $1,440.

A large Buddhist temple is now in course of erection at Kioto, Japan. All its timbers and pillars are put in place by ropes made of human hair. The devotees of the god they worship offer their hair on its shrine. The hair is then cut off and is twisted by the priests into church ropes.

Mrs. Charles Tracey, of Kingsbridge, Ky., has become the mother of the smallest "midget" born this century. The child weighs eleven ounces, is six inches in stature, its body can be encircled by the thumb and index finger of a fourteen-year-old child, and its head is about the size of a large marble, or less than an inch in diameter.

Washington is the only one of the Presidents of the United States who has been honored by a unanimous election. James Monroe, however, virtually received the same compliment upon his re-election to the Presidency in 1820, when 231 out of the 232 votes of the electoral college were given him. The odd vote was cast by an elector from Vermont for John Quincy Adams, not on account of ill-will to Monroe, but because he was unwilling to see any man share the rare distinction of Washington in receiving a unanimous election.

At the centennial celebration of the birth of Daniel Webster in 1882, Colonel George, in an address before the Webster Club of this city, alluded to the fact that no statue to Webster had been erected in the State of his birth. The subject was thus called to the attention of Benjamin P. Cheney, Esq., of Boston, a native of New Hampshire, who consulted with several of our citizens with the purpose of presenting to the State a proper statue. A variety of causes delayed the fulfilment of Mr. Cheney's liberal intention. Quite recently an agreement has been perfected by which the procurement and erection of the statue has been placed beyond contingency.—*Concord (N. H.) Monitor.*

Dr. Temple, the new Bishop of London, was once, says the London *Globe*, taken for an excise spy. The Bishop—who is a great walker—had lost his way on a Devonshire road, and was very fatigued. Being overtaken by a farmer's gig, he asked for a lift, and offered to pay for it, adding that he was the new Bishop of Exeter. "Nos, nos," said the farmer, as he gave his horse an extra flip, "I know who you be—you be an exciseman; I know 'ee by your gaiters." It ought to be explained that the farmers' gigs pay no license when they are used for the owner's business. The Bishop, however, trudged on, and finished his walk of about seventeen miles late in the evening.

Mr. Labouchere says: "We begin our education at the wrong end. Instead of cramming a child with Latin grammar at the age of 6, we ought to teach him French, German and Italian while he is young enough to master the pronunciation correctly. Then, as a sort of extra polish, let him, if he has time and talent enough, study Latin and Greek, beginning, say, about the age of 15. If he has no aptitude for these dead and practically useless languages, let him at once abandon them. By our idiotic system we make a boy waste the whole of his school days in vainly endeavoring to write languages which he most probably detests, and then expect him to pick up French and German as he best can in the course of a long vacation tour abroad."

Like most plain men, G. H. Lewes, first husband of George Eliot, was not devoid of personal vanity. We went once, a party of us, says Edmund Yates, to see an exhibition of some dwarfs—hideous human specimens—called "the Earthmen," and one of the females seemed greatly taken with Lewes. Upon which Jerrold, looking up in his quaint way, said: "Ah, Vivian, 'frame to make (Earth) woman false!'" And Lewes was quite pleased at the compliment. At one time a number of men banded themselves together to try and abolish the ordinary chimney-pot hat, substituting for it something more graceful in form and more flexible in material; and it was always assumed that the movement was spoilt by the premature appearance of Lewes in a Tyrolean hat, to which he scarcely gave distinction.

Gout, a painful disease affecting principally the fibrous tissues about the smaller joints, has various names, according to the parts affected, as podasra, when in the feet; chivassa, when in the hands, etc.; but whether the attack is first felt in the feet, the hands, or some other part, rub with Salvation Oil at once. It annihilates pain. Price 25 cents a bottle.

Advices of April 2d say that Gen. Graham occupied Tamai that morning, destroyed the place, and returned to the zareba near Suakim. The Arabs had left Tamai, and a spy reported that they had left Sinkat. The general advance on Tamanieb was to commence on the 3d.

The Central American War.

Panama advices of the 2d inst., via Galveston, say "The particulars of the battle at Colon and the burning of that city are still meagerly reported. The attack upon the rebel chief, Preston, by the Colombian troops, was led by Col. Ulloa. Preston's forces were utterly routed after a severe engagement. As soon as Preston became convinced that it would be impossible for him to maintain his position, he set fire to the city in various places and then made his escape. Only a few of his followers succeeded in getting away with him. The city is almost a complete ruin. Only three houses are left standing. Much distress prevails among the people who have been rendered homeless. Everything is quiet here at Panama, and no serious apprehension of attack from the insurgents is felt. Communication with Colon remains open."

In answer to Secretary of the Navy Whitney's telegram on the night of the 1st inst., to the president of the Pacific Mail Steamship Co. at New York, the secretary on the 2d received the following: "We can carry 200 men in 'City of Para' to-morrow at noon, and 600 in 'Acapulco' next Monday." Secretary Whitney replied: "We will ship 200 men by your steamer to-morrow noon, with tents and camp equipage. The Tennessee, with Admiral Jouett, will leave New Orleans probably to-day, with extra complement of marines for Aspinwall, and with extra provisions. This will place four ships and between 400 and 500 available men at Aspinwall for land service. As to Monday's steamer, will communicate hereafter." In reply to a telegram sent to Commander Kane of the Galena, the following was also received: "Transit is closed; steamship property safe and in my possession, also railroad property at north end of island. It is advisable to send another vessel."

A prominent navy officer, in speaking of the Panama difficulty and the sending of a force from the United States, says: "It is a subject of regret among naval officers that the sailors who will probably form part of the forces to be sent to the isthmus will not be as well armed as the marines, or even as well as the forces with which they will have to contend. Their arms consist of the short magazine guns, which will not compare in range with the Springfield rifles; neither are they supplied with bayonets."

Lieut. Rogers of the navy, who has recently returned from Aspinwall, says the town contains between 5000 and 10,000 people. It is constructed of an island, and contains two principal thoroughfares, along one of which the Panama railroad runs. One street contains the business houses and hotels, built of stone; the other, some business houses and residences, the upper stories of which are of wood. The natives, Indians, occupy thatched buildings, grouped in another portion of the island. There are two or three hundred Americans in the place who are employed at the docks and in storehouses. The docks, the lieutenant says, are valuable pieces of property, as is also an expensive English storehouse built of stone. This house, together with the docks, with the exception of that used by the Pacific Mail company, were destroyed. Until the construction of the railroad, Aspinwall was nothing more than an Indian village. It is usually called Colon by the English and is also identical with Navy Bay, by all which names it is known.

Union Depot in Boston.

Shortly after the consolidation of the Eastern and Boston & Maine railroads was consummated the question of establishing a union depot for all the lines entering Boston on the northerly side of the city came up for consideration by the companies interested, and directory committees were appointed by each to devise plans for such a depot as was thought to be desirable. These committees have been in conference several times, and while they have accomplished nothing as yet of a definite character, they are, it is understood, practically agreed upon a general plan.

This plan contemplates the construction of a large and fine station on Causeway street, between the Fitchburg and Eastern stations, and directly opposite Canal street, on the ground now occupied by the Boston & Maine company for freight purposes. In order to do away with the grade crossings at Prison Point and Somerville, which have always been a source of annoyance to all the railroad companies, the Fitchburg trains, under the arrangement planned, would come into the new station over the Eastern company's tracks from Prison Point, on the west; the Eastern trains would come in on the east; and the Boston & Maine tracks would, naturally, have the centre of the station.

Other matters pertaining to this plan, of more or less importance, and looking alike to the convenience of the respective corporations and all their patrons, have been suggested, but as yet only in an indefinite form and by no means fully decided upon. There are many matters of detail to be very fully and carefully considered, even before the plans are put upon paper, but now that a move is being made, substantial results are sure to develop in the not distant future, and this much-mooted question to receive a most satisfactory settlement.

The extra session of the senate came to an end on the 2d inst. Pearson was confirmed as postmaster at New York, and many other nominations were confirmed. No president *pro tem.* was elected, Hendricks not absenting himself to give the senate a chance to elect such an officer.

A Paris despatch says that Queen Victoria and Princess Beatrice arrived at Aix les Baines on Wednesday, April 1st. The depot was handsomely decorated in their honor, and a troop of dragoons, and the Parisian garde mobile, met her majesty at the station and acted as an escort. In accordance with the special request of the queen, her arrival at the station and departure thence were allowed to be made quietly and without official ceremony.

Hon. Samuel J. Randall is reported as very ill at Washington, his system seeming to be completely run down and his blood impoverished.

Sir Ambrose Shea, the representative of Newfoundland, has arrived at Washington to attempt negotiations in the matter of the fisheries. The fisheries provision of the Washington treaty terminates June 30th next.

Gen. Grant still survived on Friday, and it was thought possible that he might pass Easter Sunday with his family and friends.

The secretary of the treasury has authorized an advertisement for the sale at public auction of the old United States court house property, corner of Tremont street and Temple place, Boston.

The boiler in David Hulse's saw mill near Scipio, Ind., exploded April 1st, killing Anthony Cleaver, the engineer, and fatally injuring Daniel Morton and Albert Hulse.

Frederick Hamilton, the captain of the salvation army who was convicted at Paterson, N. J., on the 1st inst., of abducting Maggie Carrigan, a sixteen-year-old girl, was on Thursday sentenced to state prison for three and one-half years.

A Morehead, Ky., despatch says two rival parties in the county, led by Pearce and Humphreys on one side and Day and Bowling on the other, on Wednesday night, the first inst., fired twenty or more shots at each other without effect, and then entrenched in two hotels. More fighting was expected.

The secretary of the treasury has directed a suspension of the work of removing the cattle quarantine station from Waltham, Mass., to Littleton, Mass., until satisfactory evidence shall be presented that the change is proper and desirable, and for the best interests of the service. It is understood that the station will be continued at Waltham.

Edward F. Harriman, aged twenty-five years, and Mrs. Enos Richardson aged thirty-four, were arrested at Augusta, Me., April 2d, having eloped from Orrington, where the woman, previously highly esteemed, left a comfortable home, a husband, and a boy of four years and a girl of eight.

A new steam fire engine, made by the Manchester Locomotive works, was tested at Lawrence, Mass., Thursday, in the presence of invited guests from Concord, Manchester and Portsmouth, N. H., and Haverhill, Lowell and Newburyport, Mass. It threw a stream 279 feet with an inch and a half nozzle. The test was perfectly satisfactory.

The secretary of the interior has received from the attorney general an opinion concerning the status of the lands in the old Winnebago or Creek Indian reservation, Dakota. The attorney general holds that the order of President Arthur of February 27th last, opening these lands to settlement, is inoperative for the reason that the Sioux Indians hold title to the lands under the treaty of 1868. The land has already been covered with entries by white settlers under President Arthur's order, but it is probable that the effect of this decision will be to deprive them of any rights they may have acquired.

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, affect almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

Hood's Sarsaparilla

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. FIELPS, Rochester, N.Y.

A running sore for 14 years cured: HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for billiousness and dyspepsia. They have cured me when all other remedies failed.

KNIGHTLY VISITATION.

De Witt Clinton Commandry of this city was on Friday evening visited by Sir Knight John F. Webster, right eminent grand commander of the Grand Commandry of Knights Templar of New Hampshire, and other officers of the Grand Commandry; also by officers and members of St. Paul Commandry of Dover and Trinity Commandry of Manchester, to the number of about 200 in all. The order of the Temple and of Malta was conferred upon Sir Winthrop Norris Dow of Exeter, and after the business of the evening was over a splendid banquet wound up the exercises, the tables being loaded with all that the season could afford, and beautifully decorated with the choicest flowers. Following are lists of the

OFFICERS OF THE GRAND COMMANDRY.

John F. Webster, R. E. G. Commander; Don H. Woodward, V. E. D. G. Commander; Charles N. Towle, E. G. Generalissimo; John J. Bell, E. G. Captain General; Rev. Daniel C. Roberts, E. G. Nealley, Rec.; John H. Nute, Sw. Bearer; Samuel Hale, St. Bearer; A. M. Foss, Warder; Horatio G. Hanson, Armorer; B. Frank Nealley, William B. Walker, Albert Thwing, Guards.

OFFICERS OF TRINITY COMMANDRY.

Luther F. McKinney, E. C.; Frank A. Lane, Gen.; John K. Piper, Capt. Gen.; Joseph Kidder, Prelate; Chas. C. Hayes, S. W.; Geo. I. McAlister, J. W.; Jas. A. Weston, Treas.; Joseph E. Bennett, Rec.; Benj. W. Robinson, St. Br.; Henry Lewis, Sw. Br.; Geo. H. True, Warder; Edward A. Jones, 3d Gd.; Fred S. Bean, 2d Gd.; Fred A. Taylor, 1st Gd.; John Gilbs, Sentinel.

OFFICERS OF DeWITT CLINTON COMMANDRY.

Andrew P. Preston, E. C.; Harry G. Tanton, G.; Howe Call, C. G.; John Christie, P.; Charles M. Anthony, S. W.; Edward W. Riley, J. W.; Wingate N. Isley, T.; James L. Parker, R.; James A. Ward, St. Br.; James A. Corey, Sw. Br.; Joseph Cheever, W.; Edwin A. Tilton, 3d Gd.; John G. Parsons, 2d Gd.; William A. Ashe, 1st Gd.; Robert H. Hall, S.

Past Commanders of DeWitt Clinton Commandry.

Joseph Warren White, 1826 to 1828; Robert Smith, 1828 to 1847; John Christie, 1847 to 1848; Thomas Lowe Pickering, 1848 to 1849; Albert Ruyter Hatch, 1849 to 1873; John Robert Holbrook, 1873 to 1875; Washington Freeman, 1875 to 1879; William Porter Walker, 1879; Charles Wesley Gardner, 1880 to 1882; Calvin Page, 1882 to 1884.

It will be noticed that De Witt Clinton Commandry has during its fifty-nine years of existence had but eleven commanders, including Sir Knight Andrew P. Preston, who at present holds that office. The commandry is in a flourishing condition, and numbers 119 members.

FIRE IN NORTH HAMPTON.

A bright light was seen in this city about ten o'clock last Thursday night, and gave rise to a report that the Farragut house at Rye beach was burned, which was not the case. The light came from the premises of John E. Marston of North Hampton, situated on Lafayette road about a mile this side of the Hampton railroad station, his dwelling having been destroyed by a fire supposed to have been caused by the overheating of the woodwork near a chimney which was burned out on Thursday afternoon. Loss about $3000, with $1800 insurance.

MARITIME NOTES.

The schooner Grace K. Green, Seaward master, from Baltimore with 674 tons of coal to J. Albert Walker, arrived in the lower harbor on the evening of the 2d inst., and came up to the Concord railroad wharf on the 3d.

The "pinque" Lucy is getting ready for sea, and Capt. Lemuel B. Caswell expects to sail for the Isles of Shoals about the 15th of this month.

The steamer Pinafore, Capt. Oscar Laighton, came in from Appledore on Friday, and went out again in the afternoon. Preparatious are now being made for the summer operations at the Shoals.

All of the "brickers" whose sails had not previously been bent, were bending them on Friday, and the entire fleet will soon be actively engaged in the season's work.

The schooner John Bracewell was towed to Dover on Friday by the tug Ann. She is the first coasting vessel to go up the river to Dover this season.

John Handy Robinson and Josiah Haley have commenced lobstering, setting their traps off Frost's point at the start.

Rev. Joseph Cook arrived in this city all right, Friday evening, and delivered his lecture on "Certainties in Religion" in the North church to a large audience.

The ice has mostly disappeared from the north millpond, and large flocks of gulls are occupying it, feeding upon the mussel beds. The surface of the south pond is about half clear of ice, and what ice remains is soft and shaky.

Mr. Warren Keen will shortly commence to rebuild Fernald's wharf, and to erect coal-pockets there under instructions from Mr. J. Albert Walker.

The fog-horn could be heard sounding all through Friday night, the wind being heavy from the northeast, the sky black and the night an ugly one.

The Nonpareil Associates will give a ball on the evening of the 16th inst. in Congress hall.

Mr. George Atkins and his son, formerly of the Riverside house in this city, are about opening a hotel in Brockton, Mass.

Hon. T. E. O. Marvin has been appointed agent of the Burton Stock Car Co., of Boston.

In obedience to the order of the secretary of the navy, five Gatling guns were on Thursday sent from this navy yard to the yard at Brooklyn, N. Y. These guns each have a capacity for delivering to an enemy 1200 bullets a minute—twenty shots a second—each bullet being a half-inch in diameter. They were neatly boxed, and were hauled from the yard to the railroad station in this city on an ox-cart, Thursday afternoon; and were started toward New York by the "fast freight" at eight o'clock that evening, under care of Frye & Co.'s express.

Mr. Plumer D. Norton, formerly of this city, has formed a partnership at Ellendale, Dakota, with B. B. Larson, under the firm name of Larson & Norton. The firm run an extensive feed-grinding mill, deal in all kinds of farming implements such as are used in the far west, sell grass seeds and seed grain, and buy and sell corn and grain of all sorts.

Frank Cluff has been held for trial in $1,000 at Biddeford, Me., on a charge of enticing Rose Pointer, sixteen years old, from that city to Portsmouth for immoral purposes. It was offered in evidence that Cluff recently kept a place in this city called the "Bay View," and that through the agency of one Mame Johnson the Pointer girl was hired to come here from Biddeford to do housework for "Mrs. Cluff;" on arriving here she soon learned the character of the den to which she was taken, but was not allowed to leave for several days, though daily paraded about the streets by Mrs. Cluff; she at length made her escape and returned to Biddeford. Mame Johnson, the decoy, has been held in $500 for further examination as to her part in the affair.

George G. Lougee, proprietor of the Sea View house at Rye beach, has leased the hotel for this season to persons who last year managed a house at Gloucester, Mass. The reason of Mr. Lougee's retirement from the management of the Sea View, which he built and has always until now been landlord of, is the ill health of Mrs. Lougee, who with her husband will occupy a cottage near the hotel this summer.

ECZEMA or SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity:

WORCESTER, Mass., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from Salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of Salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y.

MALARIA.

As an anti-malarial medicine
DR. DAVID KENNEDY'S
FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the peculiar ailments to these are Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Wintry Winds.

It's all right for poets to sing the praises of the beautiful snow, and the merry sleigh bells, and the ringing skates on the glassy ice, but they can't fill the bill with that sort of stuff when one is sitting with his feet in a tub of hot water, his head done up in flannels, and with mustard plasters on both sides of his chest. What a person needs then is a thorough dose of Kidney-Wort to act as a cathartic, for nothing will so quickly relieve that congestive, feverish condition which comes of a hard cold. Often these colds cause bilious attacks, lame backs, disordered kidneys, rheumatism, catarrh, etc. Kidney-Wort can be relied on to bring back a healthy condition.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute. So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

—Naturally the most ignorant people are those who claim to know everything. They remain ignorant because no one can tell them anything.

Three Reasons

Why every one needs, and should take, Hood's Sarsaparilla in the spring:

1st: Because the system is now in its greatest need. Hood's Sarsaparilla gives strength.

2d: Because the blood is sluggish and impure. Hood's Sarsaparilla purifies.

3d: Because, from the above facts, Hood's Sarsaparilla will do a greater amount of good now than at any other time. Take it now.

A. P. Sharpstein, of Walla Walla, Oregon, who went to Washington to attend the inauguration and look out for offices for himself and friends, writes home that the chances are not flattering. The Walla Walla *Journal* publishes a letter from him in which he states that he could get an offer of nothing but a little foreign appointment, and that he wouldn't have. He explains by saying he was told he "could go to h—ades."

For Weak Women.

Mrs. Lydia E. Pinkham: "About the first of September, 1881, my wife was taken with uterine hemorrhage. The best styptics the physician could prescribe did not check it and she got more and more enfeebled. She was troubled with Prolapsus Uteri, Leucorrhea, numbness of the limbs, sickness of the stomach and loss of appetite. I prescribed a trial bottle of your Vegetable Compound. She said she could discover a salutary effect from the first dose. Now she is comparatively free from the prolapsus, stomach's sickness, etc. The hemorrhage is very much better and is less at the regular periods. Her appetite is restored, and her general health and strength are much improved. We feel that we have been wonderfully benefitted and our hearts are drawn out in gratitude for the, same and in sympathy for other sufferers, for whose sakes we allow our names to be used." C. W. Eaton, Thurston, N. Y.

General Jubal A. Early, the confederate general who was defeated so many times during the war, took the occasion when General Grant was dying to write that the terms of capitulation which he offered to General Lee were not from magnanimity, but from the apprehension that Lee would cut his way out and prolong the war. This is worse in the spiteful old man than his lending his name to a gambling concern in Louisiana, and will discredit him among his own people, whose recognition of the conduct of Grant toward Lee and the confederate army of northern Virginia is grateful and warm at this time.

East Kingston, N. H., Nov. 7, 1881.

A. S. Wetherell, Dear Sir:—Having suffered from scrofula for several years, I concluded to try your Sarsaparilla with Iodide of Potassium, and am happy to say that the scrofulous swellings are reduced. The impurities of the blood were freely eliminated through the surface of the body. After taking six bottles I can sincerely say that I consider Wetherell's Sarsaparilla a great blood purifier. Am glad to recommend it to all who wish a reliable medicine.

Some of Webster's Love-Letters.

From "Reminiscences of Daniel Webster," accompanied by a striking frontispiece portrait, in the March CENTURY, we quote the following: "Lovers in these days, it appears, were in the habit of sitting up late, or rather early; and his manner of letting his lady know at what time he would leave her is, to say the least, novel. It reads as follows:

"'MY COUSIN: I intend to set out for home from your house at three o'clock.—D. W.

"'Miss Grace Fletcher, Present.'

"One day he assisted her in disentangling a skein of silk, and, taking up a piece of tape, he said:

"'Grace, cannot you help me to tie a knot that will never untie?'

"She blushingly replied:

"'I don't know, Daniel, but am willing to try.'

"The knot was tied, and though eighty years have since sped by, it lies before me to-day, time-colored, it is true, but nevertheless still untied. I have a note in my possession dated March, 1805, addressed to Miss Grace Fletcher.

"'MISS FLETCHER: Monday morning five o'clock I expect to go out on the stage for Amherst. If it should consist with your convenience to ride to Dunstable on that day, I should be happy to be charged with the duty of attending you. It will probably be in my way to be in Cambridge Sunday eve, and I can furnish you a passage into town.

"'D. WEBSTER.'

"Another note in an envelope marked by Miss Fletcher 'Precious Documents' reads as follows:

"'DEAR GRACE: I was fortunate enough to be at home Sunday morning at five o'clock, after a solitary ride. . . . Early in the week after next I hope to be with you.

"'Yours entirely, D. W.'"

Russian Women.

In Russia, where in the middle classes the seclusion of women was even a few years ago nearly as great as in a harem, the advocate of woman's rights would to-day find little to demand for any class of females above the level of the peasantry. The moujik still administers corporal chastisement to his wife as he would to his child; and his right to do so, though denied by the written law, is tacitly acknowledged in practice. The girl, however, is nearly as independent as her male relations. Like her brother, and from similar causes, she, too, often becomes disgusted with her home, and determines to seek what she imagines to be the delights of independent life led by the numerous female students who follow various university courses, and particularly that of medicine. Sometimes, when her parents refuse her permission to leave home, she simply runs away, and, having no passport, her position becomes illegal, and she naturally finds her companions among those who, like herself, have got into some trouble with the authorities.

In some cases enthusiasts like Solovieff, who fired at the late czar in April, 1879, marry girls with whom they have scarcely any acquaintance, and for whom they have no feelings of affection merely to free themselves from the obligation of obtaining a passport from their parents and their consent to leave home. The young husband and wife proceed together to the university town, and there, having no particular taste for each other's society, they often separate immediately, and even where they would desire to maintain their mutual connection, the pressure of poverty and the difficulties of their position frequently oblige them to part company.—*Pittsburg Chronicle.*

The richest man in Cleveland, and probably the richest man in Ohio, is Mr. Rockafeller, the President of that monopoly of monopolies, the Standard Oil Company. Rockafeller is a young man still, and his years will not number 50. He is a self-made man, a Baptist—liberal and generous. He owns a fine residence at the corner of Euclid and Case avenues worth $100,000, and on the rear of his lot he has a barn which has cost more than twenty ordinary houses. He has also a magnificent country residence eight miles out of the city on the lake shore, and a good-sized house in New York. No one in Cleveland outside of Rockafeller knows what Rockafeller is worth. There is no doubt that the sum runs up pretty far into the tens of millions, and most of his money is in Standard Oil stock, which pays royal dividends. Still, there are thousands of men in Cleveland who remember Rockafeller when he was a poor commission merchant down on the wharves near the viaduct. He made his money out of oil. As soon as he had a little saved he organized a company and went into Western Pennsylvania and bought oil lands. As he got more he kept buying, and finally succeeded in organizing the Standard Oil Company and making it what it is.

Maria Soltera, in "A Ladies Ride Across Spanish Honduras," published by Blackwoods in London, says that one of her fellow-travelers thought the beauty of the Mexican ladies overpraised. "One American girl," he said, "is worth a hundred of them." Whereupon another of the party remarked: "The Americans certainly have their pretty women like other nations; but, good Lord! they have voices like peacocks. That excellent thing in woman, 'the soft, low voice,' is utterly unknown in America. The children in the schools are taught to pitch their voices in a high key. It is a part of their education. One can forgive a little of the peacock in a pretty woman, but, when it comes to the plain ones, it makes one shiver whenever they open their mouths."

Barrios, the Guatemalan usurper, married his wife when she was fifteen years of age. He went to the convent where she was at school, and commanded the authorities to give her up. He assumed so bold a front that they were glad to let him have her to get rid of him. He has seven children.

Victor Hugo, writes one of that poet's closest friends, will die as he has lived, a Deist. He is familiar with the idea of death, and often quotes the words, "Dei Voluntas," with entire serenity. But his absolute conviction is that the priest and the dogma are bad in every possible religion, and their influence has ever been fatal to humanity.

The mayor of Baltimore and every other leading municipal official have, in conjunction with the governor of Maryland and other heads of the state government, publicly endorsed by their autograph signatures the certificate of the health commissioner of Baltimore, setting forth the fact that the harmful and frequently fatal results attending the use of cough mixtures containing opiates, narcotics or poisons are entirely overcome in the Red Star Cough Cure. They state that it happily supplants the objectionable and dangerous features of preparations heretofore relied upon, and which have often caused the death of children.

In a school at Gardiner, Me., last Thursday, a girl named Lizzie Huntington, fourteen years old, was shot in the head and badly wounded during school hours by a boy named Storer, sixteen years old, who it is claimed deliberately aimed at the girl as she was studying. No cause for the act is given, but it is probably a case of dime novel and "boys' story paper."

Civil Service Reform.

Charles Chesley, Esq., who was removed last week from the office of solicitor of the internal revenue department, is from Wakefield in this state, and was clerk in the provost marshal's office in this city during the war. He is thoroughly acquainted with the laws bearing upon the administration of this branch of the public service, and an honest man in every respect. If the whiskey men have further designs upon the department, and they want some concessions made by the administration in the matter of taxes in return for their liberal contributions to the campaign fund, it was quite politic that Chesley should early be fired out. Mr. Manning needed only a hint of this to enable him to carry out those principles of civil service of which the president is the embodiment, and to the adherence of which he has so frequently pledged himself *over the left*.

Making Haste Slowly.

The democrats have learned that in the scramble for office, places may not always be had for the asking.

As long as the president chose to select for vacancies properly made, for advisers, ministers to foreign courts, and officials properly recognized as a part of his administration, a senate with a majority opposed to him politically promptly confirmed his appointments. But when asked to advise and consent that efficient officers of acknowledged faithfulness should be removed simply to give places for democratic office seekers, in some instances unworthy of the positions, it became a "horse of a different color." The senate concluded it was time to adjourn, to relieve the president of the oppressive duty of gratifying the spoilsmen, and give him a chance to attend to his legitimate duties, and so has adjourned without day.

The president has been criticised by his political friends in what impartial judges have considered an effort to make good appointments.

The Pearson re-appointment is regarded as the keeping faith with the independents and at the same time yielding to the requests of the business men of New York. The democrats in rebellion against this act have been assured that it was the best course to be adopted for its effect upon the New York election, and so they acquiesce. But the men who wish the collectorships and consequent patronage must learn to wait, while the president has the opportunity to ascertain where to find the men who will do him the most service in the future. At present there is a pause in this business.

The Central American War.

A despatch of the 3d inst., from the secretary of state of San Salvador, reported a great victory for the Salvadorian forces over the army of Barrios at Chalchuapa.

A despatch from La Libertad, San Salvador, dated April 4th, said: "Hostilities between Guatemala and the allied republics have been suspended, and an armistice of one month's duration is announced. The legislative assembly of Guatemala has annulled the decree promulgated by President Barrios on Feb. 28th, in which a union of the Central American republics was proclaimed, and President Barrios was announced as dictator and supreme military chieftain of all Central America. The gold-hilted sword of President Barrios was found on the battlefield of Chalchuapa, broken. *Later.*—According to the latest intelligence, received here, President Barrios of Guatemala is dead. No particulars have been received."

The Naval Expedition.

The steamer "City of Para," which sailed from New York for Aswinwall on the 3d inst., took out over 250 marines, including those from the Portsmouth, Boston and Brooklyn navy yards; the detachment was divided in four commands, and was officered as follows: Chief in command, Col. Charles Heywood; adjutant, Lieut. H. G. Ellsworth; surgeon, J. H. Ogden. Company A—Captain, A. C. Meeker; first lieutenant, O. C. Berryman; second lieutenant, T. G. Filltete. Company B—Captain, Louis A. Fagal; first lieutenant, Jessup Nicholson. Company C—Captain, H. C. Cochrane; first lieutenant, Frank L. Denny. Company D—First lieutenant, Allen C. Kelton; second lieutenant, James A. Turner.

Col. Forney, U. S. M. C., commanding a battalion of 200 marines, and Lieut. Comly of the navy, commanding a Gatling battery of sixty-five sailors, left the Norfolk navy yard in the Despatch on the night of the 3d inst., to intercept the steamer City of Para and take passage on her to Aspinwall.

A dance was given at a farmhouse three miles west of Palestine, Texas, last Thursday night. Albert Nichols and Thomas Lloyd, two young farmers, attended to pick a quarrel with Zach Foster, a popular, quiet young man from town, who had refused to introduce Nichols and Lloyd to certain ladies. At a late hour, while Foster was in the yard, during an interval in the dance, Nichols and Lloyd grossly insulted him and then rushed upon him with pistols. Foster quickly sent a bullet through Nichols' heart, and with a second shot desperately wounded Lloyd. During the melee a stray bullet mortally wounded Sidney Price, a spectator.

Prices of Store Cattle—Working oxen ⅋ pair, from $100 @ $225; Farrow cows, $15 @ $31; Fancy cows, $50 @ $90; Milch cows and calves, $25 @ $48; yearlings, $10 @ $20; two years old, $14 @ $30; three years old $24 @ $42.

Prices—Western fat, live, 4 @ 5¼c ⅋ ℔; northern dressed hogs, 5c ⅋ ℔.

Prices of Sheep and Lambs—In lots, $2 50, $3 00 @ $4 50 each; extra, $5 00 @ $6 00; spring lambs, 3½ @ 4½c ⅋ ℔; pelts, 50c @ $1 20 each; calf skins, 10 @ 12c ⅋ ℔; dairy skins, 50 @ 75c each.

The Watertown market was well supplied with country cattle, besides 437 head of western steers. The most of the cattle were for export to England. For the finest grade oxen and large steers the market was very firm at last week's rates and a good demand; commonish cattle were generally sold at 5 @ 7½c ⅋ ℔, dead weight.

Milch Cows—The trade steady, with sales from $25 @ $75.

The Sheep Call—Quite a number of good last year lambs were at market; the very best that would weigh from 100 to 110 lbs were sold at 5c ⅋ ℔; other sales of nice lambs at 4½ @ 4¾c. The market was considered stead at last week's rates.

Veal Calves—The supply quite heavy, here being at the union yards 961 head. We heard of nothing being sold at over 5½c ⅋ ℔.

Notice to Mariners.

Notice is given by the lighthouse board that on or about May 1st, 1885, a bell buoy will be moored off the southeast end of West Island ledge, Buzzard's bay, Mass., in place of the second-class can buoy now there. This buoy will be rung by the motion of the sea. About Nov. 1st of each year this buoy will be taken up and a 30-foot spar buoy, painted red, will be moored in its place. The bell buoy will be replaced about the first of May following.

March April May

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N. Y.

I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE CURRENCY,
WASHINGTON, March 18th, 1885.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The New Hampshire National Bank of Portsmouth," in the City of Portsmouth in the County of Rockingham and State of New Hampshire has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882:

Now therefore I, John S. Langworthy, Deputy and Acting Comptroller of the Currency, do hereby certify that "The New Hampshire National Bank of Portsmouth" in the City of Portsmouth in the County of Rockingham and State of New Hampshire is authorized to have succession for the period specified in its amended articles of association, namely until close of business on March 22, 1905.

In testimony whereof witness my hand and seal of office this 18th day of March, 1885.

SEMPER PARATUS.

At the marine barracks, after the midnight dispatch had been received at the Portsmouth navy yard calling for the marines to be sent to New York to take passage for Aspinwall, Capt. Percival C. Pope, commanding marines, went to the quarters of one of the lieutenants and aroused him from sleep with the pleasing summons, "Come, turn out and go to Panama!"

"See here, captain," was the response, "I have not turned in over an hour. It's the first of April, I know, but do give us a little rest."

"It's no joke at all," said the captain; "the commodore has received a despatch, and has summoned me and given me orders."

"Oh! tell that to the marines!" returned the lieutenant; "the first of April has passed."

"Yes," said the captain; "the marines know it already, and the sooner you are ready to march with the detail the better it will be."

The now assured lieutenant began to be wide awake, and what he regarded as an April fool joke assumed the phase of "grim visaged war." The barracks presented a scene of active life seldom, if ever, witnessed at such an hour. The men had turned out and were hastily preparing for the march. The magazine had to be opened for the requisite ammunition, yet everything was soon in readiness for the forward movement. The rolls were made up, and the men were reported to be in readiness to have left by the Pullman train at five o'clock A. M.; but it was thought best to have them take a breakfast before starting. The men who run the steamer Emerald were called from outside the yard, steam was gotten up, and in two trips the marines, eighty-eight in number, were ferried across the Piscataqua, and they then marched to the Boston & Maine station in this city, in season to leave by the 7:15 A. M. train for Boston, where they arrived before the marines at the Charlestown navy yard had left their station!

Capt. Pope remained with a few disabled veterans and such of his command as were on the sick list, and with hardly men enough for patrol duty, and without an orderly for the commandant's office. The promptness and expedition with which the midnight order was obeyed, show that Capt. Pope was equal to the emergency, and reflect credit upon the condition of his command for service. We doubt if anywhere on the coast, the response to the secretary's orders was made as promptly and in as brief space of time, as it was on Friday morning at the marine barracks over the river. People can now learn what part the marine corps has, in exigences like this.

THE "BUNCH OF KEYS."

Concerning this musical comedy, which is to be presented at Music hall on Thursday evening, April 9th, we need say nothing to the many persons who attended when it was given here a few months ago. Others may be attracted by the following, from the Utica *Press:*

From first to last it bristles with crisp and bright sayings, original humor, and odd stage business, and the good things succeed each other in such rapid succession that the laughter and interest never flag. There are about a dozen people in the company, and each is an artist in his or her part. The leading character of Teddy Keys is taken by Miss Hattie Anderson, a petite and pretty little lady, full of spirit, a clever actress and a good singer. She assumes the character of Jenkins in a highly creditable manner. Mr. Frear as Snaggs and Mr. Dunn as Grimes are excellent comedians. Jennie Dunn as "Dolly" is charming. In fact all the parts are well sustained. The singing in the second act was very good, especially the duet by "Mary" and "Rose Keys," and solos by "Teddy" and "Dolly." The disguises assumed in this act were also very entertaining.

CIRCUIT COURT OF THE UNITED STATES--COLT J.

In case Jencks vs. the Laugdon mills the plff. had completed his testimony, but the defendant by reason of the engagement of his counsel had not taken his testimony within the prescribed time, and filed a motion for an extension. This was resisted by the plff. The court after a hearing allowed the motion, giving deft. until the 15th inst., and the plaintiff until the 1st of June for his testimony in rebuttal. H. S. Clark for plff.; Fish of Boston for defts. The taking of testimony will be began before W. H. Hackett, special examiner, at Manchester on Monday.

In the suit Mercantile Trust Co. vs. Portland & Ogdensburg R. R. Co., H. N. Jones, Esq., who succeeds the late Samuel E. Spring as trustee, has been made a party defendant, and Hon. Jeremiah Smith has been appointed master to state the amount of indebtedness on the bonds claimed to be owned by the plaintiffs, with a view when his report shall have been filed to have a sale for foreclosure made.

Rev. J. E. Robins on Sunday preached the last sermon of his pastorate at the Methodist Episcopal church in this city, having been stationed here the full length of time allowed by the rules of the church, and the annual conference commencing this week. The church, in the vicinity of the pulpit, was handsomely and quite extensively decorated with flowers and plants, in honor of the day and the occasion. Mr. Robins has held pleasant relations with his church and congregation, and the general public, during his pastorate here, and the regret that he must depart for another field of labor and usefulness is shared by all.

The Episcopal and Catholic churches were on Sunday very tastefully ornamented with flowers, as is customary at Easter, and the musical selections at each were made with special reference to the day. At the Unitarian church there was a very fine display of bouquets, growing plants and floral emblems, the baptismal fount, desk, communion table, organ and front of the platform being thus decorated, the effect of the whole being very beautiful. At all the churches the attendance was unusually large. There was a children's Easter service at the Unitarian church in the afternoon.

The Sunday school of the Methodist Episcopal church will hold their Egg-breaking Festival at the Court house this (Monday) evening. Any person who drops a ten-cent piece into any of the eggs with which the children are soliciting contributions will please the child, help on a good cause, and secure a ticket to the festival.

Mr. C. M. Gignoux has been notified of the election of Richard A. McCurdy as president of the Mutual Life Ins. Co. of New York, to fill the vacancy occasioned by the death of F. S. Winston.

Medical Inspector C. J. Cleborne, U. S. N., was on the steamer Pilgrim when she collided with a schooner in Long Island sound last week, and rendered surgical aid to the injured passengers, one of whom was very severely hurt.

Among the prominent Knights Templar who were present at the grand gathering of Sir Knights with DeWitt Clinton Commandry of this city on Friday evening last were R. E. G. C. John F. Webster, E. G. C. G. John J. Bell, and E. G. J. W. Charles C. Danforth, of the Grand Commandry of Knights Templar of New Hampshire; Andrew Bunton of Manchester, Joseph W. Hildreth of Concord and Chauncey H. Green of Littleton, past eminent grand commanders; Caleb Saunders, past eminent grand commander of Massachusetts and Rhode Island; and James C. Sherman, eminent commander of Sutton Commandry of New Bedford, Mass.

John W. Clark, formerly of Christian Shore, who has been residing mostly at Worcester, Mass. during the last four years, is at home visiting his relatives.

The marines from the Portsmouth navy yard embarked at New York on the steamship "City of Para," Friday afternoon, for Aspinwall, Central America. Marines from other navy yards and stations, enough to make the total number of men above 250, embarked at the same time. A New York despatch says: "The men presented a most soldierly appearance. They were in heavy marching order, with overcoats and capes. They wore white cork helmets, which will be of great service under the Panama sun. Each carried his rifle and accoutrements, with a cartridge box, canteen and haversack. Each haversack contained a knife, fork, spoon and stewpan. What the canteens contained will not be known until the 'City of Para' is out at sea. Among the ship's stores were 50,000 rations placed aboard by the navy department. Three Gatling guns and 100,000 rounds of ammunition were also put aboard. Officers and men were in the highest spirits, and nothing was talked of all the morning but the adventures soon to be encountered."

Owing to the lack of appropriations, and consequent need of economy in the department of yards and docks at the navy yard, Mr. Ushur B. Thompson of Newfield, Me., writer in that department, was discharged on Saturday; and Cyrus H. Hobbs, foreman of teamsters and laborers, and Henry W. Taylor, machinist in charge of steam fire engines, had their pay cut down a dollar a day each. While the big leaks at the top are allowed to pass unnoticed, this sort of retrenchment is very like driving in the spigot while the cask is bunghole down and the bung out.

The United States tug Leyden left this navy yard at seven o'clock Sunday morning, for Boston, to bring around the crew for the U. S. S. Omaha, now nearly ready for sea.

Orders were last week issued by the navy department detaching Commodore Oscar C. Badger from command of the Charlestown navy yard, and ordering Commodore L. A. Kimberly to assume the command on April 10th. Subsequently an omnibus order was issued, directing the two officers named, with many others, to continue in the performance of their present duties until April 30th.

BIG FIRE IN EXETER.

The American stables at Exeter were burned about midnight on Friday, with most of the contents; also several outbuildings, and Davis' bakery and stable. The American stable buildings were owned by Levi G. Towle, but were leased by Milton Read, who lost fifteen horses, his carriages, harnesses, hay, etc.; Towle also lost several horses. Towle's loss on buildings was $2000; insured. Read's loss was about $6000, with $4000 insurance. Davis' loss on bakery, dwelling and furniture up stairs, and stable, was $6500; partially insured. Manley Darling's house was damaged to the amount of $200, and the public library building, quarter of a mile from the stables, took fire but was saved.

—Bostonese for a Cold Day.—"There is yet no meteorological indication that spring has come."

—"Nellie, let's you and I play inventor?" "How shall we do it, Tommy?" "Why, you be the inventor and go in and get some cookies out of the box, and I'll be the capitalist and come along and eat them all." "But what will I get out of it?" "Why, you'll get all the fame. I'll tell mamma it was you who took the cookies."

ECZEMA: SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, Mass., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from Salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would cure my to me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know unless you become yourself in the house as a family medicine. Yours truly,

MRS DINAH PLAIN.

Mrs. Plain sometime since, when on a visit to Kansas, found a case of Salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y.

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventive of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Cure Your Corns,

BY USING

SCHLOTTERBECK'S

CORN, WART AND BUNION SOLVENT.

A CURE IS GUARANTEED.

Mr. Henry Zwick, Postmaster, Bingen, Ind., writes: "Mr. J. F. Hone and Mr. Lewis Purdy, were cured of severe sprains to the ankle and back respectively, by the use of St. Jacobs Oil, the great pain-reliever."

—"Thoreau was a good deal of a wag in a quiet, humorous way," says an old resident of Concord. "He once put cloth mittens on the claws of Mrs. Emerson's hens, that good lady having been sorely tried by her fowls invading the family flower patch."

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

—"Now then, Patrick," said the merchant to his new office boy, "suppose you go for the mail." "Yis, sur; an' what kind of male wud ye be wantin', sor,—Indian male or oat male?"

He Told the Truth.

I was troubled with liver complaint for years, and suffered terribly. Lake the druggist advised me to take Sulphur Bitters. I took three bottles and now I am well.—L. Fenner, Waterbury, Conn.

—The B'nai Brith Charitable society of New York is an organization that Congress would do well to imitate. The B'nai Brith Charitable society meets every seven years.

Only two bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. General had been cured of catarrh by the two bottles of Ely's Cream Balm. Not a liquid nor a snuff. Price 50 cents.

—A Rochester clergyman startled his congregation last Sunday night by asking, "Is the devil a success?" The explanation offered is that the preacher was a new-comer to Rochester.

Lung Troubles Promptly Cured.

Messrs. Editors:—"About three years ago my right lung became affected, and I then commenced taking Dr. Seth Arnold's Cough Killer. I used it about nine months and that lung has not troubled me since. Last summer I had a cold and it settled on my left lung; it got firmly seated, and I began to take Cough Killer again, now I don't cough at all."—W. Aldrich, Northbridge Centre, Mass.

For Good Purposes.

Mrs. A. M. Dauphin of 1939 Ridge Ave., Philadelphia, is well known to the ladies of that city from the great good she has done by means of Lydia E. Pinkham's Vegetable Compound. She writes Mrs. Pinkham of a recent interesting case. "A young married lady came to me suffering with a severe case of prolapsus and ulceration. She commenced taking the compound and in two months was fully restored. In proof of this she soon found herself in an interesting condition. Influenced by foolish friends she attempted to evade the responsibilities of maternity. After ten or twelve days she came to me again and she was indeed in a most alarming state and suffered terribly. I gave her a tablespoonful of the compound every hour for eight hours until she fell asleep; she awoke much relieved and evidently better. She continued taking the Compound, and in due season she became the mother of a fine healthy boy. But for the timely use of the medicine she believes her life would have been lost."

—Civil service examiner (to colored applicant for the situation of letter-carrier.)—"State the distance from London, England, to Calcutta, India, via Suez canal." Colored applicant—"Say, boss, ef yo'se gwine to put me on dat route, you kin disremove my applicashun offen de book."

The Root of the Evil.

To thoroughly cure scrofula it is necessary to strike directly at the root of the evil. This is exactly what Hood's Sarsaparilla does, by acting upon the blood, thoroughly cleansing it of all impurities, and leaving not even a taint of scrofula in the vital fluid. Thousands who have been cured of scrofula by Hood's Sarsaparilla, testify to its wonderful blood-purifying qualities. Sold by all druggists.

—A French newspaper advertisement reads: "Wanted, a conspicuously healthy-looking man to be a 'cured patient' in a doctor's office."

Itching Piles—Symptoms and Cure.

The symptoms are moisture, like perspiration, intense itching, increased by scratching; very distressing, particularly at night; seems as if pin-worms were crawling in and about parts affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also, for Tetter, Itch, Salt-rheum, Scald-Head, Erysipelas, Barber's itch, Blotches, all scaly, crusty Skin Diseases. Box, by mail, 50 Cts.; 3 for $1.35. Address, DR. SWAYNE & SON, Phila. Pa. Sold by druggists

FITS.—All Fits stopped free by *Dr. Kline's Great Nerve Restorer.* No Fits after first day's use. Marvellous cures. Treatise and $2.00 trial bottle free to Fit cases. Send to Dr. Kline, 931 Arch Street, Philadelphia, Pa.

Liver, Kidney or Stomach Trouble.

Symptoms; Impure blood, costive bowels, irregular appetite, sour belching, pains in side, back and heart, yellow urine, burning when urinating, clay-colored stools, bad breath, no desire for work, chills, fevers, irritability, whitish tongue, dry cough, dizzy head, with dull pain in back part, loss of memory, foggy sight. For these troubles "SWAYNE'S PILLS" are a sure cure. Box, (30 Pills), by mail, 25 Cts., 5 for $1.00. Address, DR. SWAYNE & SON, Phila., Pa. Sold by Druggists.

A CARD.—To all who are suffering from errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send self-addressed envelope to REV. JOSEPH T. INMAN, *Station D, New York.* eodawtj86

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute. So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

—A news item gives an account of a young man attempting to commit suicide with a corkscrew. No doubt he found the bottle before he got hold of the corkscrew. A great many men succeed in committing suicide with a corkscrew, by the way, but in some cases years elapse before death results.

The powerful curative properties of a Hop Plaster are irresistable when applied to backache, swollen joints and muscles, sciatica, pleurisy, sharp pains, or any sort of soreness. The best and strongest porous plaster made. A trial will demonstrate it. 25c.

—Anthony Generous of Wallingford, Vermont, is under arrest for beating his brother beyond recognition, and then chewing off one ear. That was ungenerous as well as unbrotherly.

Mrs. A. D. Lyford, of Brentwood, N. H., says: "I have suffered terribly for the past two years with canker in the stomach—so bad that at times my throat and tongue felt raw and blistered. My food distressed me and gave an awful burning sensation in my throat and stomach, it was difficult to eat or drink anything. I have been taking medicine from physicians two years. Have had two physicians and have taken a great deal of medicine without any relief. I bought one bottle of Wetherell's Sarsaparilla and commenced taking it. I was relieved at once. After using one bottle, I am free from all canker in the stomach, and am entirely cured, and feel very grateful for what the medicine has done for me.

—An agricultural journal says: "Spring is the best time in the year to move bees." It may be; but if a bee settles on your neck, or any other portion of your anatomy, in the fall, don't wait until the spring to move it.

Advancing spring warns us to be prepared for warmer weather. Strengthen the system, purify the blood, by taking Hood's Sarsaparilla.

VANDERBILT'S MILLIONS !

Could not buy from me what Swift's Specific has done for me. It cured me of Scrofula in its worst form, after I had suffered with it fifteen long years, and had tried all the remedies, only to break down my health and make me almost helpless. MRS. ELIZABETH BAKER, No. 2. Acworth, Ga., July 15, 1884.

INOCULATED POISON !

Some eight years ago I became the victim of a fearful Blood Poison, communicated by a nurse to my infant, and thence through the breast, and suffered for six long years. The Mercury and Potash treatment seemed to drive the poison further into my system only to break out in worse form on other portions of my body. Three months ago I began taking Swift's Specific, and it has cured me sound and well. It is the greatest blessing which has come to mankind in years.

Gen. Grant's Condition.

Sunday night was passed very comfortable by Gen. Grant, who had seven and a half hours of refreshing sleep, and on Monday morning it was thought he might live for several days. The old hero is fully aware of his condition, but bears himself with a patient courage that is in keeping with his whole life.

The Central American War.

Two hundred and fifty marines and 100 sailors sailed from New York for Aspinwall on the 6th inst. Four Gatling guns, two three-inch rifles, and 100,000 rounds of ammunition, were put on board the steamer. This detachment will make a force of 1300 men all told on the isthmus, and Admiral Jouett will have five ships when all get there, carrying forty-eight guns.

The burning of Colon may have been a blessing in disguise, so think Americans who were acquainted with the place, in view of the possible prevalence of cholera this summer. The city was a nest of plague, and fire alone could purify it.

"Protection" in Chicago.

The Chicago gamblers (not the speculators, but the keepers of gambling houses,) complain that the usual assessment for funds to be expended for the democratic municipal campaign is largely in excess of sums paid for several previous years. This sum to a reasonable extent is cheerfully paid into the treasury of their political friends, and in return, certain immunities from prosecutions, etc., are guaranteed. The raise generally amounts to fifteen thousand dollars. One of the principal gambling-house proprietors has revolted and refused to come down with the dust, and defies the democratic gang to do its blankest. There is a regular assessment made against each shop or gambling hell, based upon its supposed receipts, and heretofore the exemption from prosecution has been sufficient inducement to pay the levies of the democracy. But the proprietors now insist that losses by raids and confiscation of implements have been succeeded by the lack of patronage from frightened customers who did not wish to be caught, and that such a decline in business should be considered. But the insatiate democratic assessors insist that each member of the fraternity shall either pay up or shut up, and that he is bound to contribute toward the election of such officers as will not allow him to be disturbed in his financial operations!

MUNCHAUSEN REDIVIVUOS.

Capt. McKenzie of schooner William H. Poole, of Gloucester, swamped and deserted on the Grand banks about six weeks ago, was in this city this morning on his way home to Gloucester. He and the crew were picked up five weeks ago last Sunday by the steamer Alhambra, after having been four days in dories, and carried to Bremen, Holland, from which place they were sent home by way of Liverpool steamers to Portland. A part of the crew belonged in Boothbay, Me., and left the captain in Portland. Capt. McKenzie has always been a successful fisherman, making quick trips and profitable ones. He says that he has had enough of bank fishing to satisfy him, and now intends to let some one else do it. The schooner Wm. H. Poole was towed into Provincetown only a day or two since, in a much damaged condition. She was built at Essex about two years ago, and was 147 tons burden. Capt. McKenzie was an owner of one-eighth of her and one-half the outfit. He feels that he has been through a good deal in the last few weeks, but is going home thankful that it is no worse.

The foregoing we copied from the *Times* of last Thursday evening without paying any especial attention to it, supposing that of course "Capt. McKenzie's" story was all right, and intending to make some reference to the remarkable fact that this was the first instance on record in which a Gloucester fishing schooner, so long overdue as to be given up by her owners, was ever again heard from even through a splinter of her wreck being picked up, let alone the saving of the entire crew. But on reading the story more carefully we noticed that the "captain" had very improperly moved Bremen from Germany into Holland, and thinking it possible he might have twisted his facts to suit the circumstances in other particulars, we proceeded to look up the record of the schooner William H. Poole—unavailingly, however, the treasury list making no mention of any such vessel, the nearest approach to that name being the Solomon Poole, which vessel sailed Jan. 1st for the Grand banks, under command of Capt. Samuel Repley, and was last seen Feb. 9th, surrounded by field ice. By this time our faith in the captain's veracity had become reduced below the mountain-moving standard, and our reporter started out to enquire after his welfare, returning with the following story:

"A man who is known by some of the fishermen alongshore as McKenzie, arrived in this city on Thursday, and reported himself at the Horn of Plenty (formerly the Seamen's Home) as Capt. McDonald of the lost fishing schooner Solomon Poole, of Gloucester, returning to his family in Portland an impoverished and disheartened man. He was so affected by his recital of his misfortunes and sufferings that he shed copious tears, which so acted on the sympathies of the beholders that the poor shipwrecked seaman was furnished with the best dinner the house afforded, and received a donation of $1.75 in hard cash. It turned out afterward, however, that the captain was mistaken as to the locality where he suffered during the past winter, he having spent the first part of it in a public institution at Ipswich, Mass., and when that place got tired of him and turned him adrift, managed to get himself supported for a while at the Rockingham county farm at Brentwood, which latter place he left but recently."

RAILROAD RELIEF ASSOCIATION.

The Eastern Railroad Relief Association has re-organized under the name of the Boston & Maine Railroad Relief Association. The following officers have been elected: President, Daniel W. Sanborn; vice president, Augustus Colby; secretary and treasurer, William H. Hatch; director, Oliver E. Ross, Charles E. Armitage, George E. Mudgett, Arthur Pickering, Albert A. Ingalls, Alvestus A. Howe, John Bennett, James Kennedy, Edward E. Foye; finance committee, John H. McDonald, Edward A. Maxfield, Daniel Carey. The fee for membership is $2, monthly dues fifty cents; except for freight men and shifters, and they pay $4 as membership fee, and $1 per month dues. The association has paid to sick members between $700 and $800 since its organization in 1883.

YORK CORNER, ME., April 6th.

York Election: Republican majorities, thirty-eight to forty-six. The town voted to pay the collector of taxes two per cent for collection, and the Doctor declined to serve at less than two and one-half per cent; and if the town would not pay that, he told them to consider his resignation as pending. His resignation was accepted, and there was nobody present smart enough to nominate and elect a collector by acclamation, as the law provides may be done. Nobody thought of it—so the selectmen will appoint.

He was much liked, and liked the people, and reluctantly tendered his resignation. A Mr. Smith, who has preached at Wolfeboro, N. H., for several years last past, preached yesterday. There is a probability of his receiving a call from the church. He is a very able and forcible speaker, and as usual with new brooms, "sweeps clean." P.

The schooner Four Sisters, of St. George, Me., 252 tons register and valued at $13,000, was wrecked while trying to make a harbor at Gloucester, Mass., on the night of April 3d. The crew were in the rigging all night, and got ashore in their own boats next morning.

March April May

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

Hood's Sarsaparilla
Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.
100 Doses One Dollar

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

THE WEATHER.

For New England To-day:

Generally fair weather, variable winds, slight changes in temperature and barometer.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 32 degrees above zero.

Sky clear.

FIRE.

The house of Joseph Akerman, on Spinney's lane, was destroyed by fire on Monday afternoon at about half-past two o'clock. The fire was caused by the burning out of a chimney, an old-fashioned fire-place being filled with apple-tree brush, and touched off. The wind was strong, and there being some defect in the chimney the wood-work around it caught fire, and the building was soon consumed. The house was in a very dilapidated condition, and worth but little. There was no insurance. The family are in poor circumstances, and have often been helped by the city. The fire department went out, but only the extinguishers could get water enough to play, and they could not do any service.

IN MEMORIAM.

At a meeting of the trustees of the Chase Home for Children to take action in memory of the late Joseph H. Foster, the following resolution was unanimously adopted:

Resolved. The trustees of the Chase Home for Children desire to express and record their sorrow at the loss of their associate of many years, Mr. Joseph Hiller Foster, the treasurer and clerk of this institution, who was wise and good in council, hopeful and helpful in action, and of an unusual kindliness and sweetness of spirit. We are thankful to God for the good example of such a character, and the beneficent influence of such a life.

"ZOZO."

A spectacular attraction, "Zozo, the Magic Queen," comes to Music hall this week, and will be presented in an unexceptionable manner on Friday and Saturday evenings, and Saturday afternoon. Of the piece an exchange says: "Such elegant scenic effects were never exhibited in this city before. Not a piece of the regular scenery of the hall is used, and even as elaborate as were last evening's sets it was impossible to find room for all the company owns. The transformation scene was without exaggeration dazzling in brilliancy, and the mechanical effects introduced would not be thought possible under the circumstances. There are twenty-seven characters in the cast."

PRESENTATIONS.

During the Easter services of the Sunday school of St. John's parish, held in the church on Sunday afternoon, the librarian, Bert Entwistle, was presented by the teachers of the Sunday school with a handsome gold pen and pencil, combined.

At the regular meeting of Col. Sise S. F. E. Co., No. 2, Monday evening, the company presented Mr. Allen Rand with a fine silver ice-pitcher of the swinging pattern, and gold-lined goblet and dripping-bowl, in commemoration of the 31st anniversary of his becoming a member of No. 2's company, which membership he has ever since kept up, having filled all the offices, and being probably the longest in continuous service, and the oldest ex-foreman, in the department. The affair had been so successfully kept secret that Mr. Rand had not the slightest thought of anything of the kind until the presentation actually took place. At the close of the meeting Mr. Rand invited the company to refreshments.

The annual meeting of St. John's parish was held on Monday afternoon, but without the transaction of any business an adjournment was taken to Monday next, the 13th inst.

A young man named Spinney, belonging in Eliot, after completing some business in this city on Saturday evening, about eight o'clock went to where his boat was made fast, at the wharf in the rear of Mr. Plaisted's store on Market street, and walked overboard, plump. Some men who were fortunately near at hand fished him out with a boathook, wrung him out, placed him in his boat and pointed him up river all right.

We regret to learn that Harry P. Kent of Salem, Mass., son of Sheriff Kent of this city, is dangerously ill with pneumonia, which attacked him on Friday last, he having imprudently exposed himself on account of business affairs, just after recovering from the measles.

The street commissioner is sporting a new team; we do not know if he owns it, but hope he does, as we consider him a painstaking and efficient official. He certainly has failed—as all previous commissioners have, and we presume all subsequent ones will—to keep the sidewalk at the northeasterly corner of the Middle street church in a safe and passable condition, and the shine on our boots has more than once been removed by too much water on the crosswalks; but the winter has been an exceptionally badly-planned one for his department, and we think he has generally used the means at his command to the best advantage. He probably is not sorry that spring is here.

The desk of the North (Congregational) church was very tastefully and quite extensively beautified with flowers and floral pieces on Easter Sunday. In the evening the Sunday school gave an Easter concert in the chapel on Middle street, which was largely attended. The music, under the direction of Mr. W. W. McIntire, was very fine, the singing by Master Ray H. Connell, a youth about the height of a water-bucket, being quite an addition to the exercises. Mr. McIntire was presented with an elegant bouquet of choice roses.

It is reported that Mr. Charles S. Drowne has bought the old Gardner house, at the junction of Mechanic and Gardner streets, for $1800. There is quite a large lot of land attached to the house, but the building itself is pretty old.

At the Court street Christian church, Rev. John A. Goss pastor, on Sunday last, there was substituted for the usual morning exercises an Easter service by the Sunday school, the occasion being further enlivened by a beautiful display of flowers.

The ice at the westerly end of the north pond was broken up by the strong northwest breeze on Monday, and went out through the gates in bits with the ebb tide, leaving the pond clear.

At the Middle street Baptist church, Sunday, a special musical programme was arranged for morning and evening, and the remarks of Rev. Dr. Alden were appropriate to the day; the services were largely attended. There was a very tasteful display of flowers about the altar, as is usual at this church at Easter.

St. Mary's Benevolent Society had their annual Easter ball in Congress hall on Monday evening; as usual, the attendance was very large and the entertainment highly enjoyed.

The Adventists of this city evidently take no stock in the Concord man's prediction of the end of all things terrestrial this month, for their church edifice on Hanover street is being repainted.

Flocks of wild geese and ducks flying north have been within the last few days feeding at Sagamore and Seavey's creeks. Some have been shot and brought into this market.

Rev. Lewis Phillips, pastor of the Christian church at Rye, having resigned on account of ill health, the pulpit on Sunday last was occupied by his son, a young clergyman who has been preaching at Haverhill, Mass.

"The Hotel" will be opened by "a Bunch of Keys" at Music hall on Thursday evening. Tickets at Goodrich's.

The Sons of Veterans give their Easter dress party this evening in Congress hall. The ball is in aid of their charity fund, and deserves patronage, independent of the good time which is assured to all who attend.

The Eldredge Brewing Co. will shortly commence the erection of a grain elevator with a capacity of 50,000 bushels, at their brewery near the Creek.

Mrs. Mary E. Sleeper, widow of John S. Sleeper, for many years editor of the Boston *Journal*, and subsequently mayor of Roxbury, Mass., died at her residence at Boston Highlands on Saturday, April 4th, at the advanced age of eighty-six years. She was born in Newington, and passed her early life in Portsmouth and Exeter. After her marriage she lived in Charlestown, Mass., a number of years, and for the past forty-two years has been a resident of Roxbury.

The schooner Daylight, Hodgdon master, which arrived at this port on Sunday from Philadelphia, on Monday hauled in to a berth at the naval-store wharf at the navy yard, to discharge 1064 tons of coal for the department of equipment. Mr. Harry Kiggins, with E. F. Sise & Co.'s hoisting engine, is discharging the cargo of the Daylight. On Monday another big schooner arrived, the Charles A. Briggs, Hammett master, from Newport News, Va., with 1062 tons of coal to J. Albert Walker.

The schooner Grace K. Green, Capt. Seaward, has carried eighteen cargoes within the year since her construction. Mr. Charles E. Walker, her agent, is now paying a dividend to her owners.

The schooner D. K. Ham, Garland master, went up the river on Monday to load with bricks for Boston. The schooner Hattie Lewis on Monday hauled out through the Noble's island bridge, inside which she has laid up during the winter, also bound up river for bricks the first "slant."

The government tug Leyden arrived at the navy yard at three o'clock Monday afternoon, from Boston, with a detail of seamen from the receiving-ship Wabash for the U. S. S. Omaha.

It was rumored on the navy yard, Monday, that the department of construction and repair was to be shut down until July 1st. Another rumor, which we hope is well founded, is to the effect that the old frigate Constitution, fitted up for a school ship several years ago, and since then lying unused at the yard, is shortly to be utilized for the purpose for which she was fitted.

Monday, the 6th inst., was pay-day on the navy yard. Three men of the ship watch were discharged Monday evening, on account of their services no longer being required, the seamen for the Omaha having arrived that day.

A fire broke out in the Norfolk navy yard, Sunday, and before it was extinguished burned up the furniture in course of construction for the new cruisers, and other property, to the value of about $300,000 in all.

The members of the Portsmouth cricket club will meet at the house of Mr. William Sladen, No. 4 Creek street, on Friday evening at 7:30 o'clock, to perfect their organization and make preliminary arrangements for the season's sport.

Wanted in Portsmouth!

An energetic business woman to solicit and take orders for **The MADAME GRISWOLD Patent Skirt-Supporting Corsets.** These corsets have been extensively advertised and sold by long canvassers the past ten years, which, with their superiority, has created a large demand for them throughout the United States, and any lady who will give her time and energy to canvassing for them can soon build up a permanent and profitable business. They are not sold by merchants, and we give exclusive territory, thereby giving the agent entire control of these supporting corsets in the territory assigned her. We have a large number of agents who are making a grand success selling these goods, and we desire such in every town.

Address MME GRISWOLD & CO., 925 Broadway, New York.

WANTED,—Ladies and gentleman to take light, pleasant employment at their own homes (distance no objection;) work sent by mail; $2 to $5 a day can be quietly made; no canvassing. Please address at once GLOBE MFG. CO., Boston, Mass., Box 5344. m18,4w

ECZEMA or SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, Mass., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from Salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing, I had my attention called to your FAVORITE REMEDY, which I was told would do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of Salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y.

MALARIA.

An anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for Dyspepsia, Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and pain.

The charred remains of Richard Bascombe and wife, an aged couple near North Platte, Neb., were found in the ruins of their house, Friday. The evidence of the coroner's inquest indicates that the pair were murdered, and the house burned to conceal the crime.

Only two bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. General had been cured of catarrh by the two bottles of Ely's Cream Balm. Not a liquid nor a snuff. Price 50 cents.

The Dr. Cogswell fountain that has stood in front of the court house in Rochester, N. Y., for over a year, was removed in a silent and mysterious manner Friday night, during a very heavy snow storm. The city authorities refuse to say anything on the subject.

Lung Troubles Promptly Cured.

Messrs. Editors:—"About three years ago my right lung became affected, and I then commenced taking Dr. Seth Arnold's Cough Killer. I used it about nine months and that lung has not troubled me since. Last summer I had a cold and it settled on the left lung; it got firmly seated, and I began to take Cough Killer again, now I don't cough at all." —H. W. Aldrich, Northbridge Centre, Mass.

Mrs. Thomas Meath of Chicago has received a letter from her brother, William Sheridan, ex-member of parliament, residing in Dunmore, Ire., informing her that she had been awarded the larger portion of a fortune of $600,000.

For Good Purposes.

Mrs. A. M. Dauphin of 1939 Ridge Ave., Philadelphia, is well known to the ladies of that city from the great good she has done by means of Lydia E. Pinkham's Vegetable Compound. She writes Mrs. Pinkham of a recent interesting case. "A young married lady came to me suffering with a severe case of prolapsus and ulceration. She commenced taking the compound and in two months was fully restored. In proof of this she soon found herself in an interesting condition. Influenced by foolish friends she attempted to evade the responsibilities of maternity. After ten or twelve days she came to me again and she was indeed in a most alarming state and suffered terribly. I gave her a tablespoonful of the compound every hour for eight hours until she fell asleep; she awoke much relieved and evidently better. She continued taking the Compound, and in due season she became the mother of a fine healthy boy. But for the timely use of the medicine she believes her life would have been lost."

Hon. John F. Finerty, ex-member of congress, and several other persons, attempted to speak at a republican political meeting in a rough portion of ward seventeen, Chicago, known as "Little Hell," but were howled down. Finally the crowd began to throw rotten eggs. The speakers retired from the building, but were pursued and egged for a considerable distance along the street. Several persons were hit, among them a lady.

From Lieut. John Osborn of the firm of Evans, Webster & Co., Boston.

"Two bottles of Adamson's Botanic Balsam effected a cure in my family that four skillful physicians failed to do."

Sold by druggists and dealers at 35 cts.

The Ladner brothers, William T. and Louis J., brokers of Philadelphia, who were recently convicted of embezzlement, were sentenced on Saturday to imprisonment for three years and three months.

Educated and Experienced.

Hood's Sarsaparilla is prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass., who have a thorough knowledge of pharmacy, and many years practical experience in the business. It is prepared with the greatest skill and care, under the direction of the men who originated it. Hence Hood's Sarsaparilla may be depended upon as a thoroughly pure, honest, and reliable medicine.

(The Oldest Newspaper in the United States, established Oct. 7th, 1756.)

Is published every Thursday at the same office. Terms, $1.50 per year; $2.00 per year if not paid in advance.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE, THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

ADVERTISEMENTS inserted on reasonable terms, in either or both papers. The GAZETTE, having a large country (in addition to its local) circulation, is an excellent medium of advertising. A liberal reduction made when advertisements appear in both papers.

IN PORTSMOUTH, BY

CHARLES E. LAIGHTON & SON.

The old proverb that "blood will have blood," is illustrated by the violent death of Currie, the Texas border ruffian, who two years ago killed Porter, the actor, for resenting an insult Currie had offered to an actress. Currie was tried for the unprovoked murder, but by a scandalous miscarriage of justice was acquitted and set at liberty. But he did not by that act escape from himself. His evil habits and nature remained, and recently brought him into another lawless scrape, in which he was shot dead by an officer of the law.

"I have no appetite," complains many a sufferer. Hood's Sarsaparilla gives an appetite and enables the stomach to perform its duty.

Mr. Timothy Griffin of South Newmarket, who had been employed in the foundry of the Swamscot Machine Works for twenty-three years, worked in the foundry on the forenoon of March 26th, and died on the 29th of pneumonia.

Only two bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. General had been cured of catarrh by the two bottles of Ely's Cream Balm. Not a liquid nor a snuff. Price 50 cents.

Miss Ada C. Sweet, pension agent at Chicago, has been asked by Gen. Black, the new commissioner of pensions, to resign June 30th. She declines. Her present commission does not expire until April, 1886.

The powerful curative properties of a Hop Plaster are irresistable when applied to backache, swollen joints and muscles, sciatica, pleurisy, sharp pains, or any sort of soreness. The best and strongest porous plaster made. A trial will demonstrate it. 25c.

Col. Black, the new democratic commissioner of pensions, has declined to dispose of his one-horse turnout, as recommended by the secretary of the interior. The colonel says: "The republicans have been riding for twenty-four years, and now I am going to ride."

Mrs. A. D. Lyford, of Brentwood, N. H., says: "I have suffered terribly for the past two years with canker in the stomach—so bad that at times my throat and tongue felt raw and blistered. My food distressed me and gave an awful burning sensation in my throat and stomach, it was difficult to eat or drink anything. I have been taking medicine from physicians two years. Have had two physicians and have taken a great deal of medicine without any relief. I bought one bottle of Wetherell's Sarsaparilla and commenced taking it. I was relieved at once. After using one bottle, I am free from all canker in the stomach, and am entirely cured, and feel very grateful for what the medicine has done for me.

H. D. Burnham of Boston and a party of friends arrived off Fortress Monroe on Saturday on his yacht Mohican, having defeated W. F. Weld's yacht Gitano in a race from Charleston, S. C., to Cape Henry.

Charles Cosgrove!

Who has not been able to attend to his business for years, was interviewed by our reporter yesterday, and says. For years I was troubled with Bright's disease of the kidneys. The doctors gave me up. Through an eastern friend I obtained a bottle of Sulphur Bitters. I took five bottles and now I am almost well. Heith sells them.—*San Francisco Call.*

Lena Waldorf, aged seventeen, and Annie Luckey, aged fifteen, Bridgeport (Conn.) girls ran away from their homes to New York, Friday, to become fancy roller-skaters. The New York police were notified, and received them at the Grand Central depot. The girls were sent home in care of a police officer.

Itching Piles—Symptoms and Cure.

The symptoms are moisture, like perspiration, intense itching, increased by scratching; very distressing, particularly at night; seems as if pin-worms were crawling in and about parts affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also, for Tetter, Itch, Salt-rheum, Scald-Head, Erysipelas, Barber's Itch, Blotches, all scaly, crusty Skin Diseases. Box, by mail, 50 Cts.; 3 for $1.25. Address, DR. SWAYNE & SON, Phila. Pa. Liver, Kidney or Stomach Trouble.

Symptoms; Impure blood, costive bowels, irregular appetite, sour belching, pains in side, back and heart, yellow urine, burning when urinating, clay-colored stools, bad breath, no desire for work, chills, fevers, irritability, whitish tongue, dry cough, dizzy head, with dull pain in back part, loss of memory, foggy sight. For these troubles "SWAYNE'S PILLS" are a sure cure. Box, (30 Pills), by mail, 25 Cts., 5 for $1.00. Address, DR. SWAYNE & SON, Phila., Pa. Sold by Druggists.

A CARD.—To all who are suffering from errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send self-addressed envelope to REV. JOSEPH T. INMAN, *Station D, New York.* codaw13y85

A RELIABLE PREPARATION.

WETHERELL'S SARSAPARILLA.

Never before in the History of Medicine has a Preparation been so Universally praised as Wetherell's Sarsaparilla with Iodide Potassium. It goes right to the spot, and builds the system up as no other Medicine.

By its great and thorough blood purifying properties, it cures all humors, from the worst scrofula to a common blotch, pimple or eruption. Mercurial disease, mineral poisons and their effects are eradicated and vigorous health and a sound constitution established. Erysipelas, salt rheum, fever sores, scaly or rough skin, in short, all diseases caused by bad blood are conquered by this powerful purifying and invigorating medicine.

PREPARED BY

A. S. WETHERELL, Druggist and Chemist, —EXETER, N. H.—

Price, $1. per bottle. Six bottles for $5. For Sale by all Druggists.

VANDERBILT'S MILLIONS!

Could not buy from me what Swift's Specific has done for me. It cured me of Scrofula in its worst form, after I had suffered with it fifteen long years, and had tried all the remedies, only to break down my health and make me almost helpless. MRS. ELIZABETH BAKER, No. 2. Acworth, Ga., July 15, 1884.

INOCULATED POISON!

Some eight years ago I became the victim of a fearful Blood Poison, communicated by a nurse to my infant, and thence through the breast, and suffered for six long years. The Mercury and Potash treatment seemed to drive the poison further into my system only to break out in worse form on other portions of my body. Three months ago I began taking Swift's Specific, and it has cured me sound and well. It is the greatest blessing which has come to mankind in years.

Among the Michigan Pines.

Charles Ellis, in a series of instructive and entertaining articles in the *Current*, on the life and social conditions of the hardy backwoodsmen in the Michigan pines says: A bad feature of the social conditions here, and the which should be condemned, is that the girls marry too young. Marriage at sixteen and eighteen is quite common, I am told, and it is said that they are known to marry even as young as fourteen. This is very bad for good civilization—bad also for the young women, as they are quite sure to learn. I have seen young girls about the country homes who were bright-eyed, full of promise, and sometimes attractive, and school-children whose red cheeks were pictures of health. If only they would put away this bad habit of marrying, until nature has done her work of ripening upon them, I am sure another generation of wives and mothers would show to decidedly better advantage than the present. With these child-wives, the care of children and the work and care of country homes, show them old at twenty-five, and the rest of life is an uneasy fret and whine. It is little wonder that so many of their faces are blank and unnatural. Then, too, the men who have to bear with these worn-out wives are not always the most thoughtful and indulgent mortals on earth. One still morning as I was passing one of these primitive "places," I was a witness to a bit of domestic felicity that was quite touching. By the shanty that served as a barn the man, husband he was, worked loading his sleigh with shingles. It had snowed two or three inches in the night, was snowing very quietly then, but the morning was otherwise pleasant. As I stood unseen watching the man at work I saw coming from the house one of these little, thin, stoop-shouldered child-wives carrying in one hand a tin pail and in the other, stretched above her head to keep the thing out of the snow, an old blanket. Presently the man saw her coming.

"You got yer t'other shoes on? What yer comin' aout fur anyway?"

"I'm goin' t'milk 'n' thought I'd bring the blanket aout cos you might want it, Jim," said she, with a weak little consumptive laugh.

"Yer yer got them there t'other shoes on?"

He says this with an increasing hardness of tone that indicates a jam in the current of his feelings.

"N'no, 'taint cold a bit!"

"Y'u're a —— —— fool!"

The little woman tries to laugh, but whimpers and goes to the barn. Man goes on loading shingles and swearing to himself, as if soliloquizing on the stubbornness of married women in general. Then he happens to see me, and that I am apparently listening, and straightway out speaks he with the tender voice of a lover:

"Yer orter put on yer t'other shoes afore yer cum aout, Mamie, so yer ort, dear."

The London Express Engineer.

No two engines ever resemble each other, no matter how carefully they may have been built from the same plan, neither do any two drivers manage their engines precisely in the same way. We have in this instance an excellent opportunity of comparing two different methods of driving. It is the driver's principal object to get the required amount of work out of his engine with the smallest possible expenditure of coal and water. To obtain this result the steam must be worked expansively, which is done by placing the valve gear in such a position by means of the lever that the supply of steam to the cylinders is cut off before the piston has accomplished its full stroke. There are two ways of controlling the speed of an engine worked, as all locomotives are worked now, expansively. You may keep the regulator wide open, so that there is always a full supply of steam on its way to the cylinders, in which case you increase or diminish the speed by using the steam more or less expansively through the agency of the lever. Or you may work with the same amount of expansion throughout the journey, and have command of the engine by constantly changing the position of the regulator. There is no doubt that the men who employ the latter method save something by it—although this would hardly seem to be the opinion of the driver who is hardly bringing us nearer to London, for unlike the driver whom we accompanied on the daylight journey, his hand is not often on the regulator. As we rush on past countless signals, punctual to the minute, yet always having ample time to slacken speed before we come to places where the color lights cluster thickest, we are reminded how much is required of an express engineman besides a thorough acquaintance with the machinery he has to control. Traveling at night at a great speed, he must know every inch of the road by heart—where an incline begins and where it ends—and the exact spot at which every signal along the line may be first sighted. He must have completely mastered the working of the traffic on both the up and down lines, and, above all, must be ready to act with the utmost promptitude should anything go wrong.—*The Saturday Review.*

A New Hampshire editor was attacked by a tramp the other day, and in crying out for help was delighted to see a man running to the spot. The tramp, however, continued to maltreat the editor, while the stranger hovered near, but failed to close in. "Why don't you help me?" exclaimed the discomfited editor. "Because I can't tell which of you is the tramp and which ain't," was the candid reply.—*Burlington Free Press.*

A Printer's Error.

Sweet are the uses of *adversity*, the printer's copy said, but he set it up, sweet are the uses of advertising. Sweet, indeed, to those who in sickness and suffering have seen the advertisement of some sovereign remedy, which upon trial has brought them from death's door. "The best thing I ever saw in my paper was the advertisement of Dr. Pierce's 'Golden Medical Discovery'" is again and again the testimony of those who have been healed by it of lung disease, bronchial affections, tumor, ulcers, liver complaints and the ills to which flesh is heir.

Gen. Grant's Condition.

Gen. Grant rested well on Monday and Monday night, and his vitality is so great that he may linger along for some days, unless he is suddenly strangled by the collection of mucous in his throat.

Tuesday morning, shortly before five o'clock, he had a hemorrhage from the throat, which occasioned the utmost alarm among his friends, and at noon a despatch was sent from New York to the effect that it was not thought possible he could survive the day. At six o'clock in the evening the following bulletin was issued:

General Grant has been sleeping quietly since last record; he has just awakened, and taken food and stimulants. The pulse is seventy, volume fair; temperature 101. There has been no recurrence of the hemorrhage.

The Central American War.

Senor De Peralto, minister to the United States from Costa Rica, has received advices from Nicaragua and Salvador confirmatory of previous reports of the death of President Barrios of Guatemala. Senor De Peralto is also in receipt of information that the republic of Honduras, which was counted as an ally of the Guatemalan president, now fraternizes with the allied republics of Salvador, Nicaragua and Costa Rica.

A Panama despatch of April 6th says: "The American man-of-war Shenandoah and the British ship Heroine arrived today. Their presence imparts greater confidence to the public, which had become greatly alarmed by threats and rumors of the wildest character. The commodore of the French ship Reine Blanche positively refused to land his men unless all the consuls would join in requesting him to do so. All is quiet in Colon. The Galena's officers and men are all well."

A detachment of 250 marines, under Capt. Higbee, U. S. M. C., and 150 sailors and six guns, under Commander McCalla, left the navy yard at Brooklyn on the 7th, for Aspinwall.

The Ocean Carrying Trade.

The following despatch from London, Eng., dated April 6th, is respectfully offered for the consideration of the numerous editors and orators who have for years been declaring that "the decadence of American shipping on the high seas" was solely due to the protective tariff and to that provision of the maritime laws which prohibits the admission to American registry of foreign-built vessels:

Owing to the depression in the transatlantic carrying trade in 1884 the Cunard Steamship company announce that they will not declare a dividend for the fiscal year, and that they also will be unable to add to their insurance fond. It is believed that the government will purchase the Umbria and Oregon from the company.

Mean Enough.

The mean temperature of the month of March, as taken at the signal service station in Boston, was 27.4 degrees above zero, being the lowest mean temperature for March of any year for the past thirteen, or since the station was established, with the exception of the year 1872, when it was 26.8. Last year it was 33.5, and the average for the thirteen years is 34.2. The lowest temperature recorded was 7.5 below zero, in 1872, and the highest was seventy-two above, in 1880.

Charles Chesley, solicitor of the internal revenue department, who resigned at the request of the attorney general on Friday last, withdrew his resignation on Monday at the request of the president, who informed him that he would like him to remain in the office for at least sixty days longer. This action is said to be based on representations by the commissioner of internal revenue that Mr. Chesley's services were very desirable in closing up the operations of the revenue bureau for the present fiscal year. It is also understood that the attorney general coincided in the request that his resignation be withdrawn.

Ex-Secretary of State Frelinghuysen is very ill, and not expected to recover.

So many students of the Laval university at Ottawa, Ont., have gone to the northwest with the troops as to threaten a suspension of the university course.

Mrs. M. Lavinia Stratton (Mrs. Gen. Tom Thumb) and Count Rosebud (Count Prino Magria) were married at the Church of the Holy Trinity in New York on the 6th., in the presence of 2000 people, fifty policemen keeping out the crowds that sought to enter.

On Saturday night Reon Joyce, seventy five years of age, his three-years-old daughter and Miss Rice, aged forty years, were burned in their dwelling fourteen miles from Asheville, N. C. Foul play is suspected.

The reporters, printers and editors of the local paper at Winnipeg have been summoned to appear in the police court for violating the Sabbath by getting out a paper on Sunday containing the latest news regarding the Riel rising.

The family of Addison Nash live four miles west of Monmouth, Ill. A son who was insane for a year and a half, and who had been in an insane asylum until about six months ago, shot and killed his mother and sister, Saturday. Mr. Nash, returning about dark, found the bodies of Mrs. Nash and daughter, and discovered that the son had taken a horse from the stable and escaped. Mrs. Nash was about fifty-five years of age, and the daughter about twenty-five. Mr. Nash is a wealthy farmer. The neighbors are in pursuit of the young man, who is about twenty years old.

At the recent election in Oldtown, Me., A. H. Brown, republican, was elected town treasurer in place of J. W. Waldron, democrat, who had held the office seven years. The next morning Waldron left for the west, and his whereabouts are reported unknown. An examination of his books shows a deficiency of over $5000. Waldron also borrowed large sums of money from outside parties, which were never returned.

Maple sugar and syrup have commenced to arrive here from inland New Hampshire towns, and what is brought to a place like Portsmouth from its own state is very likely to be pure and unmixed. The first invoice of the present season came from Wolfeboro' over the Concord railroad to the Stotts. The syrup is put up in cans, and weighs eleven pounds net to the gallon.

At Kennebunk, last week, David Clark launched a fishing schooner sixty-eight feet long, 18 3-4 feet wide and 7 1-2 feet deep, named the Joseph Warren. She is owned by Joseph Smith of Andover, Mass., and will be run in the mackerel fishery this summer from Biddeford Pool, by Capt. Warren Rich. Mr. Clark is also fast completing, and will launch in about a month, a steam fishing schooner of about 400 tons, to be propelled by an engine of nearly 400 horse-power. Capt. H. W. Joyce of Portland, the principal owner, will command her, and her complement of men will be forty. She will start in the mackerel seining business, and as this manner of fishing is new to the trade there will be quite an interest in the movements of this propeller.

In consequence of a report that the Seamen's Home had been considered an eleemosynary institution, meals which at the ordinary scale of charges would have amounted to $37 have been given away at the Horn of Plenty (formerly the Seamen's Home) within three months. The present proprietor not being pecuniarily able to administer to such liberal patrons, intends in future to refer them to the police station for accommodation.

The number of men brought around from Boston by the Leyden on Monday for the Omaha, was 162.

A despatch from Norfolk, Va., concerning the fire at the navy yard there on the 5th inst., says the fire broke out in a building used as a paint shop in one end and as a storehouse at the other, also containing a large amount of fine ship timber. After burning three hours the walls of the building fell, and injured the following-named persons: Ensign Payer of the Saratoga, badly burned about the face and arms; E. Stodard, sailor of the Saratoga, leg and arm broken; Domingo Lawrence, watchman, both arms broken; Thomas Ryder, citizen, both legs broken, and supposed to be fatally injured; Patrick Casey, leg broken and severely burned. The fire originated from spontaneous combustion in the paint shop.

Hood's Sarsaparilla

Combines, in a proportion peculiar to itself, the active medicinal properties of the best blood-purifying and strengthening remedies of the vegetable kingdom. It will positively cure—when in the power of medicine—Spring Debility, Headache, Dyspepsia, Catarrh, Salt Rheum, Scrofula, and all Diseases caused by a low state of the blood.

"I suffered three years with blood poison. I took Hood's Sarsaparilla, and think I am cured." MRS. M. J. DAVIS, Brockport, N. Y.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

Purifies the Blood

"I tried a dozen articles to cleanse my blood, but never found anything that did me any good till I began using Hood's Sarsaparilla." W. H. PERR, Rochester, N. Y.

"My wife was troubled with dizziness and constipation, and her blood has been in a bad order—in fact she has been all run down. Hood's Sarsaparilla is doing her a wonderful amount of good." F. M. BALDWIN, druggist, Blanchester, Ohio.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar.

Is so vastly superior to any other sarsaparilla or blood purifier, that one has well said: "Its health-giving effects upon the blood and entire human organism, are as much more positive than the generality of a quarter of a century ago, as the steam-power of to-day is in advance of the slow and laborious drudgery of years ago."

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." R. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

THE METHODIST FESTIVAL.

The egg-breaking and festival of the Methodist Sunday school, at the court house on Monday evening, was attended by a great many more persons than the room would hold comfortably, and was very successful. The dingy old court room was dressed with flags so as to look quite well, and the tables for the sale of refreshments and fancy articles were well patronized. A table scarf, beautifully and elaborately worked by Mrs. Thomas R. Wilson, wife of Gunner Wilson, U. S. N., was purchased by subscription and presented to Mrs. Robins, wife of the pastor, thus bringing to the treasury a liberal sum. A specially pleasing feature of the evening's entertainment was the singing of a little daughter of D. Webster Barnabee, who was encored again and again. The amount collected from the eggs was $84.85.

FIRE COMPANY ELECTIONS.

The several companies of the fire department held their meeting for the election of officers Monday evening, with the following result:

COL. SISE, NO. 2.—Foreman, Joseph B. Randall; asst. foreman, Willard M. Gray; clerk and treasurer, Fred B. Haraden; steward, Daniel N. Cox.

KEARSARGE, NO. 3.—Foreman, W. J. Sampson; 1st asst. foreman, Geo. E. McIntosh; 2d asst. foreman, Thomas D. Wardwell; clerk, Charles H. Besselevreire; treasurer, Wm. S. Hazel; steward, Maurice Tobin.

BOARD OF INSTRUCTION.

The regular monthly meeting of the School Board was held at the city rooms, Monday evening, with Messrs. Batchelder, Pender, Vaughan, Knight, Goss, Goodrich, Laskey and Knight, with Charles E. Batchelder, Esq., temporary chairman. But little business of importance was done. One or two applications were accepted and placed on file.

The resignation of D. J. Vaughan as a member of the High school committee was accepted, and Rev. John A. Goss was chosen to fill the vacancy.

The request of R. H. Perkins to be absent two weeks in next month, he to furnish a substitute acceptable to the committee of District No. 2, was granted.

Adjourned.

POLICE COURT -- BATCHELDER J.

TUESDAY, April 7th.

The police were busy Monday night, and to pay them for their labors, succeeded in capturing no less than fourteen subjects. Of this number five were brought to trial on Tuesday. Charles Dever, Edward Lear, Joseph Marden, Joseph Barrows and John Condon were each arraigned for drunkenness and fined $3 and costs, with the exception of John Condon, who, being an old offender and a deserter, got $10 and costs. Condon and Marden were committed to jail, and the other three will go to Brentwood.

MARITIME NOTES.

Capt. Sanders, master of the schooner J. Chester Wood, was in town on Tuesday from Dover point, where the schooner was hauled up at the close of the season last year, getting his outfit from George T. Vaughan & Co. The schooner has a new steering apparatus, purchased from Vaughan & Co., and is about ready for sea.

Capt. Frank P. Coleman, of the schooner Emily A. Staples, now laid up at Boston having received an advantageous offer for the services of that vessel, will sail her this summer between Saco, Me., and Boston. She will load bricks from the one yard at Saco, and return with freight from Boston.

The schooner John J. Hanson, recently built for the Dover Navigation Co. by the New England Shipbuilding company of Bath, Me., and in which several Portsmouth owners are considerably interested and wished for more, was loaded [on the start with ice for New York, which was sucessfully delivered. She is commanded by Capt. Stevens, late of the Dover Navigation Co.'s schooner John Bracewell, who had one leg cut off through its getting caught in the bight of a rope on the day when he handed over command of the latter vessel to Capt. Munroe; but his misfortune does not seem to have had any ill effect on his energy, as the John J. Hanson has just landed at New Bedford 1009 tons of coal, which is somewhat above her estimated capacity.

Capt. Thomas Coleman, master of the schooner G. W. Raitt, was in town on Tuesday attending to his vessel. It has been intended that she should go on the railway at Kittery for a complete overhauling, but the railway being much occupied and pre-engaged at present, she will have her waist recalked, and then proceed up river to load with bricks, deferring her general overhaul to a more convenient season.

The schooner J. P. Ames, of Rockland, Me., formerly of this port, anchored off Biddeford Pool on Saturday night, swung on the rocks, heeled over, and filled. Her cargo was discharged, and the vessel taken to Portland for repairs. She is the luckiest unlucky vessel we know of, having been wrecked three times at least within our recollection, and likely to last for years yet.

The schooners Estella, Littlefield; Satellite, Aderton; Hattie Lewis, Lowe, and Triton, Freeman, have proceeded up river to load with bricks for Boston. The D. K. Ham, Garland master, being somewhat delayed, although having been previously reported, will not go up until Thursday, the 9th inst.

The schooner Mary Willey, Capt. Williams, went across the river on Tuesday to go on the marine railway at Kittery.

The schooner Loella, Capt. Call, will sail for Boston to-day.

The statement that Mr. Robins, pastor of the Methodist church, preached his last sermon here Sunday, was incorrect, as he will officiate on Sunday next, the 12th inst., conference not sitting until Thursday, the 16th.

"A Bunch of Keys," the musical comedy which created so much fun for those who saw it at Music hall a few months ago, is to be repeated there on Thursday evening, the 9th inst. It is an amusing piece, and is well acted and sung.

Work at the remodelling of the building on the southerly corner of Daniel street and Marketsquare commenced on Tuesday, under the superintendence of Mr. Charles W. Norton.

At Music hall, Friday and Saturday evenings, will be presented the spectacular drama, "Zozo, the Magic Queen," with a large company, gorgeous scenery and dresses, and brilliant mechanical effects. On Saturday afternoon a matinee will be given, especially to accomodate ladies and children, and persons living out of the city; at this performance there will be no "cutting," the entertainment being in all respects like that of the evening.

Henry L. Richards Camp, S. O. V., of this city, sent a valuable present to the Soldiers' Carnival now under way in Boston.

An unusually handsome specimen of the sandhill crane, of fine plumage and color, was brought in on Monday by Mr. Joseph L. Locke, and will be set up by George W. Locke, who has made a study of taxidemy here and abroad. By the way, the true sportsman is about the last person to shoot birds merely for the sake of shooting them, having no use of any kind for them in view. This bird measured about five feet from tip to tip of the extended wings, and was of corresponding height.

At the Portsmouth skating rink on Wednesday evening, the 15th inst., there will be a cheese-cloth and fancy dress party and masquerade, at which two prizes will be awarded, namely, a silver berry-dish for the best original make-up, and a silver pickle-dish for the handsomest fancy dress, the prizes being now on exhibition in Hutchinson's window. On this occasion skating will not close until eleven o'clock.

Efforts are being made to have the State Encampment, S. O. V., held in this city this year.

Says the Dover *Democrat* of the 6th inst.: "It is reported that Mr. James Corey, locomotive engineer on the Portsmouth & Dover railroad, who has been offered the position of engineer of the big engine in the navy yard at Portsmouth, will decline to accept, inasmuch as he prefers his present position. He is one of the most capable and trustworthy employes on the road, and what he don't know about running a locomotive is not worth knowing."

ECZEMA or SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, MASS., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my grateful eyes, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y.

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malaria, if taken in the early morning, as offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

Never varies, does not contain one particle of the adulterations used to reduce the cost of

PURE GOODS

But DOES possess the FULL VALUE of every Legitimate Washing Quality, which gives it every advantage over Soaps of doubtful character; practically recommended by other manufacturers in imitating it. For house cleaning, there is nothing to compare with JAMES PYLE'S PEARLINE. It does the work in half the usual time without soap or anything else. Sold by all grocers, but beware of counterfeits.

In a difficulty with Italian laborers on the Baltimore & Ohio railroad extension at Gunpowder, Md., Saturday night, Daniel Brosman and John Brosman were stabbed. Daniel has died, and John is in a precarious condition. Thomas Guiliamo, charged with having done the stabbing, was arrested.

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

Ivory Chick of Kennebunk, aged seventy-eight years, was stricken with paralysis on Friday, March 27th; his wife, aged seventy-nine, had then been sick for some days. On Monday morning, March 30th, Mrs. Chick died, and her husband died the next day. They had been married fifty-four years, and were much respected.

Lung Troubles Promptly Cured.

Messrs. Editors:—"About three years ago my right lung became affected, and I then commenced taking Dr. Seth Arnold's Cough Killer. I used it about nine months and that lung has not troubled me since. Last summer I had a cold and it settled on my left lung; it got firmly seated, and I began to take Cough Killer again, now I don't cough at all." —H. W. Aldrich, Northbridge Centre, Mass.

—A New York firm enquired of Abraham Lincoln, some years before he became president, about the financial standing of one of his neighbors. Mr. Lincoln replied as follows: "Yours of the 10th inst. received. I am well acquainted with Mr.——, and know his circumstances. First of all, he has a wife and a baby; together they ought to be worth $50,000 to any man. Secondly, he has an office in which there is a table worth $1.50, and three chairs worth, say $1. Last of all there is in one corner a large rat-hole which will bear looking into."

For Good Purposes.

Mrs. A. M. Dauphin of 1939 Ridge Ave., Philadelphia, is well known to the ladies of that city from the great good she has done by means of Lydia E. Pinkham's Vegetable Compound. She writes Mrs. Pinkham of a recent interesting case. "A young married lady came to me suffering with a severe case of prolapsus and ulceration. She commenced taking the compound and in two months was fully restored. In proof of this she soon found herself in an interesting condition. Influenced by foolish friends she attempted to evade the responsibilities of maternity. After ten or twelve days she came to me again and she was indeed in a most alarming state and suffered terribly. I gave her a tablespoonful of the compound every hour for eight hours until she fell asleep; she awoke much relieved and evidently better. She continued taking the Compound, and in due season she became the mother of a fine healthy boy. But for the timely use of the medicine she believes her life would have been lost."

Commodore W. T. Truxton has been ordered to take command of the Norfolk navy yard on the 10th inst., and also to discharge the duties connected with the Norfolk harbor, relieving Commodore W. K. Mayo, who is placed on waiting orders.

He Told the Truth.

I was troubled with liver complaint for years, and suffered terribly. Lake the druggist advised me to take Sulphur Bitters. I took three bottles and now I am well.—L. Fenner, Waterbury, Conn.

A Keene despatch says the late John Symonds left an estate valued at $70,000. Of this sum, one-half is bequeathed to the brothers and sisters of the deceased. The use of the other half is left to the widow during her lifetime, and at her death is to revert to the city of Keene for a public library building.

Biliousness

Is very prevalent at this season, the symptoms being bitter taste, breath offensive, tongue coated, sick headache, drowsiness, dizziness, loss of appetite. If this condition is allowed to continue, serious consequences may follow. By promptly taking Hood's Sarsaparilla, a fever may be avoided or promature death prevented. It is a positive cure for biliousness. Sold by all druggists.

Arthur P. Chesley and Walter O. Shute have been appointed policemen of Newmarket by the selectmen; they are to receive a regular salary, and have been instructed to strictly enforce the police regulations of the town. One of them will patrol the streets of the village every evening until 10:30 o'clock, and with the special police employed by the mill, there will now be two officers on duty every evening.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, late Commissioner of Patents.

BOSTON, October 19, 1879.

R. H. EDDY, ESQ.—Dear Sir: You procured for me, in 1866, my first patent. Since then, you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you.

Yours truly, GEORGE DRAPER.

The warmer weather often has a depressing and debilitating effect. Hood's Sarsaparilla overcomes all languor and lassitude.

—Horseshoes were unknown to the Greeks and Romans; and yet the people of these nations had considerable luck. They escaped the dynamite scare, the crazy quilt craze, tramps, and the roller-skating mania.

Only two bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. General had been cured of catarrh by the two bottles of Ely's Cream Balm. Not a liquid nor a snuff. Price 50 cents.

The powerful curative properties of a Hop Plaster are irresistable when applied to backache, swollen joints and muscles, sciatica, pleurisy, sharp pains, or any sort of soreness. The best and strongest porous plaster made. A trial will demonstrate it. 25c.

—Photographer (displaying some photographs) — "You would hardly think those two pictures represented the same man, would you?" Gentleman—"No, certainly not." Photographer—"Well, they do. One represents him before he went to Washington and the other after he came back."

Mrs. A. D. Lyford, of Brentwood, N. H., says: "I have suffered terribly for the past two years with canker in the stomach—so bad that at times my throat and tongue felt raw and blistered. My food distressed me and gave an awful burning sensation in my throat and stomach, it was difficult to eat or drink anything. I have been taking medicine from physicians two years. Have had two physicians and have taken a great deal of medicine without any relief. I bought one bottle of Wetherell's Sarsaparilla and commenced taking it. I was relieved at once. After using one bottle, I am free from all canker in the stomach, and am entirely cured, and feel very grateful for what the medicine has done for me.

At Charlotte, N. C., April 6th, Willie McGuinn, aged twelve, after loading his pistol intending to go and shoot a mad dog, accidentally shot and killed his cousin, Bettie Caldwell, aged thirteen, who, at the time was sitting at a table, studying. The New Hampshire legislature will be asked at the coming session to annex the town of Auburn to the city of Manchester. A RELIABLE PREPARATION.

WETHERELL'S SARSAPARILLA.

Never before in the History of Medicine has a Preparation been so Universally praised as Wetherell's Sarsaparilla with Iodide Potassium. It goes right to the spot, and builds the system up as no other Medicine.

By its great and thorough blood purifying properties, it cures all humors, from the worst scrofula to a common blotch, pimple or eruption. Mercurial diseases, mineral poisons and their effects are eradicated and vigorous health and a sound constitution established. Erysipelas, salt rheum, fever sores, scaly or rough skin, in short, all diseases caused by bad blood are conquered by this powerful purifying and invigorating medicine.

VANDERBILT'S MILLIONS!

Could not buy from me what Swift's Specific has done for me. It cured me of Scrofula in its worst form, after I had suffered with it fifteen long years, and had tried all the remedies, only to break down my health and make me almost helpless. MRS. ELIZABETH BARNES, No. 2, Acworth, Ga., July 15, 1884.

INOCULATED POISON!

Some eight years ago I became the victim of a fearful Blood Poison, communicated by a nurse to my infant, and thence through the breast, and suffered for six long years. The Mercury and Potash treatment seemed to drive the poison further into my system only to break out in worse form on other portions of my body. Three months ago I began taking Swift's Specific, and it has cured me sound and well. It is the greatest blessing which has come to mankind in years.

Why He Became a Lecturer.

I studied law once in the Washington Law School. In fact, I was admitted to the bar. I shall never forget my first case. Neither will my client. I was called upon to defend a young man for passing counterfeit money. I knew the young man was innocent, because I lent him the money that caused him to be arrested. Well, there was a hard feeling against the young man in the county, and I pleaded for a change of venue. I made a great plea for it. I can remember, even now, how fine it was. It was filled with choice rhetoric and passionate oratory. I quoted Kent and Blackstone and Littleton, and cited precedent after precedent from the "Digest of State Reports." I wound up with a tremendous argument, amid the applause of all the younger members of the bar. Then, sanguine of success, I stood and awaited the judge's decision. It soon came. The judge looked me full in the face and said:

"Your argument is good, Mr. Perkins, very good, and I've been deeply interested in it and when a case comes up that your argument fits, I shall give your remarks all the consideration that they merit. Sit down!"

That's why I gave up law and resorted to lecturing and writing for the newspapers.

Furbishing up the Details.

It has been noted how cunningly Tennyson can gild and furbish up the most commonplace detail—as when he calls Arthur's mustache "the knightly growth that fringed his lips," or condescends to glorify a pigeon pie, or paints the clown's astonishment by this detail, "the brawny spearman let his cheeks bulge with the unswallowed piece, and turning stared;" or thus characterizes a pun, "and took the word, and play'd upon it, and made it of two colors." This kind of ingenuity, indeed, belongs rather to talent than to genius; it is exercised in cold blood; but talent may be a valuable auxiliary of genius, perfecting skill in the technical departments of art. Yet such a gift is not without danger to the possessor. It may tempt him to make his work too much like a delicate mosaic of costly stone, too hard and unblended, from excessive elaboration of detail. One may even prefer to art thus highly wrought a more glowing and careless strain, that lifts us off our feet, and carries us away as on a more rapid, if more turbid, torrent of inspiration, such as we find in Byron, Shelley, or Victor Hugo. Here you are compelled to pause at every step and admire the design of the costly tessellated pavement under your feet. Perhaps there is a jeweled glitter, a pre-Raphaelite or Japanese minuteness of finish, here and there in Tennyson that takes away from the feeling of aerial perspective and remote distance, leaving little to the imagination; not suggesting and whetting the appetite, but rather satiating it; his loving observation of minute particulars is so faithful, his knowledge of what others, even men of science, have observed so accurate, his fancy so nimble in the detection of similitudes. But every master has his own manner, and his reverent disciples would be sorry if he could be without it. We love the little idiosyncrasies of our friends.—*The Contemporary Review.*

The Use of Iridium.

The chief application of iridosmine in the arts has been the pointing of gold pens, iridosmine being the so-called "diamond point" of the pen manufacturers, which consists simply of a small grain of iridosmine which has been selected for the purpose and soldered to the tip of the pen. These points are selected by first removing from the ore, by means of a magnet, the magnetic oxide of iron which always accompanies it, and then dissolving out, by means of acids, the other impurities which may be present; the ore is then washed with water, dried, and sifted in order to remove the fine dust, and the sifted ore is then ready for the selection of points. This is done by an operator, who rolls the grains of iridium around with a needle point, examining them under a magnifying glass and selecting those which are solid, compact, and of the proper size, color, and shape. These points are usually selected in three grades, small, medium, and large, depending upon the size of pen for which they are intended to be used. The grain of iridium having been soldered on the end of the pen, it is sawed in two, (which makes the two nibs of the pen,) and ground up to the proper shape.—*The School of Mines Quarterly.*

A Boston boy mesmerist, John Evans is the latest New York novelty. His tricks on three boys were very ludicrous. Beginning with the youngest of the three, Mr. Evans placed his hand on the forehead of the lad in such a way as to bring his thumb directly over the boy's nose. He then began slowly to rub the bridge of that organ. In less than thirty seconds the boy was in a profound sleep and followed instructions of the mesmerist. They were informed that they were to receive a treat of candy and cake. Upon opening their eyes they scrambled for candles, raw potatoes and raw onions, which were fed them with apparent relish. One fellow ate two candles, wicks and all, and a large raw potato. Upon being restored to their normal condition, with their mouths still full of the tallow and onion peelings, they began a most furious spitting, and were only saved from vomiting, by the mesmerist's assurance that there was no taste in their mouths. Upon receiving this assurance they declared to the reporter that they tasted nothing. Other performances were equally absurd.

"Nip't in the Bud!"

Sad to say, many a good thing attains to nothing more than a fair beginning. On the other hand it is a matter for congratulation that the growth of some evil things may be also promptly frustrated. A large proportion of the cases of the most wide-spread and fatal of diseases—consumption, have their inception in nasal catarrh. Dr. Sage's atarrh Remedy is pleasant, soothing and effectual. Try it. It has cured thousands. All druggists.

"Rough On Itch."

"Rough on Itch" cures humors, eruptions, ringworm, tetter, salt rheum, frosted feet, chilblains.

—The importance of the comma was well shown by a notice recently read in a church in Michigan, which ran as follows: "Dr. Smith will a lecture on Saturday evening of this week. Subject: The Circulation of the Blood in the Baptist Church."

'Rough on Coughs."

Ask for "Rough on Coughs," for colds, coughs, sore throat, hoarseness. Troches, 15c. Liquid, 25c.

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute. So writes a clerk with $2,000 salary. The moral is plain. Parker's Hair Balsam gives a person a new face.

—Mrs. Brown said to a friend: "My husband put a bright copper into the contribution plate last Sunday, when the usher came around and he discovered the mistake at once." And her friend hasn't decided yet whether the discovery was made by Mr. Brown or the usher.

A Military Man.

Mr. L. B. Ferguson, Kentucky Military Institute, Farmdale, Ky., writes: "I have used St. Jacobs Oil and deem it the best medicine made for rheumatism and neuralgia."

There was a municipal election in Chicago on the 7th inst., during which Mike McDonald, the millionaire gambler who runs the city and Carter Harrison, started a row in the first ward, knocking down a man named Ripley, and afterward pointing a revolver at his head. The police of course did not interfere, they being mere creatures of McDonald.

Never give up! you can find a remedy for heart disease, everyone who has tried DR. GRAVES' HEART REGULATOR says it is a sure cure. Free pamphlet of F. E. Ingalls, Cambridge, Mass.

The Prince and Princess of Wales, and their oldest son, attended by a brilliant party, went to Ireland on the 8th inst., and were received at Dublin with some enthusiasm.

I have no hesitation in certifying to the absolute purity of "G. O. Taylor Old Bourbon" whiskey (obtained for analysis at random from leading druggists,) as bottled by Messrs. C. H. Graves & Sons, Boston. H. L. Bowker, State Assayer, Mass.

Portsmouth Chronicle.

THURSDAY, APRIL 9, 1885.

A Lame and Impotent Conclusion.

Mr. Wolseley's utter failure as a general in the Soudan is matched by the French back-down in China. Mr. Wolseley disapproved of "Mr." Grant as a general, probably because Grant won important victories and planned successful campaigns, which Wolseley doesn't know how to do. In China the French demanded an enormous indemnity for a trivial offence, and on China refusing to pay, proceeded to actual war without formally proclaiming it; and now, after spending vast sums of money, doing some brilliant fighting, inflicting great loss on the Chinese and sacrificing many brave Frenchmen, the preliminaries for a peace have been signed, and "no indemnity is to be paid by China to France."

Gen. Grant's Condition.

General Grant on the 8th appeared stronger and better than for several days. At 12:30 P. M. Dr. Shrady issued the following bulletin: "General Grant has been comparatively comfortable during the morning. Has coughed very seldom; some temporary pain in the throat necessitated the application of cocoaine. Has taken his nourishment, and has had no pain in swallowing. His pulse is now sixty-six, and temperature ninety-nine."

At 3:30 o'clock there was a consultation of the physicians, at the conclusion of which one of them told a questioner "Our patient is stronger to-day than yesterday. He dropped asleep after the examination. I have no apprehension of critical results to-day or to-night."

The Cholera.

There were forty new cases of the disease supposed to be cholera, and twenty deaths, at Jativa in the province of Valencia, Spain, during the week ending April 4th. On the 6th there were thirty new cases, and seven deaths.

The Londoners Cursed.

At a congress of Mormon propagandists held in London, Eng., this week, reports were presented showing the progress of proselyting in various parts of the United Kingdom. The missionaries had been most successful in Scotland and Wales. The London mission is a failure, owing to brutal ill-treatment and mobbing of the apostles by London roughs. The congress adopted a resolution invoking the curse of God upon the Londoners. It was reported that fifty conversions had been made in Glasgow. Two vessel loads of converts are to leave Liverpool for New York next May and June.

A Good Idea.

At a meeting of the New Hampshire state board of health, on the 7th inst., G. P. Conn of Concord read a paper on sanitation with regard to places of public resort, and the following orders were adopted: "That the state board of health commence as soon as practicable the work of sanitary survey of all schoolhouses in the state for the purpose of determing the exact sanitary condition of the same, and render a report when the survey is completed, embodying the actual conditions found, with such suggestions as may be of practicable importance to the sanitary interest of the schools of the state;" also that a sanitary inspection be made of railway depots and grounds, camp grounds and other places of public resort, the details to be left to the president and secretary of the board.

Commander Kane of the Galena has telegraphed Secretary Whitney from Colon, under date of April 6th, as follows: "Nothing new to report. The Panama railroad company are getting the road in order. The railroad company and the Galena are feeding the government troops. There is great anxiety among foreigners at Panama."

The following despatch was sent from the city of Mexico on the 7th inst.: "In a secret session of Congress yesterday, Minister Mariscal in response to a summons stated that the army en route to the frontier numbers 15,000 men, and that Mexico is prepared to act on the defensive or offensive. Several deputies presented a resolution that the executive be authorized to declare war against Gautemala. It was referred to the committee on foreign relations and war. The president of San Salvador is not yet certain of victory, in spite of the death of Barrios, and wants the active aid of Mexico in order to terminate the war quickly with as little loss of life as possible. It is the common belief here now that President Diaz will accede to San Salvador's request, and that congress will grant the necessary authority for a declaration of war."

The Washington *Republican* says that Carrigan, late chief clerk of the bureau of medicine and surgery of the navy department, who pleaded guilty on the 7th inst. to four indictments against him in the navy fraud cases, has made a confession to the district attorney, with regard to his connection with the navy fraud transactions from the beginning to their discovery, has given that official the names of his confederates in the business, what part they took, the extent of gain from the use of false vouchers, and what disposition was made of the money received. The result of this meeting between the prosecuting officer and Carrigan is that the latter will testify when the cases come on trial.

The grand jury of the Hustings court of Richmond, Va., have found a true bill of indictment against Thomas Judson Cluverius, for the murder of his cousin Fannie Lillian Madison, whose body was found in the city reservoir on the morning of March 13th.

Invalids' Hotel and Surgical Institute.

This widely celebrated institution, located at Buffalo, N. Y., is organized with a full staff of eighteen experienced and skilful Physicians and Surgeons, constituting the most complete organization of medical and surgical skill in America, for the treatment of all chronic diseases, whether requiring medical or surgical means for their cure. Marvelous success has been achieved in the cure of nasal, throat and lung diseases, liver and kidney diseases, diseases of the digestive organs, bladder diseases, diseases peculiar to women, blood taints and skin diseases, rheumatism, neuralgia, nervous debility, paralysis, epilepsy (fits,) spermatorrhea, impotency and kindred affections. Thousands are cured at their homes through correspondence. The cure of the worst ruptures, pile tumors, varicocele, hydrocele and strictures is guaranteed, with only a short residence at the institution. Send ten cents in stamps for the Invalids' Guide-Book (168 pages,) which gives all particulars. Address, World's Dispensary Medical Association, Buffalo, N. Y.

New Elements in a Baking Powder.

Professor Von Leibig once said in speaking of baking powders that a material for baking should be made which would add to the bread the elements lost to the flour. Martin Kalbfleisch's Sons have succeeded in producing a baking powder which, in the opinion of Professor Silliman, of Yale, possesses the properties recommended by Von Leibig. It restores to the bread the potassa and magnesia salts which the milling removes from high grade flour. It is also entirely free from those injurious salts which are often found in ordinary baking powder. This new invention is called Wheat Baking Powder, and makes bread and biscuits that dyspeptics can eat.—*N. Y. Tribune, Nov. 17th.*

JAMES R. TEATON & CO.

Wm. M. O'Brien, manager for Dominick McCaffrey in a sparring match recently arranged to come off between him and John L. Sullivan in Philadelphia, has sued George C. Brotherton for $10,000 for libel. The idea of a prize fighter's reputation being damaged to the extent of $10,000 is rich.

Myron G. Peck, whom Erastus Corning of New York is backing for a diplomatic post, is a republican. Several years ago he took an invalid son of Mr. Corning's to Europe, going with him as a special tutor. He was absent with the boy some two years. He took such fine care of the young fellow, and was so successful as his instructor, that it is said Mr. Corning paid him $40,000 for his work. More than this, he has ever since been his warm friend. Mr. Peck voted for Blaine, but Mr. Corning is a democrat of much power in New York.

Six prisoners escaped from the Kent county, Delaware, jail on the 7th inst. While the prisoners were taking their dinner in a lower corridor, one of them assaulted Warden Rash with a heavy iron bar, and knocked him senseless. They then tore off the iron door leading into the street, and the six had escaped when the sheriff came upon the scene and prevented a complete jail delivery. None of the escaped criminals have yet been captured. The warden's injuries are thought to be dangerous.

At Newport, Ky., April 7th, a bank clerk named John L. Cummings was killed by a Mr. McMillan, whose daughter Cummings had ruined.

Georgie O. Nichols, twenty-three years old, a girl living with her stepfather, Charles S. Cahoone, at Enfield, R. I., had hereditary insanity, and her mania had taken the form of apprehension that the house where she lived was to be entered and robbed. At three o'clock in the afternoon on the 7th inst. she waded out into the Woonasquatucket river at Enfield, proceeding slowly until only the top of her hood was out of water. She stood there and was drowned.

Howard Cooper, the young negro desperado who assaulted Miss Katie Gray on the 2d inst., was captured on the 7th and jailed at Baltimore.

Hood's Sarsaparilla

Combines, in a proportion peculiar to itself, the active medicinal properties of the best blood-purifying and strengthening remedies of the vegetable kingdom. It will positively cure—when in the power of medicine—Spring Debility, Headache, Dyspepsia, Catarrh, Salt Rheum, Scrofula, and all Diseases caused by a low state of the blood.

"I suffered three years with blood poison. I took Hood's Sarsaparilla, and think I am cured." MRS. M. J. DAVIS, Brockport, N. Y.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

Purifies the Blood

"I tried a dozen articles to cleanse my blood, but never found anything that did me any good till I began using Hood's Sarsaparilla." W. H. PEEK, Rochester, N. Y.

"My wife was troubled with dizziness and constipation, and her blood has been in a bad order—in fact she has been all run down. Hood's Sarsaparilla is doing her a wonderful amount of good." F. M. BALDWIN, druggist, Blanchester, Ohio.

Hood's Sarsaparilla
Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.
100 Doses One Dollar.

Is so vastly superior to any other sarsaparilla or blood purifier, that one has well said: "Its health-giving effects upon the blood and entire human organism, are as much more positive than the remedies of a quarter of a century ago, as the steam-power of to-day is in advance of the slow and laborious drudgery of years ago."

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." R. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

POLICE COURT -- BATCHELDER J.

WEDNESDAY, April 8th.

Five culprits were brought before the court, and received sentences commensurate with the offences proved John Hurley got $5 and costs for being drunk; Wm. Hurley, drunk, was let off on probation; Albert Ham, drunk, very old hand, six months at Brentwood, and costs; Daniel McCarthy, drunk, $3 and costs; Henry T. Moulton, arraigned on two complaints for aggravated assault, was ordered to give bonds in the sum of $200 on each complaint for his appearance at the supreme court.

THE "BUNCH OF KEYS."

At Music hall this evening, "A Bunch of Keys"—a musical comedy chock full of fun and absurd situations. Tickets at Goodrich's.

AFFAIRS IN KITTERY.

KITTERY, ME., April 6th.

John Dinsmore of the village, formerly quarterman calker at the navy yard, has moved with his family to Eliot, and will occupy the farm of A. K. P. Hammond, Esq., Mr. Hammond being absent in California. There are many other good republicans who will follow Mr. Dinsmore's example during the reign of democracy.

Martin M. V. B. Stimson, formerly of this place, was in town on Saturday last.

Mr. Joseph Langton and wife arrived home last week from Orange Heights, Florida, where they have spent the winter. Mr. Langton has much improved in health since he left here last fall. He will occupy the Rice farm again this season.

The annual meeting of school district No. 1 will occur on Wednesday evening, the 8th inst.; of district No. 2, on Saturday, the 11th; and of district No. 9, on Wednesday, the 15th.

Mr. Joshua Moore of Biddeford has been employed by Alexander Dennett, Esq., of West Kittery.

The twenty-seventh annual session of the Grand Lodge of Maine, I. O. G. T., will be held in Portland on Wednesday and Thursday, April 15th and 16th, commencing Wednesday at one o'clock P. M. All Good Templars attending from this vicinity over the Eastern railroad, will receive a free return check from the grand secretary, if they pay full fare one way.

Capt. Samuel H. Pilsbury, foreman pattern-maker at the yard, has been confined to his house the past week with a severe cold, but is now able to attend to his duties again. Bad colds and bronchial troubles are prevalent in town at this time. SUB ROSA.

"Zozo, the Magic Queen," at Music hall to-morrow evening. A great spectacular drama. See advertisement.

It is reported that the house on the corner of Washington and Court streets, opposite the Children's Home, has been bought by Mr. Benjamin Russell, who will make extensive repairs and improvements to the property.

At a town meeting held in Greenland on the 7th inst., it was voted to sell the town farm for $5,500. It is understood that Hon. Frank Jones has made the town an offer of this sum for the property.

Mr. Wm. A. Hodgdon is engaged in repairing and refitting the stable on Hanover street for Mr. Nathan Jones. There are eleven stalls in it, and it is understood that it is to be used as a sale stable. One thing that can be said of Nathan is that he does not remain long unoccupied.

The Nowell shoe factory, so called, on State street, looked quite cheerful on Wednesday evening of this week, the second story being brightly lighted up on the occasion of the first meeting there of the Women's Christian Temperance Union, which organization has hired the room, and had it fitted up for meetings.

Judge Henry W. Fuller, justice of the municipal court of Roxbury, Mass., died of pneumonia on the 7th inst. Judge Fuller was born in Hooksett, this state, but when quite young was taken by his parents to Concord, where his mother still resides. He was graduated from Dartmouth college in 1857, and read law in the Harvard law school, receiving the degree of LL.B. in 1859. He commenced the practice of his profession in Concord, but in 1861 enlisted in the war as a private, and was successively made first lieutenant in the first, captain in the fifth and lieutenant colonel in the fifteenth regiments of New Hampshire volunteers. Later he was made colonel of the thirty-third United States regiment of colored troops, and then brevet brigadier general of United States volunteers. After the war he settled in Roxbury, where he has since resided. After the annexation of that town to Boston he served one year in the common council, was a representative to the Massachusetts legislature from 1875 to 1879, inclusive, and a state senator in 1880 and '81; and in March of the present year was appointed to the municipal bench by Gov. Robinson. He leaves a widow and son, mother, and one sister, the latter being the wife of Mr. Joseph O. Harlow of this city.

The graduation exercises of the Chandler scientific department, Dartmouth college, will take place in the college church on Tuesday evening, June 23d. Among the themes is "The development of bridge building in the United States," which is assigned to John Paschal Brooks of Kittery.

At the recent annual town-meeting in York the town voted to build the road laid out by the county commissioners from York harbor to York beach. The matter has been closely contested from the start, the road having been twice laid out by the selectmen and rejected by the town. Afterward a petition to the county commissioners resulted in a third survey, but from the commissioners' decision an appeal was had, and a committee appointed by the court finally settled the matter. The road is to be completed by July 1st, 1885, so as to be in use the coming season.

The *Times* says that "Mr. E. C. Nealley, of Kittery, has succeeded in obtaining a position in Washington as assistant engineer of electric lights in Washington, and his family are about moving to that city. Mr. Neally is a good electrician and mechanic, and we are glad to learn that he has been fortunate to secure so important a position."

The publication of a new eight-page monthly paper, *The Joker*, has just been commenced by W. Lester Watson, editor and proprietor of the Kennebunk *Star*. It is devoted exclusively to humorous literature, is neat in make-up and appearance, and starts out with a good circulation.

Elliot Bowdoin, a prominent citizen of Saco, died on the 6th inst.

THE WENDELL MEMORIAL.

The Boston *Post*, commenting on Mr. James R. Stanwood's tribute to the late Jacob Wendell, says:

"It is rare indeed that the records of a private family furnish material of sufficient interest to attract the attention of the reader connected neither by lineage or social intercourse with that family. But this is not the case with the charming little monograph from the pen of James Rindge Stanwood of Boston, in memory of the late Jacob Wendell, the maternal grandfather of the author, long an honored citizen of Portsmouth, N. H. The author has compiled geneological data in such manner that the historical student finds much to instruct and little to criticise.

The Wendell family is contemporary with the old Knickerbocker families of New York, Evert Jansen Wendel having landed at New Amsterdam in 1640, from which point he moved up the Hudson to the frontier trading post of Ft. Orange, on the site of the present city of Albany. From this old Dutch pioneer sprung a notable family of American citizens, a family remarkable for men of worth rather than for any exalted station which its members attained. Among those who claimed Evert Jansen Wendel as ancestor was the late Wendell Phillips, who possessed in an eminent degree the sterling traits of his Dutch progenitors. From him also was descended Jacob Wendell, of the six generation in direct line, the subject of this monograph.

The author has not attempted an elaborate genealogy of the family outside of the direct line, but in connection with its early history gives a brief but succinct sketch of the early settlement of New Netherlands, illustrated by a copy of the rare old Dutch print from Montanus of the city of New Amsterdam, and several fac similes of quaint Dutch seals, including that of the early church of Ft. Orange, never before engraved. A steel portrait of Jacob Wendell is inserted, with a genealogical chart and numerous fac simile autographs, and appended are several documents of rare historical value, translated by the author from the original old Dutch manuscripts. Some of the latter appear here in English for the first time. The work bears evidence of the extreme care in collation befitting the labor of love, as it was published solely for private circulation."

ECZEMA or SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to positive SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, Mass., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would serve do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of Salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are subject to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

For house cleaning, there is nothing to compare with JAMES PYLE'S PEARLINE. It does the work in half the usual time without soap or anything else. Sold by all grocers, but beware of counterfeits.

Mrs. Prince, wife of Ex-Mayor Frederick O. Prince of Boston, died in Keene, where she was taken ill while on a visit, April 7th.

John D. Haines, a prominent business man of Great Falls, died April 7th, aged sixty-five. He was postmaster of Great Falls during Lincoln's presidency and the first term of the Grant administration. He was a selectman, an ex-member of the legislature, a prominent Odd Fellow, and a Knight of the Golden Cross.

By a cave-in of the shaft of the Raven Run coal mine near Shenandoah, Pa., April 6th, ten men were killed.

Lung Troubles Promptly Cured.

Messrs. Editors:—"About three years ago my right lung became affected, and I then commenced taking Dr. Seth Arnold's Cough Killer. I used it about nine months and that lung has not troubled me since. Last summer I had a cold and it settled on my left lung; it got firmly seated, and I began to take Cough Killer again, now I don't cough at all."—H. W. Aldrich, Northbridge Centre, Mass.

The house, barn and outbuildings of J. M. Folsom at Belmont were burned April 6th. Loss $6000; insurance $4000.

For Good Purposes.

Mrs. A. M. Dauphin of 1939 Ridge Ave., Philadelphia, is well known to the ladies of that city from the great good she has done by means of Lydia E. Pinkham's Vegetable Compound. She writes Mrs. Pinkham of a recent interesting case. "A young married lady came to me suffering with a severe case of prolapsus and ulceration. She commenced taking the compound and in two months was fully restored. In proof of this she soon found herself in an interesting condition. Influenced by foolish friends she attempted to evade the responsibilities of maternity. After ten or twelve days she came to me again and she was indeed in a most alarming state and suffered terribly. I gave her a tablespoonful of the compound every hour for eight hours until she fell asleep; she awoke much relieved and evidently better. She continued taking the Compound, and in due season she became the mother of a fine healthy boy. But for the timely use of the medicine she believes her life would have been lost."

At Dover, on the afternoon of the 6th inst., three young men went to the county jail to see a prisoner. The jailer allowed them into the corridor where the cells are, and soon afterward found them plying the prisoners with liquor from bottles. He drove them out, when they made a disturbance. After a severe struggle they were arrested by police, to be arraigned in the police court charged with furnishing liquor to a prisoner, which makes them liable for six months in jail.

SICK HEADACHE.—Thousands who have suffered intensely with headache say that Hood's Sarsaparilla has completely cured them. One gentleman thus relieved, writes: "Hood's Sarsaparilla is worth its weight in gold." Reader, if you are a sufferer with sick headache, give Hood's Sarsaparilla a trial. It will do you positive good. Made by C. I. Hood & co., Lowell, Mass. Sold by all druggists. 100 Doses One Dollar.

Rev. Louis Mutsaers, for many years pastor of St. Mary's church at Rochester, has been appointed to the pastorate of the Catholic church at Penacook, and Rev. John F. McDonnell, of the latter parish, goes to Rochester.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and pain.

Chin How, a laundryman at Dover and an American citizen of Chinese birth, is a regular attendant at the First Parish church in that city.

"Which Way?"

That every article used for the same purpose is of equal value no one admits. As in all natural productions, so in the manufactured; all have their degree of merit, and Soap is as conspicuous in its variety as anything else. But in this, as the demand for the *Pure* and *Reliable* increases, so does the value of the productions of CURTIS DAVIS & CO., especially their "WELCOME" and "UNEQUALLED EXTRA" brands, being practically recommended by other manufacturers, who imitate them in every conceivable way. But, while this compliment may be appreciated, what can be said in favor of such competition, or the character of such goods and their makers? No one should be deceived, as the original has the name of CURTIS DAVIS, in full, either on the bar or wrapper, and it is their purpose to let their reputation stand on this class of goods.

—"Boys will be boys," says an exchange. This is a very natural conclusion, for it is certain they can't be girls.

News and Notes.

The employes at McCormick's extensive paper works in Chicago, numbering 1,600 in all, struck Tuesday morning, April 7th, and the works are idle in consequence. Some of the employes in one of the departments had been on a strike, and the attempt of the owners of the works to fill their places with men at lower wages was the occasion of the general strike.

Richard Grant White, the famous Shakespearean writer and art critic, died of gastraitis in New York city, April 8th, aged sixty-three years. He was the son of Richard Mansfield White, and eighth in descent from John White, a prominent Puritan, and one of the founders of Cambridge, Mass. For nearly thirty years Mr. White has been constantly before the public as a writer of magazine and newspaper articles upon literary and art matters. He was also the author of the articles upon Shakespeare and Shakespearean literature in both Appleton's and Johnson's cylopædias.

A Washington despatch says: "William Jones, more familiarly known as 'Bill Jones, the avenger,' who shot at Guiteau while the latter was on his way from the city hall to the jail during the famous trial, has been sued for divorce. Catherine M. B. Jones, who brings suit, alleges habitual drunkenness and cruelty on the part of the defendant, and recounts instances in which he menaced her with knives and firearms, even while she was sick."

Suit has been entered in the United States district court at Pittsburg, Pa., by James S. Schoonover against W. B. Roberts, to recover $100,000 alleged to be due for infringement of a torpedo patent.

A Warning to Mothers.

An old physician writes to a Cincinnati Medical Journal, that in view of the fact that people living at a distance from cities are frequently obliged to resort to cough mixtures already put up for use, they should themselves with only such remedies as are known to be free from opiates, poisons and narcotics. He recommends Red Star Cough Cure, which tests by various Boards of Health proved to be purely vegetable as well as prompt, effective and harmless.

The steamboat Belle Harper, the first boat of the season from New York, arrived at Albany on the morning of the 8th inst.

"That tired feeling" from which you suffer so much, particularly in the morning, is entirely thrown off by Hood's Sarsaparilla.

Gen. Black, the new pension commissioner, tells the clerks in his office that they will have to pay their tailors' and grocers' bills, or step down and out. He don't think dead beats can obtain the protection of the civil service law.

Mrs. A. D. Lyford, of Brentwood, N. H., says: "I have suffered terribly for the past two years with canker in the stomach—so bad that at times my throat and tongue felt raw and blistered. My food distressed me and gave an awful burning sensation in my throat and stomach, it was difficult to eat or drink anything. I have been taking medicine from physicians two years. Have had two physicians and have taken a great deal of medicine without any relief. I bought one bottle of Wetherell's Sarsaparilla and commenced taking it. I was relieved at once. After using one bottle, I am free from all canker in the stomach, and am entirely cured, and feel very grateful for what the medicine has done for me.

—Young man—"Have I your consent, sir, to pay my addresses to your daughter?" Old man—"Which daughter? I have four." "Well-er-the youngest I would like to try first, sir; but, in case she should refuse me, would-you-er-be willing that I should continue on up?"

INOCULATED POISON!

Some eight years ago I became the victim of a fearful Blood Poison, communicated by a nurse to my infant, and thence through the breast, and suffered for six long years. The Mercury and Potash treatment seemed to drive the poison further into my system only to break out in more virulent form on other portions of my body. Three months ago I began taking Swift's Specific, and it has cured me sound and well. It is the greatest blessing which has come to mankind in years.

A Boston Romance.

About eighteen months ago, a young gentleman living on Commonwealth avenue was smitten with a violent passion for a pretty servant employed in his mother's house. They were married secretly; but the family early discovered the state of affairs, and then there was a terrible time. It was proposed to the erring son that his lowborn wife should be given a sum of money and sent so far away that she could never trouble him. It is presumed he regretted his hasty act, for he accepted the terms, and the girl was sent away. The matter was confined to members of the family, with the exception of an aunt of the young man, who helped furnish the money to buy the silence of the girl, not even the most intimate friends having an idea of the way things stood. The young gentleman, of course, passed for an unmarried man.

About six months after the disappearance of his wife he met a beautiful girl at Cambridge, with whom he fell desperately in love. She was lovely, accomplished and his equal in birth and fortune. He paid her marked attention for several months, and finally offered himself in marriage. The young lady accepted him, and the engagement was announced. Now, during this time the aunt, who knew his secret, had been taken violently insane, and was put in the McLean Asylum for treatment. The Cambridge young lady, whom we will call Miss White, has a sister in the same asylum who was insane from melancholy. Miss White frequently visited her sister, and continued to do so after her engagement, even speaking of her coming happiness during one of her visits. One day one of the keepers at the asylum said to the melancholy patient: "Miss White, your sister is coming to see you to-day." In the opposite gallery the aunt of the young man was confined, and she overheard the message. She immediately called out, "I must see your sister when she comes; I have a secret to tell her." Accordingly, when Miss White called, the aunt found means to see her, and, after asking if it was true she was engaged, told her the story of the young man's marriage, and that he had never been divorced. The young lady was almost stunned, although, obtaining the news in such a place, she could not believe it. Returning home she told her father what she had heard, and upon investigation he found it true. At this time the invitations were out for the wedding and all preparations made. Miss White sent her betrothed husband a note asking him to call at a certain time. When he arrived she walked into the room and in the presence of her parents accused him of his treachery and the terrible position in which he had nearly placed her. He did not attempt a denial, and could not find anything to say in extenuation, except that he loved her and thought that his wife would never appear. The young lady suffered a serious illness, which sufficed as a pretext for recalling the invitations. The kind of honor in a family which could permit such a thing to go on and allow an innocent girl to be sacrificed, ought to be bound in a separate edition of the blue book.—*Boston Courier.*

He Was the Bearded Lady.

"We teach a Sunday-school class? Yes, indeed," said a pretty, young St. Paul society-lady the other day. "For a long time I used every Sunday to teach a class of little boys at the Mission Sunday-school, a branch of our church at home. There were quite a number of them ranging from 8 to 14 years old, and they were just as intelligent and smart as I could have wished. But, do you know, the first Sunday that I took that class I was amused. Of course, I wanted to know their names, where they lived, and, in fact, who they were. Questioning them in turn I found their answers quite satisfactory, until I came to a bright little fellow about 10 years old. He told me his name and where he lived, but when I asked him his father's business he did not reply at once. I reassured him with my brightest smile, but felt dubious when he said he guessed he could not tell me that. My curiosity was now aroused, and I at once made up my mind to know all about it. Thinking of the horrid dynamiters, and burglars, and all those awful men we are constantly hearing about, it was with some trepidation that I insisted on his telling me. His reply reassured me to a greater or less extent, and was: 'My papa is the bearded lady twice a week at the Dime Museum.'"—*St. Paul Globe.*

How to Break off Bad Habits.

Understand the reasons, and all the reasons, why the habit is injurious. Study the subject until there is no lingering doubt in your mind. Avoid the places, the persons and the thoughts that lead to the temptation. Frequent the places, associate with the persons, indulge in the thoughts that lead away from temptation. Keep busy; idleness is the strength of bad habits. Do not give up the struggle when you have broken your resolution once, twice, thrice—a thousand times. That only shows how much need there is for you to strive. When you have broken your resolutions, just think the matter over, and endeavor to understand why it is you failed, so that you may be on your guard against a recurrence of the same circumstance. Do not think it an easy thing that you have undertaken. It is a folly to expect to break off a habit in a day which has been gathering long years.

—Somebody said to Bill Travers the other day; "It seems to me you stutter more since you have lived in New York than you did when you lived in Baltimore." To which Mr. Travers sententiously replied, "Of c-c-c-course I do; b-b-bigger town."

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

Only two bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. General had been cured of catarrh by the two bottles of Ely's Cream Balm. Not a liquid nor a snuff. Price 50 cents.

—"I see," remarked Farmer Hoedown of Hackensack to his wife the other day as he was reading his morning paper, "that Professor Follem of London says fencin' is healthy exercise for girls. —A would-be author called on Mr. Fields one day at his office in the publishing house of Ticknor & Fields. Evidently the young man did not like Mr. Fields' appearance, for his was the conversation that took place: "Is this Mr. Fields?" "It is, sir." "Mr. James T. Fields?" "I am he." "Well, then, I'd like to see Mr. Ticknor."

The Capture of New Orleans as told in the Century.

The two papers in the Century (illustrated) magazine for April, which will be read by the greater number of persons, with the keenest interest, are "New Orleans Before the Capture," by George W. Cable, and the "Opening of the Lower Mississippi," written by Admiral Porter.

In the first we are told but little which was not before known; but in the illustration of Capt. Theodorus Bailey, erect and intent in his errand, accompanied by a Concord man, Lieutenant George N. Perkins, on their way to the city hall, to demand the surrender of the city, the artist has told the story of the hour, of these two courageous men "walking through the gates of death," one of the bravest deeds done in the rebellion. The picture affords a good likeness of the captain, afterward admiral, as he appeared at that period. Landed under a flag of truce, he walked from the levee to the city hall, unaccompanied save by Lt. Perkins, his sword in its sheath, while there pressed around the union officers a roaring crowd, with every third man brandishing a weapon, which at any moment might discharge its leaden contents into the bodies of the officers. The latter looked neither to the right nor left, or apparently heard the horrid imprecations showered upon them. "Occasionally," said the admiral, long after this, to a gentleman in this city, "would I feel in the dense crowd the pressure of the hand of a union man secretly extended, or a whisper of encouragement, hurriedly and cautiously given, came to my ear, and these manifestations nerved me to the performance of a duty while every moment seemed as if my last." This certainly was one of the events of the rebellion which deserves a lasting record. The occasion was one to manifest that heroic devotion to duty which crises like this always have developed in our naval officers.

Admiral Porter's account of the preparation and execution of the project of passing the forts on the Mississippi, gives us the narrative as we have read it before, with the addition of the statement of the writer's important part in the inception of the plan. Since Cæsar's time there has been no hero, apparently more conscious of his own prominence, or at least, in the recital of the events who has been more unable to do justice to facts without use of the personal pronoun, than we see in this paper. It was Porter who first discovered a plan for the capture of New Orleans. He seems, from the statement, to have projected the enterprise, named the officers, advised the president, the secretary of the navy and all in authority—in short, he was the all in all of this magnificent plan and its successful result. Certes, then, it would have been far better for some other officer to have written this account, and had the world informed through another source, of the present writer's share therein. However, he was reasonable in one thing,—he allowed his seniors to have the responsible commands, while he was content with the command of the fleet of bomb-vessels. There appears to be no mention of the reason why Capt. Bailey, (of whom by the way there is a capital likeness,) was in command of the Cayuga, which led the van on the memorable passage. It seems that Capt. Bailey was in command of the Colorado. The navy department, not Commander Porter, had made a mistake in sending this frigate, as well as the Pensacola and Mississippi, on this expedition, because of their great draught. The latter two managed to cross the bar with great difficulty, but the Colorado had to remain outside. In this exigency, Bailey, brave and impetuous, though warned by the surgeons that his health would not permit his taking a part in the proposed ascent of the river, cast about for command of a vessel, and for a brief period he was in doubt as to his chances for such an opportunity. At last, Lieut. Napoleon B. Harrison, afterward stationed at our navy yard, who was then commanding the six-gun ship Cayuga, said, "Capt. Bailey, if you will honor me by taking the command of my vessel, she is at your service," and the gallant captain was gratified to find a steamer upon which he could perform the service for which he had volunteered. The story of the passage is written of course from the official reports. However it may be embellished by the recitals of its projector, whoever may have originated the plan, and to what sources we may turn for the general or detailed workings of the expedition, it was a service which the country demanded. There were the ships and the munitions of war. There were the officers, long trained to a knowledge of their duties; and had not this achievement been seasonably brought about, we should have been disgraced as a nation in the sight of the civilized world. Still, a grateful country,—south we trust, as well as north,—now that nearly a quarter of a century has elapsed since in this very month of the year the gallant Bailey led the van, and the illustrous Farragut, who had determined to lead the fleet with his flagship, but was induced to change his plan by the advice of the senior commanders, saw the result which did so much toward indicating that the rebellion was to be put down, and that the union would be preserved for all coming time, will hold the memory of every participant in this heroic encounter in grateful remembrance.

Pure Candy in Prospective.

It was further stated that decided action would probably be taken to prevent all adulteration in the future.

Gen. Grant's Condition.

Ex-President Grant passed the night of the 8th comfortably, and slept till 7:00 A. M. on the 9th. He was easy during the day, and at noon the doctors said they should issue no other bulletin until about 5:00 P. M.

A despatch of sympathy and condolence was received from Queen Victoria on the 8th by Mrs. Grant, and replied to on the 9th by Fred Grant on behalf of his mother.

Russia and England.

A despatch of April 8th from Berlin says: "The belief hitherto entertained in official circles that peace would be maintained between England and Russia has undergone a distinct change. Despatches from St. Petersburg say that the Russian war party is getting the upper hold, and that the czar has agreed to appoint Gen. Gourko and Gen. Kouropotkine to the leading commands in the Afghan campaign in the event of war. Each will lead a corps of 50,000 men. The governor of the Caucausus, Gen. Dondoukoff, takes a staff of military surveyors to Merv to report upon the progress of the massing of the troops, and the condition of the commissaries. He will command the third army corps."

Despatches of the 9th report a battle in Afghanistan, the Russians attacking the Afghans on Kushk river, defeating them and killing 500, and capturing guns, ammunition, and so forth. The Russian loss was from eleven to over fifty, according to which side sent the news. The excitement in Europe was intense on the receipt of this news, and stocks fell largely in value.

Secretary Whitney on the 9th inst. received the following message from Commander Kane at Aspinwall: "Alliance just arrived; the situation is unchanged; the Colon sails to-night."

Secretary Whitney also received a despatch from Commander Mahan of the Wachusett, dated La Libertad, Salvador, in which he says: "Barrios is certainly dead. The Nicaraguan troops entered Honduras, routing the enemy, who retreated in disorder toward Guatemala. A telegram from Zaldavar to the authorities here says that Mexico will make a formal alliance with Zaldavar. I expect this will end the trouble without another shot. Probably both armies will march on Guatemala city."

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar.

Is so vastly superior to any other sarsaparilla or blood purifier, that one has well said: "Its health-giving effects upon the blood and entire human organism, are as much more positive than the remedies of a quarter of a century ago, as the steam-power of to-day is in advance of the slow and laborious drudgery of years ago."

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." R. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do. have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE CURRENCY,
WASHINGTON, March 18th, 1885.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The New Hampshire National Bank of Portsmouth," in the City of Portsmouth in the County of Rockingham and State of New Hampshire has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882:

Now therefore I, John S. Langworthy, Deputy and Acting Comptroller of the Currency, do hereby certify that "The New Hampshire National Bank of Portsmouth" in the City of Portsmouth in the County of Rockingham and State of New Hampshire is authorized to have succession for the period specified in its amended articles of association, namely until close of business on March 22, 1905.

In testimony whereof witness my hand and seal of office this 18th day of March, 1885.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, April 9th, Mayor Page in the chair:

Present the full board, except Ald. Eldredge and Walker.

The records of the last meeting were read and approved.

Request of Wm. C. Randall for permission to place a barber-pole at the corner of Market street and Market square, was referred to the committee on streets, with power.

Ex-Mayor Donovan of Lowell, Mass., appeared in support of a request for permission to erect in the streets the necessary poles for the wires of the Atlantic and Baltimore & Ohio telegraph line, the poles to be neatly finished, and to have cross-bars for the electric fire alarm. Referred to the committee on streets, with street commissioner added, with power.

A communication was received from the management of the Boston & Maine railroad relative to the north pond.

A communication from Capt. Joseph C. Muchmore, relative to putting the pump near the south wardroom building in good condition, was referred to the mayor, with power.

Report of the city marshal was referred to the committee on police.

Bills to the amount of $2619.28 were ordered to be paid.

The estimates of committees as to the amounts required for their several departments for the coming year, as follows: Streets $9000, sidewalks $1000, roads $2500, bridges $500, police $1500, street lights $2800, printing $500, repairs on city buildings $800, fire department $8000, repairs and rents of schoolhouses $1500, watch $4000, were referred to the committee on finance.

Adjourned for two weeks, to meet then at 7:30 o'clock P. M.

"ZOZO."

"Zozo," which is to be presented at Music hall this evening, has been playing a four days' engagement in Manchester this week, and the *Mirror* says of it:

It is a purely spectacular entertainment, in which gorgeous scenery and pretty woman are the striking features. Considerable fun is furnished by George H. Adams, the well-known "Humpty Dumpty" clown. It is a thoroughly clean spectacular, offering nothing to offend the taste of the most respectable of audiences.

There are in the window of the White Hart hotel the blown-out shells of two huge eggs which were found in the nest of a hen belonging to Mr. Lane, proprietor of the hotel, on consecutive mornings recently. The largest of these shells measures eleven and one-half inches around the longest way, and nine and three-quarters inches the other way; and the egg when found weighed a trifle over eleven ounces. The other egg is slightly smaller, but still very large; and it is asserted that when the eggs were blown out there were found in the larger egg four distinct yolks, and in the smaller egg three yolks. Mr. Lane calls his hens the "cash or trade" breed, having procured them from Mr. "John O'Brien, cash or trade," the well known peddler and dealer in junk of all kinds.

Rev. J. E. Robins of this city gave his popular lecture entitled "What? Whence? Where?" at the 2d Methodist Episcopal church in Kittery on Thursday evening of this week, to a large and appreciating audience.

It was reported this week that parties were in town from Philadelphia with a view to the increase of the working accommodations of the Portsmouth Machine Co.

Mr. Lewis Holmes, despite the cold weather and his being crowded out by the activity of the fishermen at Commercial wharf this winter, has added to his fleet of letting boats two very fine new boats. They are nicely finished and prettily painted, the lettering being done by Jervis.

A car-load of second-class passengers passed through this city from Portland, Me., on Wednesday of this week. They were emigrants from Europe, and converts to Mormonism bound to Utah. They were stout and able bodied young persons, mostly under age. If they go to work they will build up the waste places irrespective of miserable superstitions.

The wheels of vehicles coming into the city from York county this week showed that in many instances they had been up to the hubs in mud and soft clay.

Winter fishing is approaching its end, but Elvin Newton on Wednesday night of this week forwarded to the metropolitan markets about 20,000 lbs. of fish, hauled to the railway station by Augustus K. Brown's teams.

The "Old House at Home" near the foot of Daniel street, whose swinging sign has for many years been a familiar object to passengers to and from Kittery by the steamers, notifying the thirsty immigrant from the marine barracks at the navy yard or the teetotal state of Maine that here was the first chance to irrigate, and warning the outward bounder that here was the last chance for a parting "snifter," is a thing of the past, the property having been purchased by the Gas company.

Mr. Harry P. Kent, previously reported as being dangerously ill with pneumonia at his home in Salem, Mass., was on Thursday announced to be much better.

Capt. B. F. Jacobs started on Thursday last for Chester, Pa., to resume command of the ship Grandee, loading at that place with refined petroleum and bound for Anjier for orders.

The official inspection of the Portsmouth Cavalry was made on Thursday by Inspector General Elbert Wheeler of Laconia.

The secretary of the navy has ordered an inventory to be taken of all the property on the several navy yards. Such an inventory was taken in 1878, but none hos been taken since; that one did not amount to shucks, and this one won't.

There seem to be few buildings to let in Portsmouth at present. For some years past there have been many vacant stores, but it is quite difficult now for seekers to find suitable locations, although there are a few.

Mr. William Sewell, for six years engaged on the Peirce farm at Greenland, has left for Nebraska, where he will be employed in the stock-raising business. He is a very capable young man.

Capt. Mills, of the steamer Lancaster, which arrived at this port from Philadelphia on the 7th inst. with 1625 tons of coal to J. Albert Walker, is laid up on board with inflammatory rheumatism.

The lobstermen on the "western shore" are at work now. Edward J. Russell has set twenty pots off Wallis' sands, and William Holmes, the veteran fisherman of the south end, has at present about thirty pots in position off Rye beach; the latter on Wednesday, the 8th inst., pulled up fifty lobsters of good size.

Mr. Wm. A. Plaisted has taken the store on the corner of Market and Hanover streets, formerly occupied by Dearborn & Co., and is stocking it with a full assortment of groceries and bread stuffs. We noticed in the store on Thursday Mr. James Junkins, for some years clerk in Mr. Plaisted's store at the north end of Market street, but who has been sick since last November.

Mr. Alfred A. Mudge, of the firm of Alfred Mudge & Son, book and job printers, of Boston, died April 8th, at the age of fifty-two years. His father, the late Alfred Mudge, was a native of this city, but went to Boston many years ago and established a printing office.

Mr. Melvin Dixon brings his engaging countenance in from Eliot to Ira C. Seymour's carriage shop on Bow street every day. Since the spring weather has set in there is an observable increase of business there.

The Grand Commandery of Maine, United Order of the Golden Cross, held its annual session at Biddeford on the 7th inst., and elected P. G. C. Horace Mitchell, Jr., of Kittery Point, as representative to the Supreme Commandery at Washington, D. C., May 17th; A. C. Goodsoe of Kittery was chosen alternate.

The comptroller of the currency on the 8th inst. extended to April 12th, 1905, the corporate existenceof the National Granite State bank of Exeter.

The Exchange national bank of Norfolk, Va., has suspended, owing its depositors $3,000,000. The Farmer's bank of Norfolk has also suspended; liabilities not stated.

At Phenix, Arizona, April 8th, Stewart, a Mormon bishop, and C. J. Robinson, a Mormon elder, who were indicted for polygamy, were permitted to plead guilty to unlawful cohabitation, and the judge sentenced them to ninety days each in the penitentiary.

The *Tribune* of Salt Lake City is authority for the assertion that a leading Mormon bishop has declared that the priesthood has concluded it would be cheaper to "buy a statehood" for Utah than endure the annoyance polygamists are now being subjected to by the enforcement of the laws. Among the laity this is now considered to be the plan of the Mormon campaign.

On the 9th of April, 1865, twenty years ago last Thursday, the secession war was practically ended by the surrender of Gen. Lee to Gen. Grent at Appomattox.

At Chicago, Ill., April 8th, Edward Lambert, twenty-three years of age, called at the house of his mother-in-law, Mrs. Ann A. Mulligan, to see his wife, from whom he had been estranged. He shot and killed Mrs. Mulligan, shot and wounded his wife, and then killed himself.

Mrs. Sallie Ward Lawrence Hunt Armstrong, who has been known for forty years as "the most beautiful woman in the south," was married for the fourth time Tuesday night, April 7th, in her private parlors at the Galt house in Louisville, Ky. The groom was Mr. G. F. Douns, a wealthy gentleman of high social position, who is seventy-five years of age. Though the courtship had lasted six years the wedding was a surprise and a great social sensation. The bride is fifty-eight years old, but does not look over forty-five.

The ship Louisiana, Capt. Oliver, of Bath, Me., 1364 tons register, sailed from San Francisco on Oct. 14th last, with a cargo of wheat for Dublin, but has not arrived, and is supposed to be lost with all hands, including the captain's wife and four children. The ship was spoken near Cape Horn when seventy-four days out, by the ship St. John, now at San Francisco.

ECZEMA & SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, Mass., March 25, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from Salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of salt rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N.Y. $1 bottle, 6 for $5, by all druggists.

Charles Cosgrove!

Who has not been able to attend to his business for years, was interviewed by our reporter yesterday, and says. For years I was troubled with Bright's disease of the kidneys. The doctors gave me up. Through an eastern friend I obtained a bottle of Sulphur Bitters. I took five bottles and now I am almost well. Health sells them.—*San Francisco Call.*

—The ruling passion is illustrated at many odd moments. Birch, the negro singer, was speaking of the funeral of his associate, Backus. "Were there many present, Billy?" "Many present!" exclaimed Birch; "why, we turned 'em away before the first hymn was sung."

Lung Troubles Promptly Cured.

Messrs. Editors:—"About three years ago my right lung became affected, and I then commenced taking Dr. Seth Arnold's Cough Killer. I used it about nine months and that lung has not troubled me since. Last summer I had a cold and it settled on my left lung; it got firmly seated, and I began to take Cough Killer again, now I don't cough at all."—H. W. Aldrich, Northbridge Centre, Mass.

—A Belfast youngster who was in a room when the blinds were suddenly closed exclaimed: "Oh, mamma, somebody's blowed out the window."

For Good Purposes.

Mrs. A. M. Dauphin of 1939 Ridge Ave., Philadelphia, is well known to the ladies of that city from the great good she has done by means of Lydia E. Pinkham's Vegetable Compound. She writes Mrs. Pinkham of a recent interesting case. "A young married lady came to me suffering with a severe case of prolapsus and ulceration. She commenced taking the compound and in two months was fully restored. In proof of this she soon found herself in an interesting condition. Influenced by foolish friends she attempted to evade the responsibilities of maternity. After ten or twelve days she came to me again and she was indeed in a most alarming state and suffered terribly. I gave her a tablespoonful of the compound every hour for eight hours until she fell asleep; she awoke much relieved and evidently better. She continued taking the Compound, and in due season she became the mother of a fine healthy boy. But for the timely use of the medicine she believes her life would have been lost."

—Parisians ate 13,000 donkeys, mules and horses last year. The Academie de Medecine has awarded a prize to an essayist who strongly recommends a more general use of such diet.

"Gentle Spring."

Among spring preparations, do not neglect that which is most important of all —your own body. During the winter the blood absorbs many impurities, which, if not expelled, are liable to break out in scrofula or other disease. The best spring medicine is Hood's Sarsaparilla. It expels every impurity from the blood, and gives strength to every function of the body. Sold by all druggists.

—The Paris *Gaulois* describes the nature of the revolver panic in the form of an anecdote. At a dinner party a male guest hesitates as to whether to seat himself on the left or the right of a youthful beauty. "Pardon me, Mademoiselle," he politely remarks, with an evident air of indecision, "but would you mind telling me on which side you wear your revolver?"

"Rough on Rats."

Clears out rats, mice, roaches, flies, ants, bed-bugs, skunks, chipmunks, gophers. 15c. Druggists.

—"Yes, sir," said Jinkins, "Smithers is a man who keeps his word; but then he has to." "How is that?" asked Jones. "Because no one will take it."

Heart Pains.

Palpitation, dropsical swellings, dizziness, indigestion, headache, sleeplessness cured by "Wells' Health Renewer."

—There is one thing about a house which seldom falls, but never hurts the occupant when it does. That is the rent.

"Rough On Corns."

Ask for Wells' "Rough on Corns." 15c. Quick complete cure. Hard or soft corns, warts, bunions.

—Appreciative employer: "Mr. Wiggins, I have been very much pleased with your assiduity and attention to business during the past year, and I have determined to reward your fidelity by making you my junior partner." Horrified employe: "Junior partner—me—no, sir! Don't do it—just reduce my salary and let it go at that."

Itching Piles—Symptoms and Cure.

The symptoms are moisture, like perspiration, intense itching, increased by scratching; very distressing, particularly at night; seems as if pin-worms were crawling in and about parts affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also, for Tetter, Itch, Salt-rheum, Scald-Head, Erysipelas, Barber's Itch, Blotches, all scaly, crusty Skin Diseases. Box, by mail, 50 Cts.; 3 for $1.25. Address, DR. SWAYNE & SON, Phila. Pa. A Printer's Error.

Sweet are the uses of *adversity*, the printer's copy said, but he set it up, sweet are the uses of advertising. Sweet, indeed, to those who in sickness and suffering have seen the advertisement of some sovereign remedy, which upon trial has brought them from death's door. "The best thing I ever saw in my paper was the advertisement of Dr. Pierce's 'Golden Medical Discovery'" is again and again the testimony of those who have been healed by it of lung disease, bronchial affections, tumor, ulcers, liver complaints and the ills to which flesh is heir.

—"Your conduct surprises me!" exclaimed the good old farmer when he caught a neighbor's boy robbing his apple orchard. "No more than your appearance surprises me," replied the incorrigible youth, as he hastily departed.

For house cleaning, there is nothing to compare with JAMES PYLE'S PEARLINE. It does the work in half the usual time without soap or anything else. Sold by all grocers, but beware of counterfeits.

—"Did you notice, dear, at the party last evening, how grandly our daughter Clara swept into the room?" Husband (with a grunt)—"Oh, yes, Clara can sweep into a room grandly enough, but when it comes to sweeping out a room she isn't there."

The powerful curative properties of a Hop Plaster are irresistable when applied to backache, swollen joints and muscles, sciatica, pleurisy, sharp pains, or any sort of soreness. The best and strongest porous plaster made. A trial will demonstrate it. 25c.

—A German living at Oshkosh, Wisconsin, tapped a maple tree with an axe and inserted a wedge. He then stooped to sip the oozing sap. While in this posture his nose was inserted in the slit in the tree. The wedge then became dislodged and his nose was caught in a vise. It was two hours before he was discovered and rescued.

"For economy and comfort, every spring, we use Hood's Sarsaparilla," writes an intelligent Buffalo, N. Y., lady. 100 Doses One Dollar.

—"The Smoker's Footpad" is what an irate correspondent to a London paper calls the man who stops smokers to importune them for "a light." He thinks "it may be very hard to deny another the pleasure we are enjoying ourselves; but a smoker who forgets to keep himself supplied with lights must be a fool, and ought to suffer for his folly."

Mrs. A. D. Lyford, of Brentwood, N. H., says: "I have suffered terribly for the past two years with canker in the stomach—so bad that at times my throat and tongue felt raw and blistered. My food distressed me and gave an awful burning sensation in my throat and stomach, it was difficult to eat or drink anything. I have been taking medicine from physicians two years. Have had two physicians and have taken a great deal of medicine without any relief. I bought one bottle of Wetherell's Sarsaparilla and commenced taking it. I was relieved at once. After using one bottle, I am free from all canker in the stomach, and am entirely cured, and feel very grateful for what the medicine has done for me.

—Inquisitive offspring to fond father: "Papa, what is the meaning of 'Tra-la-la,' in the song I am learning?" Fond father, perplexed for a moment, but recovering: "It means, my child, the same as 'Fol-de-rol-lol' in the other song you have already learned." Offspring silent, but not edified.

"I Don't Feel Like Work."

It makes no difference what business you are engaged in; whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours full of languor and pain.

—"There is something that has preyed heavily on my mind ever since our engagement, dear," he said, "but I am almost afraid to tell you of it." "What is it George?" the young woman asked anxiously. "I am a somnambulist." "Oh, is that all?" she exclaimed, with a sigh of relief; "I have always been a Universalist myself, but of course when we are married I shall expect to attend your church."

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. codjan9,s5

A RELIABLE PREPARATION.

WETHERELL'S SARSAPARILLA.

Never before in the History of Medicine has a Preparation been so Universally praised as Wetherell's Sarsaparilla with Iodide Potassium. It goes right to the spot, and builds the system up as no other Medicine.

By its great and thorough blood purifying properties, it cures all humors, from the worst scrofula to a common blotch, pimple or eruption. Mercurial diseases, mineral poisons and their effects are eradicated and vigorous health and a sound constitution established. Erysipelas, salt rheum, fever sores, scaly or rough skin, in short, all diseases caused by bad blood are conquered by this powerful purifying and invigorating medicine.

BLOOD

An interesting treatise on Blood and Skin Diseases will be mailed free to any one who will send their address to the Swift Specific Co., Drawer 3, Atlanta, Ga.

VANDERBILT'S MILLIONS!

Could not buy from me what Swift's Specific has done for me. It cured me of Scrofula in its worst form, after I had suffered with it fifteen long years, and had tried all the remedies, only to break down my health and make me almost helpless. MRS. ELIZABETH BAKER,
No. 2. Acworth, Ga., July 15, 1884.

INOCULATED POISON!

Some eight years ago I became the victim of a fearful Blood Poison, communicated by a nurse to my infant, and thence through the breast, and suffered for six long years. The Mercury and Potash treatment seemed to drive the poison further into my system only to break out in worse form on other portions of my body. Three months ago I began taking Swift's Specific, and it has cured me sound and well. It is the greatest blessing which has come to mankind in years.

A Great Tour.

"I see," said a man, addressing an acquaintance with whom he was walking along the street, "that they are getting up another one of those cheap excursions to Europe. Ever go on one of them?"

"No, did you?"

"Did I? Well, yes. My great desire to visit the old country robbed me of sleep. I thought that if I could just go to England and catch up a handful of the soil which the great poets have trod, I would be the happiest man in the world. I met the excursion party at New York. We were to be furnished an excellent guide, and I suppose we were. When we got on the ship, the guide said: 'This is the ship and that water out yonder is the ocean. The town you have just left is New York. That thing over yonder is another ship. See that up there? It's a bridge. See the tug? That thing it drags along is a ship. Hear that noise? It's a bell. Somebody's ringing it. If nobody were to ring it, you couldn't hear it. Well, now we are going. That hissing noise is made by the steam. Here we go. You see we have left New York.' This was certainly instructive, but a little too chatty, I thought. We were to visit all the great places of historical interest, and I was glad that our guide was so willing to explain everything. When we disembarked at Liverpool, he hurried us to the railroad and then into a number of clothes closets. 'This is a train,' said he. 'Now we are going. That's England on this side, and this over here is also England. Here's a station. That noise you heard was caused by someone slamming a door. He'll slam it again after awhile. Here we go toward London.' When we arrived in the great city, he hurried us to a hotel. He seemed to think that we were all children. Early the next morning he came around and said that he was ready to show us the sights. Put us in hacks and had us hauled around. 'Yonder is the Tower of London,' said he. 'Couple of youngsters murdered there some time ago. English newspapers haven't got hold of the news yet. Was published in America some years ago. Ah, here's Westminster Abbey. Lots of old fellows buried there. Belonged to the first families of Virginia, I believe. Yonder's the parliament house. Pretty good sized shanty, you observe. Well, let's go back to the hotel. You have seen London, so to-morrow we start for France.' That's the way it went during the entire time, and when I returned home I didn't know as much about Europe as I did before I started on the great tour."—*Arkansaw Traveler.*

The Defenses of Holland.

A considerable sum is to be spent this year in completing the defenses of Holland. The system which has been adopted is peculiar, but is apparently well adapted to the characteristics of the country in which it is being carried out. While other nations, when invasion threatens, mobilize their armies, in Holland the order will be given for the "mobilization of the waters." When this operation is effected, a waterline from five to ten miles wide and some sixty miles long will be created, directly barring the advance of the invader coming from the east. Above the surface of this inundation nothing will be visible but a few narrow roads raised on embankments, enfiladed by fortifications bristling with cannon. The water for the most part will be only a few inches deep, so that it will not be navigable by hostile gun-vessels of flotillas; while deep trenches cut in the ground will frustrate any attempt to wade through the inundation. The contingency of an invasion taking place in the winter, when the waters might be frozen over, is ingeniously provided for. The depth of the inundation will then be increased, and the waters allowed to freeze on the surface. The water below will afterward be drained off, leaving the crust of ice ready to break up under the weight of the first troops who attempt to cross it.—*St. James's Gazette.*

One Way of Making Money.

The Acting Treasurer of the United States at Washington has received a package of mutilated legal-tender notes of the denominations of $10 and $20, the appearance of which bears evidence of an attempt to defraud the government. The notes were presented at the Sub-Treasury at New York for redemption, and as there was some question as to their value they were forwarded to Washington. Only one-quarter of each note is missing, and therefore they will probably be redeemed at their full value, as the law provides for the redemption of notes in full where less than two-fifths is missing.

In this case it was with the missing portions of the notes that the fraud was perpetrated. An examination shows that the notes were torn in such a way that the fragments from each of four notes could be used in making an entirely new and complete note. The notes manufactured in this way were put into circulation and the notes from which they had been made were sent to the treasury for redemption. While the patched notes would perhaps escape detection by the general public there are numerous ways of recognizing the fraud. It is impossible to secure the right numbers on the made notes, while the silk thread running through the paper, being of different colors and in different places, furnishes unmistakable proof. One corner of a patched note in circulation was found to be long, without doubt, to one of the mutilated notes. A secret service officer has been detailed to look the matter up.—*New York World.*

Commence the Year Aright.

Don't make too many resolutions, but hold on like grim death to those you do make. If your physical system is out of order you should attend to that at once; for its no use trying to keep a stiff upper lip when your kidneys or liver are taking the courage out of you. If you have really made up your mind to turn over a new leaf, commence the year by taking a thorough course of the celebrated Kidney-Wort. Thousands of people testify to its good effects for kidney diseases, biliousness, piles, constipation, etc.

—"Shade of Croesus!" howled old Hyson when Mrs. Hyson's millinery bill came in. "Bank of the Universe! $68 for a bonnet!" "Yes, dear," she said sweetly, "these are the days of Jeffersonian simplicity. The bonnet only cost a dollar and a half; the rest is for the trimmings," and the old man grinned and paid the bill without a murmur.

Only two bottles. Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well-known U. S. A. General had been cured of catarrh by the two bottles of Ely's Cream Balm. Not a liquid nor a snuff. Price 50 cents.

—A small village clamored for "mail facilities" for several years, and recently there was a post office established in the place. The mail the first week consisted of three patent medicine circulars, a package of public documents and a horned frog. Nothing booms a place so much as plenty of "mail facilities."

Lung Troubles Promptly Cured.

Messrs. Editors:—"About three years ago my right lung became affected, and I then commenced taking Dr. Seth Arnold's Cough Killer. I used it about nine months and that lung has not troubled me since. Last summer I had a cold and it settled on my left lung; it got firmly seated, and I began to take Cough Killer again, now I don't cough at all."—H. W. Aldrich, Northbridge Centre, Mass.

—The burning of a theatre and a church at one fire in Buffalo may seem to be an even thing all around; but the impartial lesson which might be conveyed through the fire is lost in the fact that the fire commenced in the theatre, and the church was lost by being in its company.

There was a little performance at the Howard Athenæum in Boston on a recent evening that was not down in the bills. The play was "Michael Strogoff," and the actor playing the title role appeared in one scene on horseback. In dropping the curtain the horse and rider were caught outside, next the footlights, and the steed in prancing 'round tumbled with his rider into the orchestra, causing the musicians to remove to other positions with unusual celerity, bruising the rider somewhat, and hopelessly demoralizing the big drum. The horse was unhurt, and was got back on the stage by means of planks.

IN EXTREMIS.

[New York Commercial Advertiser, April 4th.]

Steadfast, silent, sternly waiting
For the final dread commands,
As, to meet the grim destroyer,
Once again the hero stands.—
Hark, from hill and plain uprising,
From far valleys, deep and dim,
Comes the murmur of a nation,
Of a nation's love for him.

Shiloh, Vicksburg, Appomattox;
These were bitter days, O friends;
Long you mourned them, time has scarcely
Made the solemn full amends—
But, for that they saved the Union,
Though your cup filled to the trim,
Now you grandly swell the chorus
Of a nation's love for him.

Grant! no more, in field or city,
Shall thy fame forgotten be;
Needs but this to crown thee hero
Of a people brave and free.
Take, then, as thy bark flies outward,
Sailing for that unknown sea,
All the blessings, all the greetings,
Of a nation's love for thee.

—ARTHUR STEDMAN.

Gen. Grant's Condition.

The Dexter Bank Affair.

The supreme court of Maine on the 9th inst. rendered a decision in the case of the Dexter Savings bank vs. Samuel Copeland, executor. This is the celebrated Barron case. The decision is: "Plaintiff non-suit." In its rescript the court holds that Barron's note to the bank was without consideration, and invalid even as a gift. The appropriation of the insurance money to its payment was right. The assignment of the policy of insurance was never delivered or accepted in the lifetime of the assignor, and gave no legal claim on it to the bank. The rescript also says: "Nor can the court fix any amount which may be due either party, as by the terms of the report it can decide whether any item is sustained prima facie only, and not upon its merits. For this reason, therefore, the judgment must be for the defendant; it must be such a one as will not preclude the plaintiff from a further hearing upon its items claimed, by way of defence or otherwise, if occasion shall require."

Russia and England.

The London papers of April 10th speak gloomily concerning the situation. The *Telegraph* says: "Russia throughout has intended to give England trouble and to put affronts upon her. Unless reparation is afforded, not by the help of golden bridges, but in accordance with our distinct and stern demands, we must do our duty by India and ourselves and wage such a war as will insure to India repose for half a century." The *News* says: "The agreement between England and Russia that there should be no advance of outposts must now have reached the chief of the Russian staff on the Afghan frontier. If that agreement be adhered to, war may still be avoided. The crossing of the Kushk river by the Afghans might have justified a further advance on the part of the Russians, but not a direct appeal to arms. War can now only be avoided by a prompt disavowal by Russia of Gen. Komaroff's action, and a guarantee against its repetition, and by honorable action on her part regarding the joint boundary commission, which up to the present the Russians have mocked and evaded with scarcely disguised cynicism. The past affords little ground for hope or belief that Russia will observe with greater fidelity her obligations in future."

The majority of the Paris newspapers consider war between England and Russia inevitable unless Prince Bismarck at once uses his influence in favor of peace. A St. Petersburg despatch says it is reported among the Mohammedans of the northern Caucasus, that the czar of Russia and the sultan of Turkey are allies. The belief is general at St. Petersburg that the relations between these two rulers are extremely friendly. The European press generally consider that both England and Russia want time to prepare for war, but that a conflict is certain.

Chicago Politics.

Carter Harrison, the protector of the Chicago gamblers from police interference, and the candidate of the gamblers for re-election as mayor of the city, having been declared re-elected by a small majority over the republican candidate, it is announced that the republicans have decided to contest the election on the ground of gross frauds. It is not easy at this distance to see what good can come of such contest, as the cases must come before courts controlled by Harrison and the boss gambler, Mike McDonald. The open scoundrelism by which the gamblers sought to defeat the election of a republican to Congress, by the notorious eighteenth-ward frauds, backed by plenty of perjury, and which resulted in two or three of McDonald's men being sent to the penitentiary, would have gone unpunished had the state courts had cognizance of the matter, instead of the United States court.

A despatch of April 9th from Chicago is as follows: "'Dutchy' Keefe, a stockyards saloon keeper, was arrested tonight charged with stealing the ballot-box from the third precinct of the third ward this morning. The box had been stored in a livery stable. The precinct gave Smith, (republican,) for mayor 575, and Harrison, (democrat,) 266. The theft is supposed to have been for the purpose of concealing irregularities. The republicans have decided to contest Harrison's election. Harrison wishes a recount, believing that it will increase his majority. Other arrests are expected."

The New Hampshire Club at their last dinner, shew an appropriate recognition of the very able services rendered by Ex-President Geo. Byron Chandler, during the period he has filled the chair since the organization of the club. At the festivities of the club, Mr. Chandler has always presided acceptably and with a happy faculty of making the occasion particularly enjoyable. This pleasing duty, apparently accomplished without effort, was the result of a foresight in inviting guests who would entertain the club in the post-prandial exercises, and in this office Mr. Chandler has proved an acknowledged success. The club has been kept up by the constant efforts of a few leading spirits, and its continuance of course depends upon the tact and ability to be displayed by the successor of Mr. Chandler, for whom we trust there will be ample returns for all his efforts to maintain the success of the organization.

A despatch of April 9th from Dongola says: "The Mahdi has been severely defeated at El Obeid. He has made the announcement that he will not attack Dongola until after the fast of the Ramadan three months hence."

—"What is the matter with the baby?" asked a lady of a little girl, whose baby brother she had understood to be ailing. "Oh, nothin' much," was the answer, he's only hatchin' teeth."

WATERTOWN AND BRIGHTON STOCK MARKET.

Week ending Tuesday, April 7th.

Amount of live stock at market: Cattle, 471; Sheep and Lambs, 2343; Calves, 214; Horses, 236; Swine, 2227.

Prices of Market Beef—Choice, none; extra, $8 00 @ $8 50; first quality, $7 00 @ $7 50; second quality, $5 00 @ $6 50; third quality, $4 00 @ $4 50.

Prices of Store Cattle—Working oxen ℔ pair, from $190 @ $225; Farrow cows, $15 @ $31; Fancy cows, $50 @ $80; Milch cows and calves, $25 @ $48; yearlings, $10 @ $20; two years old, $14 @ $28; three years old, $24 @ $42.

Swine—Western hog, Wts. 5 @ 5½c ℔ lb; northern dressed hogs, 5¾ @ 6c ℔ lb.

Prices of Sheep and Lambs—In lots, $2 50, $3 00 @ $4 50 each; extra, $5 00 @ $5 50, or from 3½ @ 5½c ℔ lb; last year's lambs, 6 @ 7c ℔ lb; spring lambs, $8 ℔ head.

Veal Calves, 4 @ 5½c ℔ lb.

Prices of Hides, Tallow and Skins—Brighton hides, 7 @ 7½c ℔ lb; Brighton tallow, 3¼ @ 3½c ℔ lb; country hides, 6½ @ 7c ℔ lb; country tallow, 3½ @ 4½c ℔ lb; pelts, 60c @ $1 70 each; calf skins, 10 @ 12c ℔ lb; dairy skins, 60 @ 75c each.

The run of cattle at Watertown this week was light. Beef cattle were selling at about the range of last week. The top rate 5½c ℔ lb, dead weight, for well fatted stock, but not especially fancy, but very extra oxen. The call seemed to be light, as butchers bought rather freely last week.

Milch Cows—Quite a good supply and steady prices.

The Sheep Call—The movement in sheep has not improved from last week. We found sales rather quicker, but no higher in price. We noticed fine fat sheep, weighing in the vicinity of 100 lbs, at 5½c. Last year's lambs rate mostly at 6 @ 7c ℔ lb.

Fat Hogs—Country lots are quoted at 5¾ @ 6c ℔ lb, dead weight; western, steady at 5 @ 5½c, live. Veal calves from 2 @ 5½c, live, the best weighing 150 lbs.

Live poultry to the amount of 400 lbs, at 10 and 13c ℔ lb.

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE CURRENCY,
WASHINGTON, March 18th, 1885.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The New Hampshire National Bank of Portsmouth," in the City of Portsmouth in the county of Rockingham and State of New Hampshire has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882:

Now therefore I, John S. Langworthy, Deputy and Acting Comptroller of the Currency, do hereby certify that "The New Hampshire National Bank of Portsmouth" in the City of Portsmouth in the County of Rockingham and State of New Hampshire is authorized to have succession for the period specified in its amended articles of association, namely until close of business on March 22, 1905.

In testimony whereof witness my hand and seal of office this 18th day of March, 1885.

That Tired Feeling

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

Hood's Sarsaparilla

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N. Y.

people, who are prominent and influential, send us their testimonials, certifying what a vast amount of good Sulphur Bitters has done them.

The Baggage Master, Boston and Maine Railroad, Lawrence, Mass., A. WILLIAMS, says: For several years I was subject to frequent and very severe attacks of sick headache, caused no doubt by imperfect digestion, as my stomach troubled me a great deal, and although I have spent many dollars, I failed to find permanent relief until I used Sulphur Bitters. Since using this medicine I have had no return of the headache, and my stomach has regained its original tone and vigor, and I believe

A running sore for 14 years cured. HENRY H. GARCELON, of Lewiston, Me., says: I have suffered with a running sore on my leg for the past 14 years, caused by exposure in the army, and have suffered everything a man could, the sore discharging constantly. I have tried every remedy that I heard of, but without benefit. Sulphur Bitters is the only thing that ever did me any good. When I commenced taking them I could not put my foot on the floor. I can now put my whole foot on the floor and walk on it. I think Sulphur

Sulphur Bitters

Bitters is a reliable family medicine.

EDWARD KNOTT, Postmaster, Waverly, Ia., says: I have been in poor health for years, and suffered greatly from biliousness and torpid liver. I have consulted the best physicians and spent a great deal of money, with no permanent benefit, and had about lost faith in everything. I purchased three bottles of Sulphur Bitters and commenced to take them; and, to my great joy, I began to feel better after the first dose. My head is free from pain, my appetite good, and since using Sulphur Bitters I enjoy life with a zest long deemed impossible; and they will purify the blood as no other can do.

have saved my life. There is nothing like them. I earnestly entreat all afflicted with impure blood to try them and be cured.

The Cashier of the Boston Loan Co., WM. E. DURGIN, says: I recommend your Sulphur Bitters as the best spring medicine I have ever used; there is nothing like them to give an appetite, tone up the system, and do away with that languid feeling which is so frequent among those confined indoors. If you are sick and unable to obtain relief from other medicines, try Sulphur Bitters, for it will cure you. Cleanse the vitiated blood when you see its impurities bursting through the skin in pimples, blotches and sores.

They Will Cure You.

The well known Manager of the Raymond Excursions to California, I. A. WHITCOMB, says: No other medicine can equal Sulphur Bitters for biliousness and dyspepsia. They have cured me when all other remedies failed.

"ZOZO."

"Zozo, the Magic Queen," had a very large audience at Music hall on Friday evening, and surprised everybody with the excellence and beauty of the scenery, and especially the brilliance of the transformation scene. The clown, George H. Adams, of course made a good deal of fun—couldn't help it if he tried; and the other members of the large company are fully competent for their several parts. As a spectacle Zozo is ahead of anything previously put on the stage here—far ahead. Miss Blanch Curtis, the magic queen, is an attractive young lady and excellent actress; Misses Zola Pettit and Zoma Hanlan sang some pretty selections and received several encores; Mr. Harry Barrymore made a first-class demon, and rendered his lines perfectly; and those lady members of the company who had little to do but to look pretty, were decidedly successful in doing it.

Matinee this afternoon, prices, adults 25 cents, children 10 cents to all parts of the house. Last exhibition here of the gorgeous show, this evening; see advertisement.

POLICE COURT -- BATCHELDER J.

FRIDAY, April 10th.

Robert Foster, charged with being a common drunkard, and proved to be one, too, was sent to the county farm at Brentwood for thirty days, costs being taxed at $6.90.

Joseph Brown, a "simple drunk," got sixty days at Brentwood, costs $6.90.

Mary Esterbrook, another simple drunk, got ninety days at Brentwood, costs $6.90. The reason for the liberality of Mary's allowance is not that she is a woman, but that she only came down from Brentwood on Thursday, the 9th, and was gathered in by the police the same day, drunk way through.

William Hurley, drunk, six months at Brentwood, costs $6.90. Hurley is said to be a good hand to run a stationary engine, and a good working man, when sober; but his spells between drunks are much abbreviated. He was let off by the court only a few days ago, on his promise to keep sober six months.

James Hart and James Kelley, more drunks, earnestly promised to depart from the city if allowed the privilege, and were accordingly dismissed.

A charge of drunkenness against Timothy Dwyer was *nol prosd.*

BUILDING MATERIALS.

Mr. John H. Broughton, dealer in building materials, has at his lumber-yard, foot of Daniel and State streets, a large stock of eastern and western lumber of all kinds—boards, joists, timber, laths, clapboards, shingles, etc.; also lime and cement. These materials he sells at the lowest market prices, and persons contemplating any building or repairing operations this spring will find Broughton's lumber yard a good place to buy at.

BETTER LATE THAN NEVER.

For a long while the lower portion of Daniel street has been infested by a swarm of the worst hoodlums in the city, that much-used thoroughfare being often rendered almost impassable for women by the loud-mouthed profanity and obscene language of the embryo state-prison birds, who also in every other way they have dared have exhibited their ruffianly instincts. On Friday the police made a move toward the abatement of the unbearable nuisance, and took two of the young bummers to the lockup. That section of the city has not been so quiet and orderly for many months as it was the rest of Friday afternoon and evening.

Mr. William A. Ashe of this city, recently a second-class writer on the navy yard, was transferred to the place of Usher B. Thompson of Newfield, Me., late a first-class writer in the department of yards and docks on the yard, when the latter-named gentleman was discharged, and on Friday was appointed store clerk in that department in place of John Wentworth of Kittery. This is a purely naval transaction; the democratic politicians have not been heard from in the premises, as yet.

There was a large attendance at the supper and entertainment given by the ladies of Storer Relief Corps at Grand Army hall on the evening of the 9th inst. Mrs. Kent, the president, owing to the sickness of her son, was unable to attend, her place being filled by Mrs. Sanborn. The singing by Miss Shannon was very fine, she being obliged to respond again and again to the demands of the audience. Miss Barnabee also favored the audience with several selections, and the singing of war songs by the quartette was highly enjoyed. Speeches were made by Comrades of the G. A. R., and members of the Sons of Veterans.

Mr. Parry L. Randall writes home from Buenos Ayres that he has passed a successful examination before a British board of admiralty, and is now engaged as first officer on a steamer running up the Rio de la Plata.

Mr. Joseph E. Odiorne, of this city, son of Mr. Augustus W. Odiorne, has been appointed cashier of the Louisville, Nashville & Evansville railroad, and will have his office at Louisville, Ky. Mr. Odiorne has been visiting his home for a few days previous to assuming his new duties.

The annual enrollment of the militia was commenced on Friday, by Samuel Rowe in wards one and three, and by John S. Wendell in wards two and four.

Mr. Thomas Johnson, foreman of the Symonds dredging fleet, arrived in town from Boston on Thursday last, with materials and gear for the fitting out of the vessels. With the exception of the little steamer Luke Hoyt, which will remain laid up at the Liberty bridge, the flotilla will to-day be towed by a Boston tug to Salem, Mass., where for the next two months the dredgers will be engaged in deepening the channel at the Beverly bridge, in consequence of alterations to the draw; on the conclusion of that job they will return to the Piscataqua for further operations, which will continue for two years.

The 10th illustrated lecture by Rev. John A. Goss will be given in the Court street Christian church on Sunday evening at 7:30 o'clock; all are welcome. The subject of the lecture will be, "Knocking at the Door." A collection will be taken.

Some of Mr. William J. Fraser's workmen were on Thursday engaged in placing over his yacht, which has been hauled out on a wharf near Puddle dock all winter, a covering to protect her from the rays of the sun. The reason is said to be that Mr. Fraser, having taken the contract for plastering the Rockingham house, will have no time for boating this season.

A few mackerel, caught off the Capes of Delaware, have been brought here this week and sold in the market, and been much relished. But as usual at this time of the year, they are very poor, coming from their unknown haunts of the winter. The mackerel caught in April is little better than the "sketch and outline" of a fish.

A new bowsprit has been made for the schooner Mary S. Hontvet by Daniel Littlefield, and she is being rigged by Capt. Muchmore. She is about to proceed on a cruise for halibut, commanded by Capt. Johnson, who went across the Atlantic in a sail-boat. Her owners hope he will not act so foolishly again.

Mr. Joshua M. Vaughan, though now busily engaged on the United States navy yard opposite this city, (being a mug-wump of the most hefty description our friend Joshua hopes to stay there a long time,) is privately engaged in the raising of poultry, and on a recent Sunday walked fifteen miles for the purpose of securing suitable eggs for setting.

Augustus Batchelder, of Hampton, who was recently found sitting by the roadside half way between Exeter and Hampton, where he had passed the night with the thermometer indicating three degrees below zero, and had his hands and feet frozen, will not lose the use of them as was at first thought. He is able to be out.

The team stolen from Clark's hotel at Newmarket Junction by Mark A. Madison on March 26th, has been recovered at Thompsonville, Mass., in the possession of a Mr. Hahn, at whose house the thief obtained food and a night's lodging, leaving on the following morning without taking the team.

Mr. Joseph Gunnison, of Kittery Point, while at work on the steamer James Sampson's pier at that place on Thursday, fell with a heavy plank on his shoulder a distance of fourteen feet to the rocks below, striking on his head and shoulders, severely and it was feared fatally injuring himself. He was conveyed to the residence of Solon Frisbee, where he was on Friday reported to be lying in a critical condition.

Sunday night, the 5th inst., the city coroner of San Francisco organized an anti-Chinese procession which paraded the streets and ill-treated every Chinaman which it met. Twenty Chinamen were injured, one fatally. That coroner is evidently a thrifty and far-seeing business man.

At Everett, Mass., April 8th, a large mastiff belonging to Hawes Atwood broke his chain and attacked a little daughter of Joseph Greene, tearing the flesh from one of her legs in a frightful manner. A Mrs. Merrill went to the rescue, and she was badly bitten about the face by the ferocious brute. Any person who keeps alive such a dangerous animal, whether kept chained or not, should be held to a heavy responsibility for any damage it may do, and in case of a human life being lost through the brute getting loose, the master should be held to be guilty of manslaughter at least.

ECZEMA & SALT RHEUM.

Another Clear and Positive Recovery —An Elderly Lady's Letter.

Among the numerous letters received by Dr Kennedy testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect authenticity and truthfulness:

WORCESTER, MASS., March 23, 1884.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR: Until recently I have been for three years a sufferer from salt Rheum. It followed upon an attack of Erysipelas, for which I was for a long time under medical treatment. I placed myself again in the hands of the physicians who did, I have no doubt, all that could be done. One thing is sure, however, I was none the better for all the medicine they gave me. The painful and unsightly disease made continual progress, until I began to fear I should never get rid of it.

By means of one of those accidents that often result in so much blessing I had my attention called to your FAVORITE REMEDY, which I was told would surely do me good. I used it, and within a much shorter time than I would have believed possible, I received a permanent cure. I am now perfectly free from Salt Rheum. What a comfort this is, and how it places your wonderful medicine in my opinion, you may guess at, but never know. I keep it now constantly in the house as a family medicine. Yours truly,

MRS. DINAH PHAIR.

Mrs. Phair sometime since, when on a visit to Kansas, found a case of Salt Rheum, could not get FAVORITE REMEDY, sent to New York City for it, and cured the case.

For all diseases of the Blood, Liver, Kidneys, Bladder and Digestive Organs, Dr. David Kennedy's FAVORITE REMEDY, Rondout, N. Y

MALARIA.

As an anti-malarial medicine

DR. DAVID KENNEDY'S

FAVORITE REMEDY

has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. $1 bottle, 6 for $5, by all druggists.

President Cleveland has retained Ex-President Arthur's chief cook at the White House. What we want to know is, is this going to be a democratic administration, or what?

How He Got a Position.

"I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby. An idea struck me. I got up a new growth of hair with Parker's Hair Balsam, raised a decent suit of clothes, applied again, and they took me in a minute. So writes a clerk with $2,000 salary The moral is plain. Parker's Hair Balsam gives a person a new face.

A Washington despatch says: "A great deal of rubbish is being printed about the Washington monument and its alleged defective foundation. The truth is the foundation is one of the greatest engineering achievements in the world, and perfectly secure."

For Good Purposes.

Mrs. A. M. Dauphin of 1939 Ridge Ave., Philadelphia, is well known to the ladies of that city from the great good she has done by means of Lydia E. Pinkham's Vegetable Compound. She writes Mrs. Pinkham of a recent interesting case. "A young married lady came to me suffering with a severe case of prolapsus and ulceration. She commenced taking the compound and in two months was fully restored. In proof of this she soon found herself in an interesting condition. Influenced by foolish friends she attempted to evade the responsibilities of maternity. After ten or twelve days she came to me again and she was indeed in a most alarming state and suffered terribly. I gave her a tablespoonful of the compound every hour for eight hours until she fell asleep; she awoke much relieved and evidently better. She continued taking the Compound, and in due season she became the mother of a fine healthy boy. But for the timely use of the medicine she believes her life would have been lost."

While a heavy storm was passing over Washington on Wednesday afternoon, April 8th, the Washington monument was struck three times by lightning without causing the least damage. Col. Casey examined the aluminum tip on Thursday morning with a powerful telescope, and found it as sharp and bright as when it was placed on the summit some months since.

Three Reasons

Why every one needs, and should take, Hood's Sarsaparilla in the spring:

1st: Because the system is now in its greatest need. Hood's Sarsaparilla gives strength.

2d: Because the blood is sluggish and impure. Hood's Sarsaparilla purifies.

3d: Because, from the above facts, Hood's Sarsaparilla will do a greater amount of good now than at any other time. Take it now.

A number of mysterious disappearances of well known citizens have recently occurred in the western portion of Virginia. The latest is that of Capt. Jack Carter, at Salem, who was last seen on March 10th. He had just drawn $1400 for disabled federal soldiers of the late war, and a considerable amount for salary as mail agent. He left Salem to go over the mountains prospecting for iron ore he claimed to have found. His friends think he was murdered for his money.

"Buchu-Paiba."

Quick, complete cure, all kidney, bladder and urinary diseases, scalding, irritation, stone, gravel, catarrh of the bladder. $1. Druggists.

Charges having been made that Pay Inspector Joseph A. Smith, paymaster general of the navy, has been pecuniarily benefitted by favoring certain contractors, he has asked the secretary of the navy to order an investigation of the charges.

Thin People.

"Wells' Health Renewer" restores health and vigor, cures dyspepsia, impotence, sexual debility. $1.

—A parish clerk was assisting a clergyman to robe before the service commenced, and said to him: "Please sir, I'm deaf." "Indeed! my good man," says the curate; "then how do you manage to follow me during the service?" "Why, sir," says the clerk, "I looks up, and when you shuts your mouth I opens mine."

"Rough on Pain."

Cures colic, cramps, diarrhœa; externally for aches, pains, sprains, headache, neuralgia, rheumatism. For man or beast. 20 and 50c.

—Prominent Kentuckian—"The Mexican mission! Bah! I would not take it if offered me on a silver salver. I want a nice fat office nearer home." Friend—"But what is the matter with the Mexican mission?" "It has no living salary." "Nonsense. The salary is $12,000 a year." "Well suppose it is. Whiskey down there is seventy-five cents a drink."

Mothers.

If you are failing; broken, worn out and nervous, use "Wells' Health Renewer." $1. Druggists.

EDDY, Solicitor of Patents.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practioners with whom I have had official intercourse."
CHAS. MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, late Commissioner of Patents.

BOSTON, October 19, 1870.
R. H. EDDY, ESQ.—Dear Sir: You procured for me, in 1869, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you.
Yours truly, GEORGE DRAPER.

Cure Yourself.

Don't pay large doctor's bills. The best medical book published, one hundred pages, elegant colored plates, will be sent you on receipt of three 2-cent stamps to pay the postage. Address A. P. Ordway & Co., Boston, Mass.

—Pete Oster is one of the most rascally negroes in Galveston. He was caught stealing poultry, and brought up before the justice. "The evidence," said the judge, "shows that you stole the chickens from Colonel Jones' hen-coop, and the fine should be five dollars, but I'll let you off this time." "Who wants ter be let off?" exclaimed the prisoner; "I steals my chickens, and pays my fine, and don't ask nuffin ob nobody. Dis hesh mixing up sentiment and bizness am what's ruinin' de kentry."

Worlds of Good.

Probably no other woman in the world receives so many "letters of thanks" as Lydia E. Pinkham, of Lynn, Mass., Mrs. B——— of Enfield, N. H., says: "I will simply say that your Vegetable Compound is all you recommend it to be. *It has done me worlds of good.*" Another lady writes from Ottawa as follows: "I have just to-day bought the seventh bottle of your Vegetable Compound, have used two boxes of Pills and several packages of your Sanative Wash, and think it but right to tell you how much good I derived from your medicines. They are a regular God-send. All the pains and aches have almost disappeared, my stomach is much stronger too, and I feel myself improved in every way."

—A Scotch minister was once ordered "beef tea" by his physician. The next day the patient complained that it made him sick. "Why, minister," said the doctor, "I'll try the tea myself." So, putting some in a skillet, he warmed it, tasted it, and told the minister it was excellent. "Man," says the minister, "is that the way ye sup it?" "What ither way should it be suppit? It's excellent, I say, minister." "It may be gude that way doctor; but try it wi' the cream and sugar, man! try it wi' that, and then see hoo ye like it!"

Cream and Cold Weather.

What a luxury is a bath in summer. Surely, but a greater luxury is a clear head in winter; just when almost everybody is sneezing and snuffing with a cold in the head. When you are attacked use Ely's Cream Balm. It cures colds in the head, and what is better, it cures the worst cases of chronic catarrh and hay fever. Not a liquid, not a snuff. Pleasant to use. Quick relief. Radical cure.

—Two little girls met on the street the other day, and one said to the other: "I've put all my dolls in deep mourning, and it's so becoming to them. Come over and see them." "What did you do that for?" "Oh, we had a clamity. Our old dog got killed, and there didn't anybody care but me and them; we've just cried our eyes out." Then the other little girl said in slow, deliberate tones: "May Wilson, ain't you lucky, though! There's always something happening to you."

An off Year.

This is going to be an off year. No political bonds for "Plumed Knights" or "Reform" will help keep up the health and strength of the vast multitudes whose faith is pinned on the glowing party promises of election year. Multitudes of such will need a reliable tonic to tone up the system, a purifier to work off the bad blood, and a sure remedy for lame backs, rheumatism, biliousness, etc. Such a remedy is Kidney-Wort. It has long stood at the head of the list of kidney remedies, and it receives the highest praise from all that see it.

—A young man asked the lady of his affections, the other evening, how she liked the looks of his new standing collar. After critically surveying him and the collar, she replied, "Very nice, indeed. It looks like a whitewashed fence round a lunatic asylum."

They are Liable!

The doctors are all liable to be mistaken. They were in my case. It cost me $200.00, because they said I had the heart disease, and then told me I must die. Grandmother said it was liver complaint, and $2.00 worth of Sulphur Bitters cured me.—Jennie Poor, Rockport, Mass.

—Dry goods merchant—"So, sir, you think you could learn to become a salesman?" "Yes, sir." "Well, suppose you were waiting on that man and his wife over at the lace counter, what would you do?" "I should hold up the best piece of lace in the stock, and ask the man if he didn't think it becoming to his daughter's style of beauty." "Well, what then?" "Oh, nothing. The woman would take care of the rest of it." "Young man, I don't want you for a clerk. I want you for a partner."

INFLAMMATORY RHEUMATISM

I was attacked last winter with inflammatory rheumatism of severe type—my first serious illness since 1876. I had various kinds of treatment with only temporary partial relief. After seven weeks I was reduced in weight 35 pounds, had no strength or appetite, and was growing weaker every day. In this condition I began Swift's Specific, and in three days began to improve, and in three weeks I was free from disease and up attending to my regular business. My appetite returned and I rapidly gained my flesh. I have waited this long to be certain that my cure was permanent.
G. P. GOODYEAR, Attorney at Law, No. 3, Brunswick, Ga., June 26, 1884.

A GOD SEND!

I have had rheumatism for forty years, and have been relieved with a few bottles of S. S. S. I consider it a God-send to the afflicted.

A NEW MONASTIC ORDER.

Commodore Stockton's Grandson the Founder of the Episcopal Monks.

In Thirteenth street, a few blocks east of Third avenue, at the end of a long row of similarly-built houses, stands a plain, three-story brown-stone building. A silver plate, larger than ordinary, with the inscription, "Holy Cross: Clergy House," beneath a small black cross, gives the only clew to the use to which it is put.

The founder of the order is a young graduate of the late Commodore Stockton. Until 15 years of age he had lived almost entirely in the open air on New Jersey hills and in Virginia. He loved to hunt and fish, was a crack shot, and an excellent horseback rider. He was an athlete as well, and was fond of all manly sports. When about 18 years old he lost his father, an Episcopal clergyman. Very soon after this his mother also died. Then his fiancee. Thrown upon his own resources, he worked his way through college by teaching. He had more than physical ability, and was a student as well as an athlete. His education was finished in Europe. In knowledge of Latin and Greek he was well equipped; he was a good Hebrew scholar, a mathematician, and a machinist. Having been long troubled with asthma, he went to Europe, and while there conceived the idea of founding a religious order, which should do among men much the same sort of work as is done by sisters in the church among women. It should consist of men who would give up the world and sacrifice their lives in doing good. A son of Bishop Huntington heard of this idea and offered his services in carrying it out. Four years ago these two young men, neither more than 27 years of age, met in New York and began their monastic life.

Their labors and devotion have continued during this period. At present the number which has entered the order is four. The Father is the young Princeton graduate who was its founder—the Rev. Robert S. Dod. Of late his old attacks of illness have returned, and last summer he went to Texas, where he has since been on a ranch. Young Mr. Huntington recently took upon himself the vows of the order, and was received by Assistant Bishop Potter. There have been two other members of the order, one of whom resigned a year ago and is now in the Episcopalian ministry.

In order to belong to the Holy Cross a promise is required to surrender forever all that one possesses of worldly property, to refrain from marriage, to follow the example of the Lord in thought, and word, and deed, and to give perfect obedience to the rules of the order and the commands of its superiors. In following out their obligations, the members live with exceeding plainness. No carpets are on the floors, only the plainest furniture in the rooms, and only the simplest food lies on the table. The order expects some time to have a building of its own, in which its ideas can be more perfectly carried out.

The daily life of these men is occupied in prayer and missionary work on the east side of the city. It is their custom not to turn aside from the straight path to and from their labor. They shun society and never attend public meetings. Their work is practical. Besides teaching in the city mission schools, they last summer founded a school in the country where boys might be taught trades, and they have now in mind a home for inebriates. When tramps visit this house for assistance they are sent to the cellar, where they earn a meal or lodging with saw and saw-buck.—*N. Y. Commercial Advertiser.*

Home-Made Gifts.

Home-made gifts are of all articles the most to be appreciated. They are inwrought with love, enthusiasm and patience, and their value is above any money consideration. The husband, father, brother or son who settles himself in his easy chair before a glowing grate, enwrapped in the folds of an elegant dressing gown wrought by affectionate hands, and between the paragraphs of his book glances at the beautiful slippers that represent hours of loving labor and feels his heart warm and his eyes grow dim as he thinks of the fingers that set all those dainty stiches, is indeed to be congratulated, both for the love that prompted the labor and that he has the true appreciation in return.—*Brooklyn Eagle.*

The Intuitional Sense in Women.

The wit of women has been praised, but her instincts are quicker and keener than her reason. Counsel with your wife, or your mother or sister, and be assured that light will flash upon your darkness. Women are too commonly adjudged as verdant in all but purely womanish affairs. No philosophical student of the sex thus adjudges them. Their intuition, or insight, is the most subtle, and if they cannot see a cat in the meal, there is no cat there. In counseling one to tell his trouble to his wife, we would go further, and advise him to keep none of his affairs secret from her. Many a home has been happily saved, and many a fortune relieved by man's full confidence in his better half. Woman is far more a seer and prophet than man if she be given a chance.—*Marie Morrow.*

Mr. Philip K. Clark, a Jersey City druggist, has on exhibition a mammoth oyster shell. It weighs 145 pounds, is from 2 to 6 inches thick, measures 18 inches across, 31½ inches the long way, is 7 feet 4 inches around the edge, and is perfect in shape and color, having four perfect scallops. It was brought up on an anchor by a sea captain some years ago, near the Sandwich Islands.

When everything else fails, Dr. Sage's Catarrh Remedy cures.

—A gentleman who was visiting one of the public schools in a Texas town, asked a bright-looking boy: "What profit is there in the study of ancient history?" "About fifty cents, I reckon," was the reply. "What!" "Well, the teacher makes us buy the books of him, and we have to pay a dollar. I think he gits them for fifty cents apiece; so he has a clear profit of fifty cents." The boy went home at recess, hence he could not comply with the request of the teacher to stay in after school.

Mothers, always use Dr. Seth Arnold's Soothing and Quieting Cordial for children. A mild, safe tonic. 25c.

—There has arrived at San Francisco by mail a hat that has made the tour of the world. It was started from an Oregon town as a joke, and, as it is still well supplied with uncancelled stamps, it is probable it will keep travelling until it is worn out.

For costiveness, biliousness, headache and all feverish habits use Dr. Seth Arnold's Bilious Pills. 25c.

—Rev. W. H. H. Murray, writing about the sport of sliding in Canada, wonders why it is not popular in Massachusetts. The brother forgets that Boston had him once, and was entirely willing to let him slide.

"100 Doses One Dollar" is true only of Hood's Sarsaparilla, and it is an unanswerable argument as to strength and economy.

—A certain man in Union City, Pa., has of late been observed carrying a paper bag to his room, evidently filled with something heavy. The neighbors were puzzled to know what he did with so much flour. The mystery was explained a few nights ago when the man slipped upon the ice and burst the bag, disclosing a tin pail filled with beer.

WATERTOWN AND BRIGHTON STOCK MARKET.

Week ending Tuesday, April 7th.

Amount of live stock at market: Cattle, 471; Sheep and Lambs, 2345; Calves, 914; Horses, 220; Swine, 9227.

Prices of Market Beef—Choice, none; extra, $8 00 @ $8 50; first quality, $7 00 @ $7 50; second quality, $5 00 @ $6 50; third quality, $4 00 @ $4 50.

Prices of Store Cattle—Working oxen ℔ pair, from $100 @ $225; Farrow cows, $15 @ $31; Fancy cows, $50 @ $80; Milch cows and calves, $25 @ $48; yearlings, $10 @ $20; two years old, $14 @ $30; three years old, $24 @ $42.

Swine—Western fat, live, 5 @ 5½c ℔ lb; northerd dressed hogs, 5¾ @ 6c ℔ lb.

Prices of Sheep and Lambs—In lots, $2 50, $3 00 @ $4 50 each; extra, $5 00 @ $5 50, or from 2½ @ 5½c ℔ lb; last year's lambs, 6 @ 7c ℔ lb; spring lambs, $8 ℔ head.

Veal Calves 2½ @ 5½c ℔ lb.

Prices of Hides, Tallow and Skins—Brighton hides, 7 @ 7½c ℔ lb; Brighton tallow, 5½ @ 6½c ℔ lb; country hides, 6½ @ 7c ℔ lb; country tallow, 5½ @ 4½c ℔ lb; pelts, 60c @ $1 20 each; calf skins, 10 @ 11c ℔ lb; dairy skins, 50 @ 75c each.

The run of cattle at Watertown this week was light. Beef cattle were selling at about the range of last week. The top rate 8½c ℔ lb, dead weight, for well fatted stock, but not especially fancy, but very extra oxen. The call seemed to be light, as butchers bought rather freely last week.

Milch Cows—Quite a good supply and steady prices.

The Sheep Call—The movement in sheep has not improved from last week. We found sales rather quicker, but no higher in price. We noticed fine fat sheep, selling in the vicinity of 100 lbs, at 5½c. Last year's lambs rate mostly at 6 @ 7c ℔ lb.

Fat Hogs—Country lots are quoted at 5¾ @ 6c ℔ lb, dead weight; western, steady at 5 @ 5½c. live. Veal calves from 2 @ 5½c, live, the best weighing 130 lbs.

Live poultry to the amount of 400 lbs, at 10 and 15c ℔ lb.

Gen. Grant's Condition.

There was no special change in Gen. Grant's condition from Friday evening to Sunday morning, he resting fairly well, and appearing to suffer no increase of pain or inconvenience.

The Burning of Colon.

W. J. Mitchell of New Orleans, who arrived home on the 10th inst. from Colon by the British steamer Australian, gives an interesting account of the late disturbances there. He says the battle between the rebels and the government troops raged from eight o'clock in the morning until one o'clock, and during that time the rifle and artillery fire was incessant. Suddenly smoke was seen arising from a point inside the rebel barricades, and as there was a strong wind blowing at the time, the fire spread rapidly in all directions. Up to this time the fight had been confined to one portion of the town, but as the fire spread the rebels commenced to scatter and retreat. As soon as they appeared on the streets they were fired upon, until the fight raged all over the town. The fire, in great billows of flame, swept rapidly from street to street, and from the buildings to the docks and wharves. Crowds of women and children could be seen moving from place to place amid the whistling bullets, and those who managed to escape being shot down in the streets sought protection on board the ships in the harbor, but a great number of them perished in the flames. "We also," continued Mr. Mitchell, "saw a large number of civilians who were killed by stray bullets before they could seek shelter from the leaden hail which swept the streets. It would be impossible to estimate the number of lives lost in the conflict. On the day after the battle, when the rebels had retreated into the interior, we visited the town and saw the streets strewn with dead bodies and the charred remains of those who had been burned to death."

It is reported that Barker Bros., of Philadelphia, have received orders from St. Petersburg to buy the San Pablo and San Pedro, built some years ago in Philadelphia for the Central Pacific railroad company. The chief advantage which these two steamers have is their vast coal-carrying capacity. It is claimed that they can store a sufficient supply of coal to enable them to remain at sea a longer period than any other vessels afloat. Moreover, they have sufficient stability to carry modern guns on the upper deck, and although by no means fast steamers, their speed of fifteen knots per hour, combined with their ability to remain so long at sea without going into port for fuel, it is claimed would enable them to overhaul and capture hundreds of English vessels that are now engaged in the carrying trade of the world. When asked what truth there was in the statement, Mr. Wharton Barker of the firm of Barker Bros., said: "The condition of affairs will not permit me to talk on the subject just now. Perhaps I may say something in the future."

Gen. Barillos, a friend and protege of Gen. Barrios, has been elected provisional president of Guatemala. It is announced that the people of Guatemala are enraged over the death of Barrios and his son, and will make a desperate attempt to carry out the scheme of the would-be dictator.

The editions of "The Century Magazine" are now so large that it has become necessary either to go to press at an earlier date or to postpone the day of issue. The latter alternative has been accepted. The April number, the edition of which was 225,000, was delayed until the 25th of March. The May number—edition 250,000—will be issued on the 1st day of May, thus inaugurating with the first number of the thirteenth volume a change which has long been considered desirable by the publishers, and which it is believed will be heartily commended by the public. Future numbers of "The Century" will be issued on the 1st day of the month which each bears date of—as it and all monthly magazines should be.

A despatch of April 10th from Dongola explains the reported defeat of the Mahdi as follows: "The Mahdi recently sent 11,000 troops to El Obeid to crush the rebellion there. The force was entirely routed by Abdullah El Safia." The latter is the new and only genuine Mahdi.

The levee at Dublin Castle, April 9th, by the Prince and Princess of Wales was larger than any held in Ireland since the visit of Queen Victoria in 1849.

Seventy thousand British and Indian troops now stationed along or near the northern Indian frontier of Afghanistan may, it is thought, reach Herat in time to prevent the capture of that important point by the Russians.

In the court at Wakefield, Mass., Thursday, the case of Charles Vincent, charged with furnishing Peter McCall of Stoneham, the alleged assailant of the Stimpson girl at Reading, money with which he made his escape to New York, was heard. The Stimpson girl appeared in court, and recognized the picture of McCall as that of her assailant. A large number of witnesses were examined as to McCall's whereabouts at the time of the assault. Vincent's counsel claimed that Vincent did not know McCall was guilty of any crime when he furnished him with the money.

Hon. Charles W. Slack, editor and proprietor of the Boston *Commonwealth*, died on Saturday of pneumonia.

William Donovan of Elmira, N. Y., the winner of the late six-days roller-skating race at Madison Square garden, New York city, died April 10th. He was taken with a severe attack of pneumonia, from a cold contracted at Elmira four weeks ago. This is the second death among the participants of the match. His record was 1092 miles, and he was about to go into training for a race in May.

A body supposed to be that of S. S. Conant, the missing editor of Harper's *Weekly*, was discovered by two negroes on the 10th inst. floating in Coney Island creek. The body was very much decomposed, the flesh being eaten from the face and hands.

Fourteen persons have been killed at Frog lake, Manitoba, by the Indian and half-breed rebels.

The Maine Central railroad has brought a suit for seventy-five cents against Mr. Blake, the proprietor of the Hallowell house at Hallowell, Me., who persisted in riding on a limited excursion ticket after its time had expired. The difference between the price of the excursion ticket and the regular fare is seventy-five cents. The object of the company in bringing the suit is not to recover this small sum, but to settle the much-mooted question whether a limited excursion ticket is good after the time endorsed on it. The case is said to have no precedent in the courts of Maine.

The *Daily News* of Chicago on the 10th inst. said: "A prominent politician said this afternoon that a secret organization, having branches in every ward in the city, had been started with a view to forming a vigilance committee if needful. The object was not only to punish ballot box thieves and stuffers, but murderers and highwaymen, if the courts further failed to deal with them as they deserved. The gentleman was asked to join, and told the agent who approached him that he would respond at any time of the day or night."

By the fall of an iron bridge at Indian creek, Pa., a coke train was tumbled into the water twenty-five feet below, killing the conductor and a brakeman.

Spring Medicine

When the weather grows warmer, that extreme tired feeling, want of appetite, dullness, languor, and lassitude, afflict almost the entire human family, and scrofula and other diseases caused by humors, manifest themselves with many. It is impossible to throw off this debility and expel humors from the blood without the aid of a reliable medicine like Hood's Sarsaparilla.

"I could not sleep, and would get up in the morning with hardly life enough to get out of bed. I had no appetite, and my face would break out with pimples. I bought a bottle of Hood's Sarsaparilla, and soon began to sleep soundly; could get up without that tired and languid feeling, and my appetite improved." R. A. SANFORD, Kent, O.

"I had been much troubled by general debility. Last spring Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit. I never felt better." H. F. MILLET, Boston, Mass.

At no other season is the system so susceptible to the beneficial effects of a reliable tonic and invigorant. The impure state of the blood, the deranged digestion, and the weak condition of the body, caused by its long battle with the cold, wintry blasts, all call for the reviving, regulating and restoring influences so happily and effectively combined in Hood's Sarsaparilla.

"Hood's Sarsaparilla did me a great deal of good. I had no particular disease, but was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"For seven years, spring and fall, I had scrofulous sores come out on my legs, and for two years was not free from them at all. I suffered very much. Last May I began taking Hood's Sarsaparilla, and before I had taken two bottles, the sores healed and the humor left me." C. A. ARNOLD, Arnold, Me.

"There is no blood purifier equal to Hood's Sarsaparilla." E. S. PHELPS, Rochester, N.Y.

Do Not Delay

delay; if you are sick use Sulphur Bitters.

The Vice President of the Bank of Waverly, Iowa, SMITH P. HUNT, says: I have suffered with Catarrh for the last ten years, and also severe Biliousness and Liver Complaint. Since using my Catarrh grew rapidly worse, so that my life was despaired of. At that time I weighed one hundred and seventy-five pounds, but grew emaciated so rapidly that I weighed only one hundred and thirty. After consulting the most celebrated physicians in the Western States, and spending many hundred dollars, from which no relief was obtained, I was induced to try your

Sulphur Bitters

Bitters; after taking six bottles my Headache, Vomiting, and all the effects of my Catarrh, Biliousness and Liver Complaint left me, I now weigh one hundred and sixty-five pounds, and consider that Sulphur Bitters have saved my life.

Mrs. HIRAM DEDAN, Lewiston, Me., says: For years I was a terrible sufferer with Scrofula, caused by salivation from the use of mercury and calomel; terrible sores broke out on my body, which twisted my limbs so that I could hardly move. The doctors all gave me up to die. Four bottles of Sulphur Bitters entirely cured me, and I am now able to do all my housework.

not, Sulphur Bitters will cure you.

Miss HELEN JONES, eleven years in charge of the Package Department, Boston & Maine depot, says: I have been a sufferer from Biliousness, Water Brash, and General Debility for several years. Most of the time I felt miserably and life seemed a burden. I was induced to try your Sulphur Bitters, and was completely surprised to see how much better I felt, and I am now enjoying better health than for years before. I shall always keep a supply of Sulphur Bitters on hand, for they have done me a world of good. Sulphur

should be kept in every family.
